

WEST VIRGINIA DIVISION OF HIGHWAYS
MAINTENANCE MANAGEMENT SYSTEM PERFORMANCE STANDARDS
STUDY GUIDE
GROUP IV DRAINAGE MAINTENANCE

Activity 280 - 290

#	ANSWER	QUESTION
1		Are pipes larger than 60" diameter included in the yearly inspection detailed under Minor Drainage Structures? If no, how often should they be inspected?
2		When installing pipe culverts, Activity 282, are Fine Aggregate and Type F Back Fill reported as accomplishments? If no, how are accomplishments reported?
3		Which Activity has a daily production rate of 26.0-38.5 Tons of Stone placed?
4		Which Activity is used for work related to installation or maintenance of manholes, crib walls or box culvert foundations? Is this work considered a Core Maintenance Activity?
5		True or False? When reporting accomplishments under Activity 287, the total length of the work area for the day should be shown in miles.
