**FEDERAL HIGHWAY ADMINISTRATION, WEST VIRGINIA DIVISION
AND THE
STATE OF WEST VIRGINIA DEPARTMENT OF TRANSPORTATION**

SECTION I. BACKGROUND AND INTRODUCTION

The Federal-aid Highway Program (FAHP) is a federally-assisted program of State-selected projects. The Federal Highway Administration (FHWA) and the State Departments of Transportation have long worked as partners to deliver the FAHP in accordance with Federal requirements. In enacting 23 U.S.C. 106(c), as amended, Congress recognized the need to give the States more authority to carry out project responsibilities traditionally handled by FHWA. Congress also recognized the importance of a risk-based approach to FHWA oversight of the FAHP, establishing requirements in 23 U.S.C. 106(g). This Stewardship and Oversight (S&O) Agreement sets forth the agreement between the FHWA and the State of West Virginia Department of Transportation (State DOT) on the roles and responsibilities of the FHWA and the State DOT with respect to Title 23 project approvals and related responsibilities, and FAHP oversight activities.

The scope of FHWA responsibilities, and the legal authority for State DOT assumption of FHWA responsibilities, developed over time. The U.S. Secretary of Transportation delegated responsibility to the Administrator of the FHWA for the FAHP under Title 23 of the United States Code, and associated laws. (49 CFR 1.84 and 1.85) The following legislation further outlines FHWA's responsibilities:

- Intermodal Surface Transportation Efficiency Act (ISTEA) of 1991;
- Transportation Equity Act for the 21st Century (TEA-21) of 1998;
- Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users (SAFETEA-LU) of 2005; and
- Moving Ahead for Progress in the 21st Century Act (MAP-21) of 2012 (P.L. 112-141).

The FHWA may not assign or delegate its decision-making authority to a State Department of Transportation unless authorized by law. Section 106 of Title 23, United States Code (Section 106), authorizes the State to assume specific project approvals. For projects that receive funding under Title 23, U.S.C., and are on the National Highway System (NHS) including projects on the Interstate System, the State may assume the responsibilities of the Secretary of the U.S. Department of Transportation under Title 23 for design, plans, specifications, estimates, contract awards, and inspections with respect to the projects unless the Secretary determines that the assumption is not appropriate. (23 U.S.C. 106(c)(1)) For projects under Title 23, U.S.C. that are not on the NHS, the State shall assume the responsibilities for design, plans, specifications,

estimates, contract awards, and inspections unless the State determines that such assumption is not appropriate. (23 U.S.C. 106(c)(2))

For all other project activities which do not fall within the specific project approvals listed in Section 106 or are not otherwise authorized by law, the FHWA may authorize a State DOT to perform work needed to reach the FHWA decision point, or to implement FHWA's decision. However such decisions themselves are reserved to FHWA.

The authority given to the State DOT under Section 106(c)(1) and (2) is limited to specific project approvals listed herein. Nothing listed herein is intended to include assumption of FHWA's decision-making authority regarding Title 23, U.S.C. eligibility or Federal-aid participation determinations. The FHWA always must make the final eligibility and participation decisions for the Federal-aid Highway Program.

Section 106(c)(3) requires FHWA and the State DOT to enter into an agreement relating to the extent to which the State DOT assumes project responsibilities. This Stewardship and Oversight Agreement (S&O Agreement), includes information on specific project approvals and related responsibilities, and provides the requirements for FHWA oversight of the FAHP (Oversight Program), as required by 23 U.S.C. 106(g).

SECTION II. INTENT AND PURPOSE OF S&O AGREEMENT

The intent and purpose of this S&O Agreement is to document the roles and responsibilities of the FHWA's West Virginia Division Office (FHWA or Division) and West Virginia Department of Transportation (State DOT) with respect to project approvals and related responsibilities, and to document the methods of oversight which will be used to efficiently and effectively deliver the FAHP.

The Project Action Responsibility Matrix, Attachment A to this S&O Agreement and as further described in Section VIII of this S&O Agreement, identifies FHWA FAHP project approvals and related responsibilities State DOT assumes from FHWA on a program-wide basis pursuant to 23 U.S.C. 106(c) and other legal authorities. Upon execution of this agreement, Attachment A shall be controlling and except as specifically noted in Attachment A, no other agreements, attachments, or other documents shall have the effect of delegating or assigning FHWA approvals to State DOT on a program-wide basis under 23 U.S.C 106 or have the effect of altering Attachment A.

SECTION III. ASSUMPTION OF RESPONSIBILITIES FOR FEDERAL-AID PROJECTS ON THE NATIONAL HIGHWAY SYSTEM

(Information Note: Assumption of Responsibilities on the NHS are discussed in Section II of the S&O Agreement Guidance.)

- A. The State DOT *may assume* the FHWA's Title 23 responsibilities for design; plans, specifications, and estimates (PS&E); contract awards; and inspections, with respect to *Federal-aid projects on the National Highway System (NHS)* if both the *State DOT* and *FHWA* determine that assumption of responsibilities is appropriate.

- B. Approvals and related activities for which the State DOT has assumed responsibilities as shown in Attachment A will apply program wide unless project specific actions for which the Division will carry out the approval or related responsibilities are documented in accordance with the FHWA Project of Division Interest/Project of Corporate Interest Guide (FHWA PoDI/PoCI Guide) located at:
<http://www.fhwa.dot.gov/federalaid/stewardship/>
- C. The State DOT may not assume responsibilities for Interstate projects that are in high risk categories. (23 U.S.C. 106(c)(1))
(Information Note: High Risk Categories are discussed in Section III of the S&O Agreement Guidance.)
- D. The State DOT is to exercise any and all assumptions of the Secretary responsibilities for Federal-aid projects on the NHS in accordance with Federal laws, regulations and policies.

SECTION IV. ASSUMPTION OF RESPONSIBILITIES FOR FEDERAL-AID PROJECTS OFF THE NATIONAL HIGHWAY SYSTEM

(Information Note: Assumption of responsibilities off the NHS is discussed in Section II of the S&O Agreement Guidance.)

- A. The State DOT *shall assume* the FHWA’s Title 23 responsibilities for design, PS&Es, contract awards, and inspections, with respect to *Federal-aid projects off the NHS (non-NHS)* unless the *State DOT* determines that assumption of responsibilities is not appropriate. (23 U.S.C. 106(c)(2))
- B. Except as provided in 23 U.S.C.109(o), the State DOT is to exercise the Secretary’s approvals and related responsibilities on these projects in accordance with Federal laws.
- C. The State DOT, in its discretion, may request FHWA carry out one or more non-NHS approvals or related responsibilities listed as “State” in Attachment A on a program-wide basis. For a project specific request, the State may request FHWA carry out any approval or related responsibility listed in Attachment A off the NHS. Such project-specific requests shall be documented in accordance with the FHWA PoDI/PoCI Guide.
- D. Pursuant to 23 U.S.C. 109(o), non-NHS projects shall be designed and constructed in accordance with State laws, regulations, directives, safety standards, design standards, and construction standards.

SECTION V. ASSUMPTION OF RESPONSIBILITIES FOR LOCALLY ADMINISTERED PROJECTS

(Information Note: LPAs are discussed in Section II of the S&O Agreement Guidance.)

The State DOT may permit local public agencies (LPAs) to carry out the State DOT's assumed responsibilities on locally administered projects. The State DOT is responsible and accountable for LPA compliance with all applicable Federal laws and requirements.

SECTION VI. PERMISSIBLE AREAS OF ASSUMPTION UNDER 23 U.S.C. 106(c)

An assumption of responsibilities under 23 U.S.C. 106(c) may cover only activities in the following areas:

- A. Design, which includes preliminary engineering, engineering, and design-related services directly relating to the construction of a FAHP-funded project, including engineering, design, project development and management, construction project management and inspection, surveying, mapping (including the establishment of temporary and permanent geodetic control in accordance with specifications of the National Oceanic and Atmospheric Administration), and architectural-related services.
- B. PS&E, which represents the actions and approvals required before authorization of construction. The PS&E package includes geometric standards, drawings, specifications, project estimates, certifications relating to completion of right-of-way acquisition and relocation, utility work, and railroad work.
- C. Contract awards, which include procurement of professional and other consultant services and construction-related services to include advertising, evaluating, and awarding contracts.
- D. Inspections, which include general contract administration, material testing and quality assurance, review, and inspections of Federal-aid contracts as well as final inspection/acceptance.
- E. Approvals and related responsibilities affecting real property as provided in 23 CFR 710.201(i) and any successor regulation in 23 CFR Part 710.

SECTION VII. FEDERAL APPROVALS AND RELATED RESPONSIBILITIES THAT MAY NOT BE ASSUMED BY THE STATE DOT

(Information Note: Responsibilities that may not be assumed are discussed in Section II of the S&O Agreement Guidance.)

- A. Any approval or related responsibility not listed in Attachment A cannot be assumed by the State without prior concurrence by FHWA Headquarters. The following is a list of the most frequently-occurring approvals and related responsibilities that may not be assumed by the State DOT:

- Civil Rights Program approvals;
 - Environmental approvals, except those specifically assumed under other agreements. (23 U.S.C. 326 and 327; programmatic categorical exclusion agreements);
 - Federal air quality conformity determinations required by the Clean Air Act;
 - Approval of current bill and final vouchers;
 - Approval of federally-funded hardship acquisition, protective buying, and 23 U.S.C. 108(d) early acquisition;
 - Project agreements and modifications to project agreements and obligation of funds (including advance construction);
 - Planning and programming pursuant to 23 U.S.C. 134 and 135;
 - Special Experimental Projects (SEP-14 and SEP-15);
 - Use of Interstate airspace for non-highway-related purposes;
 - Any Federal agency approval or determination under the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (Uniform Act), as amended, and implementing regulations in 49 CFR Part 24;
 - Waivers to Buy America requirements;
 - Approval of Federal participation under 23 CFR 1.9(b);
 - Provide pre-approval for preventive maintenance project (until FHWA concurs with State DOT procedures);
 - Requests for credits toward the non-Federal share of construction costs for early acquisitions, donations, or other contributions applied to a project;
 - Functional replacement of property;
 - Approval of a time extension for preliminary engineering projects beyond the 10-year limit, in the event that actual construction or acquisition of right-of-way for a highway project has not commenced;
 - Approval of a time extension beyond the 20-year limit for right of way projects, in the event that actual construction of a road on the right-of-way is not undertaken;
 - Determine need for Coast Guard Permit;
 - Training Special Provision – Approval of New Project Training Programs; and
 - Any other approval or activity not specifically identified in Attachment A unless otherwise approved by the FHWA, including the Office of Chief Counsel.
- B. For all projects and programs, the State DOT will comply with Title 23 and all applicable non-Title 23, U.S.C. Federal-aid program requirements, such as metropolitan and statewide planning; environment; procurement of engineering and design related service contracts (except as provided in 23 U.S.C. 109(o)); Civil Rights including Title VI of the *Civil Rights Act*, and participation by Disadvantaged Business Enterprises; prevailing wage rates; and acquisition of right-of-way, etc.
- C. This Agreement does not modify the FHWA’s non-Title 23 program approval and related responsibilities, such as approvals required under the Clean Air Act; National Environmental Policy Act, Executive Order on Environmental Justice (E.O. 12898), and other related environmental laws and statutes; the Uniform Act; and the Civil Rights Act of 1964 and related statutes.

SECTION VIII. PROJECT ACTION RESPONSIBILITY MATRIX

Attachment A, Project Action Responsibility Matrix, to this S&O Agreement identifies FAHP project approvals and related responsibilities. The Matrix specifies which approvals and related responsibilities are assumed by the State under 23 U.S.C. 106(c) or other statutory or regulatory authority, as well as approvals and related responsibilities reserved to FHWA.

SECTION IX. HIGH RISK CATEGORIES

(Information Note: High risk categories are discussed in Section III of the S&O Agreement Guidance.)

- A. In 23 U.S.C. 106(c), Congress directs that the Secretary shall not assign any approvals or related responsibilities for projects on the Interstate System if the Secretary determines the project to be in a high risk category. Under 23 U.S.C. 106(c)(4)(B), the Secretary may define high risk categories on a national basis, State-by-State basis, or national and State-by-State basis.
- B. The Division has determined there are no high risk categories.

SECTION X. FHWA OVERSIGHT PROGRAM UNDER 23 U.S.C. 106(g)

(Information Note: The FHWA Oversight Program is discussed in Section IV of the S&O Agreement Guidance.)

- A. In 23 U.S.C. 106(g), Congress directs that the Secretary shall establish an oversight program to monitor the effective and efficient use of funds authorized to carry out the FAHP. This program includes FHWA oversight of the State's processes and management practices, including those involved in carrying out the approvals and related responsibilities assumed by the State under 23 U.S.C. 106(c). Congress defines that, at a minimum, the oversight program shall be responsive to all areas relating to financial integrity and project delivery.
- B. The FHWA shall perform annual reviews that address elements of the State DOT's financial management system in accordance with 23 U.S.C. 106(g)(2)(A). FHWA will periodically review the State DOT's monitoring of sub-recipients pursuant to 23 U.S.C. 106(g)(4)(B).
- C. The FHWA shall perform annual reviews that address elements of the project delivery systems of the State DOT, which elements include one or more activities that are involved in the life cycle of project from conception to completion of the project. The FHWA will also evaluate the practices of the State DOT for estimating project costs, awarding contracts, and reducing costs. 23 U.S.C. 106(g)(2) and (3).

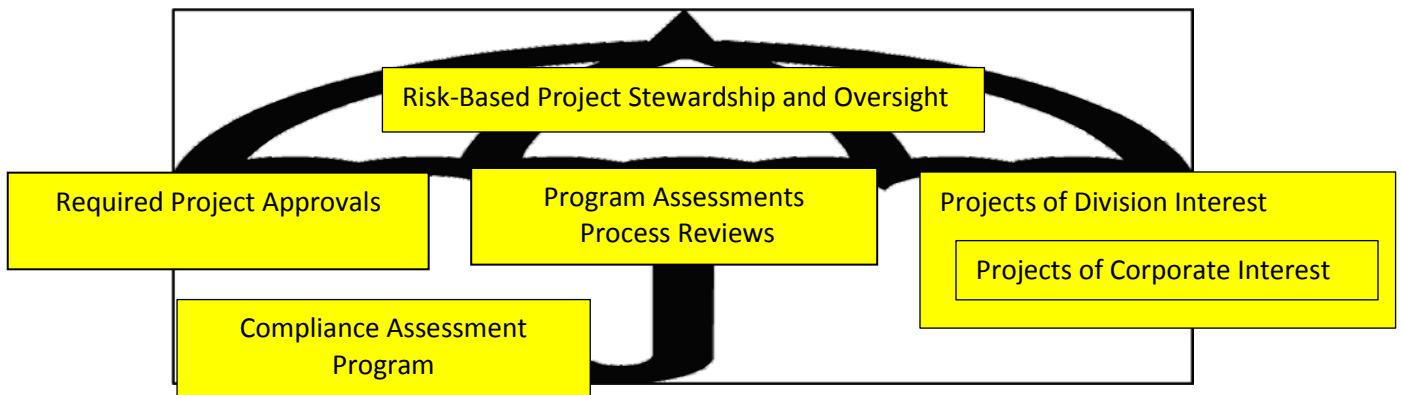

D. To carry out the requirements of 23 U.S.C. 106(g), the FHWA will employ a risk management framework to evaluate financial integrity and project delivery, and balance risk with staffing resources, available funding, and the State’s transportation needs. The FHWA may work collaboratively with the State DOT to assess the risks inherent with the FAHP and funds management, and how that assessment will be used to align resources to develop appropriate risk response strategies

Techniques the Division and State DOT may use to identify and analyze risks and develop response strategies include the following:

- Program Assessments;
- FIRE Reviews;
- Program Reviews;
- Certification Reviews;
- Recurring or periodic reviews such as the Compliance Assessment Program (CAP); and
- Inspections of project elements or phases.

These techniques will be carried out in a manner consistent with applicable Division Standard Operating Procedures or other control documents relating to program assessments, FIRE, program reviews, CAP, etc.

The following techniques and processes will be used to carry out the requirements of 23 U.S.C. 106(g):

FHWA Divisions are required to develop and document criteria for identifying potential Projects of Division Interest, assessing the resulting projects, and making the final selection. The Projects of Division Interest have an elevated potential to either pose a risk or present an opportunity to advance key initiatives. Projects selection should be risk-based, and the stewardship and oversight activities should be directed toward addressing the risks. This may require retaining certain project approvals or directing stewardship or oversight activities to a specific phase or element of the project.

Decisions on level of oversight are made jointly by the FHWA in consultation with the State DOT and are documented in the Statewide Transportation Improvement Program (STIP) and on Division Office specific checklists.

If a project does not meet the basic risk criteria threshold for a Projects of Division Interest but contains any of the following elements, additional consideration will be given to the level of oversight.

- Complex utility relocations and ROW
- Unknown subsurface conditions (common to tunneling projects)
- Past performance on similar projects
- Extremely high ADT
- Impact on freight
- Complex traffic control
- Time to construct
- Large contracts
- Innovative contracting methods
- New or innovative construction methods
- Unique engineering features
- Source of funding
- High political or community interest
- Balancing of overall program of oversight (e.g., geographic coverage)

Projects using Federal innovative financing instruments such as TIFIA loans, GARVEE loans, or State Infrastructure Bank with Federal-aid funds will always be PoDI's, as will projects using special funding (e.g., TIGER funds).

Additionally, the FHWA Division Office will ensure that a minimum of 25 percent of the State DOT's annual obligation limitation are covered by Projects of Division Interest projects and at there will be a minimum of one active PoDI in each West Virginia Division of Highways (WVDOH) District.

Method of Oversight

Program Assessments:

Each Division Office Program Manager is responsible for developing and keeping current an assessment of the current state of their assigned program, including a 3 to 5 year plan for advancing key elements of program improvement. This Assessment is updated every other year or when needed and is a key component to the yearly risk assessment.

Recurring Reviews:

These reviews are required by FHWA regulations and/or guidance and include such reviews as the yearly National Bridge Inspection Review, the Civil Rights Baseline Assessment (every 3 years), FIRE reviews (yearly), etc. The scope, size and complexity of each review vary due to the program.

Projects of Division Interest Reviews:

Projects of Division Interest oversight project construction inspections are required to be performed at least quarterly by the assigned FHWA Area Engineer using the Division Office approved inspection forms. Design reviews are to be performed in accordance with the review scheduled in WVDOH Design Directive 202 – FHWA concurs in the notes documented as a result of the review.

Compliance Assessment Program Reviews:

FHWA staff is responsible for conducting Compliance Assessment Program reviews on the project lists assigned to the Division Office each plan year. The Compliance Assessment Program reviews will consist a minimum of one (1) Compliance Assessment Program Core Question Form and another of the specialty area forms (e.g., environment, work zones, civil rights, etc.).

Process Reviews:

High priority processes will be studied by Process Review Teams that are selected jointly by the Division Office and the WVDOH. Process Reviews will be conducted each Plan Year based on the annual risk assessment – the topics will be also selected jointly. Process Reviews should generally include a sampling of Interstate, non-Interstate NHS, and non-NHS projects.

Program Accountability & Results (PAR) Reviews

PAR Reviews are reviews with a limited sample in a very specific area used to determine quickly whether a program or process is working effectively and efficiently. PAR Reviews are issue oriented and results driven. They are generally focused on functional areas and can be viewed as a QA/QC effort. They may be used to back check process review or as part of the risk assessment process to help select process review topics.

Various techniques can be used to help determine which reviews should be conducted, including risk assessments and pre-determined schedules for regular reviews of specific programs or components. The reviews can be conducted by individuals or teams and can be performed using FHWA Division Office staff, WVDOH staff, or staff from other stakeholder groups and organizations. The incorporation of the Division Office Financial Integrity Review and Evaluation (FIRE) Program should be referenced as the means to assess the financial aspects of programs and projects.

The WVDOH, FHWA, or both may initiate process and program evaluations of the FAHP. All evaluations are intended to evaluate procedures and policies used in delivering the FAHP, along with identifying deficiencies and opportunities for improvement. Reviews should also be performed to evaluate compliance with the established procedures and policies. FHWA will employ a risk management framework in consultation with the WVDOH to evaluate program areas to balance risk with consideration of staffing resources, funding within FAHP, and transportation needs within the State. The WVDOH may work collaboratively with FHWA to identify risks and make practical resources available to address FHWA's risk assessment findings.

Program reviews are FHWA's primary tool for providing oversight for assumed projects. The size and intensity of the program review may vary, depending on the topic being reviewed. Further, wherever appropriate, the program review should include a financial component and involve members of the financial team to determine if appropriate internal controls exist within the program intended to detect and/or prevent possible fraud, waste or abuse of Federal-aid funds. This component includes documenting those internal controls, as well as reviewing the adequacy of the documentation to support the appropriate expenditure of Federal-aid funds.

Regardless of the technique used, all reviews and inspections should be documented by a report.

E. Program Responsibility Matrix

Attachment B to this S&O Agreement is the Program Responsibility Matrix example that identifies all relevant FHWA program actions, and Division and State DOT program contact offices.

F. Manuals and Operating Agreements

State DOT manuals, agreements and other control documents that have been approved for use on Federal-aid projects are listed in Attachment C to this S&O Agreement.

G. Stewardship and Oversight Indicators

The Division and State DOT have jointly established Stewardship and Oversight Indicators (Indicators). The Indicators set targets, track trends, and implement countermeasures and actions when the data is moving away from the desired target direction. Indicators can provide documented evidence that the State DOT assumption of responsibilities is functioning appropriately. Stewardship and Oversight Indicators should be reviewed on an annual basis. The Indicators are shown in Attachment D to this S&O Agreement.

SECTION XI. STATE DOT OVERSIGHT AND REPORTING REQUIREMENTS

(Information Note: The FHWA Oversight Program is discussed in Section IV of the S&O Agreement Guidance.)

A. State DOT Oversight and Reporting Requirements

The State DOT is responsible for demonstrating to the FHWA how it is carrying out its responsibilities in accordance with this S&O Agreement. In order to fulfill this responsibility, the State DOT will:

- Prepare and review project plans in accordance with Design Directive (DD) 200 (Project Development Process) and DD 202 (Field and Office Reviews for Initial Engineering and Final Design)
- Prepare right of way plans in accordance with DD-301
- Prepare RRR and Roadway Preventive Maintenance projects in accordance with DD's 604, 606, 609 and 817.
- Prepare and approve exceptions to approved design criteria in accordance with DD 605
- Conduct pavement designs and select pavement types and thicknesses in accordance with DDs 641, 646 and 647.
- Develop PS&E's in accordance with DD 706.
- Develop Engineers Estimates in accordance with DD 707.
- Evaluate bids in accordance with DD 711.
- Manage construction projects in accordance with WVDOH Construction Manual.
- Conduct materials acceptance testing, quality assurance and independent assurance sampling in accordance with WVDOH Materials Procedures.

B. State DOT Oversight of Locally Administered Projects

- B.1. State DOT's are required to provide adequate oversight of sub-recipients including oversight of any assumed responsibilities the State DOT delegates to a LPA.
- B.2. Pursuant to 23 U.S.C. 106(g)(4), the State DOT shall be responsible for determining that sub-recipients of Federal funds have adequate project delivery systems for locally administered projects and sufficient accounting controls to properly manage such Federal-aid funds. The State DOT is also responsible for ensuring compliance with reporting and other requirements applicable to grantees making sub-awards, such as monthly reporting requirements under the Federal Funding Accountability and Transparency Act of 2006, PL 109-282 (as amended by PL 110-252).
- B.3. The State DOT acknowledges that it is responsible for sub-recipient awareness of Federal grant requirements management of grant awards and sub-awards, and is familiar with and comprehends pass through entity responsibilities (2 C.F.R 200.331 Requirements for Pass-thru Entities). The State DOT shall carry out these responsibilities using the following actions, programs, and processes:
- Executed project agreement that outlines the requirements of a subrecipient of Federal funds and legally binds them to follow all applicable requirements. The executed agreement includes all

applicable Federal requirements including, but not limited to, FHWA-1273.

- B.4. The State DOT shall assess whether a sub-recipient has adequate project delivery systems and sufficient accounting controls to properly manage projects, using the following actions, programs, and processes:
- Review of potential sub-recipient's ability to manage Federal Funds during the Intent to Apply and Application process prior to recommendation for funding. This includes ensuring that the potential sub-recipient meets the requirement of responsible charge.
 - When necessary, a Private Land Use Agreement is also executed assuring public access to publicly funded projects.
- B.5. The State DOT shall assess whether a sub-recipient is staffed and equipped to perform work satisfactorily and cost effectively, and that adequate staffing and supervision exists to manage the Federal project(s), by using the following actions, programs, and processes:
- The WVDOT offers usage of consultants previously selected through the competitive process and working for the WVDOT to design and when necessary, provide environmental documentation for NEPA.
 - If an LPA wishes to hire their own consultant, they are required to submit their process to the WVDOT for certification to ensure that all Federal requirements are met in said process to select a consultant.
 - Potential project sponsors are required to complete the financial section of the Transportation Alternatives Program Application showing that they can manage the funding if awarded to them.
 - When located on public Right of Way and wishing to use Force Account labor, a Force Account request is required. This document outlines, in detail, the estimated savings and ability of the Local Public Agency (LPA) to provide the labor/materials for a project. This follows *FHWA Policy on Agency Force Account Use 5060.1* dated March 12, 2012.
- B.6. The State DOT shall assess whether sub-recipient projects receive adequate inspection to ensure they are completed in conformance with approved plans and specifications, by using the following actions, programs, and processes:
- When using a consultant: It is a requirement of the WVDOT that construction inspection and oversight be incorporated into the scope of services.
 - When a consultant is not necessary: WVDOT project managers visit sites during construction to ensure all approved plans, specifications and materials are being utilized. The WVDOT also requires submittal

of progress reports along with detailed invoices throughout the entire project.

- B.7. The State DOT shall ensure that when LPAs elect to use consultants for engineering services, the LPA, as provided under 23 CFR 635.105(b), shall provide a full-time employee of the agency to be in responsible charge of the project. The State DOT's process to ensure compliance with this requirement is documented by the following actions, programs, and processes:
- The project application clearly states and asserts that the potential project sponsor must have a responsible charge for all projects.
 - Program Managers, before determining an LPA eligible for funding, ensure that the requirements of responsible charge are met. If not, the application is deemed ineligible.
- B.8. The State DOT shall ensure that project actions will be administered in accordance with all applicable Federal laws and regulations. The State DOT will use the following process on required approvals on sub-recipient], and approved on sub-recipient administered projects.
- a. Consultants will either be selected in accordance with the WVDOT's Consultant Selection Procedures, a Pre-Approved Consultant from the WVDOT listing of LPA consultants or via a local consultant selection process approved by the WVDOT;
 - b. Environmental Documentation will be developed in accordance with WVDOT DD's and approved by WVDOT staff;
 - c. Design will be in accordance with approved WVDOT DD's and approved by WVDOH staff;
 - d. Right-of-way will be acquired in accordance with WVDOT approved Right of Way Manual;
 - e. Construction monitoring, including Quality Control/Quality Assurance (QC/QA) will be in accordance with WVDOT Materials Procedures;
 - f. Contract administration including the State DOT's responsibility to approve a sub-recipient to pursue a contract procurement method other than competitive bidding will be in accordance with WVDOT Standard Specifications and WVDOT Contract Administration Manual.
 - g. Civil Rights; and
 - h. Financial Management including audits and indirect cost allocation plans;

- B.9. The State DOT shall document its oversight activities for LPA-administered projects and findings, and how it will share this information with the FHWA

The WVDOT has a very limited LPA program that consists solely of projects funded with Transportation Alternative Program (TAP) funds. The Grants Administration section of the Planning Division has been assigned the duty of providing oversight to these projects and provides guidance, training and technical assistance.

The Grant Administration Manual describes the processes, documents, and approvals necessary to administer federal-aid funds. By agreeing to accept federal-aid funds, the local unit of government certifies that they understand their role and responsibility in carrying out the federal-aid program.

The Grants Administration section assures compliance by reviewing every project during the development process. All environmental clearances are obtained for the local entity by the WVDOT. Right of Way certificates and purchases are reviewed by WVDOT Right of Way personnel to ensure conformance with the Uniform Act. All PS&E 's are reviewed by the PS&E unit within the Grants Administration Section. Inspection reviews are performed during construction and a final inspection is performed and documented prior to acceptance.

At the conclusion of each year, the Grants Administration Section will provide the FHWA Division Office with a summary report on all local projects that were funded in the past calendar year along describing their oversight activities.

