Related to the proposed issuance of:

West Virginia Parkways Authority
Parkway Revenue Bonds,
Series 2018 A (the “Parkway Revenue Bonds”)

RFP Issuance Date: November 6, 2017
Proposal Due Date: November 20, 2017

West Virginia Parkways Authority
3310 Piedmont Road
Charleston, WV 25306
The West Virginia Parkways Authority ("Parkways" or the "Authority"), in coordination with the Office of the Governor of the State of West Virginia and the West Virginia Division of Highways ("DOH" and collectively with Parkways, the "State") seeks to retain qualified senior managing underwriter(s) and co-managing underwriter(s) in connection with the issuance by the Authority of its Parkway Revenue Bonds (the "Parkway Revenue Bonds") in one or more series to fund approximately $120 million in project costs which include a portion of the projects included in the Governor’s Roads to Prosperity Highway Program (the “Program”). The Program includes various mechanisms through which the State intends to fund over $2.6 Billion in transportation infrastructure projects which mechanisms include General Obligation Bonds and GARVEE Bonds to be issued separately. The senior managing underwriter(s) will participate with the Parkways, co-bond counsel (Spilman, Thomas & Battle, PLLC and Bowles Rice LLP) and the financial advisor (Public Resources Advisory Group) in developing a new toll revenue bond program and negotiating the sale of the Parkway Revenue Bonds. The Authority is expected to fund in total approximately $500 million in transportation projects to be issued in multiple series over the next three years. Please note, this solicitation is in connection with the initial issuance of Parkways Revenue Bonds. However, the Authority reserves the right to use the underwriter(s) selected through this solicitation for future issuances at its sole discretion.

The Authority anticipates that the Parkway Revenue Bonds will be issued pursuant to the Chapter 17, Article 16A of the Code of West Virginia (the “Act”). A copy of the final legislation, which amended and reenacted certain sections of the Act, as approved by both Houses of the Legislature and signed by the Governor can be found as Attachment A. The Act, as amended and reenacted, expanded the powers of the Authority including, but not limited to: (1) authorizing the Parkways to issue bonds for turnpike and for certain DOH projects, (2) authorizing the Authority to continue collecting tolls, and increase tolls on the Turnpike with certain restrictions including revised notice and approval provisions, and (3) authorizing the creation of a passenger motor vehicle unlimited use single fee E-ZPass transponder discount program (hereinafter referred to as the “Single Fee Program” and as discussed further below and described in the Act). The Authority has since engaged CDM Smith for purposes of projecting future traffic and the resulting toll revenues in light of the provisions outlined in the Act. CDM Smith’s engagement includes the preparation of an investment grade traffic and revenue study (“T&R Study”) which is expected to be available in January 2018. As noted above, the proposed Parkway Revenue Bonds, if and when issued, will be authorized pursuant to W. Va. Code, § 17-16A, et seq., as amended, and a Master Trust Indenture between Parkways and a Trustee.

The Act includes various provisions that govern the amounts and processes the Authority must follow in order to continue to charge tolls and the amount of revenues for which the tolls must generate. Specifically, the provisions require the Authority to implement a Single Fee Program in order to continue and/or raise tolls on the Turnpike beyond 2019. The Single Fee Program, established in W. Va. Code, § 17-16A-29, is intended to enable the Authority to create a discount program allowing all purchasers of West Virginia E-ZPass transponders to have unlimited passage on toll roads within the State for an annual flat fee. The flat fee shall be set by the Authority (with
certain limitations including, but not limited to, a cap at $25 per year, as described in the Act) at a rate or amount so that the aggregate of all toll revenues estimated to be received by the Authority at the time of fixing any such rate or amount, or any increase thereof, provides sufficient toll revenues to pay debt service, fund necessary reserves and to cover the administrative costs of the Single Fee Program. The Single Fee Program only applies to passenger motor vehicles, not commercial vehicles, and would entitle purchasers of a West Virginia E-ZPass transponder to traverse all toll roads within the State of West Virginia without stopping to pay individual tolls for one year from the time of payment of the annual flat fee. The Single Fee Program will be made available to any purchaser of a West Virginia E-ZPass transponder, whether such purchaser is a resident of West Virginia or any other state. As noted above, the Authority intends to implement the Single Fee Program through W. Va. Code, § 17-16A-29 (Discount program for purchasers of West Virginia E-ZPass Transponders) and not through the single fee program described in W. Va. Code, § 17-16A-6 subsection (16).

The amounts of the toll revenue increase and flat fee to be assessed under the Single Fee Program have not been determined. Various scenarios are being evaluated during the T&R Study process and the toll schedule to be implemented will be reflected in the final report.

