The service provider is responsible for any costs associated with the fingerprint-based state and federal background inquiry. After the contract for such services has been approved, but before any such employees are permitted to be on the grounds or in the buildings of the Capitol complex or have access to sensitive or critical information, the service provider shall submit a list of all persons who will be physically present and working at the Capitol complex to the Director of the Division of Protective Services for purposes of verifying compliance with this provision. The State reserves the right to prohibit a service provider's employees from accessing sensitive or critical information or to be present at the Capitol complex based upon results addressed from a criminal background check.

40. PREFERENCE FOR USE OF DOMESTIC STEEL PRODUCTS: Except when authorized by the Director of the Purchasing Division pursuant to W. Va. Code § 5A-3-56, no contractor may use or supply steel products for a State Contract Project other than those steel products made in the United States. A contractor who uses steel products in violation of this section may be subject to civil penalties pursuant to W. Va. Code § 5A-3-56. As used in this section:

a. "State Contract Project" means any erection or construction of, or any addition to, alteration of or other improvement to any building or structure, including, but not limited to, roads or highways, or the installation of any heating or cooling or ventilating plants or other equipment, or the supply of and materials for such projects, pursuant to a contract with the State of West Virginia for which bids were solicited on or after June 6, 2001.

b. "Steel Products" means products rolled, formed, shaped, drawn, extruded, forged, cast, fabricated or otherwise similarly processed, or processed by a combination of two or more or such operations, from steel made by the open heath, basic oxygen, electric furnace, Bessemer or other steel making process. The Purchasing Division Director may, in writing, authorize the use of foreign steel products if:

c. The cost for each contract item used does not exceed one tenth of one percent (.1%) of the total contract cost or two thousand five hundred dollars (\$2,500.00), whichever is greater. For the purposes of this section, the cost is the value of the steel product as delivered to the project; or

d. The Director of the Purchasing Division determines that specified steel materials are not produced in the United States in sufficient quantity or otherwise are not reasonably available to meet contract requirements.

41. PREFERENCE FOR USE OF DOMESTIC ALUMINUM, GLASS, AND STEEL: In Accordance with W. Va. Code § 5-19-1 et seq., and W. Va. CSR § 148-10-1 et seq., for every contract or subcontract, subject to the limitations contained herein, for the construction, reconstruction, alteration, repair, improvement or maintenance of public works or for the purchase of any item of machinery or equipment to be used at sites of public works, only domestic aluminum, glass or steel products shall be supplied unless the spending officer determines, in writing, after the receipt of offers or bids, (1) that the cost of domestic aluminum, glass or steel products is unreasonable or inconsistent with the public interest of the State of West Virginia, (2) that domestic aluminum, glass or steel products are not produced in sufficient quantities to meet the contract requirements, or (3) the available domestic aluminum, glass, or steel do not meet the contract specifications. This provision only applies to public works contracts awarded in an amount more than fifty thousand dollars (\$50,000) or public works contracts that require more than ten thousand pounds of steel products.

The cost of domestic aluminum, glass, or steel products may be unreasonable if the cost is more than twenty percent (20%) of the bid or offered price for foreign made aluminum, glass, or steel products. If the domestic aluminum, glass or steel products to be supplied or produced in a "substantial labor surplus area", as defined by the United States Department of Labor, the cost of domestic aluminum, glass, or steel products may be unreasonable if the cost is more than thirty percent (30%) of the bid or offered price for foreign made aluminum, glass, or steel products. This preference shall be applied to an item of machinery or equipment, as indicated above, when the item is a single unit of equipment or machinery manufactured primarily of aluminum, glass or steel, is part of a public works contract and has the sole purpose or of being a permanent part of a single public works project. This provision does not apply to equipment or machinery purchased by a spending unit for use by that spending unit and not as part of a single public works project.

