PROPOSAL DUE DATE: 12/20/18

The West Virginia Parkways Authority reserves the right to reject any and/or all proposals. Successful Proposers are responsible for all toll charges incurred while providing goods or services to the West Virginia Parkways Authority.

The WVPA is an Equal Opportunity Employer.
I. Purpose

The West Virginia Parkways Authority desires to generate non-toll revenue through corporate sponsorships using the assets of the West Virginia Parkways Authority, an 88-mile toll road between the capitol city of Charleston and its intersection with U.S. Route 460 at Exit 9 Princeton, Mercer County, WV. The purpose of this Request for Proposal is to establish one or more multi-year contracts through a competitive process to develop a sponsorship program of the marketing assets identified in Exhibit A (WV Turnpike Assets Available for Sponsorship). This program will be administered in compliance with the written Revenue Generation Policy of the Parkways Authority, which can be downloaded at https://transportation.wv.gov/Turnpike/sponsors/pages/default.aspx and includes the Federal Highway Administration (FHWA) Order 5160.1A and Title 23 U.S.C. 111 governing sponsorships and acknowledgments on public highways and limited commercial activities (advertising and media displays) only in accordance with the provisions of Title 23 U.S.C 111(b).

II. Parkways Authority Policy

The Revenue Generation Policy governing the Parkways Authority Sponsorship Program is available for download at https://transportation.wv.gov/Turnpike/sponsors/pages/default.aspx  
Submission of a proposal in response to this RFP represents confirmation that the Proposer has read and agrees to adherence to that Policy, including FHWA Order 5160.1A and applicable provisions of the Title 23 U.S.C. 111.

The Revenue Generation Policy includes sections dedicated to:

- Introduction and Program Background
- Definition of Terms
- Responsibilities of the Parkways Authority, Sponsors, WV DOH and FHWA.
- Policies, Procedures and Limitations
- Appendix – FHWA Order 5160.1A and Title 23 U.S.C. 111.
III. Statement of Needs

Successful Proposers will be required to plan and collaborate with the Parkways Authority on the installation and activation of a comprehensive, high quality sponsorship program with a significant marketing presence utilizing the assets made available by this program and in compliance with the requirements of this RFP and the Policy, including FHWA Order 5160.1A and the applicable provisions of the U.S. Code (“U.S.C.”).

A. General Requirements:

1. Proposer must, at all times, develop and administer a sponsorship program that represents the best interests of and provides the most competitive compensation package to WVPA for the advertising rights available through sponsorship and pursuant to any contract resulting from this RFP. The primary goal of the program is to generate the highest level of annual, recurring revenue for WVPA.
2. Unless specifically provided otherwise in writing by the WVPA, Vendor shall obtain approval of the Parkways General Manager, or his designee, for all promotional content, announcements, advertisements, signage, display infrastructure and related marketing materials prior to use.
3. WVPA desires a multi-year contract of at least three (3) years, with two 2-year renewal options, but retains the flexibility to consider alternative terms and renewal options if a Proposer’s proposal justifies doing so.
4. WVPA manages a website (www.wvturnpike.com) that provides travelers with information and resources. The website is available as an asset and proposals should include how the Proposer recommends using it as part of any proposed sponsorship program.
5. No sponsorship proposal shall include any component that in any way imposes a fee upon travelers or visitors to any rest area, travel plaza or other Turnpike venue to utilize any feature of the program.

B. Specific Sponsorship Proposal Requirements:

1. The proposed space and location for Acknowledgments or Advertising should be specified by the Proposer, subject to compliance with FHWA Order 5160.1A, Title 23 U.S.C. 111 and approved by WVPA, WVDOH and FHWA.
2. Acknowledgment and Advertising components (size, format, servicing, ownership, etc.) shall be included as part of the proposal and must be approved by the WVPA prior to installation by the WVPA/WVDOH Traffic Engineering Departments. Proposer shall be responsible for supplying all such components, the costs of installation and timely removal.
3. WVPA recognizes that during the term of the sponsorship agreement, other Turnpike assets may be created or become available due to initial non-subscription for sponsorship. The successful Proposer will have the first opportunity to submit an addendum to its initial sponsorship proposal for such assets for a term and compensation to be negotiated and mutually agreed upon by the successful Proposer and WVPA. If Proposer does not desire to submit such an addendum or having submitted one that is rejected by WVPA, or if its initial proposal does not include all assets available under the Policy and Program, WVPA may seek additional sponsors.