SECTION XII. IMPLEMENTATION AND AMENDMENTS

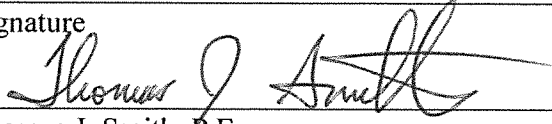

- A. This S&O Agreement will take effect as of the effective date of the signature of the FHWA West Virginia Division Administrator, who shall sign this S&O Agreement last.
- B. The Division and State DOT agree that updates to this Agreement will be considered periodically on a case-by-case basis or when:
- Significant new legislation, Executive orders, or other initiatives affecting the relationship or responsibilities of one or both parties to the S&O Agreement occurs;
 - Leadership, or leadership direction, changes at the State DOT or FHWA; or
 - Priorities shift as a result of audits, public perception, or changes in staffing at either the State DOT or Division Office.

- C. The Division and State DOT agree that changes may occur to the contents of the Attachments to this S&O Agreement and documents incorporated by reference into the S&O Agreement. Except as provided in paragraph XII.D and E, changes to the Attachments and documents incorporated by reference will not require the Division and State DOT to amend this S&O Agreement. The effective date of any revisions to one of these documents shall be clearly visible in the header of the revised document. This Agreement and any revised document shall be posted on the Division's S&O Agreement internet site within five (5) business days of the effective date.
- D. Any changes to the high risk categories must be documented by an amendment to this S&O Agreement.
- E. Any changes to the Project Action Responsibility Matrix must be approved by the FHWA Office of Infrastructure in writing and documented by an amendment to this S&O Agreement.

PROJECT ACTION RESPONSIBILITY MATRIX

The following matrix identifies Federal-aid highway program (FAHP) project approvals and related responsibilities on a program-wide basis. The matrix specifies which actions are assumed by the State under the provisions of 23 U.S.C. 106(c) or other statutory or regulatory authority, as well as those which are reserved to FHWA. Projects classified as PoDI projects are not covered by the matrix, as those projects will be governed by a separate PoDI plan that specifies FHWA and State responsibilities for the project.

In the matrix, actions marked with an asterisk (“FHWA*”) are those that FHWA has retained but that could have been assumed by the State through FHWA discretion (on the NHS) or by right (off the NHS). Projects requiring those actions are PoDI projects because of FHWA’s retained authority. Those projects will be governed by a separate PoDI Plan.

The State DOT is responsible for ensuring all individual elements of the project are eligible for FAHP funding, but all final eligibility and participation determinations are retained by FHWA.

ID	PERFORMANCE INDICATOR/MEASURE	GOAL (PER YEAR)	AGREED/ PROPOSED (REPORT CYCLE) Calendar Year	LEAD REPORTING AUTHORITY	SUPPORTING JUSTIFICATION FOR PERFORMANCE INDICATOR/MEASURE AND OTHER COMMENTS
Civil Rights					
1	DBE Participation – Percent of Total DBE Participation	>8.66	Annual	WVDOT/ Civil Rights	The purpose of this measure is to determine the level of progress in achieving DBE participation. Calculated by dividing the “Total DBE Participation (Dollars)” by the “Total Dollar Value of Prime Contracts Completed”.
2	EEO Compliance Reviews – percent of project reviews by EEO Division	>60%	Annual	WVDOT/ Civil Rights	The purpose of this measure is to ensure 60% of federal aid of projects have reviews for EEO Compliance by the EEO Division
3	EEO –Number of contractor compliance reviews.	>7	Annual	WVDOT/ Civil Rights	The purpose of this measure would be to identify potential EEO problems that could affect Federal-aid eligibility. WVDOT conducts these reviews annually. Reports are reviewed by FHWA.
Financial Management					
4	Obligation Authority - Percent of obligation authority used during Fiscal Year	100%	Quarterly	FHWA/ Financial	This measure shows the ratio of Federal funds actually obligated in FMIS to the total Federal funds available to obligate. The majority of Federal funds provided to the State annually must be obligated within that same fiscal year. The rate should be 100% by the end of each September. Divide the "Federal Funds Obligated" by the "Total Limitation Amount" (found in FMIS under Limitation Data tab)
5	Advanced Construction – Percent of Advanced Construction authorized as compared to annual apportionment.	Monitor	Annual	WVDOT/ Financial	Measures dollar amount of projects authorized as Advance Construction with core funding compared to State annual apportionment of core funding. Total cumulative Advance Construction balance (shown on FMIS W10 report) core funding only divided by annual State apportionment amount of core funding (shown in annual apportionment notice dated Oct 1st.
6	Inactive Obligations – Percent of obligated but unexpended balance for all inactive projects compared to total annual apportionments.	<2%	Quarterly	FHWA/ Financial	Measures length of time a project has not incurred expenses within specified time and dollar thresholds. Projects are deemed inactive obligation meaning federal funds were committed, or obligated, but the project is not advancing. Mandated in 23 CFR; helps gauge effective administration of Federal funds and project management. Dollar amount of projects identified as inactive (shown in FMIS Q reports) divided by annual State apportionment (shown in annual apportionment Notice dated Oct 1 st .

Bridge					
7	Routine Inspections - Percent of routine bridge inspections on schedule.	100%	Annual	WVDOT/ Bridge	Shows how many routine bridge inspections were completed no later than 24 months since the previous routine inspection. In order to be in compliance with the NBIS, 100% of Routine bridge inspections must be completed within 24 months. Previous Bridge inspection date plus 24 months.
8	Underwater Bridge Inspections - Percent of Underwater bridge Inspections on schedule.	100%	Annual	WVDOT/ Bridge	Shows how many underwater bridge inspections were completed no later than 60 months since the previous underwater inspection. In order to be in compliance with the NBIS, 100% of Underwater bridge inspections must be completed within 60 months. Previous Underwater bridge inspection date plus 60 months.
9	Fracture Critical Inspections - Percent of Fracture Critical Inspections on schedule.	100%	Annual	WVDOT/ Bridge	Shows how many fracture critical bridge inspections were completed no later than 24 months since the previous fracture critical inspection. In order to be in compliance with the NBIS, 100% of fracture critical bridge inspections must be completed within 24 months. Previous Bridge inspection date plus 24 months.
Planning					
10	STIP – Percentage of STIP advanced	75%	Annual	WVDOT/ Planning	Measures the effectiveness of the programming process. Based on project authorizations in STIP divided by total project authorizations.
11	STIP Response Time -FHWA Responsive Time for Approval of STIP Amendments	<10 days	Annual	FHWA	Measures FHWA responsiveness to STIP process. Base on the difference between the date requests are received and date of approval letters.
Environment					
12	Notice of Violations - Federal-aid construction projects completed and receiving a Notice of Violations (NOV)	<25	Annual	WVDOT	The purpose of this measure is to track the number of construction projects completed that have received a notice of violation This could be tracked by having the project notify the District Env Coordinators and/or identified person when violations occur. The overall goal would be to reduce the number to zero but it is understood that this may not be attainable.
	Notice of Violations - Federal-aid construction projects completed and receiving a Consent Order (CO)	<10	Annual	WVDOT	The purpose of this measure is to track the number of construction projects completed that have received a consent order This could be tracked by having the project notify the District Env Coordinators and/or identified person when violations occur. The overall goal would be to reduce the number to zero but it is understood that this may not be attainable.
13	Mitigation Commitments - % of environmental mitigation commitments completed according to the identified timeframes (i.e. schedule vs. completed)	>90 %	Annual	WVDOT/ Environmental	The purpose of this measure is to track how well the WVDOT is fulfilling commitments made in the environmental process. The data would be gathered from WVDOT during the adherence to DD-252

	Design				
14	Cost Growth - Percent unplanned cost growth during design stage on projects completed this calendar year.	<10%	Annual	WVDOT	The purpose of this measure is to assess cost growth during design stage. This is calculated on the original consultant agreement estimate divided by the total amount of supplemental agreements.
15	Schedule Growth –Average number of days between planned and actual PS&E completion dates on projects completed this calendar year.	50% are <60 days	Annual	WVDOT	The purpose of this measure is to track schedule growth on Federal-aid design projects. Difference in the actual PS&E date and the original PS&E date from the WVDOT project tracking system.
16	PS&E Response Time - Average FHWA response time for PS&E comments	<10	Annual	FHWA	This measure tells us how long it takes area engineers to provide PS&E comments from the date final PS&E package are received. This is calculated by taking the average number of days between PS&E package received and date comments submitted to the WVDOT.
	ROW				
17	Conditional ROW Certifications - Percentage of Federal-aid construction projects with clear R/W certifications at time of construction authorization.	75%	Annual	WVDOT/ROW	The purpose of this measure is to assess whether the state is experiencing any problems such as extra project delays or costs due to the recent increase in conditional right of way certifications being granted. The data should be able to be gleaned either from project reports done by the area engineers or from ROW's periodic reports to FHWA Finance.
	Safety				
18	Delivery of Safety Projects - Percent of Highway Safety Improvement Program (HSIP) funding obligated.	33%	Quarterly	FHWA/ Safety	The purpose of this measure is to assess the efficiency of the Highway Safety Improvement Program (HSIP) by tracking the obligation rate of program funds. This value is determined by dividing the total amount of HSIP funds apportioned to West Virginia (SAFETEA-LU + Extensions + MAP-21) by the total amount of HSIP funds obligated.
19	Number of completed RSA's	5	Annual	WVDOT/ Safety	The purpose of this measure is to identify the number of completed RSAs during a specified time period. RSAs provide an effective means for a multidisciplinary team to recommend safety countermeasures to improve safety on a particular section of roadway or intersection. For purposes of this measure, an RSA must be completed with involvement of at least one District employee and one employee from the Traffic Engineering Division
	Contract Administration				

20	Days to Process a Change Order – Average number of days for the WVDOT to process a Change Order	<45	Annual	WVDOT/ Contract Admin	This measure gives us an indication of efficiency of the WVDOT to process a Change Order This is calculated from submitted date to the signing of the Change Order by the Deputy State Highway Engineer.
21	Days to Process a Change Order – Average number of days for the FHWA to process a Change Order	<10	Annual	FHWA	This measure gives us an indication of efficiency of the FHWA to process a Change Order This is calculated from the time it is submitted to FHWA until it is signed by them.
22	Addendums - Average # of non-routine addendums per job	<2	Annual	WVDOT/ Contract Admin	Give an indication of the completeness of the PS&E at the time of letting. Count the number of addendums in the CY.
Construction					
23	Engineer's Estimate: Percent of projects with low bid within +/- 10% of Engineer's Estimate. (Contract Award vs. Engineering Estimate)	50%	Annual	FHWA/ Construction	The purpose of this measure is to assess the accuracy of the low bid vs. Engineer's Estimate. FHWA's guidance states that low bid should be within +/- 10% of the Engineer's Estimate for at least 50% of the projects.
24	Schedule Growth –% of Federal-aid construction projects with work completed by contract completion date.	>90%	Annual	WVDOT/ Construction	Assesses the ability to predict project completion dates, taking into account work windows, working days, weather And work type. This serves the public by completing projects on predicted date.
25	Cost Growth –The percentage of total Final Contractor Payment to the total Contract Award amount.	<10%	Annual	FHWA/ Construction	Assesses the quality of the design, PS&E, and effective project management. For all Federal-aid construction projects > \$1 million closed during the FY, calculate the aggregate percent of project cost change by subtracting the project cost at time of letting (low bid amount) from the project contract cost at the time of final project closeout and dividing that number by the project low bid amount.
Management of Consultants					
26	Agreement - Time to process the agreement in Engineering Division per project.	90%	Annual	WVDOT/ Consultant Services	Gives an indication of the health for the consultant management process. % of agreements completed by an established completion date
27	Supplemental - Number of unplanned supplemental per project	<1	Annual	WVDOT/ Consultant Services	Provides an indication on how well work was planned.

REQUEST FOR PROPOSAL (RFP)

The Design-Build “Request for Proposal” (RFP) will contain a section dedicated to right of way. It is important to read that part of the agreement to understand the requirements of a specific project. The following is an example of the right of way section of such a project:

VIII. RIGHT OF WAY

DOH does not intend to acquire any additional right of way for this project. CONTRACTOR shall design and construct the project in such a manner that the construction limits are contained within existing right of way as depicted in Exhibit B.

Acquisition of any additional area desired by CONTRACTOR for, but not limited to, construction, construction staging, demolition activities, waste or borrow pits shall be the responsibility of CONTRACTOR. CONTRACTOR shall provide DOH the location and documentation for these additional areas. CONTRACTOR shall furnish DOH a copy of any agreements for the use of additional properties in conjunction with the construction of the Project. CONTRACTOR shall abide by the provisions of all applicable environmental permits, any conditions of individual right of way agreements, and all environmental commitments.

Acquisition of any additional area desired by CONTRACTOR for design purposes outside the existing limits shown in Exhibit B shall be the responsibility of CONTRACTOR. Such acquisitions may be obtained by CONTRACTOR only upon the approval of DOH. CONTRACTOR must submit an environmental re-evaluation covering any additional areas outside the current environmental clearance for DOH approval prior to any ROW acquisition and/or construction activity. CONTRACTOR will not be entitled to any additional cost or time for the acquisition of these additional areas. CONTRACTOR shall acquire property in accordance with all Federal and State laws and regulations, including but not limited to the Uniform Relocation and Real Property Acquisition Act of 1970, as amended (the “Uniform Act”) and as further delineated under the provisions of 23 CFR, 49 CFR and Chapter 54, Articles 1, 2, and 3 of the Official Code of West Virginia of 1931, as amended. **The CONTRACTOR shall, as a part of their team, employ the services of a ROW consultant, familiar with the requirements of the Uniform Act and 23 CFR and 49 CFR, whose selection shall be reviewed by the DOH and whose work will be subject to the review of the DOH, to complete any such acquisition.** The acquisition of property shall follow the guidelines as established by DOH, together with all other applicable State and Federal guidelines. The CONTRACTOR shall submit procedures for handling ROW acquisitions and relocations to DOH for approval prior to commencing ROW activities. DOH shall make the ultimate determination in each case as to whether settlement is

Exhibit A – Agreement

appropriate or whether the filing of a condemnation action is necessary, taking into consideration the recommendations of CONTRACTOR.

Should the CONTRACTOR not be able to acquire any properties outside the ROW limits, and such acquisition is deemed by the DOH as minimally affecting the purchased ROW, the DOH will use its power to acquire such properties by eminent domain. The CONTRACTOR shall pay all costs associated with the use of eminent domain and shall pay the amount of any judgment, settlement or final decree arising from any eminent domain proceeding. The final decision to resolve any such condemnation matter will be at the sole discretion of the DOH.

The DOH will not exercise eminent domain for acquisitions deemed by the DOH to substantially affect the current ROW. The DOH will consider any proposed ROW action that results in the current ROW limits not being required for construction of the project as substantially affecting the purchased ROW. Therefore, the DOH shall not exercise its eminent domain powers to acquire the proposed additional ROW. The final decision to determine whether any proposed ROW action substantially affects the current ROW, and therefore whether eminent domain will be exercised, shall be at the sole discretion of the DOH.

CONTRACTOR shall provide adequate access to all occupied properties to ensure emergency and personal vehicle access.

Utility service shall be available to all occupied properties at all times prior to, throughout the relocation process, and after the utility relocation is complete.

Open burning shall not occur within 1,000 feet of an occupied dwelling or any coal.

The DOH shall provide a ROW project manager who will serve as a point of contact for all ROW issues. The DOH ROW project manager shall make the final determination with regard to CONTRACTOR's for determining compliance with the Uniform Act and state regulatory compliance. The DOH ROW Manager shall be Ward Lefler for this project.

Dear Mr./Ms.:

This letter of interest is to inform you that your property may be affected by the above referenced West Virginia Division of Highways (WVDOH) project. As a part of this project, the WVDOH may be acquiring some or all of your property. Please be advised that you may be contacted by Appraisers and/or Right of Way Agents on the behalf of the WVDOH who will be collecting information needed prior to an offer being presented to you.

To assist in this project, (R/W Consultant) has been contracted to provide acquisition services on behalf of (Highway Contractor). One of their representatives will contact you to discuss the project and will explain the rights and benefits that you may be entitled to. Enclosed for your review at the West Virginia Division of Highways pamphlets, "A Guide for Property Owners and Tenants" as well as the "Relocation Assistance Moving Cost Replacement Housing Appeal's" brochure. These pamphlets explain WVDOH acquisition and relocation procedures.

WVDOH requests your cooperation to be extended to them as we begin this stage of the project. The representatives of (R/W Consultant) may be reached at **xxx-xxx-xxxx**.

**CONTRACT FOR TITLE SEARCH AND REPORT
(PER PARCEL)**

THIS CONTRACT, made and entered into this _____ day of _____, 20____ by and between the WEST VIRGINIA DEPARTMENT OF TRANSPORTATION, DIVISION OF HIGHWAYS, of Charleston, West Virginia (hereinafter referred to as "WVDOH") and _____ (hereinafter referred to as the "Lawyer").

IT IS MUTUALLY AGREED by and between the parties hereto as follows:

1. Lawyer shall perform a title search and furnish WVDOH with a certificate reporting the status of title to a certain Parcel(s) of land situate in _____ County, West Virginia, more particularly shown and designated as Parcel No. _____, upon WVDOH plans for State Project No. _____, Federal Project No. _____, (commonly known as _____ (commonly known as "____"). The title search shall include:
 - _____ Surface Only (60-Year Search)
 - _____ Minerals Only
 - _____ Surface and Minerals
2. Lawyer's report shall be based upon standard practices of lawyers performing real estate title examinations in West Virginia and in conformity with Instructions for Title Examinations (Form RW 4.03, Rev. 10/2018).
3. Lawyer represents and warrants to WVDOH that its employees, and the employees of any approved sub-contractor, performing work hereunder shall have sufficient expertise, training, and experience to accomplish said work.
4. Lawyer shall furnish the Legal Section of the Right of Way Division of Highways (hereinafter referred to as "Legal Section") with an original, electronic copy of the title report. (Paper copies are no longer necessary).
5. Lawyer shall be paid the sum of \$ _____ per hour for work hereunder and shall be reimbursed the sum of \$ _____ per hour for travel time plus: (1) the actual cost of obtaining photocopies from the Courthouse of deeds, plats, maps and surveys and other documents necessary or desirable for the work; (2) postage, certified and registered mail costs and overnight service delivery costs; verified statements for the aforesaid services (together with receipts for said copies, if any) shall be submitted to the Legal Section in at the time the title certificate is submitted to Legal Section. (3) attorney will not be reimbursed for meal, lodging or mileage expenses.
6. Lawyer agrees to fully accomplish said services and submits reports to the Legal Section by _____ (30 days) at 4:30 p.m., unless additional time is granted by the Legal Section. Any request for additional time must be made in writing, including by electronic mail to the Legal Section and any authorization thereof must be made in writing. Time is of the essence in this contract and WVDOH reserves the right to cancel the same in the event Lawyer fails to perform said services within the time limit, or extension thereof. Notice of cancellation of the contract may be delivered by personal service, first-class mail postage prepaid or facsimile to the address or facsimile number of Lawyer shown below. WVDOHs' liability for payment shall extend only to the title reports received by the Legal Section prior to cancellation of the contract.
7. Parcels to be acquired by WVDOH are sometimes eliminated due to plan changes. Notice of such elimination shall be given by email, United States mail or facsimile to Lawyer, after receipt of which Lawyer shall perform no further services with respect to such parcel. Division hereby specifically reserves the right to modify this contract by the cancellation of such parcel in which case there shall be liability only for services performed by Lawyer prior to receipt of notice of such change.
8. This is a personal service contract and is not assignable in whole or in part by Lawyer either in whole or in part. Lawyer shall have no right to (a) assign this Agreement, by operation of law or otherwise; or (b) subcontract or otherwise delegate the performance of the work without WVDOH prior written consent which may be withheld as WVDOH determines in its sole discretion. Any such purported assignment shall be void.
9. During the performance of this contract, Lawyer shall provide equal employment opportunities for all qualified persons and shall not discriminate against any employee or applicant because of race, religion, color, sex, national origin, or disability and will comply with the regulations of the Department of Transportation relative to nondiscrimination in federally assisted programs of the Department of Transportation (Title 49, Code of Federal Regulations, Part 21) which are herein incorporated by reference and made a part of this contract. These provisions shall be fully and effectively enforced and failure to comply therewith shall be regarded as a material breach of this agreement.
10. This Agreement shall be governed by and construed in accordance with the laws of the State of West Virginia, without regard to its choice of law principles.
11. This Contract constitutes the entire agreement and understanding of the parties with respect to its subject matter and supersedes all prior and contemporaneous agreements or understandings, inducements or conditions, express or implied, written or oral, between the parties.

IN WITNESS WHEREOF, the parties hereto have set their hands the day and year first hereinabove set forth.

INSTRUCTION FOR TITLE EXAMINATION

In the performance of contract for title search and report, the attorney's report to the West Virginia Department of Transportation, Division of Highways, shall always include the following elements and should substantially follow the form appended hereto.

1. Caption: Each sheet must show project number and parcel number.
2. Period of Search: Not less than 60 years.
3. Description: Adequate legal description of the tract examined. This should normally be by accurate metes and bounds. In the case of urban lots, lot numbers and reference to recorded maps or plats are usually sufficient, in which case a copy of such map should also be submitted. A description and complete deed reference must be furnished for any and all outconveyances from the assigned parcel. Unless it can be ascertained that such outconveyance is clearly outside the area needed for right of way, a complete report of the present status of the title and such outconveyance shall be submitted to Division. Attorney shall provide copies of all deeds of outconveyance made since the last deed of record. Attorney shall provide a copy of all instruments from which current property owner acquired title. If current property owner did not acquire by deed, provide copy of most recent deed which contains an accurate legal description of property.
4. Ownership: List all parties that have any vested ownership rights in the property and explain what each party's ownership rights are.
5. Liens and Encumbrances: Sufficient information as to each lien as will enable an attorney to prepare a proper release. Easements of record should be noted here. Please indicate if a lien is invalid or has expired by statute.
6. Restrictions and Reservations: Note severance of minerals, if any. (It may be necessary to go back more than 60 years to determine whether the minerals have been severed.)
7. Other Defect and Objections: Include here any title questions not includable above. In the event that any information furnished to the abstracting attorney is not verifiable from the records or is in conflict therewith the attorney, in his title report, shall state specifically the matters that are not verifiable, or which are in conflict.
8. Recent Evidence of Value: Declared value, stamps affixed to most recent deeds, or appraisals of record.
9. Taxes: Complete entry from recent land book payment status including map and parcel numbers (a 10-year search of tax records is sufficient).

10. Certification: The attorney certifies his opinion relating to ownership and source of title. In the event that present owners acquired by will or laws of descent and distribution, the history of the title should be derived in full from the last owners who acquired by deed.
11. Liability Insurance: The attorney must certify that at the time of performing the services under contract with the Division he was covered by not less than \$100,000 of professional liability or practice insurance.
12. Necessary Parties in Condemnation: List all parties who should be named in any necessary court action. Also, list addresses of parties, if possible, so that proper service may be made when necessary.
13. Other Sources of Information: While title examinations are entered on the indexed records in the Office of the Clerk of the County Commission of the county wherein the property lies, it is often necessary to seek information in the Office of the Circuit Clerk, Assessor, and Sheriff.
14. Copies: In the past, title attorneys were asked to send a paper original and three paper copies of their reports. However, we are now communicating and sending documents via electronic mail; therefore, all those copies are no longer necessary. (If a report is too large to send via email, please provide it on a DVD, flash drive or similar electronic media.) An electronic copy signed in BLUE INK is acceptable and unless otherwise directed, hard copies are not necessary. This reduces the amount of paper we process and will cut costs and save time for vendors. As always, please let the Right of Way Legal Department know if you have any questions.
15. Direction: All questions of a legal nature should be directed to the Legal Section of the Right of Way Division and questions concerning the project or plan sheets should be addressed to the District Right of Way Agent.

CLOSING CONTRACT

THIS CONTRACT, made and entered into this _____ day of _____, 20____ by and between the WEST VIRGINIA DEPARTMENT OF TRANSPORTATION, DIVISION OF HIGHWAYS, of Charleston, West Virginia (hereinafter referred to as "WVDOH") and _____ residing at _____ in the City of _____ State of _____ (hereinafter referred to as the "Lawyer"), collectively referred to herein as (the "Parties").

WHEREAS, a certificate of title has been obtained by WVDOH with respect to the title to each of certain parcels of land situate in _____ County, West Virginia, more particularly shown and designated as Parcel No. _____ upon WVDOH plans for State Project No. _____ (commonly known as " _____ ").

WHEREAS, WVDOH is desirous of employing Lawyer to represent WVDOH in acquiring the title to said property and Lawyer is willing to accept such representation.

THEREFORE, IT IS MUTUALLY AGREED by and between the parties hereto as follows:

1. Lawyer agrees to perform the following services: Examine and update title with respect to said Parcels from the date of the prior title certificates; make provision for the payment and release of record of all liens and encumbrances, if any; submit for recordation the deed conveying each Parcel from the property owners to WVDOH (the deed will be prepared by WVDOH), and prepare and deliver to WVDOH a Closing Certificate (Form RW 4.06) and State Warrant Receipt (Form RW 9.04) for each Parcel. Approved sub-contractor, performing work hereunder shall have sufficient expertise, training, and experience to accomplish said work.
2. Lawyer shall be paid the sum of \$ _____ per hour for work hereunder and shall be reimbursed the sum of \$ _____ per hour for travel time plus: (1) the actual cost of obtaining photocopies from the Courthouse of deeds, plats, maps and surveys and other documents necessary or desirable for the work; (2) postage, certified and registered mail costs and overnight service delivery costs; (3) the actual cost of any fees, including but not limited to wire transfer fees, associated with the payment and release of record of any liens and encumbrances; and, (4) the actual cost of any other fees associated with the closing which are approved in writing and in advance by WVDOH. Verified statements for the aforesaid services shall be submitted to WVDOH and the actual time devoted to each parcel shall be set forth thereon. Lawyer has been advised it is the WVDOH's experience that services herein contemplated do not normally exceed five hours per parcel. If Lawyer determines that more than five hours will be required to close a parcel, Lawyer shall promptly advise the Legal Section of the WVDOH's Right of Way Division giving an estimate of the additional time required and requesting written authority from the Director of the Right of Way Division to proceed. Time charged in excess of five hours will only be paid if approved in writing in advance by the Director of the Right of Way Division. Attorney will not be reimbursed for meal, lodging or mileage expenses.
3. **STATE WARRANTS:** State warrants for closings expire after six months. Accordingly, the closing attorney must return any warrant for a closing which cannot be timely completed at least sixty (60) days prior to its expiration to facilitate canceling and reissuing the state warrant.
4. Lawyer agrees to fully accomplish said services by _____ (30 days) at 4:30 p.m., unless additional time is granted in writing (including electronic mail) by WVDOH. Time is of the essence in this contract and WVDOH reserves the right to cancel this contract in the event Lawyer fails to perform said services within the time limit, or extension thereof. Notice of cancellation of the contract may be delivered by personal service, first-class mail postage prepaid or facsimile to the address or facsimile number of Lawyer specified below. WVDOH liability for payment shall extend only to the title reports received by the Legal Section prior to cancellation of the contract.
5. This is a personal service contract and is not assignable by Lawyer either in whole or in part. Lawyer shall have no right to (a) assign this Agreement, by operation of law or otherwise; or (b) subcontract or otherwise delegate the performance of work hereunder without WVDOH's prior written consent which may be withheld as WVDOH determines in its sole discretion. Any such purported assignment shall be void.
6. During the performance of this contract, Lawyer shall provide equal employment opportunities for all qualified persons and shall not discriminate against any employee or applicant because of race, religion, color, sex, national origin, or disability and will comply with the regulations of the United States Department of Transportation relative to nondiscrimination in federally assisted programs of the Department of Transportation (Title 49, Code of Federal Regulations, Part 21). These provisions shall be fully and effectively enforced and failure to comply therewith shall be regarded as a material breach of this agreement.
7. This Agreement shall be governed by and construed in accordance with the laws of the State of West Virginia, without regard to its choice of law principles.
8. This contract constitutes the entire agreement and understanding of the Parties with respect to its subject matter and supersedes all prior and contemporaneous agreements or understandings, inducements or conditions, express or implied, written or oral, between the parties.

EXAMPLE
ASSURANCESOPERATING POLICY AND PROCEDURES OF THE
WEST VIRGINIA DEPARTMENT OF TRANSPORTATION,
DIVISION OF HIGHWAYS, FOR COMPLIANCE WITH
TITLE III OF PUBLIC LAW 91-646

In compliance with Chapter 54, Article 3, Section 3 of the Code of West Virginia, and in order to encourage and expedite the acquisition of real property by agreement with owners; to avoid litigation and relieve congestion in the Courts; to assure consistent treatment for owners in the many Federal programs; and to promote public confidence in both State and Federal land acquisition practices, the West Virginia Division of Highways shall, to the greatest extent practicable, be guided by the following policies when acquiring property on Federally assisted projects.

(1) The West Virginia Division of Highways shall make every reasonable effort to acquire real property expeditiously by negotiations.

(2) Before the initiation of negotiations, real property shall be appraised and the owner or his designated representative shall be given an opportunity to accompany the appraiser during his inspection of the property.

