

# PARSONS TO DAVIS PROJECT

## Summary of Project History

- 2000: Parsons to Davis Project established
- 2000-2002: Environmental studies and alternatives analysis performed; two public meetings held
- 2002-2003: Supplemental Draft EIS approved and circulated for comment, and additional public meeting held
- 2003-2004: Additional engineering and environmental studies performed, and two Preferred Alternative Reports produced
- 2000-2006: Endangered Species Act informal and formal consultation completed with the US Fish and Wildlife Service concerning the project's potential impact on the WV Northern Flying Squirrel
- 2007: Final Supplemental EIS approved and circulated
- 2008: Project put on hold

## Current Project Status:

- WVDOH and FHWA are re-starting the project
- Additional environmental and engineering studies are required
- Coordination with environmental agencies has begun
- Final design is anticipated to begin in 2025, and construction is tentatively scheduled to begin in 2031

**Comments on changes in the project area and any environmental concerns may be submitted using the form included with tonight's handout or online at the WVDOH website:**