4. WVPA is committed to monitoring and maintaining goodwill with the traveling public. All use of the sponsorship rights by the sponsor will be in the best interests of WVPA and the State of West Virginia. Proposer shall not present any advertisements in areas where the same is not permitted and then only in strict compliance with the Policy, the FHWA Order and provisions of the applicable sections of the U.S. Code. To the extent permitted, it can be made known the Sponsor has a paid sponsorship relationship with the WVPA and that said relationship does not constitute WVPA’s endorsement of the Sponsor’s product or service, the accuracy of the sponsorship acknowledgement or any permitted advertisement or the quality or performance of the Sponsor’s products or services.

5. Federal and state laws and rules regulate the use of Rest Area advertising. Proposer shall ensure that all signage proposed is in accordance with those federal and state regulations, including acquisition of applicable permits. All signage must be approved by WVPA, WVDOH and FHWA prior to installation by WVPA/WVDOH.

6. Successful Proposer must comply with state and federal nondiscrimination laws and regulations as described in the Policy.

7. Acknowledgments or Advertising shall not contain obscene, pornographic, indecent or explicit messages with any level of sexual overtone, innuendo or double entendre. Proposers who propose/provide a product or a service that deals in that excluded content will not be eligible for consideration.

8. No Acknowledgments or Advertising with content concerning a political candidate or ballot measure shall be permitted.

9. Marketing or Advertising Firms, as defined in the Policy, may qualify as a Proposer on behalf of one or more of its clients as sponsors, pursuant to the Policy with regards to financial responsibility.

10. All installation and removal of acknowledgment signs and permitted sponsor advertising will be performed by the Traffic Engineering Department of Parkways Authority and/or WVDOH, who will be responsible for traffic control and safety plans for such installation. All Acknowledgment signs and Advertising shall be removed timely upon the expiration of the agreement, unless the sponsorship and agreement are renewed. All installation and removal of such signage shall be at the sole cost of the Proposer.

A selection committee appointed by the WVPA will review the proposals, assessing each to develop a short list of Proposers judged most capable of meeting the program goals for activation and revenue. Determination of the Proposers deemed most capable will be based on the criteria identified below in VI. B.

Those selected Proposers may be required to make an oral presentation to WVPA. The oral presentation will take place at Parkways Authority, Headquarters, 3310 Piedmont Rd., Charleston, WV 25306. Attendance at each Proposer’s oral
presentation will be restricted to three (3) representatives of the Proposer, certain staff and members of the WVPA and selection committee members. The order of presentation will be determined by random drawing.

A video and computer capable of multi-media projection will be available. If any other equipment is needed, it will be the Proposer’s responsibility to provide those items. Introduction of new material in the course of an oral presentation may constitute grounds for rejecting the written proposal as incomplete or informal, unless such new information or material is in response to questions from the selection committee during the oral presentation. Brochures, forms or other items mentioned in the proposal shall not constitute new material. WVPA reserves the right to record oral presentations for its exclusive review in the course of the selection process. Any recordings of oral presentations shall become the exclusive property of WVPA.

The selection of the successful Proposer(s) will be made by a consensus of the selection committee. Note: Proposers must score a minimum of 70 points to be eligible for further consideration and to give oral presentations (if applicable) to the selection committee.

C. The following are the evaluation factors and maximum points possible:

2. Proposed use and activation of Turnpike marketing assets. 30 pts
3. Previous experience of the Proposer with other sponsorship programs. 30 pts

Turnpike Venues

There are three types of venues on the Turnpike that represent motorist engagement opportunities:

- Rest Area 69 and the Princeton Welcome Center. These are traditional Interstate rest stops and subject to FHWA guidelines on sponsorship recognition.
- The three Travel Plazas. Already very commercialized with Quick Service Restaurants, gasoline & diesel service, etc. Fewer restrictions on what we can do, as long as proposed advertising is not legible on the main roadway.
- Tamarack. A tourist attraction with Greenbrier food service and juried artisans. Motorists who stop here are not in a hurry. Some strings attached to how we recognize sponsor, but not as tight as Rest Areas.