(3) Prior to the initiation of negotiations for real property, the West Virginia Division of Highways shall establish an amount which it believes to be just compensation therefor and shall make a prompt offer to acquire the property for the full amount so established. In no event shall such amount be less than the Division's approved appraisal of the fair market value of such property. Any decrease or increase in the fair market value of real property prior to the date of valuation caused by the public improvement for which such property is acquired, or by the likelihood that the property should be acquired for such improvement, other than that due to physical deterioration within the reasonable control of the owner, will be disregarded in determining the compensation for the property. The West Virginia Division of Highways shall provide the owner of real property to be acquired with a written statement of, and summary of the basis for, the amount established as just compensation. Where appropriate, the just compensation for the real property acquired and for damages to remaining real property shall be separately stated.

(4) No owner shall be required to surrender possession of real property before the West Virginia Division of Highways pays the agreed purchase price or deposits with the Court in accordance with appropriate State and Federal law for the benefit of the owner, an amount not less than the Division's approved appraisal of the fair market value of such property, or the amount of the award of compensation in the condemnation proceeding for such property. All Right of Way Certificates will reflect whether the property owner has been paid the agreed purchase price or a deposit has been made with the appropriate court.

(5) The construction or development of a public improvement shall be so scheduled that, the greatest extent practicable, no person lawfully occupying real property shall be required to move from a dwelling or to move his business or farm operation, without at least ninety days' written notice from the West Virginia Division of Highways in accordance with previously issued and approved procedures.

(6) If the West Virginia Division of Highways permits an owner or tenant to occupy the real property acquired on a rental basis for a short term or for a period subject to termination by the Division on short notice, the amount of rent required shall not exceed the fair rental of the property to a short-term occupier.

(7) In no event shall the West Virginia Division of Highways either advance this time of condemnation or defer negotiations or condemnation and the deposit of funds in Court for the use of the owner, or take any other action coercive in nature, in order to compel an agreement on the price to be paid for the property.

(8) If any interest in real property is to be acquired by exercise of the power of eminent domain, the West Virginia Division of Highways shall institute formal condemnation proceedings. The Division of Highways shall not intentionally make it necessary for an owner to institute legal proceedings to prove the fact of the taking or his real property.

(9) If the acquisition of only a part of a property would leave its owner with an uneconomic remnant, the West Virginia Division of Highways shall offer to acquire the entire property. Whenever possible, the existence of an uneconomic remnant will be predetermined by appraisal – appraisal review personnel, and a recommendation will be made to the Director to acquire such remnant.

(10) Notwithstanding any other provision of law, if the West Virginia Division of Highways acquires any interest in real property, it shall acquire at least an equal interest in all buildings, structures, or other improvements located upon the real property so acquired and which is required to be removed from such real property or which the Division determines will be adversely affected by the use to which such real property will be put.

(11) For the purpose of determining the just compensation to be paid for any building, structure, or other improvement required to be acquired by paragraph (10) above, such building, structure, or other improvement shall be deemed to be a part of the real property to be acquired notwithstanding the right or obligation of a tenant as against the owner of any other interest in the real property, to remove such building, structure, or improvement at the expiration of his term, and the fair market value which such building, structure, or improvement contributes to the fair market value of the real property to be acquired, or the fair market value of such building, structure, or improvement for removal (i.e. salvage) from the real property, whichever is greater, shall be paid to the tenant therefor.

(12) Payment under paragraphs (10) and (11) above shall not result in duplication of any payments otherwise authorized by law. No such payments shall be made unless the owner of the land involved disclaims all interest in the improvements of the tenant. In consideration for any such payment, the tenant shall assign, transfer, and release to the West Virginia Division of Highways all his right, title, and interest in and to such improvements.

(13) The West Virginia Division of Highways, as soon as practicable after the date of payment of the purchase price or the date of deposit in Court of funds to satisfy the award of compensation in a condemnation proceeding to acquire real property, whichever is the earlier, shall reimburse the owner, to the extent the West Virginia Division of Highways deems fair and reasonable, for expenses the owner necessarily incurred for –

(a) recording fees, transfer taxes, and similar expenses incidental to conveying such real property to the West Virginia Division of Highways;

(b) penalty cost for prepayment of any preexisting recorded mortgage entered into in good faith encumbering such real property; and

(c) the pro-rata position of real property taxes paid which are allocable to a period subsequent to the date of vesting title in the West Virginia Division of Highways, or the effective date of possession of such real property by the West Virginia Division of Highways, whichever is the earlier.

(14) (A) The Circuit Court having jurisdiction of a proceeding instituted by the West Virginia Division of Highways to acquire real property by condemnation shall award the owner of any right, or title to, or interest in such real property such sum as will in the opinion of the Court reimburse such owner for his reasonable costs, disbursements and expenses, including reasonable attorney, appraisal, and engineering fees, actually incurred because of the condemnation proceedings, if –

(a) the final judgment is that the Division of Highways cannot acquire the real property by condemnation;

(b) the proceeding is abandoned by the West Virginia Division of Highways.

(B) Any award made pursuant to subsection (a) of this section shall be paid by the West Virginia Division of Highways.

(C) In the case of inverse condemnation, the property owner will be reimbursed for his reasonable cost, disbursements, and expenses, including reasonable attorney, appraisal, and engineering fees, actually incurred because of such proceeding, only in instances where the inverse condemnation is successfully brought by the plaintiff.

OPTION

Project No. _____
Parcel No. _____

This agreement of option, entered into this _____ day of _____, 20 _____,
between _____

herein called Seller (regardless of number), and the WEST VIRGINIA DEPARTMENT OF TRANSPORTATION,
DIVISION OF HIGHWAYS, herein called Purchaser;

Witnesseth, that in consideration of the mutual promises herein contained, the parties hereto do covenant and
agree, each with the other, as follows:

FIRST: The Seller hereby gives and grants unto Purchaser the exclusive right and option for a period of
_____ from date hereof, to purchase at the price hereinafter set out:

(a) An easement for highway purposes or fee simple title in and to that certain tract or parcel of land situated
and located in _____ District, _____ County, West Virginia, and more particularly
bounded and described on (a) separate sheet(s) attached hereto and made a part hereof.

(b) All easements, rights, damages and claims mentioned in paragraph "Fourth" hereof.

SECOND: The price for which said real estate, rights, damages and claims will be sold and is hereby
optioned in the sum of _____
Dollars (\$ _____) all of which shall be payable by Purchaser to Seller by state warrant at the time of
delivery of the deed to Purchaser.

THIRD: Notice of election to purchase hereunder may be oral or in writing, and may be given in any
manner permitted by law, to _____, who is hereby made the Agent
of Seller to receive and acknowledge receipt of such notice; provided, however, that a written notice of acceptance
signed by or on behalf of Purchaser, and mailed to _____

at _____ by
registered mail, shall be sufficient notice of acceptance, and the mailing of such notice by registered mail, and not the
receipt thereof, shall constitute the giving of such notice.

FOURTH: Upon notice of election to purchase being given as above mentioned, the Seller agrees to tender,
and upon payment of the option purchase price above set out to deliver unto the Purchaser, or such person as it may
direct, an apt and proper deed, in form approved by Purchaser, conveying good and marketable title to said real estate,
free from liens and encumbrances, including real property taxes for the current year, which deed shall contain covenants
of general warranty, free from liens and encumbrances, right to convey, and further assurances; and the said deed shall
contain the following provisions, which are the agreed terms and provisions of the sale herein contemplated:

It is understood that the real estate hereby optioned or part thereof shall be used for or in connection with the
construction, maintenance and use of a controlled-access facility (freeway) with no rights of access to said facility by
abutting owners. Seller, whether the owner of remaining or other land adjoining said land, or any interest therein, or
not, releases unto Purchaser all easements of way, over, upon, through, across or under said land herein described
specifically including but not limited to all rights of vehicular and pedestrian access; and all rights of ingress to and
egress from said property and the land herein described; and

The Seller releases Purchaser from all liability for any and all claims which might have been legally asserted
against the Purchaser as just compensation in an eminent domain proceeding prosecuted by it against the Seller under
its power to take and damage private property for public highway purposes.

Said deed shall convey an easement for highway purposes or fee simple title.

FIFTH: For retention of all buildings, structures, equipment, and ornamental trees, shrubs and plants from the
real estate described in paragraph "First", Addendum "A" to be attached.

SIXTH: Purchaser may at its expense, cause said real estate to be surveyed, and Seller agrees to convey said
real estate by a new and correct description made up from such survey, if so requested by Purchaser. In the event of
acceptance hereof by Purchaser, Seller shall at Seller's expense promptly cure and remove any defects or encumbrances
and pay and secure releases of any liens affecting the title to the land herein optioned, and the purchase price shall not
become due until the same are cured, removed or paid as the case may be. The Purchaser may, at its option, cure and
remove any such defects or encumbrances or pay and secure releases of any such liens, and any sum expended in
paying such liens shall be credited upon the purchase price herein provided for.

SEVENTH: Possession may be taken by, and shall be delivered to purchaser, its agent and contractees upon closing.

EIGHTH: Should the Purchaser fail to give notice of acceptance hereof within the term stated herein, then this option is to be void, otherwise to remain in full force and effect.

NINTH: It is agreed that the foregoing is the entire contract between the parties hereto, and was fully read and understood before its execution, and there is no consideration for said option except the consideration herein set forth, and that it is understood that the agent of the Purchaser securing this option has no authority to contract for or bind the Purchaser by any verbal representations or promise, and that this written agreement is the complete agreement between the parties hereto in all its terms and provisions.

- 15 Construction of Road
- 16 Road Open to Traffic

WHY MUST MY PROPERTY BE TAKEN?

Many factors are critically analyzed in locating and designing a modern highway. The element of need is the first consideration. Necessity is established by a thorough study of existing roads and both present and estimated future traffic volumes. Traffic studies are basic in the design of the pavement and roadway and determining whether two, four, six or more traffic lanes are required.

The specific location for the highway is chosen only after a detailed study of each alternate route. Before a final location is chosen, consideration is given to the following factors:

- (1) The probable effect on the people in the area
- (2) Environmental impact
- (3) Construction costs
- (4) Property costs
- (5) Benefits to the highway user

Your property is one of those within the limits of the proposed right of way of this route. Right of way is the land required to construct, maintain and operate a highway properly.

DOES THE STATE HAVE THE RIGHT TO TAKE MY PROPERTY?

Yes; however, Article 3, Section 9 of the *Constitution of West Virginia* provides that private property will not be taken or damaged for public use without just compensation.

These constitutional provisions guarantee that necessary public improvements can be built and so located that they will render maximum benefits and also that affected property owners will be fully compensated.

Nondiscrimination, Title VI and 49 CFR 21-5, provides that “No person in the United States shall, on the grounds of race, color, or national origin be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination....”.

WHAT WILL I BE PAID FOR MY PROPERTY?

If your entire property is required, you will be paid the fair market value of the entire property. West Virginia law defines “market value” as the price a willing buyer would pay a willing seller, neither acting under compulsion nor duress, both exercising prudence and intelligent judgment as to its value and familiar with the purpose for which the property is reasonably available.

If only a part of your property is required, you will be paid the fair market value of the part taken, plus damages, if any, to the residue, less all benefits.

Fair market value will be determined by a competent, professional real estate appraiser after a thorough inspection of your property, a comparison with similar properties in the area that have been sold recently, a determination and consideration of its replacement cost and depreciation and consideration of the income-producing potential. Only men and women of the highest integrity, qualified by education, training, experience and licensed or certified by the state, are used as appraisers.

All appraisal reports are office-reviewed, then rechecked in the field by experienced, qualified review appraisers for accuracy and to make certain that no items of allowable value have been overlooked or omitted.

Since the Division of Highways has adopted a firm price policy, you will be offered the full amount of the approved appraisal. There will be no attempt to buy your property at less than its fair market value. This policy guarantees that you receive the full value of your property and also that all citizens of the state receive full value for the money expended for highway rights of way.

WHO WILL CONTACT ME?

A representative of the Right of Way Division of the Division of Highways will call on you to discuss the purchase of your property. You will find this representative to be competent, well informed, courteous and, above all, helpful. Actually, the representative's responsibility is of a dual nature, as service must be rendered to the individual property owner as well as to the taxpayers.

The representative is well-versed in basic highway design and plan reading and, consequently, is able to inform you fully about the effect highway construction will have on your property.

Based on the knowledge and understanding of the appraisal of real estate, the representative of the Right of Way Division will be able to explain the offer made by the Division of Highways for your property. A thorough knowledge of the laws and procedures governing the acquisition of private property enables the representative to explain your rights and responsibilities as well as those of the Division of Highways.

The representatives of the Right of Way Division instructions are to help you, the property owner, in every possible, proper way.

Preparatory to initiation of negotiations, the appraiser(s) will call to inspect your property. A review appraiser may also need to inspect your property. Other representatives of the Division of Highways will call on you to collect information for use in determining the needs of those who will be required to move.

WILL I BE ABLE TO MOVE MY BUILDINGS?

Although most owners prefer that the Division of Highways purchase all structures located within the right of way limits, it is possible to retain possession of your home or other buildings and make arrangements to have them relocated. This will result in a reduction of the amount of the offer by the Division of Highways. Consideration must be given to the size, age and condition of the buildings and availability of suitable sites, in addition to the cost of moving the structure(s) to be retained. The representative of the Right of Way Division assigned to your property will advise you of the procedure and will be able to assist you in making the proper decision.

HOW SOON MUST I MOVE?

Every effort will be made to provide ample time for you to relocate. On or after the initiation of negotiations for the parcel, the relocatee is given a written notice, which specifies that they will not be required to move before 90 days from the date of the notice. This notice informs the relocatee that they will be given a 30-day written notice specifying the date by which they must vacate the property. In the event the property is tenant-occupied, notices are given to both the tenant and the owner. Extension beyond 30 days may be granted in writing.

CAUTION: YOU SHOULD MAKE NO COMMITMENT REGARDING RELOCATION UNTIL YOU HAVE BEEN ADVISED OF ELIGIBILITY REQUIREMENTS OF THE PROGRAM BY A RELOCATION REPRESENTATIVE. FAILURE TO DO THIS MAY RESULT IN THE LOSS OF CERTAIN BENEFITS AND PAYMENTS.

WILL I RECEIVE ANY ASSISTANCE IN FINDING A SUITABLE PLACE TO MOVE?

Yes. A representative of the Right of Way Division will call on you after initiation of negotiations to offer appropriate assistance. Should you desire assistance prior to that time, you may call the proper District Right of Way Office (see last two pages of this pamphlet) and a relocation representative will consult with you.

Representatives will assist in finding suitable replacement housing and business locations for all who must move because of highway construction. Guidance is provided in making claims for moving cost reimbursement and replacement housing payments when applicable.

A listing of available properties for sale and for rent, the names and addresses of lending agencies and rental agencies, and information about federal, state and local regulations and programs and other information which may be helpful to you will be offered through the District Right of Way Division.

In a negotiated settlement, you will not be required to vacate the property until payment has been tendered in accordance with the terms of the option unless you have agreed in writing to do otherwise.

HOW WILL THE CLOSING BE HANDLED?

After you sign an option to sell your property to the Division of Highways, a state warrant will be issued. Thereafter the Division of Highways will be represented by a closing attorney who will work through the closing procedures similar to those employed in most real estate transfers.

Releases of outstanding liens and encumbrances such as deeds of trust, taxes, judgments or leases must be obtained prior to the closing.

The Division of Highways will prepare the deed and cause it to be recorded at no cost to you.

Should the transfer of your property to the Division require payment by you of any of the following expenses, you may claim reimbursement:

- (1) Other recording fees and similar expenses incidental to the conveyance of such property.
- (2) Penalty costs for prepayment of any preexisting recorded mortgage (deed of trust) entered into in good faith encumbering your real property.
- (3) The pro rata portion (on a calendar year basis) of real property taxes paid which are allocable to a period subsequent to the date of vesting title in the Division of Highways or the date of possession of such real property by the Division of Highways, whichever is earlier.

MUST I ACCEPT THE OFFER OF THE DIVISION OF HIGHWAYS FOR MY PROPERTY?

No. If you believe the offer of the Division of Highways is inadequate, you have the right to refuse the amount offered. However, on most projects more than 90 percent of the parcels are acquired through negotiations based upon fair market value as determined by appraisers.

WHAT WILL HAPPEN IF I FIND THIS OFFER UNACCEPTABLE?

Both you, the property owner, and the Division of Highways are protected by the *Constitution of West Virginia*, which provides that: "Private property will not be taken or damaged for public use, without just compensation . . ." and that "when required by either of the parties, such compensation will be ascertained by an impartial jury of twelve freeholders."

If the Division of Highways must acquire your property in order to construct the proposed highway, West Virginia law provides that the Division can institute condemnation proceedings if the offer is found unacceptable. This procedure involves the following steps:

(1) The Division of Highways files a petition in Circuit Court describing the property and identifying as defendants all persons who have an interest in such property.

(2) Five commissioners, from a list of 13 local freeholders nominated by the court, are selected by the owner and Division of Highways to view the property and hear evidence which either the owner or the Division wishes to submit.

(3) The commissioners are required to file with the court their findings of just compensation for the property taken and damage to the residue, if any, less all benefits.

(4) Within 10 days after the commissioners file their report, either the owner or the Division may file exceptions and demand a trial by jury.

ADVANCEMENT OF COMPENSATION

In the event it is necessary to institute condemnation proceedings to acquire your property, the Division of Highways will deposit with the Clerk of the Circuit Court an amount equal to the Division's approved appraisal.

The property owner can arrange to withdraw such amounts for their immediate use according to their interest in the property.

**WHAT IS THE RELATIONSHIP BETWEEN
THE WEST VIRGINIA DEPARTMENT OF
TRANSPORTATION, DIVISION OF
HIGHWAYS, AND THE FEDERAL HIGHWAY
ADMINISTRATION**

The Federal Highway Administration (FHWA), an agency of the United States Department of Transportation, participates in the cost of construction, right of way and engineering in West Virginia when such highways are on the Federal Aid System and the Division of Highways requests federal assistance in such a project. The FHWA does not actually design any roads, buy any right of way or construct any roads.

The Division of Highways submits proposed projects to the FHWA. If the proposal is accepted, the FHWA will reimburse the Division a portion of the project costs, varying from 50 percent to 90 percent. As the project develops, the FHWA reviews all phases of work, from design through right of way acquisition and construction. If, at any time during these reviews, it finds that the work does not meet federal aid requirements, it may refuse to pay all or a portion of its share of the cost of the project.

After construction is completed, maintenance of the highway and associated costs become the responsibility of the Division of Highways, without federal participation or aid. FHWA involvement at this stage is limited to annual inspections to review the adequacy of maintenance.

In public hearings, the FHWA usually has present a representative who may answer questions concerning the *Federal-Aid Highway Program Manual* if asked to do so by the Division of Highways. After each hearing and after considering all of the pertinent comments offered in connection with the hearing, the Division of Highways will make a formal recommendation to the FHWA. The FHWA will review this and take action, either approving or disapproving the recommendation.

Simply stated, the FHWA - Division of Highways relationship is one in which the FHWA reviews the work the Division proposes to do or has done and tells the Division whether it meets all requirements for federal aid. If the proposed work or work completed does not meet these requirements, FHWA may pay only a portion of its normal share or deny participation completely.

STATEMENT OF JUST COMPENSATION AND SUMMARY

FOR WAIVER VALUATION

DATE _____

PROJECT _____

PARCEL _____

OWNER _____

TENANT _____

In accordance with the provisions of Section 301(3) of the "Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970", as amended, the West Virginia Department of Transportation, Division of Highways, herewith submits a written statement of, and summary of the basis for, the amount it has established as just compensation for the above identified parcel.

Section 3, Article 9, of the Constitution of West Virginia, provides in part that "private property shall not be taken or damaged for public use without just compensation". The West Virginia Supreme Court of Appeals has indicated that the true measure of just compensation is the fair market value of the property actually taken at the time it was appropriated, plus the difference between the fair market value of the residue of the property immediately before and immediately after the taking, beyond all benefits that may accrue from construction of the improvement for which the property is taken and damaged.

The amount established as just compensation is believed to be at least that which would result from preparation of a formal appraisal.

Unless otherwise stated in the attached option or deed, the amount established as just compensation is for the real property being acquired, which includes land, buildings, structures, or improvements located on, or damaged as a result of the taking of the areas and interest described in the attached option or deed. The amount established as just compensation does not include items of personal property such as household furnishings, clothing, and appliances. The West Virginia Department of Transportation, Division of Highways, will pay the owner of personal property reasonable and necessary moving cost in accordance with the Department's Brochure regarding Relocation Assistance, Moving Cost, Replacement Housing and Appeals.

The full amount established, as just compensation for this parcel is \$_____.
Where appropriate, this amount is summarized as follows:

Property Taken ----- \$ _____

Damages to Residue, if any, Less benefits, if any----- \$ _____

Other ----- \$ _____

Total ----- \$ _____

CERTIFICATION OF ACQUISITION

I hereby certify that it is necessary to acquire the following described property in connection with the construction and maintenance of the State Road system, as authorized by Chapter 17, Article 2A, Section 8 of the Code of West Virginia.

I certify further that all recorded liens against said property will be properly released upon the acceptance of the deed and the delivery of the state warrant therefore, with the exception of such liens of small amounts that constitute a nuisance and there is sufficient property retained by the owner to satisfy such lien; said exception will have prior approval by the Director of the Right of Way Division.

Where there is an entire taking of a parcel or tract of property, the Sheriff of each respective county will be informed of such transfer by the West Virginia Division of Highways.

WVDOH has begun acquisition activities based upon the current set of approved RW-3s. Should the contractor modify the approved RW-3s once the contractor has delivered to WVDOH an approved set of revised RW-3s, which comply with the provisions of WVDOH's DD-301, the Division will begin acquisition on such revised RW-3s. It is anticipated that occupied properties will be available for construction within one year of when approved revised RW-3s are received by the Right of Way Division. It is also anticipated that unoccupied properties will be available for construction within nine months of when approved revised RW-3s are received by the Right of Way Division.

Pursuant to 23 CFR § 710.313, advancing the right of way to the construction phase, prior to the acquisition of all right of way for the project, shall not impair the safety or in any way be coercive in the context of 49 CFR § 24.102(h), with respect to unacquired or occupied properties on the same adjacent segments of project right of way.

Adequate access shall be provided to all occupied properties to ensure emergency and personal vehicle access.

Utility service shall be available at all times to all occupied properties, prior to, and until relocation is completed.

When relocation of displaced persons from their dwellings has not been completed, the contractor shall establish a 100-foot hold-off zone around occupied properties on the project to ensure compliance with right of way procedures prior to starting construction activities in the affected areas. This zone shall be clearly marked on the ground by the contractor, using orange construction fencing. No construction-related activity is permitted within the hold-off zone until the property is vacated, and the WVDOH has certified that the hold-off zone is clear. In any event, construction activities are limited to those that do not have a material adverse impact on the quality of life of those in occupied properties that have been or will be acquired.

Open burning shall not occur within 500 linear feet from edge of an occupied property.

The design-builder must notify the WVDOH immediately upon the discovery of any assumed hazardous materials, historical, or archeological sites.

Upon award, the design-builder shall identify a right of way who shall serve as the point of contact for all right of way issues.

The WVDOH designates District Agent Name, District Number Right of Way Manager, as the right of way project manager for this project. He / She will serve as the WVDOH point of contact for all right of way issues. The right of way project manager shall make the determination of compliance with the Uniform Act and all State right of way regulations.

Prior to the start of construction, WVDOH must certify that the Right of Way has been acquired, or that the construction can be phased or segmented to allow Right of Way activities to be completed in phases. In either event, construction cannot begin on any segment of the project until acquisition has been completed on such segment or segments and WVDOH has certified the Right of Way is acquired. Supplemental right of way certificates will be provided as segments become available for construction.

Until the project has been achieved environment clearance, NO right of way activities may commence.

Utilities will be adjusted as noted on the attached Utility Status Report.

No railroad involvement is anticipated.

In reference to the above-mentioned West Virginia Division of Highways (WVDOH) project, it has been determined that property you own is needed for the construction of the proposed project. The WVDOH values property in two ways: one is by a formal appraisal, which is prepared by a qualified licensed real estate appraiser. The other, is by the appraisal waiver method which is used on uncomplicated valuations up to \$25,000.00. Appraisal waivers are prepared by District Right of Way personnel who have knowledge of the local real estate market in your area. The waiver amounts should be at least what the property would appraise for if a formal appraisal were prepared.

The WVDOH has determined that the area that will be acquired from you represents an uncomplicated valuation problem; therefore, the area has been valued using the appraisal waiver method.

If WVDOH's appraisal waiver valuation exceeds \$10,000, but is less than \$25,000, you have the right to request a formal appraisal. Please keep in mind, if the property is appraised the approved appraised value is what your offer will be. Please take time to reflect on how you wish to proceed. Once you have made a decision, please indicate your preference below.

I understand this selection will in no way affect my rights to contest the WVDOH's valuation in eminent domain proceedings.

Dear Mr./Ms.:

This letter of interest is to inform you that your property may be affected by the above referenced West Virginia Division of Highways (WVDOH) project. As part of this project, the WVDOH may be acquiring some or all of your property. Please be advised that you may be contacted by Appraisers and/or Right of Way Agents on behalf of the WVDOH who will be collecting information needed prior to an offer being presented to you.

In the future, a representative of the WVDOH will contact you to discuss the project and explain the rights and benefits that you may be entitled to. Enclosed for your review are the West Virginia Division of Highways pamphlets, "A Guide for Property Owners and Tenants" as well as the "Relocation Assistance Moving Cost Replacement Housing Appeal's" brochure. The pamphlets explain WVDOH acquisition and relocation procedures.

THIS CONTRACT, made and entered into this _____ day of _____, 20____ by and between the WEST VIRGINIA DEPARTMENT OF TRANSPORTATION, DIVISION OF HIGHWAYS, of Charleston, West Virginia (hereinafter referred to as "WVDOH") and _____ residing at _____ in the City of _____ State of _____ (hereinafter referred to as the "Contractor"). Services to be rendered under this contract will be performed, in part, by the following individuals whose qualifications are approved and of record with the WVDOH and are employees or associates of the Contractor in the performance of this contract.

NAME	ADDRESS
-------------	----------------

WITNESSETH:

IT IS MUTUALLY AGREED by and between the parties hereto as follows:

1. The Contractor shall furnish to the WVDOH a written professional opinion, adequately supported and documented, of the fair market value of the following parcels of real estate, or designated parts thereof, and damages to the residue thereof, if any, less all benefits or other defined value, cost or estimate on all parcels listed below, in _____ County, on State Project _____ and Federal Project _____ and, as required by the WVDOH, the Contractor shall appear in Court or before Court appointed Commissioners as an expert witness on behalf of the WVDOH to testify with respect to his or her opinion on each parcel.

2. (a.) For and in consideration of services in furnishing said valuations, the Contractor shall be paid the amounts set forth as follows:

Parcel No.	Fee -	
		TOTAL \$ _____

The contractor was given written notice to proceed on _____,

NOTE: The maximum total payment under this contract may not exceed \$150,000.00 as referenced in 2 CFR 200.88, as amended by 41 U.S.C 1908. References: 2 CFR 200.320 "Methods of procurement to be followed", and 2 CFR 200.320(c) "Procurement by Sealed Bid procedures", Revised 01-01-2018.

Statements by the Contractor for payment for the aforesaid services shall be itemized on "Invoice" (Form RW 6.17-F or Form RW 6.17-H)

(b) For appearances in court or before Court appointed Commissioners, or for preparation and appearances at conferences prior to trial or for the purpose of giving depositions on behalf of the WVDOH, the Contractor shall be paid at the rate of \$ 150.00 per hour. Such rate shall include all costs including overhead and expenses incurred in rendering such services.

(c) In the event the scope and character of the work provided for herein is materially changed due to substantially revised plans or additional work is required by the WVDOH, the Contractor agrees to furnish the required revisions or supplements and to perform the additional work requested by the WVDOH in excess of that set forth in the contract, at the rate of \$ 85.00 per hour for the time required to prepare such revisions or to perform such additional work.

3. The Contractor shall begin work upon notification and shall fully complete the reports and furnish to the WVDOH via electronic media one (1) copy of each report no later than 4:00 p.m. on _____. It is fully understood and agreed that in the event the Contractor shall fail to perform the work within the time herein provided, a penalty of one percent (1%) per calendar day shall be forfeited and deducted from the fees in Paragraph 2 above for each parcel not received by the date due for a maximum of thirty (30) calendar days at which time the contract may be canceled, without payment, at the discretion of the WVDOH. However, upon written application by the Contractor, in the event of extenuating circumstances, WVDOH may, at its discretion, expressly grant in writing an extension of time to the Contractor.

