MATERIALS PROCEDURE

---

PROCEDURE FOR EVALUATING PRODUCTS FOR USE  
IN HIGHWAY CONSTRUCTION

---

**1. SCOPE**

- 1.1 New products are frequently presented to the Division by various manufacturers, suppliers and/or producers (MS&Ps) with a request that they be considered for use in our highway program. To facilitate handling of such requests in a uniform and expeditious manner, this Materials Procedure outlines the steps necessary for such product submittal and evaluation. This Procedure covers the addition of approved submitted products to the Division's Approved Product List (APL).
- 1.2 This Materials Procedure outlines the review of materials for use outside of standard bid contract work. This applies to District Purchase Order Projects and outlines a path for the addition of materials to the Division's Qualified Purchase Order Materials (QPOMs).
- 

**2. REFERENCE DOCUMENTS**

- 2.1 MP 106.00.03: Guidelines for Establishing and Maintaining Approved Product Lists of Materials, Systems and Sources.
- 

**3. DEFINITIONS**

- 3.1 MCS&T Reviewing Entity: The applicable Section Supervisor at MCS&T who is responsible for the review and acceptance of a new product.
- 3.2 Non-MCS&T Reviewing Entity: A subject matter expert at a WVDOH division separate from MCS&T.
- 3.3 Project: For this Materials Procedure, this term means a traditional bid contract.
- 3.4 APL: Approved Product List.
- 3.5 MS&Ps: Material Supplier and/or Producer.
- 3.6 QPOM: Qualified Purchase Order Material.
- 3.7 QPOS: Qualified Purchase Order Submittal.
- 3.8 PO Project: Purchase Order Project.
- 

**4. SUBMISSION OF PRODUCT**

- 4.1 Consideration for product evaluation shall be requested through completion by the MS&Ps of WVDOH Form HL-468, "Preliminary Information for New Product Evaluation". Once completed, DOH Form HL-468 shall be submitted to the MCS&T via email to the New Products Evaluation email address: [DOHNewProducts@wv.gov](mailto:DOHNewProducts@wv.gov).

- 4.1.1 The HL-468 Form can be found on the MCS&T Division's Materials Procedures [Webpage](#)<sup>1</sup>. A sample of this form is shown in Attachment 1. An online form may also be used to meet this requirement.
- 4.2 When submitting a product, the MS&P shall indicate whether the product is being submitted for either an APL or QPOM.
- 4.2.1 If a MS&P wishes the product to be submitted for both the APL and QPOM, they must complete two separate HL-468s. These may be sent together.

---

**5. REVIEW OF SUBMITTED PRODUCT**

- 5.1 Upon receipt of the completed Form HL-468, the MCS&T Division shall distribute to applicable MCS&T Reviewing Entity for preliminary evaluation.
  - 5.1.1 Within 30 calendar days of receipt, the MCS&T Reviewing Entity shall review the submittal in accordance with the applicable material requirements and decide if the product is acceptable.
  - 5.1.2 This MCS&T entity shall ultimately be responsible for the review of the new product, though they may reach out to Non-MCS&T Reviewing Entities for additional approving criteria.
  - 5.1.3 A Non-MCS&T Reviewing Entity shall be given 7 calendar days to review the submission before making a final decision. If the entity does not respond within that time, their affirmation for the approval will be assumed by the MCS&T Entity.
- 5.2 If the preliminary review indicates that additional information is needed, the MS&P shall be notified to submit additional information. This may include but not be limited to: samples, product specifications, certified test data, or product demonstrations. Product testing shall be coordinated by the MCS&T Division with the results of any further testing/evaluation being submitted to all appropriate evaluating parties. In the case where additional information has been requested or additional testing is required, the 30-day timeframe shall be reset to the date when the additional information is provided, or the testing has been completed.
- 5.3 If the MS&P fails to submit the request information within 30-days, the reviewing entity may reject the request. Discretion may be given if the information request requires testing or evaluation that would exceed this time frame.

---

**6. APPROVED PRODUCT LIST**

- 6.1 If the review indicates that the product meets the specifications, it shall be considered accepted and added to the APL. The MS&P shall be notified via letter.
- 6.2 If the reviewing entity determines that the WVDOH does not currently have any specifications for the submitted product, the WVDOH shall notify the MS&P via email that there is no specification; the MS&P may choose to submit the product for consideration as a QPOS (see Section 7.)
  - 6.2.1 If the MS&P indicates that they do not wish to be considered a QPOS, a non-approval letter shall be sent.

- 6.3 If the evaluation indicates that the product is not acceptable, the MS&P shall be notified by MCS&T via letter. The MS&P shall not submit the same product for evaluation within a six-month period.
- 6.4 In the instance where a product has significant approved usage, the Director (or their Designee) of MCS&T may add a product to either a new or existing APL as per MP 106.00.03. If a product is a candidate for being added to the APL in this manner, the MCS&T Lab Coordinator shall contact the MS&P prior to the addition of the product to the APL to request completion of the required HL-468.