The Parkways currently has two series of bonds outstanding – Series 2002 and Series 2008 – in the aggregate principal amount of $20.09 million. The 2008 Bonds are currently in floating rate mode and have an associated interest rate swap outstanding. Please note, the swap is no longer considered integrated and for purposes of any refunding analysis, the termination payment is not expected to be funded on a tax-exempt basis. Please see Attachment B for details of the Authority’s outstanding debt and swap terms.

Further the Act permits the Parkway Revenue Bonds to be structured with debt service up to a 40-year term. The Authority in conjunction with DOH anticipates creating a sound program that will enable the Parkways and DOH to maximize proceeds for funding the costs of acquisition, construction, reconstruction, maintenance, improvement or repair of public highways and bridges, as contained in the Division of Highways’ Statewide Transportation Improvement Plan as it existed on June 1, 2017, or the West Virginia Division of Highways SOS Transportation Investment Program Candidate Project List dated May 3, 2017, in the following counties: (1) Raleigh County; (2) Fayette County; (3) Wyoming County; (4) Mercer County; (5) Kanawha County; (6) Greenbrier County; (7) Monroe County; (8) Summers County; (9) McDowell County; and (10) Nicholas County.

For its first issuance, the Parkways in conjunction with DOH seeks to construct various projects including a portion of the King Coal Highway, West Virginia Route 10 improvements and other major bridge rehabilitation and reconstruction projects (the “Proposed Parkways Project”). The proceeds of the Parkway Revenue Bonds will be used to fund the Proposed Parkways Project, any necessary reserves and to pay cost of issuance.

(5) To construct, reconstruct, improve, maintain, repair, operate or finance projects, at such locations within the state or adjacent to the state pursuant to a reciprocal toll enforcement agreement as may be determined by the Parkways Authority: Provided, That after July 1, 2010, the Parkways Authority is prohibited from constructing new tourism projects or new economic development projects, but this prohibition shall not prevent the authority from entering into lease agreements, development agreements or other agreements with private businesses or companies allowing and providing for such private businesses or companies to acquire, develop, construct and operate motels, lodging facilities or other businesses and business facilities on land owned by the authority and located adjacent to the Tamarack project and facilities at Exit 45 of the West Virginia Turnpike;

(6) To issue parkway revenue bonds of the State of West Virginia, payable solely from toll revenues, for the purpose of paying all or any part of the cost of any one or more parkway projects;
(7) To issue parkway revenue refunding bonds of the State of West Virginia, payable solely from toll revenues, for any one or more of the following purposes:

(A) Refunding any bonds which shall have been issued under the provisions of this article or any predecessor thereof; and

(B) Repaying to the state all or any part of the state funds used to upgrade the West Virginia Turnpike to federal interstate standards;

(8) To charge, fix and revise, from time to time, tolls or fees for transit over each parkway project constructed or improved or financed by it, by the Department of Transportation or by the West Virginia Turnpike Commission: Provided, That the Parkways Authority may not charge tolls or fees for transit over an existing road without express legislative authorization for the charging of such tolls or fees: Provided, however, That an existing road does not include the West Virginia Turnpike, new lanes or sections of an existing road, the replacement or construction of any bridge or tunnel, or related facilities;

(9) To fix and revise, rents, fees or other charges, of whatever kind or character, for the use of each tourism project or economic development project constructed by it or for the use of any building, structure or facility constructed by it or financed in connection with a parkway project;

(10) To acquire, hold, lease and dispose of real and personal property in the exercise of its powers and the performance of its duties under this article;

(11) To acquire in the name of the state by purchase or otherwise, on such terms and conditions and in such manner as it may deem proper, or by the exercise of the right of condemnation in the manner hereinafter provided, such public or private lands, including public parks, playgrounds or reservations, or parts thereof or rights therein, rights-of-way, property, rights, easements and interests, as it may deem necessary for carrying out the provisions of this article. No compensation shall be paid for public lands, playgrounds, parks, parkways or reservations so taken, and all public property damaged in carrying out the powers granted by this article shall be restored or repaired and placed in its original condition as nearly as practicable;

(12) To designate the locations of, and establish, limit and control such points of ingress to and egress from, each project as may be necessary or desirable in the judgment of the Parkways Authority to ensure the proper operation and maintenance of such project and to prohibit entrance to such project from any point or points not so designated;

