INSTRUCTIONS TO VENDORS SUBMITTING BIDS

West Virginia Division of Highways Maintenance Division

- 1. REVIEW DOCUMENTS THOROUGHLY: The attached documents contain a solicitation for bids. Please read these instructions and all documents attached in their entirety. These instructions provide critical information about requirements that if overlooked could lead to disqualification of a Vendor's bid. All bids must be submitted in accordance with the provisions contained in these instructions and the Solicitation. Failure to do so may result in disqualification of Vendor's bid.
- 2. MANDATORY TERMS: The Solicitation may contain mandatory provisions identified by the use of the words "must," "will," and "shall." Failure to comply with a mandatory term in the Solicitation will result in bid disqualification.
- 3. BID SUBMISSION: All bids must be submitted electronically through the West Virginia Vendor Self Service Portal website or signed, sealed in an envelope and delivered by the Vendor to the Agency on or before the date and time of the bid opening. Any bid received by the Agency staff is considered to be in the possession of the Agency and will not be returned for any reason. In the event that a Vendor submits multiple bids in response to the same Solicitation, the bid with the most recent Agency or wvOASIS time stamp shall be the bid considered by the Agency and the Agency shall disregard all other bids by that Vendor for that Solicitation. Any bid received by the Agency after the date and time of the bid opening as specified in the Solicitation shall be disregarded by the Agency.
- 4. ADDENDUM ACKNOWLEDGEMENT: Changes or revisions to this Solicitation will be made by an official addendum issued by the Agency. Vendor should acknowledge receipt of all addenda issued with this Solicitation by completing an Addendum Acknowledgment Form, a copy of which is included herewith. Failure to acknowledge addenda may result in bid disqualification. The addendum acknowledgement should be submitted with the bid to expedite document processing.
- 5. BID FORMATTING: Vendor should type or electronically enter the information onto its bid to prevent errors in the evaluation. Failure to type or electronically enter the information may result in bid disqualification.
- 6. ALTERNATES: Any model, brand, or specification listed in this Solicitation establishes the acceptable level of quality only and is not intended to reflect a preference for, or in any way favor, a particular brand or vendor. Vendors may bid alternates to a listed model or brand provided that the alternate is at least equal to the model or brand and complies with the required specifications. The equality of any alternate being bid shall be determined by the Agency at its sole discretion. Any Vendor bidding an alternate model or brand should clearly identify the alternate items in its bid and should include manufacturer's specifications, industry literature, and/or any other relevant documentation demonstrating the equality of the alternate items. Failure to provide information for alternate items may be grounds for rejection of a Vendor's bid.

- 7. EXCEPTIONS AND CLARIFICATIONS: The Solicitation contains the specifications that shall form the basis of a contractual agreement. Vendor shall clearly mark any exceptions, clarifications, or other proposed modifications in its bid. Exceptions to, clarifications of, or modifications of a requirement or term and condition of the Solicitation may result in bid disqualification.
- 8. REGISTRATION: Prior to Contract award, the apparent successful Vendor must be properly registered with the West Virginia Purchasing Division and must have paid the \$125 fee or the fee then assessed by said Division, if applicable.
- 9. UNIT PRICE: Unit prices shall prevail in cases of a discrepancy in the Vendor's bid.
- 10. PREFERENCE: Vendor Preference may only be granted upon written request and only in accordance with the West Virginia Code § 5A-3-37 and the West Virginia Code of State Rules. A Vendor Preference Certificate form has been attached hereto to allow Vendor to apply for the preference. Vendor's failure to submit the Vendor Preference Certificate form with its bid will result in denial of Vendor Preference.
- 11. SMALL, WOMEN-OWNED, OR MINORITY-OWNED BUSINESSES: For any solicitations publicly advertised for bid, in accordance with West Virginia Code §5A-3-37(a)(7) and W. Va. CSR § 148-22-9, any non-resident vendor certified as a small, women-owned, or minority-owned business under W. Va. CSR § 148-22-9 shall be provided the same preference made available to any resident vendor. Any non-resident small, women-owned, or minority-owned business must identify itself as such in writing, must submit that writing to the Purchasing Division with its bid, and must be properly certified under W. Va. CSR § 148-22-9 prior to contract award to receive the preferences made available to resident vendors. Preference for a non-resident small, women-owned, or minority owned business shall be applied in accordance with W. Va. CSR § 148-22-9.
- 12. ELECTRONIC FILE ACCESS RESTRICTIONS: Vendor must ensure that its submission in the West Virginia Vendor Self Service Portal website can be accessed by the Agency staff immediately upon bid opening. The Agency will consider any file that cannot be immediately opened and/or viewed at the time of the bid opening (such as, encrypted files, password protected files, or incompatible files) to be blank or incomplete as context requires, and therefore unacceptable. A vendor will not be permitted to unencrypt files, remove password protections, or resubmit documents after bid opening if those documents are required with the bid.
- 13. NON-RESPONSIBLE: The Agency reserves the right to reject the bid of any vendor when the Agency determines that the vendor submitting the bid does not have the capability to fully perform, or lacks the integrity and reliability to assure good-faith performance. A determination of non-responsibility will only extend to the contract for which the vendor has submitted a bid and does not operate as a bar against submitting future bids.

