Cabinet Secretary

**M E M O R A N D U M**

**TO:** All Conference Call Participants

**FROM:** Deborah L. Fields, Manager

**DATE:** October 25, 2012

**SUBJECT:** Minutes of WVOLV Conference Call

---

Attendees: WV – Debbie Fields, Gladys Sasser, Opal Keebaugh, Connie Westfall, David H. Bolyard, Wilbur Thaxton

Insure-rite: Bart Blackstock, Pedro Salgado and IT Staff

HDI Solutions: Leah Scarbrough, Stewart Mills, Scott Brown

**Debbie** opened with greetings to all. Special thanks relayed for companies that have assisted in the project by submitting an initial load of insurance. This would add much cleaner, accurate information to the program and negate their insured receiving unnecessary notices or being ticketed incorrectly at roadside.

Debbie stated this would be a brief call to bring everyone up to date on where the state is in the project and proceeded to provide an update on the administrative side.

DMV has completed all agent mailings including the new insurance brochure. The brochure has also been placed in all regional locations of the DMV. County Sheriff's training has been held and brochures provided to all county offices. Also, asked insurance representatives if there is any way to identify a personal vehicle on a commercial policy. If any companies had input to this, it would be great! We have no way to flag our system currently hence DMV is not providing Insure-Rite

with the information. Therefore, queries will be sent and vehicles must be identified accordingly to be pulled from the process.

DMV has completed the changes to our Motor Vehicle Code:

- 1) to 17D-2A-5 to eliminate the cancellation notice which is currently mandated,
- 2) to 17D-2A-7 to eliminate the driver requirement for an administrative suspension of the driver's license and place the conviction on the driver's record when the conviction is received within one year of the violation date,
- 3) And to 17A-3-3 to eliminate the owner's self-certifying statement of insurance and require the insurance ID card.

**Pedro of Insure-Rite** also provided some information that came through very unintelligible on the conference call. He stated approximately 45% of our 1.5 million registration/vehicle base has been verified as insured through initial loads, companies online connectivity and a book provided by a small insurer.

Debbie thanked all for attending and advised that the next WVOLV call would be on November 28, 2012.
