Overview

Welcome to the Polk County Transportation Planning Organization's (TPO) new Interactive TIP. The Interactive TIP has been developed to facilitate ease of access to project data regarding funding and development phases of all federal, state and local transportation projects in Polk County. Project data can be acquired through mapping, printed reports or a general inquiry.

If you have any questions regarding the TIP please contact Laura Lockwood, Senior Transportation Planner at lauralockwood@polk-county.net or at (863) 534-6783

Interactive TIP Map

Map Interface

Map Interface
- Searching for Projects

The screenshot displays the Interactive TIP Map interface. On the left, a search panel includes a 'Legend' tab, a 'Layer List' tab, and a 'Search' tab. Under 'Search Options', there are three search methods: 'By FM Number' with a text input containing '4274081' and a 'Find' button; 'By Project Name' with an empty text input and a 'Find' button; and 'By Location' with a 'Select Point' button. A 'Clear Results' button is located below these options. At the bottom of the search panel, it shows 'Search Results (1)'. The main map area shows a map of Polk County, Florida, with various transportation routes highlighted in red, blue, and purple. A 'Rendering Map...' dialog box with a progress bar is overlaid on the map. The map includes labels for surrounding counties: SUMNER, LAKE, PASCO, HILLSBOROUGH, MANATEE, HARDEE, and HIGHLANDS. A scale bar indicates '0' to '16 Miles'. An inset map in the bottom right corner shows the location of Polk County within the state of Florida.

View Search Results /
Selecting a Project
(Zoom To, Print Project
Report)

The screenshot displays the Interactive TIP Map interface. On the left, a sidebar contains a search panel with the following elements:

- Legend, Layer List, Search
- Search Options
- Search Results (1)
- FM Project Name
- 4274081 SR 546 (Memorial Blvd W)
- Clear Results

The main map area shows a geographic region with county boundaries for Sumter, Lake, Pasco, Hillsborough, Manatee, Hardee, Highlands, and Osceola. A project location is highlighted in yellow. A 'Project Details' popup window is open, displaying the following information:

FM	4274081
Project	SR 546 (Memorial Blvd W)
From	I-4 Ramp Connection
To	
Work Type	Resurfacing Projects

Below the popup window are three buttons: Zoom To, Open Report, and Close. The map includes a scale bar (0 to 16 Miles) and an inset map in the bottom right corner. A compass rose is visible in the top right corner of the red callout box.

Overview

Welcome to the Polk County Transportation Planning Organization's (TPO) new Interactive Transportation Investment Program. The Interactive TIP has been developed to facilitate ease of access to information regarding funding and development phases of all federal, state and local transportation projects within Hillsborough County. Project data can be acquired through mapping, printed reports or a general search function.

If you have any questions regarding the TIP please contact Laura Lockwood, Senior Transportation Planner at lauralockwood@polk-county.net or at  (863) 534-6783 .