- 15. TIE BIDS: When tie bids are received and the Agency intends to award the work to only one vendor, the Agency shall break the tie by allowing the tied vendors to make a final offer, flip of a

coin, draw of the cards, or any other impartial method considered prudent by the Agency. If tie bids are received and the Agency intends to award the bid to multiple vendors, the Agency may award the bid to the number of the tied bidders as Agency deems necessary using the procedure set forth in this section to establish the number of tied bidders which will be awarded the bid.

16. YOUR SUBMISSION IS A PUBLIC DOCUMENT: Vendor's entire response to the Solicitation and the resulting Contract are public documents. - 40. PREFERENCE FOR USE OF DOMESTIC STEEL PRODUCTS: Except when authorized by the Director of the Purchasing Division pursuant to W. Va. Code § 5A-3-56, no contractor may use or supply steel products for a State Contract Project other than those steel products made in the United States. A contractor who uses steel products in violation of this section may be subject to civil penalties pursuant to W. Va. Code § 5A-3-56. As used in this section:
 - a. "State Contract Project" means any erection or construction of, or any addition to, alteration of or other improvement to any building or structure, including, but not limited to, roads or highways, or the installation of any heating or cooling or ventilating plants or other equipment, or the supply of and materials for such projects, pursuant to a contract with the State of West Virginia for which bids were solicited on or after June 6, 2001.
 - b. "Steel Products" means products rolled, formed, shaped, drawn, extruded, forged, cast, fabricated or otherwise similarly processed, or processed by a combination of two or more or such operations, from steel made by the open hearth, basic oxygen, electric furnace, Bessemer or other steel making process. The Purchasing Division Director may, in writing, authorize the use of foreign steel products if:
 - c. The cost for each contract item used does not exceed one tenth of one percent (.1%) of the total contract cost or two thousand five hundred dollars (\$2,500.00), whichever is greater. For the purposes of this section, the cost is the value of the steel product as delivered to the project; or
 - d. The Director of the Purchasing Division determines that specified steel materials are not produced in the United States in sufficient quantity or otherwise are not reasonably available to meet contract requirements.
- 41. PREFERENCE FOR USE OF DOMESTIC ALUMINUM, GLASS, AND STEEL: In Accordance with W. Va. Code § 5-19-1 et seq., and W. Va. CSR § 148-10-1 et seq., for every contract or subcontract, subject to the limitations contained herein, for the construction, reconstruction, alteration, repair, improvement or maintenance of public works or for the purchase of any item of machinery or equipment to be used at sites of public works, only domestic aluminum, glass or steel products shall be supplied unless the spending officer determines, in writing, after the receipt of offers or bids, (1) that the cost of domestic aluminum, glass or steel products is unreasonable or inconsistent with the public interest of the State of West Virginia, (2) that domestic aluminum, glass or steel products are not produced in sufficient quantities to meet the contract requirements, or (3) the available domestic aluminum, glass, or steel do not meet the contract specifications. This provision only applies to public works contracts awarded in an amount more than fifty thousand dollars (\$50,000) or public works contracts that require more than ten thousand pounds of steel products.

