## STATE OF WEST VIRGINIA Purchasing Division

### **PURCHASING AFFIDAVIT**

**MANDATE:** Under W. Va. Code §5A-3-10a, no contract or renewal of any contract may be awarded by the state or any of its political subdivisions to any vendor or prospective vendor when the vendor or prospective vendor or a related party to the vendor or prospective vendor is a debtor and: (1) the debt owed is an amount greater than one thousand dollars in the aggregate; or (2) the debtor is in employer default.

**EXCEPTION:** The prohibition listed above does not apply where a vendor has contested any tax administered pursuant to chapter eleven of the W. Va. Code, workers' compensation premium, permit fee or environmental fee or assessment and the matter has not become final or where the vendor has entered into a payment plan or agreement and the vendor is not in default of any of the provisions of such plan or agreement.

#### **DEFINITIONS:**

"Debt" means any assessment, premium, penalty, fine, tax or other amount of money owed to the state or any of its political subdivisions because of a judgment, fine, permit violation, license assessment, defaulted workers' compensation premium, penalty or other assessment presently delinquent or due and required to be paid to the state or any of its political subdivisions, including any interest or additional penalties accrued thereon.

"Employer default" means having an outstanding balance or liability to the old fund or to the uninsured employers' fund or being in policy default, as defined in W. Va. Code § 23-2c-2, failure to maintain mandatory workers' compensation coverage, or failure to fully meet its obligations as a workers' compensation self-insured employer. An employer is not in employer default if it has entered into a repayment agreement with the Insurance Commissioner and remains in compliance with the obligations under the repayment agreement.

"Related party" means a party, whether an individual, corporation, partnership, association, limited liability company or any other form or business association or other entity whatsoever, related to any vendor by blood, marriage, ownership or contract through which the party has a relationship of ownership or other interest with the vendor so that the party will actually or by effect receive or control a portion of the benefit, profit or other consideration from performance of a vendor contract with the party receiving an amount that meets or exceed five percent of the total contract amount.

AFFIRMATION: By signing this form, the vendor's authorized signer affirms and acknowledges under penalty of law for false swearing (*W. Va. Code* §61-5-3) that neither vendor nor any related party owe a debt as defined above and that neither vendor nor any related party are in employer default as defined above, unless the debt or employer default is permitted under the exception above.

Bituminous Asphalt -- Materials, Delivery and Labor by Vendor.

Addendum #1 ARFQ DOT1600000013

To answer vendor posed question:

Question #1

I have a question concerning prevailing wages. In the Specifications item #10, there is ambiguous language concerning prevailing wages. It appears to state that prevailing wages do not apply, but then implies that prevailing wages may apply. I have attached this portion of the solicitation. Could you please clarify if prevailing wages apply to this solicitation or not.

Response #1

Section 10. Prevailing Wage contains legal language placed in all labor related contracts for the Maintenance Division. As this section states, the cost of this contract will not be ascertainable at the time the contract is awarded (as it is an open-end contract), Senate Bill No. 361 does not require payment of the Prevailing Wage under this contract.

Bituminous Asphalt -- Materials, Delivery and Labor by Vendor.

Addendum #2

ARFQ DOT1600000013

To answer vendor posed question:

Question #1

Items AR - Ultra-Thin and AQ - High Performance Thin Mix appear to be materials you want in-place (paved) but they do not include any quantities or quantity ranges as the other material types. The specification for the High Performance mix also requires use of a Material Transfer Devise so this item would needs its own bid item, I think, for laydown.

Response #1

The Pricing Pages/E-Catalog Spreadsheet has been revised to include quantity ranges for Contract Item AQ - Asphalt High Performance thin Overlay, Contract Item AR - Ultra-Thin Asphalt Overlay and Contract Item AS - Fine Milling of Asphalt Pavement Surfaces.

Regarding a Material Transfer Devise bid item, according to Section 496.9.11 of Special Provision 496 (page 6), the Materials Transfer Vehicle shall be included in the special provision and no additional Contract Line Item is needed.

Question #2

Item AS - Fine Milling does not include a quantity or ranges for quantity. Should there be quantities for these products?

Response #2

Please see Response #1.

PLEASE NOTE:

When any quantity of Contract Line Items, AQ, AR and AS are requested, no Lay Down of Materials, Contract Line Items, W1, W2, W3 or W4 shall be requested. Vendor shall provide pricing inclusive of lay down service for Contract Line Items, AQ, AR and AS for all quantities.
