1.0 PURPOSE

The purpose of the Educational Expense Reimbursement policy is to provide an opportunity for West Virginia Department of Transportation (WVDOT) employees to further their work-related education and to apply and be reimbursed for eligible educational expenses.

2.0 SCOPE

This policy is applicable to all full-time permanent employees of the West Virginia Department of Transportation, excluding the Parkways Authority.

3.0 DEFINITIONS

- 3.1 **Agency Head:** Chief executive officer of any agency.
- 3.2 **Employee:** A person who lawfully occupies a position in a DOT agency and who is paid a wage or salary and who has not severed the employee-employer relationship.
- 3.3 **Permanent Employee:** Any classified employee who has completed the probationary period prescribed for the job class, or any classified-exempt employee who was hired to fill a position for an unlimited period of time, notwithstanding the agency's right to terminate the employee for cause or at the employee's will.
- 3.4 **Letter of Justification:** A brief, informal statement of why the applicant believes they are qualified to participate in the program. Supervisors may also be required to complete a letter of justification.

4.0 INTRODUCTION

- 4.1 The basics of the program are as follows:
 - A. Only full-time permanent employees may apply.
 - B. The education or training being pursued must be directly related to degree programs that qualify the employee for a WVDOT job classification.
 - C. Employees must apply and be approved to participate in this program.

To ensure adequate time for review and approval, the application must be submitted before the last day of the semester in which the applicant is enrolled.

- D. Approved employees must sign an agreement to work for the WVDOT for a specified time, in exchange for program benefits, and those who voluntarily leave or are dismissed before fulfilling this requirement must reimburse the WVDOT on a pro-rata basis.
 - E. Eligible expenses are reimbursed, not advanced, and include routine enrollment costs, such as tuition and related fees.
 - F. Ineligible expenses include books, transportation, parking, room or board, license or certification fees, registration, subscriptions to publications, membership fees or costs associated with attending any conference, convention, or meeting of any group or organization.
 - G. Reimbursement is limited to six (6) credit hours (or equivalent) per semester for courses in which an acceptable grade is achieved.
 - H. Participants with unacceptable grades in a course will not be reimbursed for that course.
 - I. Reimbursement amount is subject to taxes if above the taxable amount during the tax year.
- 4.2 The Educational Expense Reimbursement Program is not associated with or to conflict with any other educational expense reimbursement or scholarship offered by an individual WVDOT agency. An employee may not receive reimbursements from this program and also monetary payment for the same course expenses in the form of gift aid, grant, or scholarship. Student loans do not impair eligibility.

5.0 POLICIES

5.1 EMPLOYEE ELIGIBILITY

- A. To be eligible for educational expense reimbursement, employees must be in permanent, full-time status (past their probationary period) and must be in good standing. While there are no rigid program restrictions regarding an employee's work performance or behavioral record, the supervisor must approve the application. Applicants should be aware that these factors may be used to weigh their eligibility for this program. This will have greater significance if there are more applicants than funds available to reimburse them, and a decision must be made that will deny one or more applications for that reason (lack of funds). In that situation, applicants who have a good work performance rating and few disciplinary problems will be regarded higher than those with less favorable records.
- B. Employees should be reasonably sure that they can acquire the money that will be needed to initially pay for the education being pursued. Reimbursement funds cannot be advanced to pay for the education up front. Applicants who apply but ultimately do not take or complete the coursework may prevent other employees from receiving approval when funds are limited.

5.2 EDUCATION QUALIFYING FOR REIMBURSEMENT

The education being pursued must be in a field or degree that is directly related to degree programs that qualify an employee for a WVDOT job classification or related to maintenance or improvement of the employee's performance in the existing job in order to be reimbursable. Furthermore, courses of study will be in one of the following categories and may include online courses.

A. Undergraduate:

This is formal education at a lower level than a master's degree and may include:

- G.E.D or the State External High School Diploma program.
- Courses for college credit which may lead to an undergraduate degree (A.A., A.S., B.A., or B.S.), although the degree need not necessarily be the applicant's goal.
- Online courses

B. Graduate:

Courses in this category are for college credit and may lead to one of the following degrees (although the degree need not necessarily be the applicant's goal):

- Masters
- Doctorate
- Online courses

C. Trade, Technical, Industrial:

These classes typically lead to some sort of certification or licensing (such as, CPA, PE, EIT, PHR, etc.) rather than college credit. When taken, employees must take any review classes (in preparation for the licensing exam) on their own time, not during work hours. For reimbursement of review classes, the employee must pass the license/certification exam (only one reimbursement per each review class is allowed). Online courses may also be taken.