The cost of domestic aluminum, glass, or steel products may be unreasonable if the cost is more than twenty percent (20%) of the bid or offered price for foreign made aluminum, glass, or steel products. If the domestic aluminum, glass or steel products to be supplied or produced in a "substantial labor surplus area", as defined by the United States Department of Labor, the cost of domestic aluminum, glass, or steel products may be unreasonable if the cost is more than thirty percent (30%) of the bid or offered price for foreign made aluminum, glass, or steel products. This preference shall be applied to an item of machinery or equipment, as indicated above, when the item is a single unit of equipment or machinery manufactured primarily of aluminum, glass or steel, is part of a public works contract and has the sole purpose or of being a permanent part of a single public works project. This provision does not apply to equipment or machinery purchased by a spending unit for use by that spending unit and not as part of a single public works project.

All bids and offers including domestic aluminum, glass or steel products that exceed bid or offer prices including foreign aluminum, glass or steel products after application of the preferences provided in this provision may be reduced to a price equal to or lower than the lowest bid or offer price for foreign aluminum, glass or steel products plus the applicable preference. If the reduced bid or offer prices are made in writing and supersede the prior bid or offer prices, all bids or offers, including the reduced bid or offer prices, will be reevaluated in accordance with this rule.

- 42. It is hereby expressly covenanted, agreed and understood by and between the parties hereto, that the Vendor will immediately make payment and refund to the Agency for any and all overpayments made by said Agency to the Vendor on any estimate or estimates, advances, if applicable, or partial payments made on this Contract. Agency is given the right and authority to withhold any and all funds in its possession, belonging to, owed by, or which may be owed by it to the Vendor on any agreement or from any other source for the recovery of any overpayment made in connection with this contract. It is further expressly agreed that the statute of limitations will not commence to run against the Agency for such overpayments until the same is discovered and made known to the Agency.
- 43. In the event of conflicts or discrepancies among the Contract Documents, interpretations will be based on the following priorities in the order listed below with the highest priority being subsection a:
 - a. General Terms and Conditions; Instructions to Vendors Submitting Bids,
 - b. Solicitation and any documents required by the Solicitation,

Contract Items must meet or exceed the mandatory requirements as shown below.

ACCORDING TO STANDARD SPECS SECTION 405.2 - MATERIALS, NOTE 1 SHALL BE MODIFIED, FOR THIS CONTRACT, TO READ AS FOLLOWS:

"In addition to meeting the gradation requirements specified in Table 703.4, the aggregates shall have a maximum of 2.0% passing the #200 sieve, when sampled at the source (the Vendor's last point of possession), prior to shipment, as determined by AASHTO T-11 and T-27. The aggregates shall be crushed with a minimum of 80% two face fracture."

- 3.2.1 Surface Treatment shall be furnished and administered in accordance with the requirements of Standard Specs Section 405 with the exception that the cost to haul aggregate is not to be included as is stated in Standard Specs Section 405.14, Basis of Payment. Vendor's Equipment Storage Lot.
 - 3.2.1.1 Surface Treatment, Type B Single, Contract Item A
 - 3.2.1.2 Surface Treatment, Type C Double, Contract Item B

3.2.1.3 Surface Treatment, Type D Triple, Contract Item C

Bituminous Material grades that meet Standard Specs 705.4 and 705.11 shall be included in the unit bid price.

- **3.2.1.4** A surcharge can be added for supplying Polymer Modified Cationic Emulsified Asphalt, Standard Spec 705.12, if requested on the Delivery Order.
- 3.2.2 Fog Seal: A fog seal, Contract Item D, may be applied to the new pavement surface, after rolling the aggregate and sufficient curing, in order to lock in the aggregate and protect the surface. The fog seal shall be composed of CSS-1H or SS-1H emulsified asphalt, meeting the requirements of Standard Spec 705, diluted 50 percent by volume with water or an engineered emulsion.

The Vendor shall sweep the surface clean of all dirt, sand, dust, loose chips and other objectionable material to the satisfaction of the WVDOH District Engineer before applying the fog seal. There shall be no separate pay item for the sweeping/cleaning of the surface.

The fog seal shall be applied with a distributor truck meeting the requirements of Standard Specs Section 408.4 with appropriate nozzles attached. The residual application rate shall be 0.05 to 0.15 gal/yd2, (0.2 to 0.7 L/m2).

