3.2.29 Off-Season Plant Opening, Contract Items 90 and 91: If a Vendor is required to open their plant in the off-season to service the needs of the WVDOH, an additional payment will be made. The Vendor will be paid an additional day charge for each additional consecutive day that the plant is open after the first day to service the needs of the WVDOH. If the plant produces no material for any use on any calendar day, either during the week or on the weekend, the WVDOH will pay the first day rate for off-season plant opening on the next day of the WVDOH usage. Payment for this item is subject to the following conditions:

3.2.29.1 Payment for this item can only be authorized and made during the winter months, i.e., between December 15th and March 15th, and then only if the plant would not have otherwise been open. These dates may be revised by the WVDOH District Engineer or their designee, if necessary, to meet specific needs in the field. Any such revision of dates will be in writing and shall be

REQUEST FOR QUOTATION
Asphalt Material, Delivery, & Labor by Vendor

attached to the Vendor's invoice at the time payment is requested.

3.2.29.2 Payment will always be made at the full contract awarded bid price for the first day of plant opening; however, the amount paid from each additional day of plant opening will be reduced as follows:

A. Payment for additional day charge will not be made if the plant has produced over 500 tons on that day. If between 300 and 500 tons have been produced, payment for additional day charge will be made equal to one-half of the contract awarded bid price for the additional day charge. The quantity produced to make this determination shall include all material produced that day, which includes tonnage bought by the WVDOH, other local governments and all private work.

B. The WVDOH will only pay its share of the amount determined to be due for additional day charge as described above. For example, if the plant produces 375 tons and the WVDOH takes 150 tons of the total, 40% of the plant's daily production, payment for additional day charge would be calculated as follows: Since the total daily production is between 300 and 500 tons, the Vendor is due 50% of the additional day charge. Because the WVDOH's share of this daily production is 40%, the WVDOH would pay 40% of one-half of the additional day charge, or in this case, 20% of the additional day charges.

3.2.29.3 A certified statement shall accompany the invoice stating the total quantity produced on the additional day. If payment does not qualify due to tonnage produced, the next consecutive day of plant operation, if any, will qualify for payment at the additional day rate rather than the first day rate for plant opening.

3.2.30 Emergency Work: Emergency work as ordered by WVDOH District Engineer, or their designee is work that shall be initiated within forty-eight (48) hours from when the ADO is received by the vendor. The determination of emergency work will be in accordance with Section 2.6 of these contract specifications. Emergency shall be prominently noted on the ADO and will be paid at 1.50 times the Vendor's bid price.

The Price Adjustment for Fuel formula to be utilized for this contract is:

$$Pa = [(Mbp \div Cbp) - 1.00] \times Cbp \times C \times Q$$

Where: Pa = Price adjustment

Mbp = Monthly base price at time of placement

Cbp = Contract base price at time of bidding

C = Cost adjustment factors per unit, as per Figure 4.2.A

Q = 'As Constructed' Quantity

6. CONTRACT AWARD:

6.1 Contract Award: This Contract is intended to provide Agencies with a purchase price on all Contract Items. All qualified responsible Vendors shall be awarded a contract for those Contract Items bid which meet all mandatory requirements of this Contract. **Bidding Vendor must provide both material and laydown services within the same bid; bids received for material only or laydown services only will be disqualified.** The WVDOH will not coordinate materials and laydown services with separate Vendors.

6.1.1 Determining Low Bid Per Project: To determine the low bid Vendor for individual repair paving projects, the WVDOH District Engineer or their designee will calculate the lowest overall total cost of the Contract Items required for individual projects. A written ADO will be issued to the Vendor with the lowest overall total cost. Charges for hauling will be calculated according to Section 3.2.5 of these contract specifications.

WVDOH reserves the right to request any one or combination of items for which bids are awarded at the lowest overall total as set forth in this section.

6.2 Pricing Pages, Attachment A (“ATT A”) and Attachment B (ATT B): Vendor shall clearly identify the applicable counties on ATT A by marking an “X” beside applicable county/counties for which the bid prices apply. Vendor shall clearly identify their bid, by county, on ATT B by providing a lump sum price beside the applicable county/counties for each mobilization Contract Item they are bidding on, as listed in Section 3.2 of these Contract Specifications. The Pricing Pages spreadsheets list Contract Items with no guarantee that any Contract Item will be purchased throughout the life of this contract. Estimated quantities are not available.

NOTE: Bids that do not include ATT A, ATT B, ATT C, and ATT D WILL BE DISQUALIFIED.

6.2.1 Bid evaluations will be based on the bid prices submitted on ATT A and ATT B. Vendor entries of bid prices or other notations made in wvOASIS commodity line descriptions will not be considered for bid evaluation or award.

