that domestic aluminum, glass or steel products are not produced in sufficient quantities to meet the contract requirements, or (3) the available domestic aluminum, glass, or steel do not meet the contract specifications. This provision only applies to public works contracts awarded in an amount more than fifty thousand dollars (\$50,000) or public works contracts that require more than ten thousand pounds of steel products.

The cost of domestic aluminum, glass, or steel products may be unreasonable if the cost is more than twenty percent (20%) of the bid or offered price for foreign made aluminum, glass, or steel products. If the domestic aluminum, glass or steel products to be supplied or produced in a "substantial labor surplus area", as defined by the United States Department of Labor, the cost of domestic aluminum, glass, or steel products may be unreasonable if the cost is more than thirty percent (30%) of the bid or offered price for foreign made aluminum, glass, or steel products. This preference shall be applied to an item of machinery or equipment, as indicated above, when the item is a single unit of equipment or machinery manufactured primarily of aluminum, glass or steel, is part of a public works contract and has the sole purpose or of being a permanent part of a single public works project. This provision does not apply to equipment or machinery purchased by a spending unit for use by that spending unit and not as part of a single public works project.

All bids and offers including domestic aluminum, glass or steel products that exceed bid or offer prices including foreign aluminum, glass or steel products after application of the preferences provided in this provision may be reduced to a price equal to or lower than the lowest bid or offer price for foreign aluminum, glass or steel products plus the applicable preference. If the reduced bid or offer prices are made in writing and supersede the prior bid or offer prices, all bids or offers, including the reduced bid or offer prices, will be reevaluated in accordance with this rule.

42. It is hereby expressly covenanted, agreed and understood by and between the parties hereto, that the Vendor will immediately make payment and refund to the Agency for any and all overpayments made by said Agency to the Vendor on any estimate or estimates, advances ,if applicable ,or partial payments made on this Contract. Agency is given the right and authority to withhold any and all funds in its possession, belonging to, owed by, or which may be owed by it to the Vendor on any agreement or from any other source for the recovery of any overpayment made in connection with this contract. It is further expressly agreed that the statute of limitations will not commence to run against the Agency for such overpayments until the same is discovered and made known to the Agency.

43. In the event of conflicts or discrepancies among the Contract Documents, interpretations will be based on the following priorities in the order listed below with the highest priority being subsection a:

- a. General Terms and Conditions; Instructions to Vendors Submitting Bids,

Addendum 1

To answer vendor posed questions.

Question 1: What is the anticipated usage for this contract?

Response: We would not be able to anticipate the usage of this contract. Please refer to Section 5.2.1, paragraph 3 of the Specifications.

Question 1a: Is it anticipated to be used year round?

Response: We would not be able to anticipate usage of this contract year round but want it to be available to our Counties as needed per Section 5.2.1 paragraph 3 of the Specifications, and Section 3 of the General Terms and Conditions.

Question 1b: Full time crew?

Response: We do not mandate that Vendors maintain a full-time crew. However, Vendors must fulfill the requirements of Section 3.3.1 and Subsection 3.3.1.1 of the Specifications.

Question 1c: Or more as a back up to DOT forces?

Response: This contract is not intended to serve as a backup for DOT forces but will serve as a standalone contract for use by WVDOH District Engineers to request services to be performed. Some of the services may be supplemental to DOT forces but we have no way of determining or anticipating that need.

Question 1d: Emergency basis?

Response: It is possible that this contract can be used on an Emergency basis. Any additional information needed will be provided by the WV District Engineer upon release of a Delivery Order per Sections 2.11, 3.6, and 7.2 of the Specifications.

Question 2: Can you provide the prior pricing?

Response: Contracts are a matter of public record and can be viewed in wvOasis. The current contract number for "Tree and Brush Sheering Services by the Vendor" is DOT1900000055 (6619C043).

Question 3: Since pricing is on a per county basis, will the award be made on a per county basis as well?

Response: Yes. Please refer to Sections 5 and 6 of the contract Specifications.
