West Virginia State Freight Plan
How to Provide Input with the Online Map Tool

presented to
Freight Advisory Committee Members and Other Freight Stakeholders

presented by
Cambridge Systematics, Inc. and Mott MacDonald
West Virginia DOT

March 24, 2023
We Need Your Input!

- What are the most important freight system needs?
- What are the most important opportunities for freight activity in West Virginia?
- What are some key trends impacting freight activity and goods movement in the state?
- Any other considerations?
- Link has been shared so you can provide input on your own time through April 14.
How to Provide Input?

- **Step 1** – Access web map
  - » Click here: Online Map Tool

- **Step 2** – Click “Add Comments”

- **Step 3** – Select a symbol to add to the map

- **Step 4** – Click the map to add a point, add a comment in the “Detail” box

- Repeat as needed
Thank You!
