Mountainview Elementary School
661 Greenbag Road, Morgantown, WV

State Project: U331-857/00-0.00 00 / Federal Project: STBG-0857(024)D

The West Virginia Division of Highways (WVDOT) and the U.S. Federal Highway Administration (FHWA) are hosting a Public Involvement Meeting regarding the second Greenbag Road Widening Project in Monongalia County on Tuesday, November 18, 2025, from 4:30 – 7:30PM. No formal presentation will be given, as this meeting will be drop-in style. Representatives from the WVDOT and the project team will be present throughout to share project maps and information, answer questions, and collect community feedback. This meeting complies with the public involvement requirements of the National Environmental Policy Act (NEPA), Section 106 of the National Historic Preservation Act, and Section 4(f) of U.S. Department of Transportation (USDOT) Act of 1966.

PROJECT INFORMATION

Greenbag Road was originally designed and constructed as a locally utilized rural road to provide truck access to a cement batching plant. Today, with the growth of Morgantown, this minor arterial road provides access to large commercial and institutional areas, businesses, residential subdivisions, and community spaces. Greenbag Road has been identified to have operational (e.g. congestion) and safety deficiencies because of substandard lane widths, inadequate shoulder widths, and a lack of multi-modal accommodations. This project proposes to widen the roadway along the corridor, improve corridor intersections, and institute multi-modal accommodations.

Upon request, WVDOT will provide reasonable accommodations to afford an individual with a disability an equal opportunity to participate. Persons with hearing or speech impairments can reach state agencies by calling (304) 558-3931, (800) 982-8722 (voice to TTD), or (800) 982-8771 (TDD to voice). Public participation is solicited without regard to race, color, sex, age, national origin, or disability.

WE WANT TO HEAR FROM YOU!