6.2.2 Vendor should type or electronically enter the information into the Pricing Pages spreadsheet to prevent errors in the evaluation. Vendor should not place formulas or any type of Excel calculations into the List Price column, only the actual bid price per Contract Item. In most cases, the Pricing Pages are available in wvOASIS within the solicitation

REQUEST FOR QUOTATION
Asphalt Material, Delivery, & Labor by Vendor

attachments; however, Vendors may request an electronic copy of the Pricing Page spreadsheets for bid purposes by sending an email request to the following address: DOTProcurement@wv.gov.

6.2.3 Changing a column or row description, Contract Item description, or unit of measure on **ATT A** or **ATT B** shall result in disqualification of the Contract Item bid on the altered line. In circumstances when all Contract Items must be bid for bid evaluation and contract award, the disqualification of any Contract Item will result in the disqualification of the entire bid.

6.2.4 Submitting Pricing Pages other than those provided with this solicitation, as described in Section 6.2, shall result in disqualification of the Vendor's bid in its entirety.

6.3 Plant Information Forms, Attachment C ("ATT C") and Attachment D ("ATT D"): There are two (2) Plant Information Forms that must be submitted with corresponded Pricing Pages at the time of bid: **Attachment C Asphalt Plant Information Form (ATT C)** identifies the Asphalt Plant and **Attachment D Stone Plant Information Form (ATT D)** identifies the Stone Plant for shoulder stone placement.

All Plant Information Forms shall be completed by Vendors and shall identify WVDOH Approved Plants, as amended, supplying materials associated with bid items on the Pricing Pages. Plant Information Forms shall include:

- Name of Vendor submitting the Plant Information Form as part of bid.
- The plant name.
- Plant location 911 address or the most recent physical street address, city, and state.
- Counties the listed plant will supply materials to.

If the Vendor fails to provide the Asphalt (ATT C) or Stone (ATT D) Plant Information Form, identifying all plants from which asphalt or stone will be pulled from, their bid will be disqualified.

6.4 Contract Award Transition: Upon award of this Contract, the WVDOH Operations Division will announce the effective date of use of this contract to the Districts and the Vendors, whether it is by the effective date, the completed and encumbered date, or an established date by the WVDOH. Upon the announced effective date of use, any ADO issued prior to the award of the contract shall remain in effect and should not be cancelled until that ADO is filled; however, after ten (10) working days of Districts and Vendors notice, any ADO that has not been completely filled by the Vendors shall NOT be completed, and a

REQUEST FOR QUOTATION
Asphalt Material, Delivery, & Labor by Vendor

cancellation notice will be sent to that Vendor from the issuing District for cancellation of the balance of that ADO only. No ADO from a prior Contract should be held open by the Districts or the Vendors longer than ten (10) working days after the effective date **of use** is announced for the new contract.

7. ORDERING AND PAYMENT:

7.1 Ordering: Vendor shall accept orders through regular mail, facsimile, email, or any other written forms of communication. Vendor shall maintain and keep current its phone numbers, fax number, email address, locations, and ordering/billing/payment addresses with the WVDOH and in wvOASIS. Vendor may, but is not required to, accept online orders through a secure internet ordering portal/website. If Vendor has the ability to accept online orders, it should include in its response a brief description of how Agencies may utilize the online ordering system. Vendor shall ensure that its online ordering system is properly secured prior to processing Agency orders online.

7.2 Agency Delivery Order: District personnel must issue an ADO from wvOASIS for specific quantities of materials based on each project's requirements and detailing the need and location information of work to be completed per Contract Items, as well as the start and end dates, which will become the agreed upon official start and end dates. The ADO must be created in wvOASIS and approved to "Final", prior to placing the order with the Vendor. The District is responsible for creating the ADO in OASIS and is required to submit the approved order, in writing, directly to the vendor via mail, email or fax. **Verbal communication with the Vendor is not considered an official order.** In the event the Vendor denies an order or if there are changes to an ADO, the District must process a change order to the approved ADO issued from wvOASIS.

Emergencies shall be prominently noted on the ADO. Once complete, the ADO shall be sent to Vendor via fax, email, or mail.

7.2.1 Lead Time: The WVDOH should plan accordingly to allow the Contractor a minimum of 14 calendar days prior to the date of the agreed upon start date on the ADO to allow Vendor to mobilize and begin work.

7.3 Payment: Upon completion of the work indicated on the Delivery Order, Vendor shall accept payment in accordance with the payment procedures of the State of West Virginia. The State of West Virginia currently utilizes a Purchasing Card program, administered under contract by a banking institution, as well as Electronic Funds Transfer as methods to process payment for goods and services. The Vendor shall accept the State of West Virginia's Purchasing Card and Electronic Funds Transfer for payment of orders under this Contract. Electronic

REQUEST FOR QUOTATION
Asphalt Material, Delivery, & Labor by Vendor

Funds Transfer for payment is available through the WV State Auditor's Office. The Vendor may visit the WV State Auditor's website (www.wvsao.gov) for all necessary forms and instructions. Payment method may be dictated at WVDOH's discretion.