4. (a) Appraisal Reports, including all necessary documentation and supporting data, for each parcel in this agreement shall be submitted on Form RW 6.06 or Form RW 6.07-PM, as from time to time hereafter revised. Appraisal Review Reports, including all necessary documentation and supporting data, for each parcel in this agreement shall be submitted on Form RW 6.10-C or Form RW 6.10-PM and Form RW 6.11, as from time to time hereafter revised. All reports must contain the applicable information required by the WVDOH including that in 49 CFR 24 and the *Uniform Standards of Professional Appraisal Practice*

(b) Specialty Reports shall be in an appropriate narrative format.

5. Termination of Contract:

(a) The WVDOH shall have the right to terminate this contract with regard to any or all services provided for herein for any of the following reasons:

- (1) In the event of changes in WVDOH plans which obviate the necessity of any work which may be involved.
- (2) If work is not completed and delivered by the dates listed in the contract or extension dates.
- (3) If the contract is not returned signed within fifteen (15) days of receipt.

(b) Such termination notice shall be given by the WVDOH to the Contractor in writing by Certified Mail to the last known address of the Contractor. In such event, the WVDOH will be liable to the Contractor for only those services which have been rendered prior to the date of notification of termination.

(c) In the event of the termination of any or all of the work provided for under this contract, the Contractor shall be paid for the particular parcels terminated in proportion to the work and services actually completed on such parcel or parcels involved, as of the date of termination.

(d) Upon termination of this contract, or any part thereof, for any reason provided for herein, any and all work actually performed by the Contractor shall become the property of the WVDOH.

6. This contract may be supplemented in the event the scope and character of work provided for herein is materially changed due to substantially revised plans or additional work as may be required by the WVDOH. In such event, a Supplemental Contract covering only such revisions or changes as agreed upon by the Contractor and the WVDOH shall provide for equitable adjustments regarding the time of performance.

7. The Contractor warrants that he or she has not employed or retained any company or person, other than a bona fide employee working solely for the Contractor, to solicit or secure this agreement, and has not paid or agreed to pay any company or person, other than a bona fide employee working solely for the Contractor any fee, commission, percentage, brokerage fee, gift, or any other consideration, contingent upon or resulting from this agreement. For breach or violation of this warranty, the WVDOH shall have the right to annul this agreement without liability.

8. Any dispute concerning a question of fact in connection with the work hereunder which is not otherwise disposed of by this agreement, shall be decided by the WVDOH, subject only to an appropriate appeal to the Court of Claims pursuant to the provisions of Chapter 14, Article 2 of the Code of West Virginia (Acts 1967, c 27) as from time to time thereafter amended.

9. The Contractor agrees to indemnify and save harmless the WVDOH, its officers, agents, and employees from any and all claims and losses occurring or resulting to any and all persons, firms or corporations furnishing work, services, materials or supplies in connection with the performance of this contract, and from any and all claims and losses occurring or resulting to any person, firm or corporation who may be injured or damaged by the Contractor in the performance of this contract.

10. The parties hereto agree that the Contractor, and any agents and employees of the Contractor, in the performance of this agreement, shall act in an independent capacity and not as officers, employees or agents of the WVDOH.

11. This contract may not be assigned, transferred or subcontracted, either in whole or in part by the Contractor.

12. The Contractor shall comply with all Federal, State and local laws and ordinances applicable to the work.

13. It is mutually understood and agreed that no alteration or variation of the terms of this contract shall be valid unless made in writing and signed by both parties hereto, and that no oral understanding or agreement not incorporated herein, nor any alteration or variation of the terms hereof, unless made in writing between the parties hereto, shall be binding on any of the parties hereto.

14. During the performance of this contract, the Contractor agrees as follows:

(a) Compliance with Regulations: The Contractor will comply with the Regulations of the U.S. Department of Transportation relative to nondiscrimination in federally-assisted programs of the U.S. Department of Transportation (DOT) Title 49, Code of Federal Regulations, Part 21, as they may be amended from time to time, (hereinafter referred to as the Regulations), which are herein incorporated by reference and made a part of this contract.

(b) Nondiscrimination: The Contractor, with regard to the work performed by it during the contract, shall not discriminate on the grounds of race, color, or national origin in the selection and retention of subcontractors, including procurement of materials and leases of equipment. The contractor shall not participate either directly or indirectly in the discrimination prohibited by section 21.5 of the Regulations, including employment practices when the contract covers a program set forth in Appendix B of the Regulations.

(c) Information and Reports: The Contractor will provide all information and reports required by the Regulations, or directives issued pursuant thereto, and shall permit access to its books, records, accounts, other sources of information, and its facilities as may be determined by the WVDOH or the Federal Highway Administration to be pertinent to ascertain compliance with such Regulations, orders and instructions. Where any information required of a contractor is in the exclusive possession of another who fails or refuses to furnish this information, the Contractor shall so certify to the WVDOH or the Federal Highway Administration as appropriate and shall set forth what efforts it has made to obtain the information.

(d) Sanctions for Noncompliance: In the event of the Contractor's noncompliance with the nondiscrimination provisions of this contract, the WVDOH shall impose such contract sanctions as it or the Federal Highway Administration may determine to be appropriate, including, but not limited to:

- (1) Withholding of payments to the Contractor under the contract until the Contractor complies, and/or
- (2) Cancellation, termination or suspension of the contract, in whole or part.

15. It is agreed by and between the parties hereto that in the performance of the terms, conditions and provisions of this contract by the Contractor that time is of the essence.

IN WITNESS WHEREOF, the parties hereto have set their hands the day and year first hereinabove set forth.

CERTIFICATE & STATEMENT OF CONTRACT REVIEW APPRAISER

I hereby certify that, to the best of my knowledge and belief:

The facts and data reported by the Contract Review Appraiser and used in the review process are true and correct and a field inspection of the subject and comparable properties was performed by the undersigned Contract Review Appraiser.

I understand that the intended user of this report is the State of West Virginia, Department of Transportation, Division of Highways and that the intended use is for the eminent domain acquisition of certain described interests in real estate for public projects.

The reported analyses, opinions, and conclusions in this review statement are limited only by the reported assumptions and limiting conditions stated in this review report, and are my personal, impartial, and unbiased professional analyses, opinions, and conclusions.

I have performed no other services as an appraiser, or in any other capacity, regarding the property that is the subject of the work under review within the three-year period immediately preceding acceptance of this assignment.

I have no direct or indirect present or prospective future personal interest in the property that is the subject of this report, or in any monetary benefit from its acquisition. I have no bias with respect to the property that is the subject of this report or to the parties involved with the assignment.

My engagement in this assignment is not contingent upon developing or reporting predetermined results.

My compensation for completing this assignment is not contingent upon the development or reporting of a predetermined value or direction in value that favors the cause of the client, the amount of the value opinion, the attainment of a stipulated result, or the occurrence of a subsequent event directly related to the intended use of this appraisal.

My analyses, opinions, and conclusions were developed, and this review report was prepared in conformity with 49 CFR 24 and the *Uniform Standards of Professional Appraisal Practice* (USPAP), except where Jurisdictional Exceptions are applicable, as well as the requirements of the currently approved "Information for Appraisers" manual as published by the West Virginia Department of Transportation, Division of Highways as applicable assignment conditions.

Unless otherwise stated, this value estimate contains no items compensable under State law but not eligible for Federal reimbursement. Any non-compensable items are listed below, together with their appraised value followed by the notation ("non-compensable").

Unless indicated below, no one provided significant real property appraisal assistance to the undersigned Contract Review Appraiser. I did personally inspect the subject property of the work under review.

It is my opinion that the fair market value of the land and improvements taken plus damages to the residue, if any, less all benefits, if any, is:

\$ _____, as of _____, which is the effective date of valuation. This value is allocated as follows:

STATEMENT OF JUST COMPENSATION AND SUMMARY

Date: _____ State Project: _____ Federal Project: _____ Parcel No.: _____
 Tenant(s) _____ Owners: _____

In accordance with the provisions of 49 CFR 24.102(e) of the "Uniform Relocation and Real Property Acquisition Policies Act of 1970", as amended, the West Virginia Department of Transportation, Division of Highways, herewith submits a written statement of, and summary of the basis for, the amount it has established as just compensation for the above-identified parcel.

Section 3, Article 9, of the Constitution of West Virginia, provides in part that "private property shall not be taken or damaged for public use without just compensation". The West Virginia Supreme Court of Appeals has indicated that the true measure of just compensation is the fair market value of the property actually taken at the time it was appropriated, plus the difference between the fair market value of the residue of the property immediately before and immediately after the taking, beyond all benefits that may accrue from construction of the improvements for which the property is taken and damaged. To this end, the West Virginia Department of Transportation, Division of Highways, has obtained the services of competent and experienced real estate appraisers and specialists who employ established appraisal and valuation techniques and approaches such as Income, Market, and Cost Analysis in arriving at an estimate of fair market value in accordance with the principles established by the West Virginia Supreme Court of Appeals.

The amount established as just compensation is not less than the West Virginia Department of Transportation, Division of Highways' approved appraisal of the fair market value of the property being acquired. Any decrease or increase in the fair market value of this real property prior to the date of valuation caused by the public improvement for which such property is acquired, or by the likelihood that this property would be acquired for such improvement, other than that due to physical deterioration within reasonable control of the owner, has been disregarded in estimating the compensation for this property.

Unless otherwise stated in the attached option or deed, the amount established as just compensation is for the real property being acquired, which includes land, buildings, structures, or improvements located on, or damaged as a result of the taking of the areas and interest described in the attached option or deed. The amount established as just compensation does not include items of personal property such as household furnishings, clothing, and appliances. The West Virginia Department of Transportation, Division of Highways, will pay the owner of personal property reasonable and necessary moving cost in accordance with the Department's Brochure regarding Relocation Assistance, Moving Cost, Replacement Housing and Appeals.

The full amount established as just compensation for this parcel \$

This amount is summarized as follows:

Property Taken	\$
Damages to Residue, if any, less benefits, if any	\$
Other	\$

Total	\$

Optional Allocation:

NOTICE OF RIGHT OF WAY SERVICES

Notice is hereby given by the West Virginia Department of Transportation, Division of Highways, that Right of Way consultant services related to transportation projects will be used for negotiation, relocation, replacement housing, property management, cemetery relocation, and other right of way activities necessary for statewide projects for fiscal year July 1, 20XX through June 30, 20XX.

Notice is hereby given for individuals interested in providing individual service contracts for negotiations, relocation, and replacement housing appraisals for statewide projects.

Firms or individuals interested in being considered for this work must submit a letter of interest and unpriced prospectus to Director, Right of Way Division, West Virginia Department of Transportation, Division of Highways, Building 5, Room 820, 1900 Kanawha Boulevard, East, Charleston, West Virginia 25305-0430, prior to 4:00 p. m., May 31, 20XX.

As a minimum, the proposal will include the following:

1. Firms must have a current completed copy of the Division's Right of Way Consultant Confidential Qualification Questionnaire (RW Form CQ). The Questionnaire must be on file or accompany the proposal. Any questionnaire on file should be current each year. Firms must also have a current completed copy of West Virginia Department of Transportation, Division of Highways Cost Accounting Information Statement. Individual service contractors are not required to complete the Questionnaire or Accounting Statement.
2. Overall capabilities to handle this work, including tentative workforce available to assign, personnel qualifications and present workload.
3. Indicate the areas of the State in which you are willing to work.
4. Firms or individuals must indicate the type(s) of work proposed to be subcontracted.
5. Firms or individuals must indicate whether a cost accounting system has been maintained and is in effect such that it is capable of segregating and identifying accumulating costs for each job that is performed under cost-type contracts.

Notice for Right of Way Services

6. Type of work anticipated to be subcontracted or performed by a sub-consultant. The firm must provide a written commitment if it intends to utilize a Disadvantaged Business Enterprise registered with the Division of Highway's Contract Administration Division's EEO Section to perform a portion of the work and shall identify the firm to be utilized and the work to be performed or, as a minimum, identify the work to be performed by such a firm. It is the Department's goal to utilize Disadvantaged Business Enterprises to the fullest extent practical on these projects.
7. Prior to entering into contract negotiations, the selected firm and any sub-consultants shall submit a current audited overhead rate computation performed by a State or Federal government agency or independent CPA firm. The submitted overhead audit shall contain a detailed exhibit of the computations with all applicable eliminations and references. The audit shall be done in accordance with Government Auditing Standards issued by the Comptroller General of the United States and all eliminations required by the Federal Acquisition Regulations will be made. This requirement will be waived for the selected firm or any sub-consultant when its portion of the fee for the project is less than One Hundred Thousand Dollars (\$100,000). In such instances, a company computed overhead rate may be utilized.
8. Individuals must provide a detailed set of qualifications including: education, experience and client list with name, address and phone number of contact persons.

Individual Services Contractors must provide the information as requested in Item 8. Firms offering combined Right of Way services must provide the information as requested in Items 1 through 8.

It is the policy of the West Virginia Department of Transportation, Division of Highways, that Disadvantaged, and Women-owned Business Enterprises shall have the maximum opportunity to participate in the performance of contracts financed in whole or in part with Federal funds.

COST ACCOUNTING INFORMATION STATEMENT

Instructions for completing the form

Most items on the form can be completed by checking the applicable box (). If additional information is required, attach separate sheets with flowcharts and narratives, as applicable.

This Cost Accounting Information Statement consists of five (5) sections, as follows:

Section I - General Information

This section pertains to general financial and operational information. This includes current financial year costs, general management and accounting structures, government contract relationships, and your knowledge of cost accounting guidelines.

Section II - Direct Costs

Direct Costs are those costs that can be charged as project costs, such as direct labor, mileage, etc. You should use generally accepted accounting descriptions of direct costs in your determination.

Section III - Direct vs. Indirect Costs

The purpose of this section is to determine how costs are charged to government contracts, and also other contracts. Additional instructions are included in this section.

Section IV - Indirect Costs (Overhead)

These are costs that cannot be attributed to a specific contract or work order. These costs may be grouped together into cost allocation pools, such as General and Administrative, Payroll Burden, etc. Examples may include insurance, utilities, clerical labor, and more.

WEST VIRGINIA DEPARTMENT OF TRANSPORTATION

DIVISION OF HIGHWAYS

COST ACCOUNTING INFORMATION STATEMENT

Section V - Corporate or Group Expenses

This section attempts to determine how indirect costs are attributable to various segments of a company, including home office, field offices, joint ventures, partnerships, etc.

Some terminology used or phrasing of a particular question may be confusing to some preparers. If you should have any questions on how to complete this form, please contact the Transportation Auditing Division.

Unless otherwise stated, check only one (1) item per question, please. If a question is not applicable to your company, answer N/A.

(Rev. 10/2018)

SECTION 1 – RIGHT OF WAY CONSULTANT SERVICES SCOPE OF WORK

The need to use Consultants to accomplish the scope of Consultant services for a WVDOH project will depend on the appraisal, appraisal review, acquisition, relocation, or property management requirements of the project and the capacity of the WVDOH to acquire needed right of way in accordance with federal, state and local laws, rules and regulations, using its employee workforce. In some cases, the WVDOH will not employ all the qualified personnel to accomplish all the needed Consultant services required by a project.

These Consultant Scope of Work Services are inclusive of the right of way Consultant services that may be needed on a project. Depending on the project and the resource capacity of the WVDOH, some of the scope of services may be omitted. For example, if the acquisition of right of way on a project does not result in the displacement of persons, then, the relocation scope of work may be omitted from Consultant scope of services.

GENERAL

The scope of work under this Right of Way Consultant Services Contract identifies the Consultant services that may be requested from the CONSULTANT under this contract. The services are described in the following pages and may include either some or all of the following list of services:

1. Appraisal
2. Appraisal Review (this service must not be provided by the same provider of Appraisal services)
3. Acquisition
4. Relocation
5. Property Management

The services performed under this contract shall be performed by the CONSULTANT on behalf of the WVDOH in accordance with the terms and conditions of the Contract. The specific scope of work and services requested under this contract will depend on the specific requirements of the project. The CONSULTANT shall only perform the scope of work identified in the following pages for the Project with prior authorization and notice to proceed from the WVDOH. Any services performed under this contract shall conform to state and federal laws and regulations to include, but not limited to, 49 CFR Part 24.

For brevity throughout the following paragraphs, references to the “WVDOH” shall refer to the West Virginia Department of Transportation/Division of Highways and “CONSULTANT” shall refer to the consultant hired by the WVDOH to perform the Consultant services under this contract.

For specific policies and procedures regarding the Right of Way process to be followed during any of the listed Right of Way services, the CONSULTANT shall refer to the current

WVDOH Right of Way Manual, as a guide.

The WVDOH will furnish the following information to the CONSULTANT, at a mutually agreeable time, after Notice to Proceed has been given:

1. Abstracts
2. Appraisals, Appraisal Reviews and Statements of Just Compensation. (Note: Only Statements of Just Compensation are provided to property owners.)
3. The District will prepare acquisition deeds and supply them to the CONSULTANT.
4. When deemed necessary, comparable sales (data books and updates) for waiver of appraisal negotiations.
5. When deemed necessary, retention values for items retained.
6. When deemed necessary, rental values for rental requests.
7. Parcel files will be provided by the District.
8. Rodent control or no trespassing signs for property management.
9. Right of Way Manual
10. All State warrants will be sent through the District. Warrants less than \$10,000.00, shall be provided directly to property owners by the CONSULTANT, without a closing.
11. All closings of successfully negotiated parcels.
12. WVDOH will institute condemnation proceedings, should acquisition be unsuccessful.
13. CONSULTANT will furnish a list of personnel for this project to the WVDOH, which notes the experience and qualifications for such personnel. This list must be approved by the WVDOH prior to beginning work, or upon a change in CONSULTANT personnel.
14. CONSULTANT shall provide separate agents for acquisition and relocation. If an agent acts as an acquisition agent on one parcel, he/she can act as a relocation agent on another parcel. The agent who prepares the RHP cannot provide relocation services to the person covered by the RHP.
15. CONSULTANT must seek WVDOH approval to extend times of when property must be vacated.
16. CONSULTANT shall copy the WVDOH Project Manager on all correspondence.
17. CONSULTANT shall not promise to property owners a time when they will receive

payment for their property. If pushed, CONSULTANT should inform the property owners that it will be 12-16 weeks before they receive their payments.

PROJECT TRACKING

WVDOH will provide to CONSULTANT its project tracking spreadsheet for the use during the duration of the project.

CONSULTANT shall provide updates to this tracking spreadsheet within 48 hours of a trackable event. CONSULTANT shall provide contact sheets to WVDOH within 48 hours of an event that caused the creation of a contact sheet.

PAYMENT OF SERVICES

1. CONSULTANT shall provide weekly summary time sheets for personnel on this project, and copies of payroll distributions are to be included with invoices.
2. WVDOH will hold the final invoice for payment, until it has been accepted by the WVDOH Transportation Auditing Division.
3. The CONSULTANT shall use the COST PLUS FIXED FEE basis of payment for this project, based upon the following:
 - a. All allowable costs related to the salaries of employees for time directly chargeable to the project.
 - b. Allowable direct non-salary costs incurred in fulfilling the terms of the contract.
 - c. The CONSULTANT'S overhead, or indirect costs, and payroll expenses, to the extent they are supported, allowable, and properly allocable to the project. The WVDOH will pay CONSULTANT for services upon receipt of all necessary documentation, along with an invoice for said fees.
4. The final invoice will be held by the WVDOH until such invoice has been approved by its internal Auditing Division.

SECTION 2 – APPRAISAL/APPRAISAL REVIEW SERVICES SCOPE OF WORK

GENERAL

The CONSULTANT shall perform the appraisal and appraisal review scope of work in accordance with all applicable state and federal laws and regulations, including, but not limited to, the regulations found in the Uniform Act, 49 CFR Part 24, and the WVDOH Right of Way Manual.

APPRAISAL SCOPE OF WORK

After written authorization has been received by the WVDOH Right of Way Project Manager, but prior to the initiation of negotiations on any parcel of property on the Project, if the WVDOH has not or does not intend to provide the CONSULTANT with an appraisal or appraisal review, the CONSULTANT shall prepare real property appraisal reports and SPECIALTY VALUATION REPORTS, which include, when necessary, but are not limited to, timber, billboards, machinery and equipment (M&E), furnishing/fixtures and equipment (FF&E), or minerals, if applicable, and appraisal review reports in accordance with all applicable rules, regulations and laws including, without limitations, the following:

1. The Uniform Standards of Professional Appraisal Practice, (USPAP);
2. The Uniform Relocation Assistance and Real Property Acquisition Policies Act, 42 U.S.C. §4601 and Regulations promulgated pursuant thereto at 49 CFR Part 24;
3. West Virginia law applicable to governmental acquisition appraisal;
4. The APPRAISER shall be selected from the WVDOH approved list of APPRAISERS; and,
5. All Appraisal reports must be submitted on the currently approved WVDOH appraisal forms and completed in compliance with the STATE RULE, as defined hereinafter, and all applicable laws, rules, regulations, and requirements.

APPRAISAL AND APPRAISAL REVIEW MEETING

Before developing or reporting any appraisal work, the CONSULTANT (including any sub-consultants) and the APPRAISER and REVIEW APPRAISER shall meet jointly with the WVDOH to discuss project plans, Right of Way procedures and the appraisal scope of work. At the meeting, the number of appraisal reports and parcels that may qualify for use of waiver valuations, and the need for SPECIALTY VALUATION REPORTS will be discussed. At this meeting the WVDOH shall provide to the CONSULTANT the following:

1. One set of Right of Way Plans, if available;

2. Questionnaires, if available; and,
3. Other pertinent information about the project.

COMPARABLE SALES DATA BROCHURE

The APPRAISER shall prepare a Comparable Sales Data Brochure along with a location map of comparable sales which clearly shows the proximity of the comparable sales to the project location. A copy of the Brochure shall be furnished to the REVIEW APPRAISER and to the WVDOH. During the project, the APPRAISER shall update the Comparable Sales Data Brochure with new sales data and provide a copy of each comparable sale to the REVIEW APPRAISER and the WVDOH.

APPRAISAL DEVELOPMENT AND REPORTING

Once the WVDOH has issued written notice to proceed, the CONSULTANT may begin the appraisal development and reporting. The CONSULTANT shall develop a fully documented real property appraisal report on each parcel of property for the Project, and in so doing, shall make a personal inspection of each parcel appraised.

Before the initiations of negotiations, the real property to be acquired shall be appraised, except as provided in 49 CFR 24.102(c)(2), and the CONSULTANT shall notify the owner in writing of the WVDOH's interest in acquiring the real property and shall offer in writing to the property owner(s) or the property owner(s)' designated representative an opportunity to accompany the APPRAISER on the inspection of the property, in compliance with 49 CFR 24.102(c)(1). The offer to accompany the APPRAISER must be documented in the appraisal report.

If the property owner cannot be contacted by telephone or electronically, each notification provided to the property owner or occupant shall be personally served or sent by certified or registered first-class mail, return receipt requested, and documented in the CONSULTANT or APPRAISER files in compliance with 49 CFR 24.5.

A fully documented real property appraisal report shall be considered to be the value of all compensable interests under the laws of the State of West Virginia. In addition to the fee simple interest, this is to include all leasehold and leased fee interests, permanent easements, access rights, temporary easements, cost to cure and damages, when necessary, and other interest in the real and mineral estate, excluding utility easements.

As mentioned above, the CONSULTANT shall prepare real property appraisal reports and SPECIALTY VALUATION REPORTS in accordance with the contract and all applicable rules, regulations and laws, including the Uniform Act Regulations found in 49 CFR 24. Therefore, Appraisal Reports developed and reported as part of this scope of work shall, at a minimum, meet the following requirements as specified in the WVDOH Right of Way or Appraisal Manual and as defined in 49 CFR 24.103.

1. An adequate description of the physical characteristics of the property being appraised (and, in the case of a partial acquisition, an adequate description of the remaining property), including items identified as personal property, a statement of the known and observed encumbrances, if any, title information, location, zoning, present use, an analysis of highest and best use, and at least a 5-year sales history of the property.
2. All relevant and reliable approaches to value consistent with established Federal and federally-assisted program appraisal practices. If the APPRAISER uses more than one approach, there shall be an analysis and reconciliation of approaches to value used that is sufficient to support the APPRAISER's opinion of value.
3. A description of comparable sales, including a description of all relevant physical, legal, and economic factors such as parties to the transaction, source and method of financing, and verification by a party involved in the transaction.
4. A statement of the value of the real property to be acquired and, for a partial acquisition, a statement of the value of the damages and benefits, if any, to the remaining real property, where appropriate.
5. The effective date of valuation, date of appraisal, signature, and certification of the APPRAISER on the approved WVDOH forms.

If the CONSULTANT is to provide appraisal or appraisal review reports, the per-parcel appraisal fee agreed to in the contract shall include any and all expenses necessary for, and related to, completion of the Comparable Sales Data Brochure, the appraisal development and reporting, for each parcel, including, but not being limited to SPECIALTY VALUATION REPORTS such as parking studies, timber cruises, cost-to-cure quotes, and cost-new estimates and, upon request by the WVDOH, any time required to attend conferences for the purpose of discussing certain aspects of the appraisal report, not to include time and expense for eminent domain purposes. The WVDOH shall not approve payment of appraisal reports for each parcel appraised upon until review and acceptance or recommended approval of the appraisal report from the REVIEW APPRAISER.

All requests by the CONSULTANT for a SPECIALTY VALUATION REPORT shall have the concurrence of the REVIEW APPRAISER and shall be subject to approval by the WVDOH. If it is determined by the WVDOH that a SPECIALTY VALUATION REPORT is necessary, then the CONSULTANT shall enter into a SPECIALTY VALUATION REPORT Agreement with a professional service provider to prepare the SPECIALTY VALUATION REPORT.

Upon the completion of appraisal report(s), the CONSULTANT shall deliver one (1) electronic copy of each appraisal report to the WVDOH. The WVDOH shall transmit all appraisal report(s) to the project REVIEW APPRAISER. The WVDOH will approve payment of the appraisal report(s) upon review, and acceptance or recommended approval from the REVIEW APPRAISER.

Appraisal and Appraisal Review reports are considered under West Virginia Law a confidential communication between the CONSULTANT and the WVDOH. In no instance will the appraisal be divulged to any person other than authorized employees of the WVDOH or the Federal Highways Administration without prior written permission from the same, except under

an official order of the court or for court testimony.

REVISED APPRAISAL REPORTS AND COMPARABLE SALES DATA BROCHURE

The WVDOH will review any and all revisions to the Right of Way Acquisition Plans or Plats and Deeds and in consultation with the REVIEW APPRAISER will determine if the revision will require a revised appraisal of the parcel. If it is determined that a revised appraisal report is necessary, the CONSULTANT will develop and report a revised appraisal. If the CONSULTANT initiates the request for revision to the Right of Way Plans or deeds, the request must be made to the WVDOH and have the concurrence of the WVDOH Appraisal Section.

Upon completion of the revised appraisal report(s), the CONSULTANT shall deliver to the WVDOH one (1) electronic copy. The WVDOH will transmit all revised appraisal report(s) to the project REVIEW APPRAISER.

If the revised appraisal report resulted in any changes or additions to the Comparable Sales Data Brochure, the CONSULTANT shall be responsible for sale record(s) to the WVDOH and the REVIEW APPRAISER. All revised appraisal report(s) shall be reviewed, accepted or recommended, by the REVIEW APPRAISER in the same manner as above. The WVDOH will approve payment of the revised appraisal report(s) upon review, acceptance and/or recommended approval from the REVIEW APPRAISER.

PREPARATION OF APPRAISALS FOR COURT TESTIMONY

The following services may be included in the scope of work for the contract and in compensation covered under the contract. If the following services are required under the scope of work for the contract, the services shall be considered part of the contract and shall be commenced upon written authorization from the WVDOH at the time they are needed in accordance with the compensation agreed to in the contract.

If the update of appraisals for court proceedings relating to the acquisition of the right of way for the project are not covered by the contract (or the compensation to the CONSULTANT under the contract), the services may be considered as “Additional Services” for all purposes and the fees for “Additional Services” shall be negotiated and agreed to at the rates provided in the Supplemental Agreement to the contract prior to the rendering of such “Additional Services”.

In the event of condemnation proceedings, the WVDOH shall direct the CONSULTANT to update appraisal(s) for court. This appraisal shall be completed in preparation for testimony in any court proceedings and shall be performed and completed in accordance with the requirements set forth herein, as of the date of take as directed by legal counsel.

A letter shall be sent by the WVDOH to the CONSULTANT, requesting the preparation of an appraisal report to the date of taking, and the updated appraisal shall comply with the requirements for appraisals. The appraisal report prepared for court shall be reviewed and accepted by the REVIEW APPRAISER before any pre-trial conferences and court testimony unless otherwise authorized by the WVDOH. The WVDOH shall provide administrative

concurrence of the appraisal report prepared for court testimony, upon review and acceptance for court testimony by the project REVIEW APPRAISER.