All bids and offers including domestic aluminum, glass or steel products that exceed bid or offer prices including foreign aluminum, glass or steel products after application of the preferences provided in this provision may be reduced to a price equal to or lower than the lowest bid or offer price for foreign aluminum, glass or steel products plus the applicable preference. If the reduced bid or offer prices are made in writing and supersede the prior bid or offer prices, all bids or offers, including the reduced bid or offer prices, will be reevaluated in accordance with this rule.

Re: Annual Certification Expires: August 2, 2019

Dear Mr. Ahmed:

Congratulations on your continued eligibility for Certification as a **Minority-owned Business Enterprise (MBE)** by Cook County Government. This certification is valid until **August 2, 2022**; however, you must re-validate your firms' certification annually.

As a condition of continued Certification, you must file a **"No Change Affidavit"** within **sixty (60) business days prior to the date of Annual Certification Expiration**. Failure to file this Affidavit shall result in the termination of your Certification. You must notify Cook County Government's Office of Contract Compliance of any change in ownership or control or any other matters or facts affecting your firm's eligibility for Certification within **fifteen (15) business days** of such change.

Cook County Government may commence action to remove your firm as an **MBE** vendor if you fail to notify us of any changes of facts affecting your firm's Certification, or if your firm otherwise fails to cooperate with the County in any inquiry or investigation. Removal of status may also be commenced if your firm is found to be involved in bidding or contractual irregularities.

Your firm's name will be listed in Cook County's Directory of certified firms in the following area(s) of specialty:

**TECHNOLOGY: INFORMATION TECHNOLOGY CONSULTING SERVICES;
IT PRODUCT AND SERVICES RESELLER; MANAGEMENT CONSULTING SERVICES**

Your firm's participation on Cook County contracts will be credited toward **MBE** goals in your area(s) of specialty. While your participation on Cook County contracts is not limited to your specialty, credit toward **MBE** goals will be given only for work performed in the specialty category.

Thank you for your continued interest in Cook County Government's Minority, Women, Veteran, and Service-Disabled Veteran Business Enterprise Programs.

Sincerely,

CHIEF PROCUREMENT OFFICE
Ellen Daley, General Services

January 22, 2019

Dear **AKA Comp Solutions Corp.**,

Per the requirements under the Illinois Procurement Code Section 45-45, **AKA Comp Solutions Corp.** is now a qualified Small Business Set-Aside Program (SBSP) vendor listed on the Illinois Procurement Gateway's (IPG) website (www.ipg.vendorreg.com), under the Registered Vendor Directory.

The SBSP term of qualification coincides with the annual IPG registration term.

Qualification in the SBSP is good for one year from your registration date in the IPG. **Your expiration date is 1/22/2020.**

On an annual basis, you will have an opportunity to continue participating in the program. Prior to your annual expiration, notification to update will be sent via email.

This letter will serve as proof of qualification in the Small Business Set-Aside Program.

If you accept a contract set-aside for small business when you are not eligible, you risk suspension from doing future business with the State for up to five years, and you may be guilty of a Class A misdemeanor.

- It is your responsibility to notify this office if your business no longer meets the dollar thresholds to qualify for the program.
- Please note that the Small Business Set-Aside Program is one that gives preference to small business over other businesses. As a qualified SBSP vendor, you will only bid against other small businesses within the program when a purchase has been "set-aside".

You are encouraged to register to electronically receive email notifications and download postings from BidBuy, Higher Education Procurement Bulletin (HEPB), Department of Transportation Highway Construction Procurement Bulletin, and the Capital Development Board Procurement Bulletin.

- Although registration with the bulletins is not necessary to browse the sites, registration is required to download solicitations and to receive e-mail notifications for all solicitations, addendums, and award notices.
- Set-Aside purchases that are over the small dollar threshold of \$100,000 are required to be posted to BidBuy and **that is the only way you will have access to them**. If you are not currently registered for BidBuy, you may be missing out on opportunities that are set-aside for small businesses. Vendors can search for notices that may be of interest to them, download bid documents, and return to check the status of a bid.

If you have any questions, please send e-mail to eec.smallbusiness@illinois.gov
