Addendum #1

ARFQ 0803 DOT2100000028/READY MIXED PORTLAND CEMENT CONCRETE & CLSM BY COUNTY

Question #1:

I am inquiring if the attachment B page may have all plants listed that would service each county listed on the pricing page? Please advise how the attachment B page would be correctly completed. I understand today is the last day for technical questions and we just wanted to clarify for the new format and how to proceed.

Response #1:

The Vendor needs to refer to the contract Specifications and especially Sections 3.2.3, 3.2.7, 3.2.7.1, 3.2.7.2, and 3.7.2.3, and Section 5 and all of Sections 5's subSections. As requested throughout the Specifications and on the Attachment B form itself, the Attachment B shall be completed as requested, and supply the plant names and locations, plant's certifications status, any proposed equivalent items bid, and shall correlate with the information that the Vendor bids on its Pricing Pages as well.

Question #2:

It looks like areas are shaded gray on Pricing Pages. Are we required to supply "Proposed Name and Part Number"

Response #2

No, areas that are greyed out do not require data entry. Areas that are not greyed out are available for use by vendors bidding an equivalent to the agency's item listed in the Extended Description column.

Question #3

At the bottom of price pages (ie pg. 28) it asks for Vendor Plant Source. I am bidding several plants. Depending on where a job is at in a county, I could have multiple plants that service that county. Do I list all my plants in the bottom part of page that can service the county?

For Example Barbour County- If it is on the west side of the county my shortest distance is using my Saltwell Plant, but if it is on east side of county my shortest distance is Elkins. Each of those plants have different costs and there is no place to put two costs in. Should I just guess with an average

Response #3

If a vendor wants to list separate prices per county based upon which plant will be sourced, the vendor also has the option to copy the pricing page and list the plants in row 60 that apply to that specific pricing for just those specified plants.

ADDENDUM ACKNOWLEDGEMENT FORM

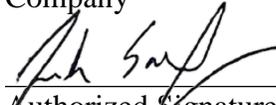

SOLICITATION NO.:

Instructions: Please acknowledge receipt of all addenda issued with this solicitation by completing this addendum acknowledgment form. Check the box next to each addendum received and sign below. Failure to acknowledge addenda may result in bid disqualification. Acknowledgment: I hereby acknowledge receipt of the following addenda and have made the necessary revisions to my proposal, plans and/or specification, etc.

PURCHASING AFFIDAVIT

CONSTRUCTION CONTRACTS: Under W. Va. Code § 5-22-1(i), the contracting public entity shall not award a construction contract to any bidder that is known to be in default on any monetary obligation owed to the state or a political subdivision of the state, including, but not limited to, obligations related to payroll taxes, property taxes, sales and use taxes, fire service fees, or other fines or fees.

ALL CONTRACTS: Under W. Va. Code §5A-3-10a, no contract or renewal of any contract may be awarded by the state or any of its political subdivisions to any vendor or prospective vendor when the vendor or prospective vendor or a related party to the vendor or prospective vendor is a debtor and: (1) the debt owed is an amount greater than one thousand dollars in the aggregate; or (2) the debtor is in employer default.

EXCEPTION: The prohibition listed above does not apply where a vendor has contested any tax administered pursuant to chapter eleven of the W. Va. Code, workers' compensation premium, permit fee or environmental fee or assessment and the matter has not become final or where the vendor has entered into a payment plan or agreement and the vendor is not in default of any of the provisions of such plan or agreement.

DEFINITIONS:

"Debt" means any assessment, premium, penalty, fine, tax or other amount of money owed to the state or any of its political subdivisions because of a judgment, fine, permit violation, license assessment, defaulted workers' compensation premium, penalty or other assessment presently delinquent or due and required to be paid to the state or any of its political subdivisions, including any interest or additional penalties accrued thereon.

"Employer default" means having an outstanding balance or liability to the old fund or to the uninsured employers' fund or being in policy default, as defined in W. Va. Code § 23-2c-2, failure to maintain mandatory workers' compensation coverage, or failure to fully meet its obligations as a workers' compensation self-insured employer. An employer is not in employer default if it has entered into a repayment agreement with the Insurance Commissioner and remains in compliance with the obligations under the repayment agreement.

"Related party" means a party, whether an individual, corporation, partnership, association, limited liability company or any other form or business association or other entity whatsoever, related to any vendor by blood, marriage, ownership or contract through which the party has a relationship of ownership or other interest with the vendor so that the party will actually or by effect receive or control a portion of the benefit, profit or other consideration from performance of a vendor contract with the party receiving an amount that meets or exceeds five percent of the total contract amount.

AFFIRMATION: By signing this form, the vendor's authorized signer affirms and acknowledges under penalty of law for false swearing (W. Va. Code §61-5-3) that: (1) for construction contracts, the vendor is not in default on any monetary obligation owed to the state or a political subdivision of the state, and (2) for all other contracts, that neither vendor nor any related party owe a debt as defined above and that neither vendor nor any related party are in employer default as defined above, unless the debt or employer default is permitted under the exception above.