8. PROJECT ACCEPTANCE, DELIVERY AND RETURN:

- 8.1 Project Acceptance and Written Verification of Receipt:** Upon receipt of an ADO, the Vendor shall advise the WVDOH in writing within five (5) calendar days of their acceptance or refusal of the ADO. As verification of receipt, **Vendor must provide written acknowledgement of any Delivery Orders and any Revisions/Modifications thereto sent by WVDOH.** Failure to provide the WVDOH with written acknowledgement of any Delivery Orders/Revisions within five days of the Order being sent shall be considered refusal of the Delivery Order. Upon Vendor's acceptance, WVDOH should submit an ADO in wvOASIS and provide the Vendor with the ADO number for their reference.

In the event of refusal, the WVDOH at its own discretion shall cancel the ADO and may seek to obtain the requested goods or services from another low bid Vendor or proceed with an Emergency Purchase from the open market. A Vendor refusing an ADO forfeits their interest in the ADO. For example, a Vendor cannot decline work offered as lowest bid at Plant A with the expectation that the same work will be reoffered to them at Plant B at a higher bid price, even if Plant B is the next low bid. While it is at the discretion of the Vendor to choose which plant to pull material from, the lowest bid price must still be honored.

- 8.2 Negotiation of Dates:** The WVDOH shall have the option to negotiate the project's tentative start and end dates with the Vendor. **Project work shall be continuous to completion unless otherwise approved in writing by the WVDOH District Engineer or their designee.**
- 8.3 Delivery Time:** The Vendor shall mobilize, commence, and complete work delivery in accordance with the WVDOH's written Delivery Order, per project. Any changes must be communicated by the Vendor in writing to the WVDOH District Engineer or their designee. The Vendor shall work in an efficient manner in effort to keep traffic delay to a minimum and traffic must be adequately and safely accommodated. Vendor shall ship/provide all orders in accordance with the dates assigned to each project per the Delivery Order and shall not hold orders until a minimum delivery quantity is met. **No Vendor is authorized to ship project related goods or begin work/services, nor is the WVDOH authorized to receive materials, prior to the issuance of a Delivery Order.**

REQUEST FOR QUOTATION
Asphalt Material, Delivery, & Labor by Vendor

8.4 Late Delivery: The Agency placing the order under this Contract must be notified in writing if orders will be delayed for any reason. Any delay in delivery that could cause harm to an Agency will be grounds for cancellation of the delayed order, and/or obtaining the items ordered from a third party. An Agency placing an ADO under this Contract must be notified **in writing by the Vendor no later than five (5) business days prior to the scheduled start date from the Agency's order.** Any failure to notify, acknowledge receipt of WVDOH's written ADO/revisions, resulting in delivery delay or failure to start or complete the project per the WVDOH scheduled due dates, may be determined by the WVDOH at its sole discretion as harmful to the Agency and as such, shall result in WVDOH's cancellation of the ADO and application of Liquidated Damages.

Any Agency seeking to obtain items from a third party under this provision must first obtain approval of the WVDOH Procurement Division.

8.4.1 Liquidated Damages: If the Vendor's work completion or correction of deficient work exceeds the ADO completion due date/timeframe, the Vendor shall agree that no extension of contract time will be granted unless Liquidated Damages are applied by the WVDOH in the form of an off-set reduction to the total amount of the Vendor's final invoice. The WVDOH shall calculate Liquidated Damages per project beginning on day one after the WVDOH's specified Delivery Order due date, in accordance with this Section, the contract's Terms and Conditions, and the Standard Specs Section 108.7, as amended, in the amounts in Table 108.7.1 from the Standard Specs as follows:

**TABLE 108.7.1
Schedule of Liquidated Damages**

Original Contract Amount		Daily Charges Per Calendar Day
For More Than	To and Including	
\$0	\$500,000	\$350
\$500,000	\$2,000,000	\$650
\$2,000,000	\$10,000,000	\$1,600
\$10,000,000	\$25,000,000	\$3,100
\$25,000,000		\$4,200

8.5 Adverse Weather Conditions: Unsuitable/adverse/inclement weather conditions may dictate the work schedule. It is preferred that operations be suspended immediately when an inclement weather event begins or if the WVDOH District Engineer or their designee determines that an inclement weather event is imminent. If working conditions are dangerous or unsuitable for the WVDOH, Vendor, or general public, work shall be suspended by the WVDOH Engineer or their designee. If needed, revision to the project's start and end date may be

REQUEST FOR QUOTATION
Asphalt Material, Delivery, & Labor by Vendor

negotiated by the Vendor and the WVDOH Engineer or their designee. After a weather-related suspension of work, the WVDOH District Engineer or their designee shall determine and convey in writing, such ADO changes and when work shall commence/resume, followed by the Vendor's written acknowledgement, per Section 8.1 of this Contract Solicitation.