Assets:
- Signage….variable by type of venue. Exterior – ingress, parking lot, egress. Interior – above doorway, eye-level in RR, etc.
- Space for movable banners & mobiles in pedestrian traffic areas inside.

- Morton Travel Plaza – 716,139
- Bluestone Travel Plaza – 409,023

Wi-Fi/Cell Safety Zones

Asset:
At each of the six venues, there is now or soon will be free Wi-Fi service available in the building and the parking lot. The service and areas will be promoted via signage as “Safety Zones”, where motorists can access Wi-Fi service, make calls and text in a fixed location, rather than while driving.

Stats:
The visitor counts to each Safety Zone are included in the Venue section. It is anticipated that the free Wi-Fi service could positively impact the visitor numbers, but not sure how much.

On September 1, 2018, the Parkways Authority introduced a new toll structure and a revised E-ZPass program that will dramatically increase the number of E-ZPass accounts and number of transponders by January 1, 2019.

Prior Model. Toll rates started with $2.00 for passenger cars, pick-up trucks, motorcycles, and passenger vans at each of the six (6) Mainline Toll Plazas. The rate increased from there based on vehicle height/axles. An E-ZPass account that covered unlimited access through all toll plazas started at $285 annually.

Current Model. Toll rates will double on January 1, 2019, starting at $4.00 at each of the six (6) Mainline Toll Plazas for passenger vehicles. However, up until December 31, 2018 (midnight), a three-year E-ZPass account was introduced, available for purchase during a limited time enrollment period, which rolled out on September 25, 2018, for $24, or the equivalent of one round-trip on the turnpike if paying the new tolls. After the initial three years, or for those who did not purchase during the early enrollment period, the annual fee for an E-ZPass will be $25.

Code §5A-3-10a, no contract or renewal of any contract may be awarded by the state or any of its political subdivisions to any vendor or prospective vendor when the vendor or prospective vendor or a related party to the vendor or prospective vendor is a debtor and: (1) the debt owed is an amount greater than one thousand dollars in the aggregate, or (2) the debtor is in employer default.

EXCEPTION: The prohibition listed above does not apply where a vendor has contested any tax administered pursuant to chapter eleven of the W. Va. Code, workers’ compensation premium, permit fee or environmental fee or assessment and the matter has not become final or where the vendor has entered into a payment plan or agreement and the vendor is not in default of any of the provisions of such plan or agreement.

DEFINITIONS:

“Debt” means any assessment, premium, penalty, fine, tax or other amount of money owed to the state or any of its political subdivisions because of a judgment, fine, permit violation, license assessment, defaulted workers’ compensation premium, penalty or other assessment presently delinquent or due and required to be paid to the state or any of its political subdivisions, including any interest or additional penalties accrued thereon.

Code § 23-20-2, failure to maintain mandatory workers’ compensation coverage, or failure to fully meet its obligations as a workers’ compensation self-insured employer. An employer is not in employer default if it has entered into a repayment agreement with the Insurance Commissioner and remains in compliance with the obligations under the repayment agreement.

“Related party” means a party, whether an individual, corporation, partnership, association, limited liability company or any other form or business association or other entity whatsoever, related to any vendor by blood, marriage, ownership or contract through which the party has a relationship of ownership or other interest with the vendor so that the party will actually or by effect receive or control a portion of the benefit, profit or other consideration from performance of a vendor contract with the party receiving an amount that meets or exceed five percent of the total contract amount.

AFFIRMATION: By signing this form, the vendor’s authorized signer affirms and acknowledges under penalty of law for false swearing (W. Va. Code §61-5-3) that: (1) for construction contracts, the vendor is not in default on any monetary obligation owed to the state or a political subdivision of the state, and (2) for all other contracts, that neither vendor nor any related party owe a debt as defined above and that neither vendor nor any related party are in employer default as defined above, unless the debt or employer default is permitted under the exception above.