The WVDOH may require and request the attendance of the CONSULTANT and/or the APPRAISER at meetings for the purpose of discussing certain aspects of the appraisal report. Also, the CONSULTANT, the APPRAISER and/or the REVIEW APPRAISER shall be available for court appearances and court testimony to provide an oral testimony of his or her opinion of market value.

The CONSULTANT shall be responsible for ensuring the appearance of all appraisal expert witnesses and for delivering all appraisal reports for Court to WVDOH to meet all deadlines. In the event the APPRAISER cannot fulfill the obligations to testify as the valuation witness, the CONSULTANT shall be responsible for supplying the REVIEW APPRAISER as a properly qualified appraisal witness acceptable to the WVDOH at no additional costs to WVDOH.

APPRAISAL REVIEW SCOPE OF WORK GENERAL

Prior to the Establishment of the Amount Believed to be Just Compensation, the Fair Market Value Offer, and Acquisition of the parcel interest, a review of the appraisal report shall be performed by the REVIEW APPRAISER. The appraisal review shall be developed and reported in compliance with the terms of the contract, and all applicable laws, rules and regulations including, without limitation, the following:

1. The Uniform Standards of Professional Appraisal Practice, (USPAP);
2. The Uniform Relocation Assistance and Real Property Acquisition Policies Act, 42 U.S.C. §4601 and Regulations promulgated pursuant thereto at 49 CFR Part 24;
3. West Virginia law applicable to governmental acquisition appraisal;
4. The REVIEW APPRAISER shall be selected from the WVDOH approved list of REVIEW APPRAISERS; and,
5. All appraisal review reports must be submitted on the currently approved WVDOH's appraisal review forms and completed in compliance with the STATE RULE, and all applicable laws, rules, regulations, and requirements.

APPRAISAL REVIEW REQUIREMENTS

The REVIEW APPRAISER shall meet with the WVDOH and the CONSULTANT at the beginning of the project to discuss the project status, plans, the possible use of waiver valuations, and the real property appraisal and review appraisal process. This meeting shall be held at a place determined by the WVDOH.

The primary function of the REVIEW APPRAISER under the contract is to recommend

(to the WVDOH) an appraisal that can be used as the basis for the establishment of the amount believed to be just compensation for each parcel to be acquired on the project. Therefore, the Appraisal Review Reports developed and reported as part of the contract shall, at a minimum, meet the following requirements as defined in 49 CFR 24.104 as follows:

1. A qualified REVIEW APPRAISER (see 49 CFR 24.103(d)(1) and Appendix A and 49 CFR 24.104) shall examine the presentation and analysis of market information in all appraisals to assure that they meet the definition of appraisal found in 49 CFR 24.103 and other applicable requirements, including, to the extent appropriate, the Code of Federal Regulations, and support the APPRAISER'S opinion of value. The level of review analysis depends on the complexity of the appraisal problem. As needed, the REVIEW APPRAISER shall, prior to acceptance, seek necessary corrections or revisions to the Appraisal Report. The REVIEW APPRAISER shall identify each appraisal report as 1) recommended (as the basis for the establishment of the amount believed to be just compensation), 2) accepted (meets all requirements, but not selected as recommended, or 3) not accepted (does not meet all requirements and is not selected as recommended or accepted).
2. If the REVIEW APPRAISER is unable to recommend an appraisal as an adequate basis for the establishment of the offer of just compensation, and it is determined by the WVDOH that it is not practical to obtain an additional appraisal, the REVIEW APPRAISER may, as part of the review, present and analyze market information to support recommended value.
3. The REVIEW APPRAISER shall prepare a written report that identifies the appraisal reports reviewed which documents the findings and conclusions arrived upon during the review of the appraisal(s). Any damages or benefits to any remaining property shall be identified in the REVIEW APPRAISER'S report. The REVIEW APPRAISER, based upon his or her review, shall determine if an uneconomic remnant is to be offered to the property owner in conformance with 49 CFR 24.2(27) using WVDOH's approved forms. The REVIEW APPRAISER shall also prepare a signed certification that states the parameters of the review. This certification shall state the recommended value.

The REVIEW APPRAISER shall not begin work before the WVDOH issues the notice to proceed. The REVIEW APPRAISER shall begin appraisal review work and shall continue until all appraisals, appraisal revisions, and appraisals for court, if requested as part of this scope of work, have been received, reviewed, accepted and/or recommended. The REVIEW APPRAISER shall complete the review of each appraisal report within a reasonable time to be determined by the WVDOH. If deficiencies are found in the appraisal report the REVIEW APPRAISER shall have additional time to complete the appraisal review as determined by the WVDOH.

The REVIEW APPRAISER shall provide one (1) appraisal review report, and one (1) Statement of Just Compensation form to the WVDOH. Once the Statement of Just Compensation has been completed, the WVDOH shall approve the recommended FMV and then shall submit one (1) copy of the recommended appraisal report, one (1) copy of the review appraisal report, and one (1) copy of the completed Statement of Just Compensation to the CONSULTANT for each parcel on the project. This documentation shall be provided at the discretion of the WVDOH in electronic format.

In addition to the requirements set forth in the preceding paragraphs, the REVIEW APPRAISER shall be available to assist and advise the WVDOH, and the CONSULTANT, when difficulties arise. Difficulties may involve, but are not limited to, recommending changes in the proposed acquisition, explaining differences in values from different appraisals, or correcting omissions or changes and maintain consistency throughout the project. In addition, the REVIEW APPRAISER shall make a supported, written recommendation to the WVDOH when a second appraisal is needed and or property owner appraisal must be reviewed or when the services of a specialist should be considered by WVDOH. The REVIEW APPRAISER shall be available to meet with the WVDOH and the CONSULTANT, to discuss the REVIEW APPRAISER's recommended report of his or her estimate of market value and just compensation.

The negotiated appraisal review fee per parcel agreed to in the contract shall include any and all expenses necessary for, and related to, 1) review and acceptance of the Comparable Sales Data Brochure, 2) developing and reporting the original and revised appraisal review reports, which results in the Statement of Just Compensation, 3) preparation of the Statement of Just Compensation, and, upon request by the WVDOH, 4) time required to attend conferences for the purpose of discussing the appraisal report.

REVIEW APPRAISER services related to the preparation of eminent domain proceedings shall be part of the contract or as a supplemental agreement for additional services to the contract. If the REVIEW APPRAISER's eminent domain related services are part of the contract or a supplemental agreement, the negotiated per parcel fee for appraisal reviews for court testimony shall include any and all expenses for developing and reporting the acceptance of an appraisal for court testimony, if necessary, and requested by the WVDOH. If the REVIEW APPRAISER's services are requested for pre-trial preparation of trial testimony, the service will be charged on an hourly basis as specified in the contract or a supplemental agreement to the contract.

The WVDOH shall approve payment of appraisal reports for each parcel appraised on the project upon review and acceptance or recommended approval of the appraisal report from the REVIEW APPRAISER. The WVDOH shall approve payment of the appraisal review reports on each parcel appraised on the project upon acceptance by the WVDOH of the recommended appraisal report or REVIEW APPRAISER's determination of value, appraisal review report and submission of the Statement of Just Compensation from the REVIEW APPRAISER.

When all of the appraisals on the project have been reviewed, recommended, or accepted, and all parcels have been either acquired by deed or recommended for condemnation, the REVIEW APPRAISER shall provide a final copy of the Comparable Sales Data Brochure to the WVDOH. The following items shall be furnished as indicated.

If the WVDOH elects to hire the REVIEW APPRAISER, the WVDOH shall furnish the REVIEW APPRAISER or CONSULTANT:

1. One (1) original Appraisal Report;
2. One (1) Comparable Sales Data Brochure;
3. One (1) Comparable Sales Data Location Map; and,

4. One (1) set of full-scale current Right of Way Plans

The REVIEW APPRAISER shall furnish to the WVDOH the following:

1. One (1) recommended Appraisal Report;
2. One (1) Appraisal Review Report;
3. One (1) Statement of Just Compensation Form to be approved by the WVDOH designated official; and,
4. Review Appraisal Status Report on a regular basis

The WVDOH shall furnish to the CONSULTANT the following:

1. One (1) copy recommended Appraisal Report;
2. One (1) copy Appraisal Review Report;
3. One (1) copy of the WVDOH approved Statement of Just Compensation

DEFINITIONS

ACCEPTED APPRAISAL – Meets all requirements, but not selected as recommended by the REVIEW APPRAISER. From an accepted appraisal, the REVIEW APPRAISER shall use the appraisal information to make a determination of value.

APPRAISER – The APPRAISER for the project, either performing as an employee of the WVDOH or contracted by the WVDOH or contracted by the CONSULTANT. The APPRAISER shall be selected from the WVDOH approved list of appraisers with experience in appraising real estate and interests in real property for the purpose of right of way acquisition. The APPRAISER develops and reports the appraisals for each parcel on the project and shall comply with the requirements as set forth in 49 CFR 24.104.

CONSULTANT – The person, firm, or company, including any sub-consultants hired by the CONSULTANT, that has been contracted by the WVDOH to perform any of the Consultant services defined in the scope of work.

CFR – Code of Federal Regulations

WVDOH – West Virginia Department of Transportation, Division of Highways

NOT ACCEPTED APPRAISAL – Does not meet all requirements and is not selected as accepted or recommended by the REVIEW APPRAISER. In this event, a second appraisal must be obtained and completed by a different APPRAISER, unless the REVIEW APPRAISER makes a

determination of value.

RECOMMENDED APPRAISAL – REVIEW APPRAISERS under contract by the WVDOH or by the CONSULTANT to perform appraisal review services are authorized to “recommend” an appraisal report to the WVDOH or the CONSULTANT as the basis for the amount believed to be just compensation.

REVIEW APPRAISER – The REVIEW APPRAISER for the project, either performing as an employee of the WVDOH or contracted by the WVDOH or contracted by the CONSULTANT. The REVIEW APPRAISER shall be selected by the WVDOH approved list of REVIEW APPRAISERS with experience in appraising real estate and interests in real property for the purpose of right of way acquisition. The REVIEW APPRAISER develops and reports the appraisal reviews for each parcel on the project and shall comply with the requirements set forth in 49 CFR 24.104.

SPECIALTY VALUATION REPORT – is defined as a written report impartially and independently prepared by a qualified specialist setting forth an opinion of the valuation of specialty items to be used as data in or as a component part of an appraisal report. Examples of a SPECIALTY VALUATION REPORT includes, but are not limited to, Parking Studies, Timber, Billboards, Machinery and Equipment (M&E), Furnishing/Fixtures and Equipment (FF&E), Cost-to-Cure Quotes, Cost-New Estimates and Minerals. The CONSULTANT or APPRAISER and the REVIEW APPRAISER shall be responsible for coordinating the real estate appraisal and the SPECIALTY VALUATION REPORT to assure that they do not both value any items or features causing double compensation. The results of a SPECIALTY VALUATION REPORT cannot simply be added to the value of the land to arrive at the value of the property as a whole without proper analysis by the REVIEW APPRAISER. The REVIEW APPRAISER must consider these components of the property in light of how they contribute to the market value of the property as a whole.

STATE RULE – West Virginia is a state rule state which means the appraisal must consist of the following:

1. Value Before the Taking;
2. Value of the Part Taken (As Part of the Whole);
3. Residue Value Before Taking
4. Residue Value After Taking
5. Damages to the Residue (Including all damages, less benefits);
6. Temporary Easement, if any;
7. Estimated Fair Market Value of land and improvements taken plus damages to the residue, if any.

WEEKLY STATUS REPORT – The CONSULTANT shall provide to the WVDOH an Appraisal and Appraisal Review WEEKLY STATUS REPORT in a format prescribed by the WVDOH.

SECTION 3 – ACQUISITION SERVICES SCOPE OF WORK

GENERAL

The CONSULTANT shall perform the acquisition scope of work in accordance with all applicable state and federal laws and regulations, including, but not limited to, the regulations found in the Uniform Act, 49 CFR Part 24, and the WVDOH Right of Way Manual.

PRIOR TO THE INITIATION OF NEGOTIATIONS

After the WVDOH has provided written authorization for the CONSULTANT to begin the acquisition process, but prior to the initiation of the negotiations, the CONSULTANT shall review Right of Way acquisition maps, instruments of conveyance, and appraisals to verify the consistency of the information, such as the description(s) of the area(s) to be acquired and to verify all interests of each parcel.

The first action CONSULTANT shall take is to send the required WVDOH Letter of Interest to each property owner, provided that WVDOH had not previously sent such letter.

Additionally, the CONSULTANT shall review title work to identify the owner(s) of record and any mortgages, tax liens, and other liens or judgments. If title update is needed, request shall be forwarded to the WVDOH Project Manager.

WAIVER VALUATION

Prior to the initiation of negotiations, the real property to be acquired shall be appraised, except as provided in 49 CFR § 24.102(c)(2). An appraisal may not be required if:

1. The owner is donating the property and releases the Agency from its obligation to appraise the property; or
2. The Agency determines that an appraisal is unnecessary because the valuation problem is uncomplicated, and the anticipated value of the proposed acquisition is estimated at \$25,000 or less, based on a review of available data.
-Note: Should the waiver valuation be greater than \$10,000, but less than \$25,000, the owner is entitled to request a formal appraisal of the property and CONSULTANT shall provide a copy of the WVDOH Form Letter to the property owner, to give the property owner the opportunity to request such an appraisal.
3. When the Agency determines the appraisal is unnecessary, the Agency shall prepare a waiver valuation; and,
4. The person performing the waiver valuation must have sufficient understanding of the local real estate market to be qualified to make the waiver valuation.

The CONSULTANT, in consultation with the WVDOH Project Manager, shall make a

recommendation that a parcel meets the above criteria for being valued by a Waiver Valuation. The WVDOH Project Manager shall provide the CONSULTANT with written approval to proceed with the acquisition of the parcel using the WVDOH's Waiver Valuation Form. A Waiver Valuation shall be completed by the CONSULTANT for all applicable parcels and submitted to the WVDOH Project Manager. The WVDOH shall approve the amount believed to be just compensation based on the total compensation of the Waiver Valuation. The WVDOH Project Manager shall return the Waiver Valuation to the CONSULTANT upon completion. The CONSULTANT shall then use the Waiver Valuation to prepare the offer for each Parcel. The WVDOH Project Manager shall approve the offer prior to it being made to all interest holders of the property.

ESTABLISHMENT AND OFFER OF JUST COMPENSATION

The WVDOH shall approve the amount which it believes is just compensation for the real property. The amount shall not be less than the recommended appraisal of the fair market value of the property, taking into consideration the value of allowable damages or benefits to any remaining property. The amount which the WVDOH believes is just compensation for the real property shall be established either by the appraisal process or the waiver valuation process. The WVDOH official must approve the amount believed to be just compensation, per 49 CFR § 24.102(d). Promptly thereafter, the WVDOH shall provide CONSULTANT with the approved amount to enable the CONSULTANT to make the written offer to the owner.

BEGIN ACQUISITION

As soon as feasible, when all acquisition documents are assembled, and WVDOH has notified the CONSULTANT to begin Right of Way Acquisition, the CONSULTANT shall begin the acquisition process. Initial offers shall be made by CONSULTANT within 7 days of receipt of a parcel file. Offers shall be made in person, providing all information required by the WVDOH Right of Way Manual to the property owner, unless the property owner is unavailable for an extended period of time for such personal contact. Should CONSULTANT have to make any offer by mail, such offers must be made by a method that is trackable, which shows that the property owner received the correspondence.

CONSULTANT may make contact with property owners by regular mail to provide general information about the project. The CONSULTANT shall make every reasonable effort to acquire the real property expeditiously by negotiation, with a minimum of three contacts with the property owner, unless circumstances deem otherwise.

CONSULTANT shall take two copies of the Statement of Just Compensation to the initial meeting. At that meeting, CONSULTANT shall provide one copy of the Statement of Just Compensation to the property owner and shall have the property owner initial the other copy, with a notation of the date and time of when the Statement of Just Compensation was delivered.

ADMINISTRATIVE SETTLEMENT

The purchase price for the property may exceed the amount offered as just compensation when reasonable efforts to negotiate an agreement at that amount have failed and the WVDOH approves such administrative settlement as being reasonable, prudent, and in the public interest. CONSULTANT shall have the authority to resolve counteroffers up to 10% above fair market value. CONSULTANT shall provide to WVDOH a written justification for any offer above fair market value. Counteroffers exceeding 10% must be approved by the WVDOH Project Manager.

In all cases, CONSULTANT shall furnish to the WVDOH a written justification and request for Administrative Settlement, which states all applicable information, including trial risks, and all documentation in support of such a settlement, as set forth in 49 CFR § 24.102(i) and the WVDOH Right of Way Manual. The WVDOH shall promptly advise the CONSULTANT of approval or denial of an administrative settlement, exceeding 10%. The CONSULTANT shall maintain all correspondence regarding a request and approval or denial for an administrative settlement in the parcel file.

ACQUISITION BY DEED

When a parcel is acquired by deed, the CONSULTANT shall furnish to the WVDOH the following:

1. A cover memorandum that an agreement was reached with the property owner(s), with the signature of the CONSULTANT'S acquisition agent or CONSULTANT project manager recommending payment;
2. An executed IRS Form W-9 from the property owner(s);
3. A copy of the Statement of Just Compensation which was given to every property owner, including documentation and justification of any administrative settlements that are issued by the WVDOH.
4. A copy of all contact sheets on the approved WVDOH form. Formatting of the contract record and information contained therein will include, but not be limited to, the date of the meeting and the name(s) of person(s) in attendance, along with all contact information; indication that a Right of Way Pamphlet (A Guide for Property Owners and Tenants) was given to the property owner(s) along with the Statement of Just Compensation, W-9, tax letter (when appropriate), plat with acquisition area highlighted and instrument(s) of conveyance (deed, bill of sale, or release), using the approved WVDOH Color Chart. The contact record shall also indicate the CONSULTANT has inquired if any judgments, lis pendens, tax liens, other liens, or mortgages exist for the subject property (when appropriate). If such liens do exist on the parcel, the CONSULTANT must certify that the property owner(s) have been made aware of these liens and notified that such liens must be satisfied on or before closing. Every contact with the property owner(s) whether in person, over the phone, by letter or email must be documented in detail. Documentation should provide a sequence of events up to the point of agreement. CONSULTANT shall provide a

Negotiator's Certification on the WVDOH approved form for each parcel;

5. On all waiver valuations, CONSULTANT shall provide an original State Warrant Receipt signed by the CONSULTANT and all interested parties for all closings initiated under Waiver Valuation; and,
6. At closing, CONSULTANT shall provide to the property owner(s) a (30) Thirty Day Notice on WVDOH's approved form.

ACQUISITION BY CONDEMNATION

When a parcel is to be acquired by condemnation, CONSULTANT shall furnish the following:

1. Written request for condemnation signed by the CONSULTANT, with any counteroffer information given by landowner(s). The condemnation form shall provide physical addresses, NOT POST-OFFICE BOXES, of all persons to be named in the condemnation as shown in the title report;
2. Statement in contact record that a copy of the Statement of Just Compensation was delivered to every identifiable interest holding including a copy of Statement of Just Compensation given; and
3. A copy of all contact sheets on the approved WVDOH form. Formatting of the contact record and information contained therein will include, but not be limited to, the date of the meeting and the name(s) of person(s) in attendance, along with all contact information; indication that a Right of Way Pamphlet (A Guide for Property Owners and Tenants) was given to the property owner(s) along with the Statement of Just Compensation, W-9, tax letter (when appropriate), plat with acquisition area highlighted and instrument(s) of conveyance (deed, bill of sale, or release), using the approved WVDOH Color Chart. The contact record shall also indicate the CONSULTANT has inquired if any judgments, lis pendens, tax liens, other liens, or mortgages exist for the subject property (when appropriate). If such liens do exist on the parcel, the CONSULTANT must certify that the property owner(s) have been made aware of these liens and notified that such liens must be satisfied on or before closing. Every contact with the property owner(s) whether in person, over the phone, by letter or email must be documented in detail. Documentation should provide a sequence of events up to the point of agreement.

PAYMENT AND CLOSINGS

Before requiring the owner to surrender possession of the real property, the WVDOH shall pay the agreed purchase price to the owner, or in the case of a condemnation, deposit with the court, for the benefit of the owner, an amount not less than the WVDOH's approved the fair market value of such property, or the court award of compensation in the condemnation proceeding for the property, as set forth in 49 CFR 24.102(j). CONSULTANT shall be present at real property closings and/or condemnation proceedings.

The CONSULTANT, when submitting an invoice package to the WVDOH for processing and payment to the landowner(s), shall ensure that all necessary documentation is submitted to the WVDOH to allow for processing. The CONSULTANT may utilize the WVDOH Right of Way Manual as reference and utilize the WVDOH Acquisition File Checklist.

ACQUISITION STATUS REPORTS AND RECORD KEEPING

The CONSULTANT shall furnish the WVDOH Project Manager, on an agreed-upon basis, a status report in a format prescribed by the WVDOH. This status report shall be inclusive of, but not limited to, the number of parcels in the Project, Project number(s), number of files in negotiation, number of files acquired and condemned, parcel numbers, date of negotiations, date of offers, date acquired, deed book and page, condemnation dates, acreage involved, values on land, improvements, and damages and amount(s) of any administrative settlement(s), if applicable.

SECTION 4 – RELOCATION ASSISTANCE SERVICES SCOPE OF WORK

GENERAL

The CONSULTANT shall provide full and complete Relocation Assistance services for displaced persons in compliance with 49 CFR Part 24, Uniform Relocation Assistance and Real Property Acquisition Regulations for Federal and Federally Assisted Programs. For additional reference, refer to the WVDOH ROW Manual as a guide.

QUALIFICATIONS REQUIREMENTS

The CONSULTANT Relocation Assistance Agents shall meet the following minimum requirements:

1. Education:

Graduation from a standard four-year high school or equivalent (GED)

AND

2. Experience:

Four (4) years' experience related to relocation assistance.

Completion of the Relocation Assistance Certification Program courses associated with the International Right of Way Association (IRWA), Federal Highways Administration (FHWA), and the National Highway Institute (NHI) may be substituted for the experience required.

PROJECT REQUIREMENTS

The CONSULTANT shall assign to each project under contract with the WVDOH having from one (1) to ten (10) relocation files, a minimum of one (1) Relocation Assistance Agent having the experience noted above.

For any relocation project having between ten (10) to nineteen (19) relocation files, the CONSULTANT shall provide a minimum of two (2) Relocation Assistance Agents whom shall have the experience as specified above.

For any relocation project having between twenty-one (21) and thirty (30) relocation files, the CONSULTANT shall provide a minimum of three (3) Relocation Assistance Agents whom shall have the experience as specified above.

For any relocation project that of thirty-one (31) relocation files or more, an additional Relocation Assistance Agent shall be assigned to each additional ten (10) relocation files. The additional Relocation Assistance Agents shall have the experience as specified above.

If a trainee is assigned to work on a project, the trainee must be supervised by a Relocation Assistance Agent and confined to data collection duties only.

RELOCATION ASSISTANCE SCOPE OF WORK FUNCTIONS

Prior to initiation of acquisition procedures, the CONSULTANT shall conduct a survey of the entire project. Within five (5) days of completion of the Relocation Assistance survey, a summary report of the results shall be submitted to the WVDOH. The summary report content shall include, at a minimum, a list of all potential displaced persons, identified by file number, type of displacement anticipated, and a summary of any special or unusual problems foreseen.

It is the WVDOH's responsibility to review and approve all replacement housing computations and relocation expense determinations prior to making an offer to the displacee. The WVDOH shall provide the CONSULTANT a written notice of approval for each payment.

All Relocation Assistance payments require final approval by the WVDOH. When a claim for payment is not approved by the WVDOH, corrections shall be made, and the claim re-submitted to the WVDOH within a reasonable amount of time as specified by the WVDOH.

The CONSULTANT shall be responsible for determining all necessary moving expenses and/or cost-new estimates. Any and all fees for cost estimates must be approved by the WVDOH Project Manager prior to being requested by the CONSULTANT. The CONSULTANT shall pay for the estimate and shall be reimbursed by the WVDOH. For personal property moves estimates from two (2) commercial movers are mandatory. When offering Cost New Replacement Housing, estimates from two (2) qualified builders or manufactured housing dealers who are licensed and bonded are required. When replacing manufactured housing, not on a permanent foundation, new replacement manufactured housing must be used to calculate the replacement housing payment.

The CONSULTANT shall maintain adequate records of Relocation Assistance contacts for each file. The CONSULTANT Agent(s) assigned to a project shall contact displacees at least every two (2) weeks until the file is closed. All records shall be kept in a format prescribed by the WVDOH. These records shall include a detailed narrative account of what transpired, what was said, advisory services provided, and agent signature.

These records shall include, at a minimum:

1. Date and place of contact;
2. Names of persons contacted and summary of discussion concerning the situation, problem(s), question(s) asked, and answer(s) given;
3. Determination of replacement housing payments, supplemental rent payments, moving expenses, incidental expenses, in-lieu payments, and re-establishment expenses;
4. Offer letters, discussion of explanation of offer and summary of discussion between displacee and CONSULTANT;
5. Date the displacement parcel was acquired;
6. Amount of compensation paid for the parcel, together with any explanation of any administrative settlement;

7. Summary of advisory information provided to displacee;
8. Pictures of the replacement and displacement dwellings, and the removal and reinstallation of personal property;
9. Date offer was recommended for eminent domain proceedings and copy of required notices sent;
10. Date the property was vacated and certification to the removal of all personal property;
11. Explanation as to displacee qualification or non-qualification for any Relocation Assistance payment(s); and
12. A complete copy of the relocation file is to be placed with the project file. A complete copy shall also be provided to the Central Office Relocation Section.

The CONSULTANT shall furnish an up-to-date status report in the time frame prescribed by the WVDOH in a format prescribed by the WVDOH. Reports are due to WVDOH for the duration of this Contract.

The CONSULTANT assigned to a project shall remain available to all parties until all of the displacees have been relocated and all documentation and claims submitted, and final payment made, or until services of the CONSULTANT are otherwise terminated or concluded under this Contract.

The CONSULTANT shall be responsible for notifying the WVDOH, in writing, within three (3) days of when improvements have been vacated. CONSULTANT shall write all Replacement Housing Payments, and the person who writes such payment shall not be the same Agent as the Relocation Agent for the parcel.

WVDOH will pay for the reestablishment of the following utilities – gas, water, electric.

RELOCATION ASSISTANCE PROCEDURES

The CONSULTANT shall follow these procedures when called upon to act on behalf of the WVDOH, unless specifically stated otherwise:

1. The initial contact documentation and pertinent completed forms must be available for review by the WVDOH, the WVDOH ROW Coordinator, and FHWA official(s) or designee(s) at all times until the file is complete and closed. Upon closing, the file shall be sent to the WVDOH for their records.
2. Copies of documents that clearly demonstrate the legal residence of displacee.
3. All Replacement Housing Payments will be approved by WVDOH Central Office.
4. The WVDOH must advise the CONSULTANT of any file(s) that are condemned to ensure payment(s) are not processed for Relocation Assistance entitlement(s) on condemned file(s) unless pre-approved.

5. The CONSULTANT must attend closings with displacees when replacement property is purchased, tendering the relocation check from the WVDOH to the closing attorney, and obtaining copies of documentation as listed in Item 6 below. All closing documentation shall be placed in the displacee's file.
6. Prior to the release of a replacement housing payment check, the CONSULTANT must review the closing documents and verify that the terms of the sale are the same as those stated in the displacee's contract. The following documentation must be obtained at the closing:
 - a. Copy of the executed HUD closing statement signed by the seller, the buyer, and the attorney;
 - b. Copy of the executed Warranty Deed;
 - c. Copies of all checks issued from the attorney's escrow account that are pertinent to the purchase price of the replacement dwelling;
 - d. Copy of the executed mortgage note;
 - e. Copy of the Deed of Trust;
 - f. Truth-in-Lending Statement;
 - g. Title opinion and owner's title insurance; and
 - h. Written documentation of closing by CONSULTANT
7. The CONSULTANT shall obtain a copy of the recorded Warranty deed and if there is a mortgage at the replacement dwelling, a copy of the recorded Deed of Trust prior to closing the file.
8. Replacement properties that are acquired through less than arms-length transactions (relatives, close associates, etc.) must include an appraisal and appraisal review.
9. When a dwelling is vacated, the CONSULTANT shall ensure photographs are taken of the dwelling, internal and external. The CONSULTANT shall provide written documentation of the inspection, along with the key to the dwelling, to the WVDOH. CONSULTANT shall collect the keys to the improvement, have utilities shut off, and fill out a WVDOH Pest Inspection Form, provide a Building Record, a copy of the plan sheet with the property highlighted, and request an asbestos inspection, which includes the demolition number for the structure.
10. The CONSULTANT shall, immediately upon providing the full offer (which includes the fair market value & any relocation payments due to displacee) send the displacee a 90-Day Notice by Certified Mail, return receipt requested. Additionally, the CONSULTANT shall mail by Certified Mail, return receipt requested, the 30-Day Notice after sixty (60) days have passed from the date of delivery of the 90-Day Notice and the required funds are deposited with the Circuit Clerk, or the property has

been acquired by deed.

