

West Virginia Division of
Highways Proposed Overall

DBE Goal

Fiscal Years 2024 -2027

Pursuant to U.S. Department of Transportation's regulations, found on 49 CFR, Part 26, The West Virginia Division of Highways (WVDOH) is required to establish a DBE goal based on demonstrable evidence of the availability of ready, willing, and able DBEs relative to all businesses ready, willing and able to participate on DOT-assisted contracts.

WVDOH's Proposed DBE goal for FY 2024 – 2027 is **8.5%** of the Federal financial assistance expended on WVDOH design and construction contracts.

The WVDOH believes this goal reflects the expected DBE participation absent the effects of discrimination. The race-neutral portion of the goal will be **3.44%**, and **5.06%** will be met through race-conscious means.

The methodology used in establishing the overall goal will be available for review during regular business hours at the following address:
