ADDENDUM #1 – August 25, 2017

WEST VIRGINIA PARKWAYS AUTHORITY

PLANS, SPECIFICATIONS AND CONTRACT DOCUMENTS FOR:

BECKLEY MAINTENANCE HEATED STORAGE
CONTRACT BMG-1-18
RALEIGH COUNTY

General clarification responses relative to questions as received to date:
- #1 – Refer to Department of Labor for determination if Federal Davis Bacon wages apply.
- #2 – The new building veneer is to be solid concrete block to match existing building.
- #3 – There is a 1’-0” overhang as noted on 4/S103 and multiple other locations. Per
detail 4/A560 it is to be a metal soffit.
- #4 – Wall sheathing shall be attached with #10 SDS at 12” O.C. at perimeter and
intermediate supports.
- #5 – Downspouts daylight at grade to match existing building conditions
- #6 – The concrete block is not to be painted; there is no brick on this job.
- #7 – The concrete floor is not to be painted.
- #8 – Relative to truss material, member sizes and thicknesses shall be as required per
deleagated design and associated performance requirements.
- #9 – Relative to finish schedule, follow the specification Sections 099113 and 099123 for
priming and painting. Colors shall be selected by the owner. The only exceptions are that
the floor and the block are not to be painted.
- #10 – Structural steel is shop primed per Section 055000.