11. The CONSULTANT must provide confirmation of sending all 30-Day Notice(s), 90-Day Notice(s), as soon as each is sent, and delivery confirmation is received.
12. The CONSULTANT shall provide to the WVDOH non-residential reestablishment expense(s) supporting documentation in accordance with the following:
 - a. A business may qualify as a business with the submission of documentation deemed acceptable by the WVDOH. Appropriate documentation shall include, but is not limited to, the business Tax ID number, privilege license, business permit, registration with the West Virginia Secretary of State, and federal income tax return(s); and
 - b. The use of the non-residential reestablishment expense payment for the purpose of purchasing capital assets is prohibited, unless otherwise stated by WVDOH.
 - c. 49 CFR Part 24 and the WVDOH Right of Way Manual.
13. An increased interest payment (mortgage interest buy-down) is based upon the mortgage in effect upon the displacement dwelling relative to the prevailing interest rate in the area in which the replacement dwelling is located. A mortgage obtained at an interest rate higher than the prevailing interest rate for the area shall not qualify for an increased interest payment. The CONSULTANT shall contact the WVDOH if any question arises as to the displacee's qualification for this payment.
14. The CONSULTANT will furnish all information necessary to determine the number of businesses on a parcel and the number of CONSULTANT fees for businesses that may be charged to a parcel for determination and approval by the WVDOH.
15. The CONSULTANT shall submit to the WVDOH a written statement of relocation assistance completion and that the file is closed.
16. The CONSULTANT is allowed to approve one (1) 30-day extension to vacate the displacement property and remove all personal property. All other extensions must be approved by the WVDOH Project Manager.
17. The CONSULTANT shall deliver all original documentation to the WVDOH for their records.

BUSINESS RELOCATION ASSISTANCE REVIEW

Due to the complexity of the Business Relocations and the size of the project, the CONSULTANT shall conduct a review of the documentation of Business Relocation Assistance payments and services in each file to ascertain compliance with all local, state, and federal regulations.

The CONSULTANT Business Relocation Review agent(s) shall be independent of the

Relocation Assistance agent(s) and shall provide a report to the CONSULTANT upon conclusion of review of each relocation file.

Business Relocation Assistance review shall include the following:

1. Review Relocation Assistance Agent'(s) statement;
2. Review relocation comparable brochure;
3. Review and recommend to WVDOH moving expense offer computation and business reestablishment for business owners and business tenants;
4. Review and recommend to WVDOH all claims for business reestablishment, search expense, fixed payment, and moving expense for business owners and business tenants; and
5. Review and approve closure of all business relocation files.

SECTION 5 – PROPERTY MANAGEMENT SERVICES SCOPE OF WORK

GENERAL

The CONSULTANT may be required to perform any or all of the following functions as outlined in the scope of work. The CONSULTANT may utilize the WVDOH Right of Way Operations Manual as a guide in performing these functions. The general scope of work for each function is outlined in the following sections.

The general scope of work for Property Management includes the following functions:

1. Property Management Inventory; and,
2. Asbestos Inspections

PROPERTY MANAGEMENT INVENTORY

The CONSULTANT shall, at a minimum, provide the following services:

1. Conduct a rodent inspection of the entire project and submit on the WVDOH Pest Inspection Form;
2. Identify and inventory all improvements located within the proposed right-of-way by parcel number, demolition number, station number, and offset;
3. Secure all acquired improvements, by boarding up the first floor of the structure, from the outside;
4. Obtain keys to all acquired improvements;
5. Ensure that all utilities are disconnected;
6. Periodic (at least bi-monthly) lawn maintenance, between March 1 and November 30; and,
7. Complete a salvage value appraisal for each improvement using the WVDOH form, only upon the request of the property owner. Salvage values for improvements shall be established following the WVDOH Right of Way Manual Property Management Section. Salvage values must be reviewed and approved by the WVDOH. The completed form shall be submitted to the WVDOH.

ASBESTOS INSPECTION

The CONSULTANT shall, at a minimum, provide the following services:

1. Submit a request on the approved WVDOH form for an asbestos inspection for every structure to be demolished, noting the demolition number for each structure.
2. Photographs of each structure shall be submitted along with the request.
3. Copies of the portion of the Right of Way Plan Sheet with the improvements highlighted shall also be submitted with the request.

DIVISION OF HIGHWAYS**

COMBINED RIGHT OF WAY SERVICES CONTRACT

THIS CONTRACT, sometimes referred to herein as "Agreement" made and entered into this _____ day of _____, 20____
by and between the WEST VIRGINIA DEPARTMENT OF TRANSPORTATION, DIVISION OF HIGHWAYS, of Charleston, West Virginia
(hereinafter referred to as "WVDOH") and _____ residing at _____
in the City of _____ State of _____ (hereinafter referred to as the "Contractor").
Services to be rendered under this contract will be performed, in part, by the following individuals whose qualifications are approved and of record with
the WVDOH and are employees or associates of the Contractor in the performance of this contract.

NAME

ADDRESS

WITNESSETH:

IT IS MUTUALLY AGREED by and between the parties hereto as follows:

1. The Contractor shall furnish the WVDOH the combined right of way services set forth in the Scope of Work attached hereto and made a part hereof as Exhibit A, located in _____ County, West Virginia on State Project No. _____ and Federal Project No. _____, commonly known as the _____

2. Payment for Services rendered:
(a) For and in consideration of the Services herein contemplated, the Contractor shall be paid according to the Cost Proposal attached hereto and made a part hereof as Exhibit B.
(b) Statements by the Contractor for payment for the aforesaid Services shall be itemized on as specified by the WVDOH.

3. The Contractor shall fully complete all work hereunder and furnish WVDOH all required documents, properly completed no later than 4:00 p.m. on _____. All documents and forms are the property of the WVDOH and must be returned when the deed or option is acknowledged and delivered.

4. Except as modified herein or otherwise instructed, all Services shall be completed in compliance with the WVDOH Right of Way Manual, as from time to time may be revised and shall at all times be performed in accordance with all applicable laws, regulations, orders, permits and ordinances, including without limitation, the provisions of 49 CFR Part 24, the Uniform Relocation Assistance and Real Property Acquisition for Federal and Federally-Assisted Programs.

5. Termination of Contract:
(a) The WVDOH shall have the right to terminate this Contract for any or no reason. Such termination notice shall be given by the WVDOH to the Contractor in writing by Certified Mail, Return Receipt Requested to the last known address of the Contractor at least thirty (30) calendar days proper to the date of termination. In such event, the WVDOH will be liable to the Contractor for only those Services which have been rendered prior to the date of notification of termination and which were performed by Contractor in accordance with the terms and conditions of this Agreement.

(b) In the event of the termination by WVDOH of any or all of the work provided for under this Contract, the Contractor shall be paid for the particular parcels terminated in proportion to the Work and Services actually completed by Contractor in accordance with the terms and conditions of this Agreement on such parcel or parcels involved, as of the date of termination.

(c) Upon termination or completion of this Contract, or any part thereof any and all work actually performed by the Contractor shall become property of the WVDOH.

6. This Contract may be supplemented in writing in the event the scope and character of work provided for herein is materially changed due to substantially revised plans or additional work as may be required by the WVDOH. In such event, a Supplemental Contract covering only such revisions or changes as agreed upon by the Contractor and the WVDOH shall provide for equitable adjustments regarding the time of performance.

7. The Contractor warrants that it has not employed or retained any company or person, other than a bona fide employee working solely for the Contractor, to solicit or secure this Agreement, and has not paid or agreed to pay any company or person, other than a bona fide employee working solely for the Contractor any fee, commission, percentage, brokerage fee, gift, or any other consideration, contingent upon or resulting from this Agreement. Contractor represents and warrants to Company that its employees performing work hereunder will have sufficient expertise, training and experience to accomplish the work.
8. Any dispute concerning this Agreement including the work hereunder which is not otherwise disposed of by this Agreement, shall be decided by the WVDOH, subject only to an appropriate appeal to the West Virginia Legislative Claims Commission pursuant to the provisions of Chapter 14, Article 2 of the Code of West Virginia.
9. The Contractor assumes all risk of damage to its property and the property of others and injury or death to all persons and agrees to indemnify and save harmless the WVDOH, its officers, agents, and employees from any and all claims and losses occurring or resulting to any and all persons, firms or corporations furnishing work, services, materials or supplies in connection with the performance of this Contract, and from any and all claims and losses occurring or resulting to any person, firm or corporation who may be injured or damaged by the Contractor, Subcontractors or their respective agents and employees in the performance of this Contract.
10. The Contractor shall comply with all Workers Compensation laws of West Virginia and shall carry at least the following minimum amounts of insurance.
 - (a) Public Liability Insurance in an amount not less than One Hundred Thousand Dollars (\$100,000.00) for injuries, including those resulting in death to any one (1) person and in an amount not less than Three Hundred Thousand Dollars (\$300,000.00) for damage on account of any one (1) accident or occurrence.
 - (b) Property Damage Insurance in an amount not less than Three Hundred Thousand Dollars (\$300,000.00) from damages on account of any accident or occurrence. Said insurance shall be maintained in full force and effect during the life of the Agreement and shall protect the Contractor and the WVDOH, their employees, agents, and representatives from claims for damages for personal injury and wrongful death, and for damages to property arising in any manner from the negligent or wrongful acts of omissions of the Contractor, its employees, agents, or representatives in the performance of the work covered by this Agreement, and any Supplemental Agreement thereto.
 - (c) The Contractor shall be liable for all damages, costs, and additional expense incurred by the WVDOH in the construction of the project which is caused by the negligence of the Contractor to perform the work and services as specified in the Agreement with the same degree and standard of care and skill normally expected of and provided Contractor in the right of way industry in the performance of the same work and services, or work and services similar to the work and services to be provided herein. Acceptance of the work and services by the WVDOH shall not waive any of the rights of the WVDOH contained in this Agreement nor release or absolve the Contractor from any liability, responsibility, or duty contained herein. This includes damages, costs, and expenses resulting from claims brought against the WVDOH by the project construction contractor(s).
 - (d) Professional Liability Insurance is an amount not less than Five Hundred Thousand Dollars (\$500,000.00), or as otherwise specified by the WVDOH. The Professional Liability Insurance shall be maintained in full force and effect until final acceptance by WVDOH of the construction project associated with the work performed by Contractor hereunder or three (3) years after final acceptance of the Contractor's work by the WVDOH, whichever comes first, unless construction is initiated but not having final acceptance prior to the end of the three (3) year period, in which case the Professional Liability Insurance shall be maintained until final acceptance of the construction project.
 - (e) Valuable Papers and Records Insurance is an amount not less than Eighty-Five Percent (85%) of the total invoiced fee at any time during the life of the Contract in order to assure the restoration of any plans, drawings, field notes, or any other similar data relating to the work covered by the Contract should they be lost or destroyed prior to receipt in completed form by the WVDOH. Valuable Papers and Records Insurance shall pertain only to the work as set forth in the Contract and the West Virginia Department of Transportation, Division of Highways shall be named as one of the insured.

The policy, or policies, of insurance herein required must be countersigned by a Resident Agent of the State of West Virginia in accordance with the applicable statutes of the State of West Virginia. Certificates showing the Contractor is carrying the above-described insurance, in at least the above specified minimum amounts, shall be furnished to the WVDOH before the WVDOH is obligated to make any payment to the Contractor for work performed under this Contract. Said insurance certificate shall also name WVDOH as an additional insured, except for Workers Compensation Insurance. If any part of the work is transferred to a Subcontractor, all the provisions of this Paragraph 10 shall apply to the Subcontractor and the work performed by it.
11. The Contractor and its Subcontractors shall maintain records of material cost, direct salary, payroll additives, and other direct and indirect costs, and net fee used to support cost of the work and shall maintain all accounts, papers, maps, photographs, other documentary material, and any evidence pertaining to cost incurred, and shall make such materials available at its offices at all reasonable times during the contract period and for three (3) years after Federal Highway Administration final payment for the project, for inspection by the WVDOH, Federal Highway Administration, or any authorized representatives of the State or Federal Government, and copies thereof shall be furnished if requested. "Final Payment" refers to the date of final payment (reimbursement) of Federal Funds to the State with respect to the particular project. If a claim, investigation, or litigation is pending after what was assumed to be the final payment, the retention period will not begin until final settlement of the claim, investigations, or litigation.
12. The parties hereto agree that the Contractor, and any agents and employees of the Contractor, in the performance of this Agreement, shall act in an independent capacity and are not officers, employees or agents of the WVDOH.

13. This Contract may not be assigned, transferred or subcontracted, either in whole or in part, without the express written approval of the WVDOH.
14. Retainage: WVDOH may retain 2% of each invoiced amount as retainage until completion of all work to the satisfaction of the WVDOH.
15. No alteration or variation of the terms of this Contract shall be valid unless made in writing and signed by both parties hereto. No oral understanding or agreement not expressly incorporated in writing herein, shall be binding on any of the parties hereto.
16. The Contractor will maintain all information and reports required by applicable law and shall permit access to said information and reports, books, records, accounts, other sources of information, and its facilities as may be determined by the WVDOH or the Federal Highway Administration to be pertinent for audit and to ascertain compliance with this Agreement and applicable law. Where any information required of Contractor is in the exclusive possession of another who fails or refuses to furnish this information, Contractor shall so certify to the WVDOH or the Federal Highway Administration as appropriate and shall set forth what efforts Contractor has made to obtain the information.
17. This Agreement, including the Exhibits, constitutes the entire understanding and agreement of the parties with respect to its subject matter and supersedes all prior and contemporaneous agreements or understandings, inducements or conditions, express or implied, written or oral, between the parties.
18. This Agreement shall be governed by and constructed in accordance with the laws of the State of West Virginia, without regard to its choice of law principles.
19. It is hereby expressly covenanted, agreed and understood by and between the parties hereto, that Contractor will immediately make payment and refund to the WVDOH for any and all overpayments made by said WVDOH to the Contractor under this Contract. WVDOH is given the right and authority to withhold any and all funds in its possession, belonging to, owed by, or which may be owed by it to the Contractor on any agreement or from any other source for the recovery of any overpayment made in connection with this Contract.
20. It is agreed by and between the parties hereto that in the performance of the terms, conditions and provisions of this Contract by the Contractor that time is of the essence.

IN WITNESS WHEREOF, the parties hereto have set their hands the day and year first hereinabove set forth.

West Virginia Code §5A-3-10a states:

No contract or renewal of any contract may be awarded by the state or any of its political subdivisions to any vendor or prospective vendor when the vendor or prospective vendor or a related party to the vendor or prospective vendor is a debtor and the debt owned is an amount greater than one thousand dollars in the aggregate

DEFINITIONS:

“Debt” means any assessment, premium, penalty, fine, tax or other amount of money owed to the state or any of its political subdivisions because of a judgment, fine, permit violation, license assessment, defaulted workers’ compensation premium, penalty or other assessment presently delinquent or due and required to be paid to the state or any of its political subdivisions, including any interest or additional penalties accrued thereon.

“Debtor” means any individual, corporation, partnership, association, limited liability company or any other form or business association owing a debt to the state or any of its political subdivisions. “Political subdivision” means any county commission; municipality; county board of education; any instrumentality established by a county or municipality; any separate corporation or instrumentality established by one or more counties or municipalities, as permitted by law; or any public body charged by law with the performance of a government function or whose jurisdiction is coextensive with one or more counties or municipalities.

“Related party” means a party, whether an individual, corporation, partnership, association, limited liability company or any other form or business association or other entity whatsoever, related to any vendor by blood, marriage, ownership or contract through which the party has a relationship of ownership or other interest with the vendor so that the party will actually or by effect receive or control a portion of the benefit, profit or other consideration from performance of a vendor contract with the party receiving an amount that meets or exceeds five percent of the total contract amount.

EXCEPTION:

The prohibition of this section does not apply where a vendor has contested any tax administered pursuant to chapter eleven of this code, workers’ compensation premium, permit fee or environmental fee or assessment and the matter has not become final or where the vendor has entered into a payment plan or agreement and the vendor is not in default of any of the provisions of such plan or agreement.

LICENSING:

Vendors must be licensed and in good standing in accordance with any and all state and local laws and requirements by any state or local agency of West Virginia, including, but not limited to, the West Virginia Secretary of State’s Office, the West Virginia Tax Department, West Virginia Insurance Commission, or any other state agencies or political subdivision. Furthermore, the vendor must provide all necessary releases to obtain information to enable the Director or spending unit to verify that the vendor is licensed and in good standing with the above entities.

CONFIDENTIALITY:

The vendor agrees that he or she will not disclose to anyone, directly or indirectly, any such personally identifiable information or other confidential information gained from the agency, unless the individual who is the subject of the information consents to the disclosure in writing or the disclosure is made pursuant to the agency’s policies, procedures and rules. Vendors should visit www.state.wv.us/admin/purchase/privacy for the Notice of Agency Confidentiality Policies.

Under penalty of law for false swearing (West Virginia Code, §61-5-3), it is hereby certified that the vendor acknowledges the information in this said affidavit and are in compliance with the requirements as stated.

THE U.S. DEPARTMENT OF TRANSPORTATION (DOT) OPERATES THE ABOVE TOLL-FREE "HOTLINE" MONDAY THROUGH FRIDAY, 8:00 A.M. TO 5:00 P.M., EASTERN TIME. ANYONE WITH KNOWLEDGE OF POSSIBLE BID RIGGING, BIDDER COLLUSION, OR OTHER FRAUDULENT ACTIVITIES SHOULD USE THE "HOTLINE" TO REPORT SUCH ACTIVITIES.

THE "HOTLINE IS PART OF THE DOT'S CONTINUING EFFORT TO IDENTIFY AND INVESTIGATE INTERSTATE HIGHWAY CONSTRUCTION CONTRACT FRAUD AND ABUSE AND IS OPERATED UNDER THE DIRECTION OF THE DOT INSPECTOR GENERAL. ALL INFORMATION WILL BE TREATED CONFIDENTIALLY AND CALLER ANONYMITY WILL BE RESPECTED.

Note:

- 1.) Appraisals are due X days after notice to proceed.
- 2.) Reviews are due X days after appraisals are received.
- 3.) Appraisers are required to appraise all billboards & business signs within the proposed Right of Way.

Special Notes:

- 1.) Unless otherwise noted, each appraisal should be considered complex in nature.
- 2.) Special attention should be given by the appraiser for access issues to the remaining residue, if applicable.
- 3.) All partial takings should be considered for potential damages to the residue.
- 4.) Differences, if any, between what is shown on the project plans and that which exists during the appraisers physical inspection of the property must be reported to the Right of Way Division in writing as soon as possible so the discrepancy can be resolved.
- 5.) Any parcel descriptions that may be included in the bid package are not to be relied upon for highest and best use analysis.
- 6.) The appraiser shall make a full valuation of each parcel contracted to determine:
 - The value of the property entirety
 - The value of the part taken
 - Damages (both curable and incurable) to the residue
 - The value of the residue property after the taking
 - Values of any temporary easements
- 7.) If a timber valuation is being completed, the review of this project's appraisals is to include both the surface appraisal and the timber valuation in the review and Statement of Just Compensation as part of the reviewer's Scope of Work.

The undersigned states and deposes that he has no interest, direct or indirect, in any other bid work covered by this proposal.

APPRAISAL SERVICES

Notice is hereby given by the West Virginia Department of Transportation, Division of Highways that Right of Way Appraisal Services related to transportation projects will be used for statewide projects. Future projects will be advertised and awarded on a low-bid basis.

All individuals interested in providing appraisal contracts for statewide projects must be pre-qualified and approved by the WVDOT, DOH, Right of Way Division in order to submit bids on upcoming projects.

Individuals desiring to be included on the pre-qualified list for real estate APPRAISAL SERVICES must meet the following criteria:

- All appraisal reports must be submitted on the currently approved WVDOT appraisal form and completed in compliance with the State Rule, and any and all applicable laws, rules, regulations and requirements, including but not limited to the WVDOT "Information for Appraisers" and "Right of Way Manual".
- All appraisal reports and related correspondence will be transmitted electronically via an FTP site or email.
- Have a minimum of three (3) years of full time or equivalent part time experience in real estate appraisal and a license or certification in good standing with the West Virginia Real Estate Appraiser Licensing and Certification Board allowing for the appraisal of real estate being acquired under the threat of Eminent Domain
- Be competent, as defined by the competency rule, Standards and Provisions of the "Uniform Standards of Professional Appraisal Practice" (USPAP), and the "Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970" (Uniform Act) P.L. 91-646, 49 CFR Part 24
- Proficient in reading, interpreting and explaining highway Right of Way plans and construction plans
- Familiar with, and competent to provide, appraisal reports on properties subject to partial takings, including the ability to adequately address damages (diminution of value) to any residue properties
- Proficient and competent in employing, when necessary, appraisal supplemental standards and jurisdictional exception as defined by USPAP. Additional proficiency and competency in completing appraisals with retrospective values and under hypothetical conditions and extraordinary assumptions is required.
- Able to qualify as an expert witness in condemnation proceedings and shall provide such testimony at all types of condemnation proceedings upon request and/or subpoena
- All bids will be one fixed amount, in total, for all appraisal activities as advertised. Uniform hourly rates for revising reports as requested by the Department and for litigation related activities will be established by the Department and will be included in the contract with the successful bidder. These hourly rates will be all-inclusive of expenses incurred by the appraiser. No compensation will be paid for time incurred by the appraiser in correcting errors/omissions within appraisal reports. Excepting prior written consent of the Department, completion of the contracted services must be submitted by the contracted due date. No partial payments will be made and no invoices will be processed until all contracted and

submitted acceptable appraisal reports have been reviewed and approved by the Department.

- Successful bidder will be subject to a written assessment regarding performance which will be prepared by the project review appraiser. Consistent low ratings will influence the ability to participate in future bids.
- Prior successful completion of training in appraisal for Federal-Aid Highway programs; appraisal of partial acquisitions; condemnation appraising (principles and applications); and providing expert witness testimony is strongly recommended.
- Successful bidder shall coordinate project appraisal activities including scope of work with the WVDOH project review appraiser
- Prior employment by a State Department of Transportation is not required in order to apply for inclusion on the West Virginia Department of Transportation's Pre-qualified Appraiser List or Pre-Qualified Review Appraiser List, or to submit proposals to perform appraisal or appraisal review services as may be requested by the WVDOH.

**WEST VIRGINIA DEPARTMENT OF TRANSPORTATION
DIVISION OF HIGHWAYS**

**INDIVIDUAL SERVICES CONTRACT
FOR TECHNICAL APPRAISAL / APPRAISAL REVIEW SERVICES
PER PACEL BASIS**

THIS CONTRACT, made and entered into this _____ day of _____, 20____ by and between the WEST VIRGINIA DEPARTMENT OF TRANSPORTATION, DIVISION OF HIGHWAYS, of Charleston, West Virginia (hereinafter referred to as "WVDOH") and _____ residing at _____ in the City of _____ State of _____ (hereinafter referred to as the "Contractor"). Services to be rendered under this contract will be performed, in part, by the following individuals whose qualifications are approved and of record with the WVDOH and are employees or associates of the Contractor in the performance of this contract.

NAME ADDRESS

WITNESSETH:

IT IS MUTUALLY AGREED by and between the parties hereto as follows:

1. The Contractor shall furnish to the WVDOH a written professional opinion, adequately supported and documented, of the fair market value of the following parcels of real estate, or designated parts thereof, and damages to the residue thereof, if any, less all benefits or other defined value, cost or estimate on all parcels listed below, in _____ County, on State Project _____ and Federal Project _____ and, as required by the WVDOH, the Contractor shall appear in Court or before Court appointed Commissioners as an expert witness on behalf of the WVDOH to testify with respect to his or her opinion on each parcel.

2. (a.) For and in consideration of services in furnishing said valuations, the Contractor shall be paid the amounts set forth as follows:

Parcel No.

Fee -

TOTAL \$ _____

The contractor was given written notice to proceed on _____,

NOTE: The maximum total payment under this contract may not exceed \$150,000.00 as referenced in 2 CFR 200.88, as amended by 41 U.S.C 1908. References: 2 CFR 200.320 "Methods of procurement to be followed", and 2 CFR 200.320(c) "Procurement by Sealed Bid procedures", Revised 01-01-2018.

Statements by the Contractor for payment for the aforesaid services shall be itemized on "Invoice" (Form RW 6.17-F or Form RW 6.17-H)

(b) For appearances in court or before Court appointed Commissioners, or for preparation and appearances at conferences prior to trial or for the purpose of giving depositions on behalf of the WVDOH, the Contractor shall be paid at the rate of \$ 150.00 per hour. Such rate shall include all costs including overhead and expenses incurred in rendering such services.

(c) In the event the scope and character of the work provided for herein is materially changed due to substantially revised plans or additional work is required by the WVDOH, the Contractor agrees to furnish the required revisions or supplements and to perform the additional work requested by the WVDOH in excess of that set forth in the contract, at the rate of \$ 85.00 per hour for the time required to prepare such revisions or to perform such additional work.

3. The Contractor shall begin work upon notification and shall fully complete the reports and furnish to the WVDOH via electronic media one (1) copy of each report no later than 4:00 p.m. on _____. It is fully understood and agreed that in the event the Contractor shall fail to perform the work within the time herein provided, a penalty of one percent (1%) per calendar day shall be forfeited and deducted from the fees in Paragraph 2 above for each parcel not received by the date due for a maximum of thirty (30) calendar days at which time the contract may be canceled, without payment, at the discretion of the WVDOH. However, upon written application by the Contractor, in the event of extenuating circumstances, WVDOH may, at its discretion, expressly grant in writing an extension of time to the Contractor.

4. (a) Appraisal Reports, including all necessary documentation and supporting data, for each parcel in this agreement shall be submitted on Form RW 6.06 or Form RW 6.07-PM, as from time to time hereafter revised. Appraisal Review Reports, including all necessary documentation and supporting data, for each parcel in this agreement shall be submitted on Form RW 6.10-C or Form RW 6.10-PM and Form RW 6.11, as from time to time hereafter revised. All reports must contain the applicable information required by the WVDOH including that in 49 CFR 24 and the *Uniform Standards of Professional Appraisal Practice*

(b) Specialty Reports shall be in an appropriate narrative format.

5. Termination of Contract:

(a) The WVDOH shall have the right to terminate this contract with regard to any or all services provided for herein for any of the following reasons:

- (1) In the event of changes in WVDOH plans which obviate the necessity of any work which may be involved.
- (2) If work is not completed and delivered by the dates listed in the contract or extension dates.
- (3) If the contract is not returned signed within fifteen (15) days of receipt.

(b) Such termination notice shall be given by the WVDOH to the Contractor in writing by Certified Mail to the last known address of the Contractor. In such event, the WVDOH will be liable to the Contractor for only those services which have been rendered prior to the date of notification of termination.

(c) In the event of the termination of any or all of the work provided for under this contract, the Contractor shall be paid for the particular parcels terminated in proportion to the work and services actually completed on such parcel or parcels involved, as of the date of termination.

(d) Upon termination of this contract, or any part thereof, for any reason provided for herein, any and all work actually performed by the Contractor shall become the property of the WVDOH.

6. This contract may be supplemented in the event the scope and character of work provided for herein is materially changed due to substantially revised plans or additional work as may be required by the WVDOH. In such event, a Supplemental Contract covering only such revisions or changes as agreed upon by the Contractor and the WVDOH shall provide for equitable adjustments regarding the time of performance.

7. The Contractor warrants that he or she has not employed or retained any company or person, other than a bona fide employee working solely for the Contractor, to solicit or secure this agreement, and has not paid or agreed to pay any company or person, other than a bona fide employee working solely for the Contractor any fee, commission, percentage, brokerage fee, gift, or any other consideration, contingent upon or resulting from this agreement. For breach or violation of this warranty, the WVDOH shall have the right to annul this agreement without liability.

8. Any dispute concerning a question of fact in connection with the work hereunder which is not otherwise disposed of by this agreement, shall be decided by the WVDOH, subject only to an appropriate appeal to the Court of Claims pursuant to the provisions of Chapter 14, Article 2 of the Code of West Virginia (Acts 1967, c 27) as from time to time thereafter amended.

9. The Contractor agrees to indemnify and save harmless the WVDOH, its officers, agents, and employees from any and all claims and losses occurring or resulting to any and all persons, firms or corporations furnishing work, services, materials or supplies in connection with the performance of this contract, and from any and all claims and losses occurring or resulting to any person, firm or corporation who may be injured or damaged by the Contractor in the performance of this contract.

10. The parties hereto agree that the Contractor, and any agents and employees of the Contractor, in the performance of this agreement, shall act in an independent capacity and not as officers, employees or agents of the WVDOH.