3.2.4 Mobilization: Mobilization will be requested when the Vendor is required to move his equipment from his Equipment Storage Location to the WVDOH project site. Vendor shall bid the cost of mobilization for the first mile and the cost for any additional miles after the first mile. Mobilization fees shall be calculated and paid one-way only by the WVDOH from the Vendor's Equipment Storage Location to the WVDOH project site. When the Vendor has multiple projects or the equipment is traveling from WVDOH location or project to project, additional miles only will paid from project to project or from the Vendor's Equipment Storage Location to the project, whichever is less mileage. The WVDOH will provide the location of the project site to the Vendor on a Delivery Order. Contract Item F.

The WVDOH shall source the WV Straight Line Diagrams for WV Primary Routes and WV Secondary Routes for the route from the Vendor's Equipment Storage Location to the WVDOH project site. The Diagrams are available in each WVDOH District Office and the WVDOH Central Office. WVDOH will determine the route to be taken due to bridge and/or road restrictions which shall have acceptable load limits for both roads and bridges.

Out-of-state delivery route mileage will be calculated by the WVDOH, the shortest route, by utilizing "Google Earth" or a similar source for routing from the Vendor's Equipment Storage Location to the WV State line at which time, the Diagrams will be sourced to the WVDOH project site.

3.2.5 Aggregate Hauling Surcharge per County: The Vendor shall provide a per ton cost for aggregate hauling per County bid in a District. Contract Item G. Vendors may bid any or all Counties located in a District. This Contract Item is to fairly compensate the Vendors for hauling aggregate to a project sites. The intent is for Vendors to determine the sources of aggregate for each county and to determine their cost to transport that aggregate to any location within the County being bid. The Vendor may use any distance in that calculation, but it is anticipated that an average distance from the aggregate source to a project site will be used. The WVDOH shall use the following formula when calculating the hauling surcharge, converting the per square yard of Surface Treatment to tons of aggregate required for single, double and triple course treatments:

Item A x 0.01 + Item B x 0.0225 + Item C x 0.040 = ton

4. PRICE ADJUSTMENTS:

4.1 Price Adjustment of Asphalt Cement: Due to the uncertainty in estimating the cost of petroleum products that will be used during the life of this contract, adjustment in compensation for Contract Items A, B and C is provided for in the table below:

		AC (Average
Item	Description	Asphalt Content)
Α	Surface Treatment, Type B Single	0.325
В	Surface Treatment, Type C Double	0.625
C	Surface Treatment, Type D Triple	1.1
D	Fog Seal	0.10

The WVDOH shall use the following formula when calculating the asphalt adjustment cost per gallon rate:

Item A x 0.325 + Item B x 0.625 + Item C x 1.10 + Item D x 0.10 = gallon

4.2 Price Adjustment of Fuel Oil No. 2 (Diesel Fuel): Due to the uncertainty in estimating the cost of diesel fuel that will be used during the life of this contract, adjustment in compensation for hauling aggregate for Contract Items A, B and C is provided for in Standard Specs Section 109.9.

The following formula shall be used to convert the square yards of Contract Items A, B and C to tons of aggregate for use of "Factor Q" in the fuel adjustment formula:

Item A x $0.01 + \text{Item B} \times 0.0225 + \text{Item C} \times 0.040 = \text{ton}$

5. ACCEPTANCE CRITERIA: Materials found not in compliance with the requirements of the Contract or if the work performed, visually appears to be unacceptable, by visual inspection of the WVDOH District Engineer, the work may be rejected, removed and replaced at the Contractor's expense. Aggregate not conforming to the gradation requirements will be paid for at the adjusted Contract priced based on the degree of nonconformance as specified in Standard Specs Table 405.2.3.2.

6. CONTRACT AWARD:

- 6.1 Contract Award: The Contract is intended to provide Agencies with a purchase price on all Contract Items. All qualified responsible Vendors shall be awarded a contract for those Contract Items bid which meet all mandatory requirements of this Contract.
- 6.2 Pricing Pages/E-Catalog Spreadsheet and Information Attachment form:

6.2.2 Information Attachment Form: The Information Attachment Form shall identify the Equipment Storage Location that will be supplying the materials bid on the Pricing Page/E-Catalog Spreadsheet. The Vendor shall provide the 911 address or the most recent physical street address, city and state, for the Equipment Storage Location. If the Vendor fails to provide the Equipment Storage Location information as requested, the Vendor's bid will be disqualified for that bid submission. The Vendor should provide the District(s) serviced by the Equipment Storage Location on the Information Attachment Form.