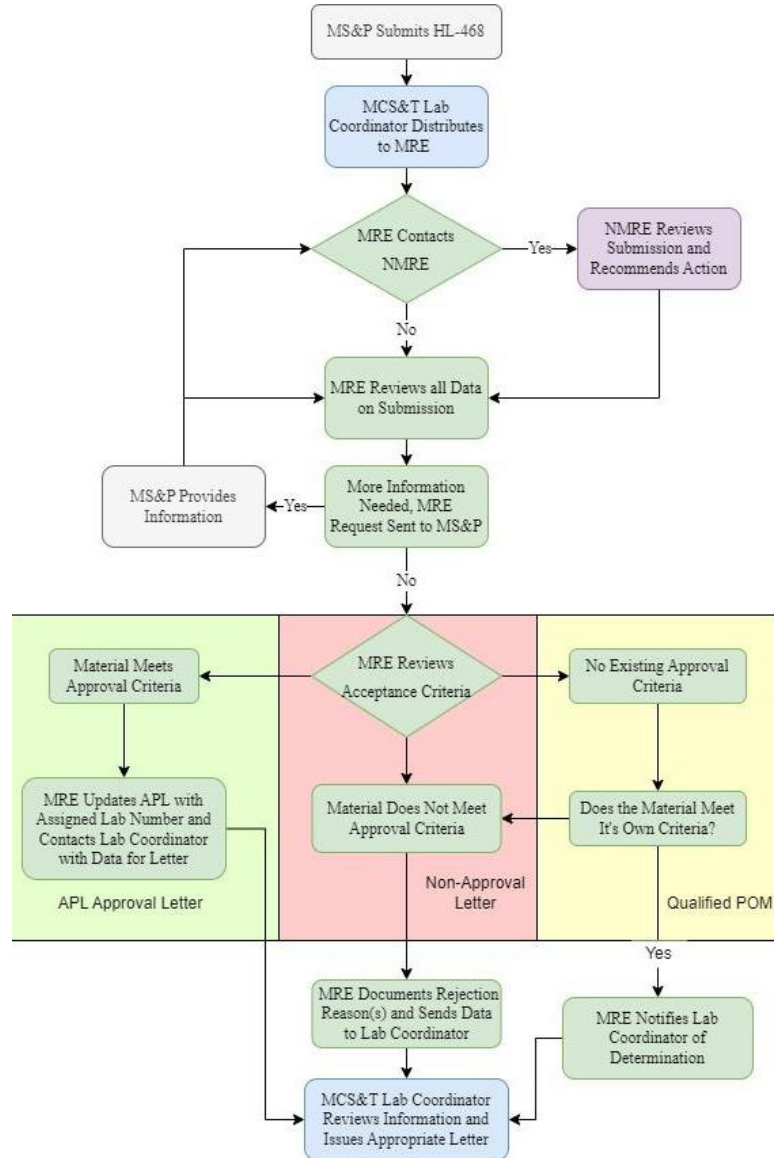

---

**7. QUALIFIED PURCHASE ORDER MATERIALS**

- 7.1 All products which appear on the Division's APL are approved for use on PO Projects. Under no circumstances shall an approved QPOM be used on a project without prior testing and approval.
- 7.2 The reviewing entity shall determine if the QPOS performs as specified by the manufacturer. If this product meets those criteria, a QPOM acceptance letter shall be issued.
- 7.3 If the evaluation indicates that the product is not acceptable, the MS&P shall be notified by MCS&T via letter. The MS&P shall not submit the same product for evaluation within a six-month period.
- 7.4 If a product is approved for the APL, it shall be removed from the QPOM. In no cases shall a product be on both the APL and the QPOM. If this is found to be the case, the QPOM shall be removed and a letter to the producer/supplier issued.
- 7.4.1 If a previously approved QPOM is approved for the APL, the approval letter shall note the removal from the QPOM.
- 7.4.2 If a product is submitted and approved for the APL and QPOM concurrently, it shall only be approved for one or the other, with the APL approval taking priority if the product meets that criteria.

- 10.1.1 Additionally, MCS&T may evaluate the product listing after one year to determine if the performance or functionality of the product/process meets the desired results, goals, or intentions of the DOH. Any such evaluation may result in the product being removed from the APL.
- 10.2 MCS&T shall maintain a directory on the [Division's QPOM Webpage](#)<sup>3</sup> listing all products in this category.
- 10.2.1 Additionally, MCS&T may evaluate the QPOM listing after one year to determine if the performance or functionality of the product/process meets the desired results, goals, or intentions of the DOH. Any such evaluation may result in the product being removed from the list.

---

**11. REMOVAL OF PRODUCTS FROM APL OR QPOM**

- 11.1 If, at any time the reviewing entity determines that a previously approved product no longer meets the specifications, the product shall be removed from the respective list.