11. This contract may not be assigned, transferred or subcontracted, either in whole or in part by the Contractor.

12. The Contractor shall comply with all Federal, State and local laws and ordinances applicable to the work.

13. It is mutually understood and agreed that no alteration or variation of the terms of this contract shall be valid unless made in writing and signed by both parties hereto, and that no oral understanding or agreement not incorporated herein, nor any alteration or variation of the terms hereof, unless made in writing between the parties hereto, shall be binding on any of the parties hereto.

14. During the performance of this contract, the Contractor agrees as follows:

(a) Compliance with Regulations: The Contractor will comply with the Regulations of the U.S. Department of Transportation relative to nondiscrimination in federally-assisted programs of the U.S. Department of Transportation (DOT) Title 49, Code of Federal Regulations, Part 21, as they may be amended from time to time, (hereinafter referred to as the Regulations), which are herein incorporated by reference and made a part of this contract.

(b) Nondiscrimination: The Contractor, with regard to the work performed by it during the contract shall not discriminate on the grounds of race, color, or national origin in the selection and retention of subcontractors, including procurement of materials and leases of equipment. The contractor shall not participate either directly or indirectly in the discrimination prohibited by section 21.5 of the Regulations, including employment practices when the contract covers a program set forth in Appendix B of the Regulations.

(c) Information and Reports: The Contractor will provide all information and reports required by the Regulations, or directives issued pursuant thereto, and shall permit access to its books, records, accounts, other sources of information, and its facilities as may be determined by the WVDOH or the Federal Highway Administration to be pertinent to ascertain compliance with such Regulations, orders and instructions. Where any information required of a contractor is in the exclusive possession of another who fails or refuses to furnish this information, the Contractor shall so certify to the WVDOH or the Federal Highway Administration as appropriate and shall set forth what efforts it has made to obtain the information.

(d) Sanctions for Noncompliance: In the event of the Contractor's noncompliance with the nondiscrimination provisions of this contract, the WVDOH shall impose such contract sanctions as it or the Federal Highway Administration may determine to be appropriate, including, but not limited to:

- (1) Withholding of payments to the Contractor under the contract until the Contractor complies, and/or
- (2) Cancellation, termination or suspension of the contract, in whole or part.

15. It is agreed by and between the parties hereto that in the performance of the terms, conditions and provisions of this contract by the Contractor that time is of the essence.

IN WITNESS WHEREOF, the parties hereto have set their hands the day and year first hereinabove set forth.

West Virginia Code §5A-3-10a states:

No contract or renewal of any contract may be awarded by the state or any of its political subdivisions to any vendor or prospective vendor when the vendor or prospective vendor or a related party to the vendor or prospective vendor is a debtor and the debt owned is an amount greater than one thousand dollars in the aggregate

DEFINITIONS:

“Debt” means any assessment, premium, penalty, fine, tax or other amount of money owed to the state or any of its political subdivisions because of a judgment, fine, permit violation, license assessment, defaulted workers’ compensation premium, penalty or other assessment presently delinquent or due and required to be paid to the state or any of its political subdivisions, including any interest or additional penalties accrued thereon.

“Debtor” means any individual, corporation, partnership, association, limited liability company or any other form or business association owing a debt to the state or any of its political subdivisions. “Political subdivision” means any county commission; municipality; county board of education; any instrumentality established by a county or municipality; any separate corporation or instrumentality established by one or more counties or municipalities, as permitted by law; or any public body charged by law with the performance of a government function or whose jurisdiction is coextensive with one or more counties or municipalities.

“Related party” means a party, whether an individual, corporation, partnership, association, limited liability company or any other form or business association or other entity whatsoever, related to any vendor by blood, marriage, ownership or contract through which the party has a relationship of ownership or other interest with the vendor so that the party will actually or by effect receive or control a portion of the benefit, profit or other consideration from performance of a vendor contract with the party receiving an amount that meets or exceeds five percent of the total contract amount.

EXCEPTION:

The prohibition of this section does not apply where a vendor has contested any tax administered pursuant to chapter eleven of this code, workers’ compensation premium, permit fee or environmental fee or assessment and the matter has not become final or where the vendor has entered into a payment plan or agreement and the vendor is not in default of any of the provisions of such plan or agreement.

LICENSING:

Vendors must be licensed and in good standing in accordance with any and all state and local laws and requirements by any state or local agency of West Virginia, including, but not limited to, the West Virginia Secretary of State’s Office, the West Virginia Tax Department, West Virginia Insurance Commission, or any other state agencies or political subdivision. Furthermore, the vendor must provide all necessary releases to obtain information to enable the Director or spending unit to verify that the vendor is licensed and in good standing with the above entities.

CONFIDENTIALITY:

The vendor agrees that he or she will not disclose to anyone, directly or indirectly, any such personally identifiable information or other confidential information gained from the agency, unless the individual who is the subject of the information consents to the disclosure in writing or the disclosure is made pursuant to the agency’s policies, procedures and rules. Vendors should visit www.state.wv.us/admin/purchase/privacy for the Notice of Agency Confidentiality Policies.

Under penalty of law for false swearing (West Virginia Code, §61-5-3), it is hereby certified that the vendor acknowledges the information in this said affidavit and are in compliance with the requirements as stated.

Note:

- 1.) Appraisals are due X days after notice to proceed.
- 2.) Reviews are due X days after appraisals are received.
- 3.) Appraisers are required to appraise all billboards & business signs within the proposed Right of Way.

Special Notes:

- 1.) Unless otherwise noted, each appraisal should be considered complex in nature.
- 2.) Special attention should be given by the appraiser for access issues to the remaining residue, if applicable.
- 3.) All partial takings should be considered for potential damages to the residue.
- 4.) Differences, if any, between what is shown on the project plans and that which exists during the appraisers physical inspection of the property must be reported to the Right of Way Division in writing as soon as possible so the discrepancy can be resolved.
- 5.) Any parcel descriptions that may be included in the bid package are not to be relied upon for highest and best use analysis.
- 6.) The appraiser shall make a full valuation of each parcel contracted to determine:
 - The value of the property entirety
 - The value of the part taken
 - Damages (both curable and incurable) to the residue
 - The value of the residue property after the taking
 - Values of any temporary easements
- 7.) If a timber valuation is being completed, the review of this project's appraisals is to include both the surface appraisal and the timber valuation in the review and Statement of Just Compensation as part of the reviewer's Scope of Work.

The undersigned states and deposes that he has no interest, direct or indirect, in any other bid work covered by this proposal.

Section A: FREE COMPETITIVE BIDDING AFFIDAVIT

That said person, firm, Association or Corporation, has not, either directly or indirectly, entered into any agreement, participated in any collusion, or otherwise taken any action in restraint of free competitive bidding in connection with the submitted bid or contract.

Section B: CERTIFICATION WITH REGARD TO THE PERFORMANCE OF PREVIOUS CONTRACTS OR SUBCONTRACTS SUBJECT TO THE EQUAL OPPORTUNITY CLAUSE AND THE FILING OF REQUIRED REPORTS (FEDERAL AID ONLY)

That said person, firm, Association or Corporation [] has [] has not participated in a previous contract or subcontract subject to the equal opportunity clause, as required by Executive Orders 10925, 11114, or 11246, and that said person, firm, Association or Corporation [] has [] has not filed with the Joint Reporting Committee, the Director of the Office of Federal Contract Compliance, a Federal Government contracting or administering agency, or the former President's Committee on Equal Employment Opportunity, all reports due under the applicable filing requirements.

NOTE: The above certification is required by the Equal Employment Opportunity Regulations of the Secretary of Labor (41 CFR 60-1.7(b) (1)), and must be submitted by bidders and proposed subcontracts which are subject to the equal opportunity clause. Contracts and subcontracts which are exempt from the equal opportunity clause are set forth in (41 CFR 60-1.5). (Generally only contracts or subcontracts of \$10,000 or under are exempt.)

Currently, Standard Form 100 (EEO-1) is the only report required by the Executive Orders or their implementing regulations.

Proposed prime contractors and subcontractors who have participated in a previous contract or subcontract subject to the Executive Orders and have not filed the required reports should note that (41 CFR 60-1.7(b) (1)) prevents the award of contracts and subcontracts unless such contractor submits a report covering the delinquent period or such other period specified by the Federal Highway Administration or by the Director, Office of Federal Contract Compliance, U.S. Department of Labor.

Section D: ASSURANCE REQUIREMENT REGARDING EQUAL EMPLOYMENT OPPORTUNITY FOR VENDORS, SUPPLIERS AND CONTRACTORS ENGAGED IN COMMERCIAL TRANSACTIONS WITH THE WEST VIRGINIA DEPARTMENT OF TRANSPORTATION, DIVISION OF HIGHWAYS (NO FEDERAL AID)

Pursuant to the requirements of the State of West Virginia, Executive Order 4-65 dated December 16, 1965, said firm desiring to avail itself of the benefits of engaging in commercial transactions with the Department of Transportation, Division of Highways hereby agrees to:

- (1) give assurances that all employment and personnel practices will be conducted without regard to race, color, sex, creed or national origin.
- (2) Include in all recruitment advertisement the following wording: "An Equal Opportunity Employer".

Section E: COMPLETION DATE

The contractor shall begin work upon notification and shall fully complete the reports and furnish to the Division via electronic transfer media one (1) copy of each report no later than 4:00 p.m. on **seventy (70) days after notice to proceed**. It is fully understood that and agreed that in the event the Contractor shall fail to perform the work within the time herein provided, a penalty of one percent (1%) per calendar day shall be forfeited and deducted from the fees in Paragraph 2 above for each parcel not received by the date due for a maximum of thirty (30) calendar days at which time the contract may be canceled, without payment, at the discretion of the Division. However, upon written application by the Contractor, in the event of extenuating circumstances, Division may, at its discretion, expressly grant in writing an extension of time to the Contractor.

APPRAISAL REVIEW SERVICES

Notice is hereby given by the West Virginia Department of Transportation, Division of Highways that Right of Way Appraisal Review services related to transportation projects will be used for statewide projects. Future projects will be advertised and awarded on a low-bid basis.

All individuals interested in providing appraisal review service contracts for statewide projects must be pre-qualified and approved by the WVDOT, DOH, Right of Way Division in order to submit bids on upcoming projects.

Individuals desiring to be included on the pre-qualified list for real estate APPRAISAL REVIEW SERVICES, in addition to meeting the qualifications for appraisal services, must meet additional criteria.

“Federal Agencies have long held the perspective that appraisal review is a unique skill that, while it certainly builds on appraisal skills, requires more. The review appraiser should possess both appraisal technical abilities and the ability to be the two-way bridge between the Agency’s real property valuation needs and the appraiser.” (49 CFR 24.104)

- All reports and documents must be submitted on the currently approved WVDOT Statement of Appraisal Review form and Statement of Just Compensation form, and completed in compliance with the State Rule, and any and all applicable laws, rules, regulations and requirements, including but not limited to the WVDOT “Information for Appraisers” and “Right of Way Manual”.
- All appraisal review reports and related correspondence will be transmitted electronically via an FTP site or email.
- All bidders must have a minimum of five (5) years of full time or equivalent part time experience in real estate appraisal review and a license or certification in good standing with the West Virginia Real Estate Appraiser Licensing and Certification Board allowing for the appraisal of real estate being acquired under the threat of Eminent Domain, and a minimum of five (5) years of full time or equivalent part time experience providing technical reviews of appraisals for Federal-Aid Highway projects is REQUIRED.
- Competent, as defined by the competency rule, Standards and Provisions of the “Uniform Standards of Professional Appraisal Practice” (USPAP), and the “Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970” (Uniform Act) P.L. 91-646, 49 CFR Part 24
- Proficient in reading, interpreting and explaining highway Right of Way plans and construction plans
- Familiar with, and competent to provide, appraisal reviews and reports on properties subject to partial takings including the ability to adequately address damages to any residue properties
- Proficient and competent in employing, when necessary, appraisal supplemental standards and jurisdictional exception as defined in USPAP. Additional proficiency and competency in completing and reviewing appraisals with retrospective values and under hypothetical conditions and extraordinary assumptions is required
- Able to qualify as an expert witness in condemnation proceedings and shall provide such testimony at all types of condemnation proceedings upon request and/or subpoena

- All bids will be one fixed amount, in total, for all appraisal review activities as advertised. Uniform hourly rates for revising report reviews as requested by the Department and for litigation related activities will be established by the Department and will be included in the contract with the successful bidder. These hourly rates will be all-inclusive of expenses incurred by the review appraiser. No compensation will be paid for time incurred by the review appraiser in correcting errors/omissions within appraisal report reviews. Excepting prior written consent of the Department, completion of the contracted services must be submitted by the contracted due date. No partial payments will be made and no invoices will be processed until all contracted and submitted acceptable appraisal review reports have been approved by the Department.
- Successful bidder may be subject to a written assessment regarding performance which will be prepared by WVDOH Appraisal Section personnel. Consistent low ratings will influence the ability to participate in future bids.
- Prior successful completion of training in appraisal review for Federal-Aid Highway programs; appraisal review of partial acquisitions; condemnation appraising (principles and applications); and prior experience in providing expert witness testimony is REQUIRED

Additional requirements for inclusion on the pre-qualified list to provide appraisal review services will include the following:

- Required to meet with WVDOH Appraisal Section review personnel prior to beginning review activities to determine scope of work per parcel and issues related to just compensation and appraisal methodology
- Knowledge and ability to determine and approve just compensation which may be different than fair market value
- Able to generate carve out values and retention values as needed for relocation purposes
- Accurately address the potential of recommending an uneconomic remnant option(s) on applicable properties
- Ability to assess and apply excess cost to cure where applicable
- Able to reconcile multiple appraisal reports with differing values
- Will be responsible for making a “determination of value” in appropriate situations and/or when necessary
- Reviewer shall coordinate project appraisal review activities with WVDOH Appraisal Section personnel
- Shall be responsible for providing WVDOH with a written assessment of project fee appraiser(s) performance on each project
- Shall be responsible for considering any information supplied by the property owner, including appraisal reports and providing an appropriate written response and revised review statement, if necessary
- Must supply photographs of all project properties as an attachment to the review statement
- Prior employment by a State Department of Transportation is not required in order to apply for inclusion on the West Virginia Department of Transportation’s Pre-qualified Appraiser List or Pre-Qualified Review Appraiser List, or to submit proposals to perform appraisal or appraisal review services as may be requested by the WVDOH.

**INDIVIDUAL SERVICES CONTRACT
FOR NEGOTIATIONS**

THIS CONTRACT, made and entered into this _____ day of _____, 20____ by and between the WEST VIRGINIA DEPARTMENT OF TRANSPORTATION, DIVISION OF HIGHWAYS, of Charleston, West Virginia (hereinafter referred to as "WVDOH") and _____ residing at _____ in the City of _____ State of _____ (hereinafter referred to as the "Contractor"). Services to be rendered under this contract will be performed, in part, by the following individuals whose qualifications are approved and of record with the WVDOH and are employees or associates of the Contractor in the performance of this contract.

NAME

ADDRESS

WITNESSETH:

IT IS MUTUALLY AGREED by and between the parties hereto as follows:

1. The Contractor shall furnish to the WVDOH a completed file containing all documentation necessary to acquire property by negotiations or by condemnation on all parcels listed below, in _____ County, on State Project _____ and Federal Project _____.

Parcel No.

NOTE: The maximum total payment under this contract may not exceed \$150,000.00 as referenced in 2 CFR 200.88, as amended by 41 U.S.C 1908. References: 2 CFR 200.320 "Methods of procurement to be followed", and 2 CFR 200.320(c) "Procurement by Sealed Bid procedures", Revised 01-01-2018.

2. Payment for services rendered:

(a) For and in consideration of the Services herein contemplated, the Contractor shall be paid at the rate of \$ _____ per hour which shall include any and all costs or expenses incurred by the Contractor in rendering such Services.

(b) Statements by the Contractor for payment for the aforesaid Negotiation Services shall be itemized on "Invoice" (Form RW 5.32) accompanied by a "Time Report" (Form RW-TIME) for the time covered in the Invoice and submitted for payment.

(c) WVDOH recognizes that the time required to negotiate varies widely depending on a variety of circumstances. Experience has shown that the typical range of time required is from three (3) to fifteen (15) hours per parcel. In the event it becomes apparent to the Contractor that a substantially greater amount of time will be required, Contractor shall stop work and advise the Section Manager giving an estimate of the additional time required and request authority to proceed. The Contractor shall stop work on the parcel(s) in question, until officially given authority to proceed.

3. The Contractor shall begin work upon notification and shall fully complete the negotiation process required and furnish to the WVDOH a file containing all required, properly completed documents no later than 4:00 p.m. on _____ Calendar days after receipt of a file to be negotiated.

Upon written application by the Contractor, in the event of extenuating circumstance, WVDOH may, at its discretion, expressly grant in writing an extension of time to the Contractor. All documents and forms are the property of the WVDOH and must be returned when the deed or option is acknowledged and delivered.

4. Except as modified herein or otherwise instructed, all Services shall be completed in compliance with the WVDOH *Right of Way Manual*, as from time to time may be revised, other written guidelines as may be provided by WVDOH to Contractor from time to time, and shall at all times be performed in accordance with all applicable laws, regulations, orders, permits and ordinances, including without limitation, the provisions of 49 CFR Part 24, the Uniform Relocation Assistance and Real Property Acquisition for Federal and Federally-Assisted Programs.

5. Termination of Contract:

(a) The WVDOH shall have the right to terminate this Contract for any or no reason. Such termination notice shall be given by the WVDOH to the Contractor in writing by Certified Mail, Return Receipt Requested to the last known address of the Contractor at least thirty (30) calendar days proper to the date of termination. In such event, the WVDOH will be liable to the Contractor for only those Services which have been rendered prior to the date of notification of termination and which were performed by Contractor in accordance with the terms and conditions of this Agreement.

(b) In the event of the termination by WVDOH of any or all of the work provided for under this Contract, the Contractor shall be paid for the particular parcels terminated in proportion to the Work and Services actually completed by Contractor in accordance with the terms and conditions of this Agreement on such parcel or parcels involved, as of the date of termination.

(c) Upon termination or completion of this Contract, or any part thereof any and all work actually performed by the Contractor shall become property of the WVDOH.

6. This Contract may be supplemented in writing in the event the scope and character of work provided for herein is materially changed due to substantially revised plans or additional work as may be required by the WVDOH. In such event, a Supplemental Contract covering only such revisions or changes as agreed upon by the Contractor and the WVDOH shall provide for equitable adjustments regarding the time of performance.
7. The Contractor warrants that it has not employed or retained any company or person, other than a bona fide employee working solely for the Contractor, to solicit or secure this Agreement, and has not paid or agreed to pay any company or person, other than a bona fide employee working solely for the Contractor any fee, commission, percentage, brokerage fee, gift, or any other consideration, contingent upon or resulting from this Agreement. Contractor represents and warrants to Company that its employees performing work hereunder will have sufficient expertise, training and experience to accomplish the work.
8. Any dispute concerning this Agreement including the work hereunder which is not otherwise disposed of by this Agreement, shall be decided by the WVDOH, subject only to an appropriate appeal to the West Virginia Legislative Claims Commission pursuant to the provisions of Chapter 14, Article 2 of the Code of West Virginia.
9. The Contractor assumes all risk of damage to its property and the property of others and injury or death to all persons and agrees to indemnify and save harmless the WVDOH, its officers, agents, and employees from any and all claims and losses occurring or resulting to any and all persons, firms or corporations furnishing work, services, materials or supplies in connection with the performance of this Contract, and from any and all claims and losses occurring or resulting to any person, firm or corporation who may be injured or damaged by the Contractor, Subcontractors or their respective agents and employees in the performance of this Contract.
10. The Contractor and its Subcontractors shall maintain records of material cost, direct salary, payroll additives, and other direct and indirect costs, and net fee used to support cost of the work and shall maintain all accounts, papers, maps, photographs, other documentary material, and any evidence pertaining to cost incurred, and shall make such materials available at its offices at all reasonable times during the contract period and for three (3) years after Federal Highway Administration final payment for the project, for inspection by the WVDOH, Federal Highway Administration, or any authorized representatives of the State or Federal Government, and copies thereof shall be furnished if requested. "Final Payment" refers to the date of final payment (reimbursement) of Federal Funds to the State with respect to the particular project. If a claim, investigation, or litigation is pending after what was assumed to be the final payment, the retention period will not begin until final settlement of the claim, investigations, or litigation.
11. The parties hereto agree that the Contractor, and any agents and employees of the Contractor, in the performance of this Agreement, shall act in an independent capacity and are not officers, employees or agents of the WVDOH.
12. This Contract may not be assigned, transferred or subcontracted, either in whole or in part, without the express written approval of the WVDOH.
13. Retainage: WVDOH may retain 2% of each invoiced amount as retainage until completion of all work to the satisfaction of the WVDOH.
14. No alteration or variation of the terms of this Contract shall be valid unless made in writing and signed by both parties hereto. No oral understanding or agreement not expressly incorporated in writing herein, shall be binding on any of the parties hereto.
15. The Contractor will maintain all information and reports required by applicable law and shall permit access to said information and reports, books, records, accounts, other sources of information, and its facilities as may be determined by the WVDOH or the Federal Highway Administration to be pertinent for audit and to ascertain compliance with this Agreement and applicable law. Where any information required of Contractor is in the exclusive possession of another who fails or refuses to furnish this information, Contractor shall so certify to the WVDOH or the Federal Highway Administration as appropriate and shall set forth what efforts Contractor has made to obtain the information.
16. This Agreement, including the Exhibits, constitutes the entire understanding and agreement of the parties with respect to its subject matter and supersedes all prior and contemporaneous agreements or understandings, inducements or conditions, express or implied, written or oral, between the parties.

- 17. This Agreement shall be governed by and constructed in accordance with the laws of the State of West Virginia, without regard to its choice of law principles.
- 18. It is hereby expressly covenanted, agreed and understood by and between the parties hereto, that Contractor will immediately make payment and refund to the WVDOH for any and all overpayments made by said WVDOH to the Contractor under this Contract. **WEST VIRGINIA DEPARTMENT OF TRANSPORTATION
DIVISION OF HIGHWAYS**

**INDIVIDUAL SERVICES CONTRACT
FOR REPLACEMENT HOUSING, PROPERTY MANAGEMENT
AND/OR MOVING COST SERVICES**

THIS CONTRACT, made and entered into this _____ day of _____, 20____ by and between the WEST VIRGINIA DEPARTMENT OF TRANSPORTATION, DIVISION OF HIGHWAYS, of Charleston, West Virginia (hereinafter referred to as "WVDOH") and _____ residing at _____ in the City of _____ State of _____ (hereinafter referred to as the "Contractor"). Services to be rendered under this contract will be performed, in part, by the following individuals whose qualifications are approved and of record with the WVDOH and are employees or associates of the Contractor in the performance of this contract.

NAME ADDRESS

WITNESSETH:

IT IS MUTUALLY AGREED by and between the parties hereto as follows:

1. The Contractor shall furnish to the WVDOH a "Replacement Housing Determination" using Forms RW 12.01, 12.01A, 12.03, 12.11, 12.11A, 12.11B, 12.11D, 12.11E, and 12.13 containing a supported and documented estimate of Replacement Housing Supplement on all parcels listed below, in _____ County, on State Project _____ and Federal Project _____ and as required by WVDOH, the Contractor shall appear in Court or Appeal Hearings as an expert witness on behalf of the WVDOH to testify with respect to the Contractor's opinion on each parcel. The various Property Management assignments will be on a parcel by parcel basis.

Parcel No.

NOTE: The maximum total payment under this contract may not exceed \$150,000.00 as referenced in 2 CFR 200.88, as amended by 41 U.S.C 1908. References: 2 CFR 200.320 "Methods of procurement to be followed", and 2 CFR 200.320(c) "Procurement by Sealed Bid procedures", Revised 01-01-2018.

2. Payment for services rendered:

(a) For and in consideration of the Services herein contemplated, the Contractor shall be paid at the rate of \$ _____ per hour which shall include any and all costs or expenses incurred by the Contractor in rendering such Services.

(b) For appearances in court or appeal hearing, or for preparation and appearances at conferences prior to trial or for the purpose of the giving of depositions on behalf of the WVDOH, the Contractor shall be paid at the rate of \$ _____ per hour which shall include any and all costs or expenses incurred by the Contractor in rendering such Services.

(c) Statements by the Contractor for payment for the aforesaid Negotiation Services shall be itemized on "Invoice" (Form RW 12.22) accompanied by a "Time Report" (Form RW-TIME) for the time covered in the Invoice and submitted for payment.

(d) WVDOH recognizes that the time required to perform Replacement Housing Supplement Determinations varies widely depending on a variety of circumstances. Experience has shown that the typical range of time required is from ten (10) to twenty (20) hours per parcel. In the event it becomes apparent to the Contractor that a substantially greater amount of time will be required, Contractor shall stop work and advise the Section Manager giving an estimate of the additional time required and request authority to proceed. The Contractor shall stop work on the parcel(s) in question, until officially given authority to proceed.

3. The Contractor shall fully complete the Replacement Housing Determination process required and furnish to the WVDOH all files containing all required, properly completed documents no later than 4:00 p.m. on _____ calendar days after receipt for request from WVDOH.

Upon written application by the Contractor, in the event of extenuating circumstance, WVDOH may, at its discretion, expressly grant in writing an extension of time to the Contractor. All documents and forms are the property of the WVDOH and must be returned when the Replacement Housing Determination is completed.

4. Except as modified herein or otherwise instructed, all Services shall be completed in compliance with the WVDOH *Right of Way Manual*, as from time to time may be revised, other written guidelines as may be provided by WVDOH to Contractor from time to time, and shall at all times be performed in accordance with all applicable laws, regulations, orders, permits and ordinances, including without limitation, the provisions of 49 CFR Part 24, the Uniform Relocation Assistance and Real Property Acquisition for Federal and Federally-Assisted Programs.

5. Termination of Contract:

(a) The WVDOH shall have the right to terminate this Contract for any or no reason. Such termination notice shall be given by the WVDOH to the Contractor in writing by Certified Mail, Return Receipt Requested to the last known address of the Contractor at least thirty (30) calendar days proper to the date of termination. In such event, the WVDOH will be liable to the Contractor for only those Services which have been rendered prior to the date of notification of termination and which were performed by Contractor in accordance with the terms and conditions of this Agreement.

(b) In the event of the termination by WVDOH of any or all of the work provided for under this Contract, the Contractor shall be paid for the particular parcels terminated in proportion to the Work and Services actually completed by Contractor in accordance with the terms and conditions of this Agreement on such parcel or parcels involved, as of the date of termination.

(c) Upon termination or completion of this Contract, or any part thereof any and all work actually performed by the Contractor shall become property of the WVDOH.

6. This Contract may be supplemented in writing in the event the scope and character of work provided for herein is materially changed due to substantially revised plans or additional work as may be required by the WVDOH. In such event, a Supplemental Contract covering only such revisions or changes as agreed upon by the Contractor and the WVDOH shall provide for equitable adjustments regarding the time of performance.
7. The Contractor warrants that it has not employed or retained any company or person, other than a bona fide employee working solely for the Contractor, to solicit or secure this Agreement, and has not paid or agreed to pay any company or person, other than a bona fide employee working solely for the Contractor any fee, commission, percentage, brokerage fee, gift, or any other consideration, contingent upon or resulting from this Agreement. Contractor represents and warrants to Company that its employees performing work hereunder will have sufficient expertise, training and experience to accomplish the work.
8. Any dispute concerning this Agreement including the work hereunder which is not otherwise disposed of by this Agreement, shall be decided by the WVDOH, subject only to an appropriate appeal to the West Virginia Legislative Claims Commission pursuant to the provisions of Chapter 14, Article 2 of the Code of West Virginia.
9. The Contractor assumes all risk of damage to its property and the property of others and injury or death to all persons and agrees to indemnify and save harmless the WVDOH, its officers, agents, and employees from any and all claims and losses occurring or resulting to any and all persons, firms or corporations furnishing work, services, materials or supplies in connection with the performance of this Contract, and from any and all claims and losses occurring or resulting to any person, firm or corporation who may be injured or damaged by the Contractor, Subcontractors or their respective agents and employees in the performance of this Contract.
10. The Contractor and its Subcontractors shall maintain records of material cost, direct salary, payroll additives, and other direct and indirect costs, and net fee used to support cost of the work and shall maintain all accounts, papers, maps, photographs, other documentary material, and any evidence pertaining to cost incurred, and shall make such materials available at its offices at all reasonable times during the contract period and for three (3) years after Federal Highway Administration final payment for the project, for inspection by the WVDOH, Federal Highway Administration, or any authorized representatives of the State or Federal Government, and copies thereof shall be furnished if requested. "Final Payment" refers to the date of final payment (reimbursement) of Federal Funds to the State with respect to the particular project. If a claim, investigation, or litigation is pending after what was assumed to be the final payment, the retention period will not begin until final settlement of the claim, investigations, or litigation.
11. The parties hereto agree that the Contractor, and any agents and employees of the Contractor, in the performance of this Agreement, shall act in an independent capacity and are not officers, employees or agents of the WVDOH.
12. This Contract may not be assigned, transferred or subcontracted, either in whole or in part, without the express written approval of the WVDOH.
13. Retainage: WVDOH may retain 2% of each invoiced amount as retainage until completion of all work to the satisfaction of the WVDOH.
14. No alteration or variation of the terms of this Contract shall be valid unless made in writing and signed by both parties hereto. No oral understanding or agreement not expressly incorporated in writing herein, shall be binding on any of the parties hereto.
15. The Contractor will maintain all information and reports required by applicable law and shall permit access to said information and reports, books, records, accounts, other sources of information, and its facilities as may be determined by the WVDOH or the Federal Highway Administration to be pertinent for audit and to ascertain compliance with this Agreement and applicable law. Where any information required of Contractor is in the exclusive possession of another who fails or refuses to furnish this information, Contractor shall so certify to the WVDOH or the Federal Highway Administration as appropriate and shall set forth what efforts Contractor has made to obtain the information.
16. This Agreement, including the Exhibits, constitutes the entire understanding and agreement of the parties with respect to its subject matter and supersedes all prior and contemporaneous agreements or understandings, inducements or conditions, express or implied, written or oral, between the parties.