NOTE:

- If a Vendor will be supplying materials from multiple Equipment
 Storage Location, and ALL pricing is the same, ALL Equipment
 Storage Locations can be listed on one Information Attachment Form
 and one Pricing Page/E-Catalog Spreadsheet submission is acceptable.
- If a Vendor will be supplying materials from multiple Equipment
 Storage Locations, at varying prices, additional, separate Information
 Attachment Forms and Pricing Pages/E-Catalog Spreadsheet must be
 submitted. Multiple Equipment Storage Locations, with varying
 prices, shall be submitted on separate bid submissions.
- A bid submission SHALL include the Pricing Pages/E-Catalog Spreadsheet AND the Information Attachment Form. Any bid submitted without the Information Attachment Form WILL BE DISQUALIFIED.

The Pricing Pages/E-Catalog Spreadsheet contains a list of the Contract Items with no guarantee that any Contract Item will be purchased throughout the life of this contract. Estimated quantities are not available.

Vendor should type or electronically enter the information into the Pricing Pages/E-Catalog Spreadsheet to prevent errors in the evaluation. In most cases, the Vendor can request an electronic copy of the Pricing Pages/E-Catalog Spreadsheet for bid purposes by sending an email request to the following address: angie.i.moorman@wv.gov.

7. **DETERMINING LOW BID PER PROJECT:** To determine the low bid Vendor per project for individual projects, the WVDOH District Engineer will calculate the lowest overall total cost of the price of treatment plus any additional cost items.

WVDOH reserves the right to request any one or combination of items for which bids are awarded at the lowest overall total as set forth in this section.

8. ORDERING AND PAYMENT:

8.1 Ordering: Vendor shall accept orders through wvOASIS, regular mail, facsimile, e-mail, or any other written forms of communication. Vendor may, but is not required to, accept on-line orders through a secure internet ordering portal/website. If Vendor has the ability to accept on-line orders, it should include in its response a brief description of how Agencies may utilize the on-line ordering system. Vendor shall ensure that its on-line ordering system is properly secured prior to processing Agency orders on-line.

8.2 Payment: Vendor shall accept payment in accordance with the payment procedures of the State of West Virginia. The State of West Virginia currently utilizes a Purchasing Card program, administered under contract by a banking institution, to process payment for goods and services. The Vendor must accept the State of West Virginia's Purchasing Card for payment of all orders under this Contract.

9. PROJECT ACCEPTANCE, DELIVERY AND RETURN:

- 9.1 Project Acceptance: Upon receipt of a Delivery Order, the Vendor shall advise the WVDOH, in writing, within five (5) calendar days of their acceptance of the project work of the Delivery Order. Failure on the Vendor's part to acknowledge acceptance of the project work may result in cancellation of the Delivery Order and re-award of the project to the next lowest bidder.
- 9.2 Delivery Time: All Delivery Orders shall specify a starting date and a completion date based on the Vendor's acceptance of the Delivery Orders. If work is not started by the Vendor by the specified starting date on the Delivery Order, the Delivery Order may be cancelled and issued to the next low bidder. If work is not completed by the completion date as specified on the Delivery Order, liquidated damages may be assessed in accordance with Section 108.7 of the Standard Specs. Vendor shall deliver emergency orders within an agreed upon acceptable timeframe after orders are received. Vendor shall ship all orders in accordance with the dates assigned to each project per the Delivery Order and shall not hold orders until a minimum delivery quantity is met. No Vendor is authorized to ship, nor is the WVDOH authorized to receive materials prior to the issuance of a Delivery Order.
- 9.3 Late Delivery: The Agency placing the order under this Contract must be notified in writing if orders will be delayed for any reason. Any delay in delivery that could cause harm to an Agency will be grounds for cancellation of the delayed order, and/or obtaining the items ordered from a third party.
- 9.4 Delivery Payment/Risk of Loss: Standard order delivery shall be F.O.B. destination to the Agency's location. Vendor shall include cost of standard order delivery charges in its bid pricing/discount and is not permitted to charge the Agency separately for such delivery. The Agency will pay delivery charges on all emergency orders provided that Vendor invoices those delivery costs as separate charge with the original freight bill attached to the invoice.
- 9.5 Return of Unacceptable Items: Per Section 5 of the Contract Specifications.