- 8.6 Delivery Payment/Risk of Loss:** Standard order delivery shall be F.O.B. Vendor's plant location. **Asphalt Haul by Vendor, Contract Items 27 and 28,** shall be requested on the ADO. Vendor shall include the cost/discount of standard order delivery charges in its bid pricing and is not permitted to charge the Agency separately for such delivery.
- 8.7 Project Acceptance Criteria:** The WVDOH District Engineer or their designee shall have final acceptance of the work done by the Vendor, per project. Any work found by the WVDOH District Engineer or their designee not performed in accordance with these Contract Specifications and the Standard Specs, as amended, and/or found deficient and unacceptable by visual inspection will be rejected and, at the Vendor/Contractor's expense, will be removed and replaced by the Vendor with work being continual until the Vendor's deficient work corrections are completed and deemed acceptable and approved by the WVDOH District Engineer or their designee. Under no circumstance shall the Vendor's deficiency corrections exceed twenty (20) calendar days unless otherwise declared in writing by the WVDOH District Engineer or their designee, subject to Liquidated Damages as per Section 8.4.1 of these Contract Specifications.
- 8.8 Rejection of Unacceptable Contract Items:** The decision of the WVDOH District Engineer or their designee regarding materials, workmanship, quality etc., shall be final per Standard Specs Section 105, as amended.

9. VENDOR DEFAULT:

- 9.1** The following shall be considered a vendor default under this Contract.
- 9.1.1** Failure to provide Contract Items in accordance with the requirements contained herein.
 - 9.1.2** Failure to comply with other specifications and requirements contained herein.
 - 9.1.3** Failure to comply with any laws, rules, and ordinances applicable to the Contract Services provided under this Contract.

- 9.1.4 Failure to remedy deficient performance upon request.
- 9.2 The following remedies shall be available to Agency upon default.

- 10.4 **Reports:** Vendor shall provide the Agency with quarterly reports, annual summaries, and/or monthly reports as requested by the Agency and/or the West Virginia Purchasing Division showing quantities, total dollar value of the Contract Items purchased, ordered, shipped & invoiced with dates in spreadsheet format as defined by the Agency. Failure to supply such reports may be grounds for cancellation of this Contract.

PURCHASING AFFIDAVIT

MANDATE: Under W. Va. Code §5A-3-10a, no contract or renewal of any contract may be awarded by the state or any of its political subdivisions to any vendor or prospective vendor when the vendor or prospective vendor or a related party to the vendor or prospective vendor is a debtor and: (1) the debt owed is an amount greater than one thousand dollars in the aggregate; or (2) the debtor is in employer default.

EXCEPTION: The prohibition listed above does not apply where a vendor has contested any tax administered pursuant to chapter eleven of the W. Va. Code, workers' compensation premium, permit fee or environmental fee or assessment and the matter has not become final or where the vendor has entered into a payment plan or agreement and the vendor is not in default of any of the provisions of such plan or agreement.

DEFINITIONS:

"Debt" means any assessment, premium, penalty, fine, tax or other amount of money owed to the state or any of its political subdivisions because of a judgment, fine, permit violation, license assessment, defaulted workers' compensation premium, penalty or other assessment presently delinquent or due and required to be paid to the state or any of its political subdivisions, including any interest or additional penalties accrued thereon.

"Employer default" means having an outstanding balance or liability to the old fund or to the uninsured employers' fund or being in policy default, as defined in W. Va. Code § 23-2c-2, failure to maintain mandatory workers' compensation coverage, or failure to fully meet its obligations as a workers' compensation self-insured employer. An employer is not in employer default if it has entered into a repayment agreement with the Insurance Commissioner and remains in compliance with the obligations under the repayment agreement.

"Related party" means a party, whether an individual, corporation, partnership, association, limited liability company or any other form or business association or other entity whatsoever, related to any vendor by blood, marriage, ownership or contract through which the party has a relationship of ownership or other interest with the vendor so that the party will actually or by effect receive or control a portion of the benefit, profit or other consideration from performance of a vendor contract with the party receiving an amount that meets or exceed five percent of the total contract amount.

AFFIRMATION: By signing this form, the vendor's authorized signer affirms and acknowledges under penalty of law for false swearing (W. Va. Code §61-5-3) that neither vendor nor any related party owe a debt as defined above and that neither vendor nor any related party are in employer default as defined above, unless the debt or employer default is permitted under the exception above.