(13) To make and enter into all contracts and agreements necessary or incidental to the performance of its duties and the execution of its powers under this article, and to employ consulting engineers, attorneys, accountants, architects, construction and financial experts, trustees, superintendents, managers and such other employees and agents as may be necessary in its judgment, and to fix their compensation. All such expenses shall be payable solely from the proceeds of parkway revenue bonds or parkway revenue refunding bonds issued under the provisions of this article or from toll revenues;
§ 17-16A-6. Parkways Authority’s powers, WV ST § 17-16A-6

(14) To make and enter into all contracts, agreements or other arrangements with any agency, department, division, board, bureau, commission, authority or other governmental unit of the state to operate, maintain or repair any project;

(15) To receive and accept from any federal agency grants for or in aid of the construction of any project, and to receive and accept aid or contributions from any source of either money, property, labor or other things of value, to be held, used and applied only for the purposes for which such grants and contributions may be made;

(16) To study, investigate, evaluate and, if feasible, develop and implement a “single fee” program the purpose of which is to charge a flat fee to owners of motor vehicles registered in this state who opt into any such program or any other state which opts into any such program: Provided, That any single fee program shall apply only to passenger motor vehicles, divided into classes based on size and usage, and shall not apply to commercial motor vehicles. The flat fee shall be set by the authority at a rate or amount so that the aggregate of all toll revenues estimated to be received by the authority at the time of fixing any such rate or amount, or any increase thereof, provides sufficient toll revenues consistent with the purposes set forth in section thirteen of this article and to cover the administrative costs of any such single fee program. The separate fee shall be collected by adding it to the annual cost of vehicle registration as an additional fee payable solely to the authority pursuant to section seventeen, article ten, chapter seventeen-a of this code. A registered motor vehicle for which such single program fee has been paid shall be entitled to traverse all toll roads within the state without stopping to pay individual tolls during the effective period of said vehicle registration. The single fee program may also include comparable provisions which would allow vehicles registered in other states to traverse West Virginia toll roads in like fashion to West Virginia vehicles as set forth in this section upon the payment of a single fee for each and every vehicle registered in such state, in accordance with the same classification system adopted for West Virginia vehicles. The Parkways Authority, in consultation with the Division of Motor Vehicles, shall propose rules for legislative approval in accordance with the provisions of article three, chapter twenty-nine-a of this code to implement any single fee program under this subdivision (16);

(17) To enter into reciprocal toll enforcement agreements with other toll agencies in this state or in any other state or foreign country;

(18) To do all acts and things necessary or convenient to carry out the powers expressly granted in this article; and

(19) To file the necessary petition or petitions pursuant to federal bankruptcy laws. The State of West Virginia hereby consents to the application of Title 11 of the United States Code to the Parkways Authority.

(b) Nothing in this article shall be construed to prohibit the issuance of parkway revenue refunding bonds in a common plan of financing with the issuance of parkway revenue bonds.

§ 17-16A-7. Parkways authority’s incidental powers

The parkways authority shall have authority to construct grade separations at intersections of any project with public roads and state highways and to change and adjust the lines and grades of such roads and highways so as to accommodate the same to the design of such grade separation. The cost of such grade separations and any damage incurred in changing and adjusting the lines and grades of such roads and highways shall be ascertained and paid by the parkways authority as a part of the cost of such project.

If the parkways authority shall find it necessary to change the location of any portion of any public road or state highway, it shall cause the same to be reconstructed at such location as the parkways authority shall deem most favorable and of substantially the same type and in as good condition as the original road or highway. The cost of such reconstruction and any damage incurred in changing the location of any such road or highway shall be ascertained and paid by the parkways authority as a part of the cost of such project.

Upon the request of the parkways authority, the commissioner of the state department of highways shall relocate or discontinue any road or highway over which he has authority and control which is affected by the construction of any project.

In addition to the foregoing powers, the parkways authority and its authorized agents and employees may enter upon any lands, waters and premises in the state for the purpose of making surveys, soundings, drillings and examinations as it may deem necessary or convenient for the purposes of this article, and such entry shall not be deemed a trespass, nor shall an entry for such purposes be deemed an entry under any condemnation proceedings which may be then pending. The parkways authority shall make reimbursement for any actual damages resulting to such lands, waters and premises as a result of such activities.

The state of West Virginia hereby consents to the use of all lands owned by it, including lands lying under water, which are deemed by the parkways authority to be necessary for the construction or operation of any project.

Effective: June 16, 2017

(a) The Parkways Authority is authorized to provide by resolution for the issuance of parkway revenue bonds of the state for the purpose of paying all or any part of the cost of one or more parkway projects. The principal of and the interest on bonds shall be payable solely from the funds provided for payment, except that:

(1) None of the proceeds of the issuance of parkway revenue bonds under this section shall be used to pay all or any part of the cost of any economic development project or tourism project;

(2) Nothing in this section shall be construed as prohibiting the Parkways Authority from issuing additional parkway revenue bonds to the extent permitted by applicable federal law for the purpose of constructing, maintaining and operating any highway constructed, in whole or in part, with money obtained from the Appalachian Regional Commission; and

(3) The authorization to issue bonds under this section is in addition to the authorization and power to issue bonds under any other section of this code.

(b) The bonds of each issue shall be dated, shall bear interest at a rate as may be determined by the Parkways Authority in its sole discretion, shall mature at a time not exceeding forty years from their date of issue as may be determined by the Parkways Authority, and may be made redeemable before maturity, at the option of the Parkways Authority at a price and under the terms and conditions as may be fixed by the Parkways Authority prior to the issuance of the bonds.

(c) The Parkways Authority shall determine the form of the bonds, including any interest coupons to be attached thereto, and shall fix the denomination of the bonds and the place of payment of principal and interest, which may be at any bank or trust company or securities depository within or without the state.

(d) The bonds shall be executed by manual or facsimile signature by the chair of the Parkways Authority, and the official seal...

of the Parkways Authority shall be affixed to or printed on each bond, and attested, manually or by facsimile signature, by the Secretary and Treasurer of the Parkways Authority. Any coupons attached to any bond shall bear the manual or facsimile signature of the chair of the Parkways Authority.

(e) In case any officer whose signature or a facsimile of whose signature appears on any bonds or coupons shall cease to be an officer before the delivery of the bonds, the signature or facsimile shall nevertheless be valid and sufficient for all purposes the same as if he had remained in office until delivery. In case the seal of the Parkways Authority has been changed after a facsimile has been imprinted on the bonds, then the facsimile seal will continue to be sufficient for all purposes.

(f) All bonds issued under the provisions of this article shall have all the qualities and incidents of negotiable instruments under the negotiable instruments law of the state. The bonds may be issued in coupon or in registered form, or both, as the Parkways Authority may determine, and provision may be made for the registration of any coupon bonds as to principal alone and also as to both principal and interest, and for the recorders into coupon bonds of any bonds registered as to both principal and interest.

(g) The Parkways Authority may sell the bonds at a public or private sale at a price it determines to be in the best interests of the state.

(h) The proceeds of the bonds of each issue shall be used solely for the payment of the cost of the parkway project or parkway projects and by the Division of Highways for any acquisition, construction, reconstruction, maintenance, improvement or repair of public highways and bridges as provided for in this article for which the bonds were issued, and shall be disbursed in a manner consistent with the resolution authorizing the issuance of the bonds or in the trust agreement securing the bonds.

(i) If the proceeds of the bonds of any issue, by error of estimates or otherwise, shall be less than the cost, then additional bonds may in like manner be issued to provide the amount of the deficit. Unless otherwise provided in the resolution authorizing the issuance of the bonds or in the trust agreement securing the bonds, the additional bonds shall be deemed to be of the same issue and shall be entitled to payment from the same fund without preference or priority of the bonds first issued.

(j) If the proceeds of the bonds of any issue exceed the cost of the parkway project or parkway projects for which the bonds were issued, then the surplus shall be deposited to the credit of the sinking fund for the bonds.

(k) Prior to the preparation of definitive bonds, the Parkways Authority may, under like restrictions, issue interim receipts or temporary bonds, with or without coupons, exchangeable for definitive bonds when the bonds have been executed and are available for delivery. The Parkways Authority may also provide for the replacement of any bonds that become mutilated or are destroyed or lost.

(l) All or any portion of the proceeds of any parkway revenue bonds issued pursuant to this section may be credited to the special revenue account within the State Road Fund created in section eleven of this article. Moneys in such fund shall be used by the Division of Highways for any acquisition, construction, reconstruction, maintenance, improvement or repair of

public highways and bridges in this state.

(m) Bonds may be issued under the provisions of this article without obtaining the consent of any department, division, commission, board, bureau or agency of the state in accordance with this article: *Provided,* That the Parkways Authority shall comply with the provisions of section twenty-eight, article one, chapter five of this code.

§ 17-16A-12. Parkway revenue bonds--Trust agreement

In the discretion of the parkways authority any bonds issued under the provisions of this article may be secured by a trust agreement by and between the parkways authority and a corporate trustee, which may be any trust company or bank having the powers of a trust company within or without the state. The publication area shall be the county in which the proposed facility would be located.