5.3 LEAVE OF ABSENCE FOR EDUCATION

Employees may apply for a leave of absence for the purpose of pursuing education. This is considered a personal leave of absence and is unpaid. As with any personal leave of absence, these are granted at management's discretion and all the normal agency rules apply. See WVDOT Employment Procedures Rule, 217 CSR 1, and Policy DOT 3.10, Attendance, Leave and Overtime under DOT Administrative Operating Procedures.

5.4 USE OF DEPARTMENT EQUIPMENT

Participants in the Educational Expense Reimbursement Program may use DOT copying machines, calculators, computer equipment, and paper supplies for their educational pursuits during non-working hours. Internet access and e-mail may also be used for legitimate educational research and communication with schools and libraries. The applicant must submit a written request for approval to use state-owned equipment signed by both the employee's supervisor and agency, district or divisional manager and be approved through the program application process. However, participants are liable for any damage to any of these resources that they may cause through negligence or misuse according to the State of West Virginia Office of Technology Information Technology Policy.

5.5 RESPONSIBILITIES

A. Responsibilities of Applicant

Prior to applying for educational expense reimbursement, employees should understand the following rules.

1. The applicant must agree to work within the WVDOT for one (1) month for everyone (1) credit hour reimbursed. Work time is counted beginning the pay period after the end of the semester within which the credit hours were earned. For ongoing reimbursements, subsequent repayment months will be added, consecutive to the initial repayment time.
2. If the study undertaken is not measured in credit hours, this requirement will be interpreted for individual cases by WVDOT Training and Development Unit and/or the Educational Expense Reimbursement Selection Committee.
3. For education expenses to be reimbursed, participants must meet the following minimum grade requirements:
 - For courses that are graded on a pass/fail basis, the participant must pass.
 - A course grade of at least "C" must be maintained for undergraduate courses.
 - A course grade of at least "B" must be maintained for graduate courses.
4. If a participant does not achieve the required grade, the employee will not be reimbursed for that course.

B. Responsibilities of Applicant Supervisor

1. For initial (first-time only) applications, the immediate supervisor will complete the "Supervisor's Recommendation" portion of the application, submit a letter of justification for the employee's participation in the program, make copies for their records, and return the original documents to the employee within five (5) business days of receiving the application. The employee will then send originals of these documents to the WVDOT Training and Development Unit. In the event the supervisor does not return the original documents within five (5) days, the employee may submit a copy of the original documents with a statement noting the original documents were not returned timely by the supervisor, to the WVDOT Training and Development Unit.
2. The immediate supervisor must return the Educational Expense Reimbursement Application (WVDOT A-1) to the employee – the supervisor does not have the authority to stop the application process.

C. Responsibilities of WVDOT Training and Development Unit

1. The WVDOT Training and Development Unit is responsible for screening and directing applications to the Education Expense Reimbursement Program.
2. WVDOT Training and Development Unit must determine whether the applicant has met all the qualifications.
3. WVDOT Training and Development Unit may render an opinion on whether the applicant should be accepted into the Program.
4. WVDOT Training and Development Unit may also recommend the length of DOT employment months that should be required if the education is not measured in credit hours.
5. WVDOT Training and Development Unit must distribute copies of each application (and any opinions offered) to all supervisory or management members of the Educational Expense Reimbursement Selection Committee. This distribution will be done well in advance of the Committee's next meeting, if possible.

5.6 SELECTION COMMITTEE

The Educational Expense Reimbursement Selection Committee (hereafter called "the Committee") will have the primary responsibility of approving or disapproving all applications and forwarding them to the Secretary of Transportation or designee for final approval or disapproval.

2. Any member may request that another person of comparable rank substitute for their place, subject to the approval of the Secretary of Transportation (or designee).
3. The WVDOT Training and Development Unit representative will serve as Chairperson of the Committee.

B. Meetings

The Committee Chairperson will call meetings on an as-needed basis.

1. The location of meetings will be determined by mutual agreement of the Committee. The rotation of meeting locations, to fairly accommodate members' travel requirements, is suggested. Virtual meetings may also be held.
2. The Committee will decide what constitutes an "approval" vote (simple majority, unanimous, etc.). Whatever method is used, the following points must be considered:
 - a. The applicants' immediate supervisor's recommendation.
 - b. The WVDOT Training and Development Unit's recommendation(s), if given.
 - c. The work record of the applicant.
 - d. The skills or knowledge to be offered to the DOT.
