Units: 30 Units

1.0 PURPOSE

These specifications described as **LIGHTED SEQUENTIAL AMBER LED CHEVRON and CURVE SIGNS** (hereinafter referred to as "units") to be purchased by the West Virginia Parkways Authority (hereafter referred to as "Authority"); define the provisions to be contained in proposals for the sale of said unit to the Authority; establish an enforceable schedule for delivery; and establish criteria for gauging the compliance of the bidder to these specifications. Parkways Authority would like the option to purchase an additional 30 units after the start of the next fiscal year July 1, 2020 with the same terms, pricing and conditions upon mutual agreement of the Authority and the Vendor.

2.0 BIDDING PROCEDURES

- 2.1** The current purchasing procedures and any new procedures or requirements that are promulgated after the request for bids are issued and which are established by addendum to the requests for bids regarding bidding as established by the Authority shall apply.
- 2.2** Bidders shall return an original set of these specifications along with three (3) copies with all information provided, as requested herein.
- 2.3** Bidders must indicate "comply" or "non-comply" for each specification described in Sections 5.0 and 6.0. The unit must meet the specifications fully in order to be marked "comply". All non-comply answers are to be fully explained on a separate sheet to be attached to the bidder's proposal.
- 2.4** FAILURE TO PROVIDE THE INFORMATION REQUESTED IN SECTION 2.3 MAY BE CAUSE TO REJECT THE BID.
- 2.5** It may be determined by the Authority that non-compliance with a unit specification not marked MANDATORY does, or does not, reduce the quality and performance of the affected unit below an acceptable level or that it may or may not represent a best value purchase because of such non-compliance.
- 2.6** Bidders are to submit additional manufacturer's literature and information pertinent to their proposal as may be available.
- 2.7** Bidders may submit more than one proposal if different unit models are to be offered.

3.0 CONDITION OF UNIT(S) UPON DELIVERY

- 3.1** The units shall arrive at the prescribed delivery point having been completely pre-serviced with all equipment needed to completely assemble, install and operate as designed; and all required adjustments and corrections made to make the unit immediately ready for its designed and continuous operation. All prescribed precautions pertaining to first operations of the units shall be posted conspicuously on the unit for ready observance by the installer.
- 3.2** Upon delivery, the Authority will perform a complete inspection of the units to assure that it meets the Authority's specifications or accepted alternatives. Final processing for payment may not be initiated until the unit is certified to meet specifications and the operator's, service, shop, maintenance, and parts manuals.

4.0 AWARD CRITERIA

- 4.1** It is the Authority's intent to open this procurement to a wide audience of bidders. The specifications outlined herein are general in nature describing a unit that the Authority feels best meets its needs. However, the Authority will consider any reasonable alternates to the specifications if the bidder can demonstrate that the proposed alternate is comparable in performance, quality and functionality.
- 4.2** The Authority realizes that certain models can have features beneficial to the Authority even though such features may not be specifically described in the technical specifications, Section 6.0. The vendor is to submit available literature and supporting documentation describing the unit in as much detail as possible. If the vendor wishes to point out certain beneficial features of his proposed unit, it may do so in a separate document included in its bid submittal package. In evaluating the bids, the Authority may consider any special or unique features not included in the technical specifications. The Authority will award the bid to the vendor that provides the best overall value to the Authority whether or not the vendor has the lowest bid.
- 4.3** The Authority reserves the right to reject any or all proposals or to waive any non-consequential irregularities or informalities in proposals received. The Authority reserves the right to accept the proposal that will, in the Authority's judgment, best serve the interest of the Authority regardless of whether such proposal is the lowest cost submitted.