Contract No. _____

- 17. This Agreement shall be governed by and constructed in accordance with the laws of the State of West Virginia, without regard to its choice of law principles.
- 18. It is hereby expressly covenanted, agreed and understood by and between the parties hereto, that Contractor will immediately make payment and refund to the WVDOH for any and all overpayments made by said WVDOH to the Contractor under this Contract. WVDOH is given the right and authority to withhold any and all funds in its possession, belonging to, owed by, or which may be owed by it to the Contractor on any agreement or from any other source for the recovery of any overpayment made in connection with this Contract.
- 19. It is agreed by and between the parties hereto that in the performance of the terms, conditions and provisions of this Contract by the Contractor that time is of the essence.

IN WITNESS WHEREOF, the parties hereto have set their hands the day and year first hereinabove set forth.

S P E C I F I C A T I O N SFOR REMOVAL OF BUILDINGS, STRUCTURES,
EQUIPMENT, ORNAMENTAL TREES, SHRUBS, AND PLANTS

1. These specifications apply to all work performed in connection with the removal or demolition of the improvements by a seller who retains said improvements, his employees, agents, or contractors.
2. A. It is hereby made a provision of this contract that no prohibitive discriminatory employment practices shall be engaged in by contractors and subcontractors with the West Virginia Department of Transportation, Division of Highways based on race, creed, color, religion, sex, disability, or national origin; and further that all Division of Highways' contractors and subcontractors shall be given written notice of their commitments under this clause to any labor union with which they have a collective bargaining or other agreements.
 - B. During the performance of this contract, the Seller for himself, assignees and successors in interest (hereinafter referred to as the "Seller") agrees as follows:
 - (1) Compliance with Regulations: The Seller will comply with the Regulations of the Division of Highways relative to non-discrimination in federally-assisted programs of the Division of Highways (Title 43, Code of Federal Regulations, Part 21, hereinafter referred to as the Regulations), which are herein incorporated by reference and made a part of this contract.
 - (2) Non-discrimination: The Seller with regard to the work performed and prior to completion of the contract work will not discriminate on the ground of race, color, or national origin in the selection and retention of contractors and subcontractors, including procurement of materials and leases of equipment. The Seller will not participate either directly or indirectly in the discrimination prohibited by Section 21.5 of the Regulations, including employment practices when the contract covers a program set forth in Appendix B of the Regulations.
 - (3) Solicitations for Contracts and Subcontracts, Including Procurements of Materials and Equipment: In all solicitations either by competitive bidding or negotiations made by the Seller for work to be performed under a contract or subcontract, including procurement of materials or equipment, each potential contractor, subcontractor or supplier shall be notified by the Seller of his obligations under this contract and the Regulations relative to non-discrimination on the ground of race, color, or national origin.
 - (4) Information and Reports: The Seller will provide all information and reports required by the Regulations or orders and instruction issued by the pursuant thereto, and will permit access to Seller's books, records, other sources of information, and other facilities of his as may be determined by the Division of Highways or the Federal Highway Administration to be pertinent to ascertain compliance with such Regulations, orders, and instruction. Where any information required, or a Seller is in exclusive possession of another who fails or refuses to furnish this information, the Seller shall so certify to the Division of Highways or the Federal Highway Administration, as appropriate, and shall set forth what efforts Seller has made to obtain the information.
 - (5) Sanctions for Noncompliance: In the event of the Seller's noncompliance with the nondiscrimination provisions of this contract, the Division of Highways shall impose such contract sanctions as it or the Federal Highway Administration may determine to be appropriate, including, but not limited to:
 - (a) withholding payments to the Seller under the contract until the Seller complies (or forfeits bond hereinafter provided for); or

- (b) cancellation, termination, or suspension of the option or bill of sale, in whole or in part.
- (6) Incorporation of Provisions: The Seller will include the provisions of paragraphs 1 through 6 in every contract or subcontract, unless exempt by the Regulations, orders, or instructions issued pursuant with respect to any contract or subcontract or procurement as the Division of Highways or the Federal Highway Administration may direct as a means of enforcing such provisions including sanctions for noncompliance: Provided, however, that in the event a Seller becomes involved in, or is threatened with litigation with a contractor, subcontractor, or supplier as a result of such direction, the Seller may request the State to enter into such litigation to protect the interests of the Division, and in addition, the Seller may request the United States to enter into such litigation to protect the interests of the United States.
3. The Seller hereby agrees, covenants and binds himself to remove the improvements from the right of way and not to locate same on any other current road project.
 4. The Seller must remove all combustible materials from the right of way and leave the area in a neat condition.
 5. The Seller must slope basement walls to prevent a danger to the community.
 6. Basement floors must be cracked or broken in such a manner as to let water drain through to prevent a danger to the community.
 7. No chimneys or other walls above ground shall be left standing but shall be knocked down to ground level.
 8. The Seller is responsible for obtaining all necessary permits and conforming to the necessary State and local regulations; such as State permits to move the buildings on the public highways, local zoning and ordinance regulations and any other rule or regulation that may be applicable.
 9. The building and all other improvements on the parcel are to be removed under the option unless otherwise indicated.
 10. The Seller agrees to post cash security in the amount of \$_____, which shall be forfeited as liquidated damages should Seller breach any of these specifications or fail to remove the improvements within the time specified in the option.
 11. It is further agreed between the parties hereto that the West Virginia Department of Transportation, Division of Highways shall not be held liable for any accident involving property damage or injury to any persons resulting from the removal of the hereinbefore described improvements.

The West Virginia Department of Transportation, Division of Highways will offer for sale by public auction, beginning at _____ (Time) _____ (Date), at the location and parcel first listed below, and continuing and moving from parcel to parcel in the order listed herein, the following buildings or structures and appurtenance thereunto, belonging on Project No _____, _____ County, West Virginia.

<u>DESCRIPTION</u>	<u>ADDRESS</u>	<u>FORMER OWNER</u>	<u>PARCEL NO.</u>	<u>MINIMUM BID</u>
--------------------	----------------	-------------------------	-----------------------	------------------------

TERMS OF SALE: Full bid amount must be paid in the form of a certified or cashier's check or money order made payable to the West Virginia Department of Transportation, Division of Highways, no later than the next banking day after the public auction.

Removal or demolition must be in strict accordance with the West Virginia Department of Transportation, Division of Highways' Specifications and proposed Bill of Sale. Copies of Specifications and Bill of Sale will be available at the site prior to the time of sale. Purchaser will be required to sign an Asbestos Containing Materials (ACM) release of liability at time of sale.

The West Virginia Department of Transportation, Division of Highways reserves the right to reject any and all bids. Full bid money will be returned on any bid not accepted within 15 days. All improvements must be removed from the project and work completed in the project area within 30 days from the date of delivery of the Bill of Sale.

A performance bond in the amount to be announced at the time of sale will be required of the highest bidder on each parcel.

The West Virginia Department of Transportation, Division of Highways, in accordance with the provisions of Regulations of the U.S. Department of Transportation (49 C.F.R., Part 21) issued pursuant to the Civil Rights Acts of 1964, hereby notifies all bidders that it will affirmatively ensure that the contract entered into pursuant to the advertisement will be awarded to the highest responsible bidder without discrimination on the grounds of race, religion, color, national origin, sex, or disability.

The West Virginia Department of Transportation, Division of Highways further notifies all bidders that any instrument executed by the Department pursuant to this advertisement will contain provisions in compliance with the Civil Rights Act of 1964 (78 Stat. 252) and the regulations of the U.S. Department of Transportation (49 C.F.R., Part 21) issued pursuant to such act.

Any improvement not sold on the aforesaid date will be re-offered on each succeeding _____ thereafter, until sold or otherwise removed from said project.

An employee of the West Virginia Department of Transportation, Division of Highways, or a member of the immediate family of an employee, or anyone acting directly or indirectly for an employee of the West Virginia Department of Transportation, Division of Highways, may not participate in this sale.

INTRODUCTION

If you are thinking of purchasing or leasing property from the West Virginia Department of Transportation, Division of Highways, you should know the procedure by which a sale or lease of Highways' owned property takes place. This pamphlet is designed to assist you in making your request and in understanding the rules and regulations governing our real estate disposition. Should you have any questions after reading the pamphlet, please contact the District Right of Way Agent in the local District Office having jurisdiction over the county in which the property you wish to purchase or lease is located. The address and telephone number of each District Office together with a list of counties located in that District may be found on the last three pages of this booklet. All sales and leases are conducted in compliance with West Virginia Code 17-2A-19 and the Code of State Rules 157 – Series 2.

A request to purchase or lease property owned by the Division of Highways should be addressed in writing to the District Engineer/Manager in which the real estate is located. In making this request you should include a sketch showing the boundaries of the property, a copy of your deed and tax ticket, and contact information, i.e. address, telephone number and/or email. It will simplify our records search if you can provide location data such as the address of the property or its distance from the nearest major road junction. In order to determine the feasibility of the proposed sale or lease from the standpoint of the Division of Highways, we also need to know the use for which the property is being purchased.

Before making a formal written request, we recommend that you contact the District Right of Way Agent who can assist you in providing the data we need. The District Agent may also be able to advise you immediately if a particular property cannot be made available for sale or lease.

GENERAL INFORMATION

Upon receiving a written request to consider disposition of property owned by the Division of Highways, the District Engineer/Manager first asks the District Right of Way Agent to determine that the Division does indeed own the property in question. The District Right of Way Agent may also contact you for further details concerning the proposal and for information concerning the use to be made of the property. When the Agent has established that the Division does own the property in question and is fully aware of the total proposal, the District Engineer/Manager is advised of the findings and he/she then reviews the proposal with the Assistant District Engineers for Maintenance, Construction, Design and Traffic to determine whether the proposed use would have any effect on the operations of their particular branches of the Division of Highways. If the above mentioned Engineers find no detrimental effect in the proposal and the District Engineer believes it to be in the public-interest, the request is forwarded to the Director of the Right of Way Division in the Central Office in Charleston. The Director of the Right of Way Division, through the Division Property Manager, reconfirms ownership and prepares to submit the proposal to various other Divisions for their review and comment. The Division Property Manager or the Right of Way Director also will often check the site in question to be sure that there is complete understanding as to its location and existing condition.

If for any reason the proposed sale or lease is rejected, proper notice in writing will be furnished to you immediately.

FEDERAL AID PROJECTS

If the property which is the subject of the proposal is part of the National Highway System, before the Division of Highways may proceed with disposition, the proposal must be submitted to the Division Administrator of the Federal Highway Administration in Charleston. This is normally done as soon as the State Highway Engineer has authorized the sale or lease. Before concurring in the proposal, the Division Administrator may have an engineer on his staff review it. This review often includes a trip to the site for a firsthand view of the property.

If the Division Administrator is satisfied that the proposal is in the public interest, he so advises the Commissioner of Highways after which the mechanics of the sale or lease, as outlined above, are initiated.

COMMERCIAL AND INDUSTRIAL DEVELOPMENT

Requests for large areas of property owned by the Division of Highways for use as commercial or industrial development should be made through the Economic Development Office of the Division of Highways at (304) 558-9211.

IN CONCLUSION

The Division of Highways rarely buys property in excess of its normal highway needs; therefore, a careful study is made of each proposal for disposition to be sure that present and future highway operations will not be adversely affected. Because of the necessity for obtaining recommendations from a large number of Division of Highways personnel, the time required from receipt of a request to disposition is approximately 12 to 16 months.

The request is then transmitted to the Maintenance Division to study any effect that the proposed disposition might have on the operation of the adjacent highway and to determine whether the site could be used as a maintenance headquarters, sub-headquarters, storage site, or for other departmental purposes.

If the proposal involves a sale, the price will be the appraised value of the property as established and approved by the Central Office Appraisal Section, plus a nominal administrative cost(s) of processing requests by the Division of Highways.

If the proposal involves a lease, the rental rate will be the fair market rent of the property as established by the Central Office Appraisal Section

SALE PROCEDURE

The Director of the Right of Way Division submits the proposal along with comments made by the District and the Central Office Divisions, and with his own recommendation, to the State Highway Engineer for formal authorization to proceed with the sale. Upon receipt of approval to proceed, the Director of the Right of Way Division authorizes the appropriate District Right of Way Agent to proceed with the sale.

At this time the District Property Manager requests in writing the applicant submit a plat and centerline description of the request area prepared by a licensed surveyor. If the applicant is unable to provide a plat and description, they are prepared by either the District or Central Office personnel. Please note: Plat preparation by the DOH personnel may delay your request.

Disposition of Division of Highways' excess property may be arranged on a permanent basis by:

- 1) Direct sale to the principal abutter, his/hers heirs, or assigns.
- 2) Direct sale to an abutter.
- 3) Sale at Public Auction.
- 4) Exchange of properties.
- 5) Uneconomic remnant sold at Public Auction.

If the subject property has been approved for sale, a deed is prepared by a Division of Highways' attorney and submitted to the Commissioner of Highways for execution.

Sale by public auction will occur when the property in question was acquired for purposes other than right of way, if the only abutter to the property is the Division of Highways, or the abutting owner waives his right of first refusal.

If the sale is by public auction, the District Right of Way Agent then causes a notice to be published in a newspaper which has general circulation in the area where the property is located. By law this notice must appear three times and the first appearance must be at least twenty days prior to the sale. The District Right of Way Agent will also notify you concerning the date of the auction. On the date set for the sale, the District Right of Way Agent or his representative conducts the auction.

The successful bidder must pay the total bid price, plus administrative cost(s), by the end of the next banking day. The District Right of Way Agent then forwards data concerning the auction and a recommendation to proceed with the sale to the Director of the Right of Way Division. The Director and the Division Property Manager review the documentation submitted by the Agent and if

they are satisfied that the proposed sale is proper and in the public interest, a deed is prepared and submitted to the Commissioner for execution.

The Commissioner executes and returns the deed to the Director of Right of Way who then forwards it to the District Right of Way Agent for recordation. The Agent then arranges for delivery of the recorded deed to the successful bidder who is now the grantee.

No employee of the Division of Highways or a member of his or her immediately family is eligible to purchase land or improvements from the Division of Highways.

LEASE PROCEDURE

The Director of the Right of Way Division submits the proposal along with the comments made by the District and Central Office divisions, and with his own recommendations, to the State Highway Engineer for formal authorization to proceed with the lease. Upon receipt of approval to proceed, the District Right of Way Agent:

- 1) Obtains the above mentioned plat, description, and appraisal report if it has not already been received.
- 2) Contacts the applicant to discuss the rental rate and method of payment.
- 3) Has a formal lease prepared by a Division of Highways' attorney.

When there is complete agreement concerning the terms of the lease, the Agent will present it to you for your signature and notarization. Upon receiving the signed lease from you, the Agent will forward it to the Central Office in Charleston to be signed by the Commissioner of the Division of Highways. The original copy of the lease will be sent to you by the District Right of Way Agent.

[DATE]

[INSERT NAME AND ADDRESS OF RECEPIENT]

Dear _____:

Thank you for your inquiry of _____, 20__ to

[INSERT NAME AND TITLE OF DOH REPRESENTATIVE] regarding the City/Town/
Village [CHOOSE THE CORRECT DESIGNATION] of _____’s (herein after
referred to as “Applicant”) request to annex the roadway(s) known as
_____.

The West Virginia Division of Highways (WVDOH) will oppose annexation requests if the primary purpose of the annexation is to allow the municipality to collect business and occupation taxes from WVDOH contractors. Applicant has assured WVDOH that such in not the case and Applicant asserts that annexation will facilitate the delivery of important public services to its residents; therefore, subject to the following Special Conditions, WVDOH concurs with and does not object to annexation of the aforesaid roads into the municipal boundary of Applicant.

Special Conditions: [INSERT AS APPLICABLE OR INDICATE “NONE”].

Please note also that if the municipal boundary is established concurrent with an existing WVDOH right-of-way, a change in the right-of-way by the WVDOH due to future acquisition of additional rights-of-way along that route would result in the municipal boundary no longer being concurrent with the right-of-way.

Thank you for your inquiry. Should you have additional questions, please contact _____ [INSERT NAME AND CONTACT INFORMATION FOR DISTRICT REALTY MANAGER].

Sincerely,

(Use Current Name)

Transportation, Division of Highways

Date Paid

By signing the filled-out form, you:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
2. Certify that you are not subject to backup withholding, or
3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income, and
4. Certify that FATCA code(s) entered on this form (if any) indicating that you are exempt from the FATCA reporting, is correct. See *What is FATCA reporting*, later, for further information.

Note: If you are a U.S. person and a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien;
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States;
- An estate (other than a foreign estate); or
- A domestic trust (as defined in Regulations section 301.7701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax under section 1446 on any foreign partners' share of effectively connected taxable income from such business. Further, in certain cases where a Form W-9 has not been received, the rules under section 1446 require a partnership to presume that a partner is a foreign person, and pay the section 1446 withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid section 1446 withholding on your share of partnership income.

In the cases below, the following person must give Form W-9 to the partnership for purposes of establishing its U.S. status and avoiding withholding on its allocable share of net income from the partnership conducting a trade or business in the United States.

- In the case of a disregarded entity with a U.S. owner, the U.S. owner of the disregarded entity and not the entity;
- In the case of a grantor trust with a U.S. grantor or other U.S. owner, generally, the U.S. grantor or other U.S. owner of the grantor trust and not the trust; and
- In the case of a U.S. trust (other than a grantor trust), the U.S. trust (other than a grantor trust) and not the beneficiaries of the trust.

Foreign person. If you are a foreign person or the U.S. branch of a foreign bank that has elected to be treated as a U.S. person, do not use Form W-9. Instead, use the appropriate Form W-8 or Form 8233 (see Pub. 515, *Withholding of Tax on Nonresident Aliens and Foreign Entities*).

Nonresident alien who becomes a resident alien. Generally, only a nonresident alien individual may use the terms of a tax treaty to reduce or eliminate U.S. tax on certain types of income. However, most tax treaties contain a provision known as a "saving clause." Exceptions specified in the saving clause may permit an exemption from tax to continue for certain types of income even after the payee has otherwise become a U.S. resident alien for tax purposes.

If you are a U.S. resident alien who is relying on an exception contained in the saving clause of a tax treaty to claim an exemption from U.S. tax on certain types of income, you must attach a statement to Form W-9 that specifies the following five items.

1. The treaty country. Generally, this must be the same treaty under which you claimed exemption from tax as a nonresident alien.
2. The treaty article addressing the income.
3. The article number (or location) in the tax treaty that contains the saving clause and its exceptions.
4. The type and amount of income that qualifies for the exemption from tax.
5. Sufficient facts to justify the exemption from tax under the terms of the treaty article.

Example. Article 20 of the U.S.-China income tax treaty allows an exemption from tax for scholarship income received by a Chinese student temporarily present in the United States. Under U.S. law, this student will become a resident alien for tax purposes if his or her stay in the United States exceeds 5 calendar years. However, paragraph 2 of the first Protocol to the U.S.-China treaty (dated April 30, 1984) allows the provisions of Article 20 to continue to apply even after the Chinese student becomes a resident alien of the United States. A Chinese student who qualifies for this exception (under paragraph 2 of the first protocol) and is relying on this exception to claim an exemption from tax on his or her scholarship or fellowship income would attach to Form W-9 a statement that includes the information described above to support that exemption.

If you are a nonresident alien or a foreign entity, give the requester the appropriate completed Form W-8 or Form 8233.

Backup Withholding

What is backup withholding? Persons making certain payments to you must under certain conditions withhold and pay to the IRS 28% of such payments. This is called "backup withholding." Payments that may be subject to backup withholding include interest, tax-exempt interest, dividends, broker and barter exchange transactions, rents, royalties, nonemployee pay, payments made in settlement of payment card and third party network transactions, and certain payments from fishing boat operators. Real estate transactions are not subject to backup withholding.

You will not be subject to backup withholding on payments you receive if you give the requester your correct TIN, make the proper certifications, and report all your taxable interest and dividends on your tax return.

Payments you receive will be subject to backup withholding if:

1. You do not furnish your TIN to the requester,
2. You do not certify your TIN when required (see the instructions for Part II for details),
3. The IRS tells the requester that you furnished an incorrect TIN,
4. The IRS tells you that you are subject to backup withholding because you did not report all your interest and dividends on your tax return (for reportable interest and dividends only), or
5. You do not certify to the requester that you are not subject to backup withholding under 4 above (for reportable interest and dividend accounts opened after 1983 only).

Certain payees and payments are exempt from backup withholding. See *Exempt payee code*, later, and the separate Instructions for the Requester of Form W-9 for more information.

Also see *Special rules for partnerships*, earlier.

What is FATCA Reporting?

The Foreign Account Tax Compliance Act (FATCA) requires a participating foreign financial institution to report all United States account holders that are specified United States persons. Certain payees are exempt from FATCA reporting. See *Exemption from FATCA reporting code*, later, and the Instructions for the Requester of Form W-9 for more information.

Updating Your Information

You must provide updated information to any person to whom you claimed to be an exempt payee if you are no longer an exempt payee and anticipate receiving reportable payments in the future from this person. For example, you may need to provide updated information if you are a C corporation that elects to be an S corporation, or if you no longer are tax exempt. In addition, you must furnish a new Form W-9 if the name or TIN changes for the account; for example, if the grantor of a grantor trust dies.

Penalties

Failure to furnish TIN. If you fail to furnish your correct TIN to a requester, you are subject to a penalty of \$50 for each such failure unless your failure is due to reasonable cause and not to willful neglect.

Civil penalty for false information with respect to withholding. If you make a false statement with no reasonable basis that results in no backup withholding, you are subject to a \$500 penalty.

Criminal penalty for falsifying information. Willfully falsifying certifications or affirmations may subject you to criminal penalties including fines and/or imprisonment.

Misuse of TINs. If the requester discloses or uses TINs in violation of federal law, the requester may be subject to civil and criminal penalties.

Specific Instructions

Line 1

You must enter one of the following on this line; **do not** leave this line blank. The name should match the name on your tax return.

If this Form W-9 is for a joint account (other than an account maintained by a foreign financial institution (FFI)), list first, and then circle, the name of the person or entity whose number you entered in Part I of Form W-9. If you are providing Form W-9 to an FFI to document a joint account, each holder of the account that is a U.S. person must provide a Form W-9.

a. **Individual.** Generally, enter the name shown on your tax return. If you have changed your last name without informing the Social Security Administration (SSA) of the name change, enter your first name, the last name as shown on your social security card, and your new last name.

Note: ITIN applicant: Enter your individual name as it was entered on your Form W-7 application, line 1a. This should also be the same as the name you entered on the Form 1040/1040A/1040EZ you filed with your application.

b. **Sole proprietor or single-member LLC.** Enter your individual name as shown on your 1040/1040A/1040EZ on line 1. You may enter your business, trade, or “doing business as” (DBA) name on line 2.

c. **Partnership, LLC that is not a single-member LLC, C corporation, or S corporation.** Enter the entity’s name as shown on the entity’s tax return on line 1 and any business, trade, or DBA name on line 2.

d. **Other entities.** Enter your name as shown on required U.S. federal tax documents on line 1. This name should match the name shown on the charter or other legal document creating the entity. You may enter any business, trade, or DBA name on line 2.

e. **Disregarded entity.** For U.S. federal tax purposes, an entity that is disregarded as an entity separate from its owner is treated as a “disregarded entity.” See Regulations section 301.7701-2(c)(2)(iii). Enter the owner’s name on line 1. The name of the entity entered on line 1 should never be a disregarded entity. The name on line 1 should be the name shown on the income tax return on which the income should be reported. For example, if a foreign LLC that is treated as a disregarded entity for U.S. federal tax purposes has a single owner that is a U.S. person, the U.S. owner’s name is required to be provided on line 1. If the direct owner of the entity is also a disregarded entity, enter the first owner that is not disregarded for federal tax purposes. Enter the disregarded entity’s name on line 2, “Business name/disregarded entity name.” If the owner of the disregarded entity is a foreign person, the owner must complete an appropriate Form W-8 instead of a Form W-9. This is the case even if the foreign person has a U.S. TIN.

Line 2

If you have a business name, trade name, DBA name, or disregarded entity name, you may enter it on line 2.

Line 3

Check the appropriate box on line 3 for the U.S. federal tax classification of the person whose name is entered on line 1. Check only one box on line 3.

IF the entity/person on line 1 is a(n) . . .	THEN check the box for . . .
• Corporation	Corporation
• Individual • Sole proprietorship, or • Single-member limited liability company (LLC) owned by an individual and disregarded for U.S. federal tax purposes.	Individual/sole proprietor or single-member LLC
• LLC treated as a partnership for U.S. federal tax purposes, • LLC that has filed Form 8832 or 2553 to be taxed as a corporation, or • LLC that is disregarded as an entity separate from its owner but the owner is another LLC that is not disregarded for U.S. federal tax purposes.	Limited liability company and enter the appropriate tax classification. (P= Partnership; C= C corporation; or S= S corporation)
• Partnership	Partnership
• Trust/estate	Trust/estate

Line 4, Exemptions

If you are exempt from backup withholding and/or FATCA reporting, enter in the appropriate space on line 4 any code(s) that may apply to you.

Exempt payee code.

- Generally, individuals (including sole proprietors) are not exempt from backup withholding.
- Except as provided below, corporations are exempt from backup withholding for certain payments, including interest and dividends.
- Corporations are not exempt from backup withholding for payments made in settlement of payment card or third party network transactions.
- Corporations are not exempt from backup withholding with respect to attorneys’ fees or gross proceeds paid to attorneys, and corporations that provide medical or health care services are not exempt with respect to payments reportable on Form 1099-MISC.

The following codes identify payees that are exempt from backup withholding. Enter the appropriate code in the space in line 4.

- 1—An organization exempt from tax under section 501(a), any IRA, or a custodial account under section 403(b)(7) if the account satisfies the requirements of section 401(f)(2)
- 2—The United States or any of its agencies or instrumentalities
- 3—A state, the District of Columbia, a U.S. commonwealth or possession, or any of their political subdivisions or instrumentalities
- 4—A foreign government or any of its political subdivisions, agencies, or instrumentalities
- 5—A corporation
- 6—A dealer in securities or commodities required to register in the United States, the District of Columbia, or a U.S. commonwealth or possession
- 7—A futures commission merchant registered with the Commodity Futures Trading Commission
- 8—A real estate investment trust
- 9—An entity registered at all times during the tax year under the Investment Company Act of 1940
- 10—A common trust fund operated by a bank under section 584(a)
- 11—A financial institution
- 12—A middleman known in the investment community as a nominee or custodian
- 13—A trust exempt from tax under section 664 or described in section 4947

The following chart shows types of payments that may be exempt from backup withholding. The chart applies to the exempt payees listed above, 1 through 13.

IF the payment is for . . .	THEN the payment is exempt for . . .
Interest and dividend payments	All exempt payees except for 7
Broker transactions	Exempt payees 1 through 4 and 6 through 11 and all C corporations. S corporations must not enter an exempt payee code because they are exempt only for sales of noncovered securities acquired prior to 2012.
Barter exchange transactions and patronage dividends	Exempt payees 1 through 4
Payments over \$600 required to be reported and direct sales over \$5,000 ¹	Generally, exempt payees 1 through 5 ²
Payments made in settlement of payment card or third party network transactions	Exempt payees 1 through 4

¹ See Form 1099-MISC, Miscellaneous Income, and its instructions.

² However, the following payments made to a corporation and reportable on Form 1099-MISC are not exempt from backup withholding: medical and health care payments, attorneys' fees, gross proceeds paid to an attorney reportable under section 6045(f), and payments for services paid by a federal executive agency.

Exemption from FATCA reporting code. The following codes identify payees that are exempt from reporting under FATCA. These codes apply to persons submitting this form for accounts maintained outside of the United States by certain foreign financial institutions. Therefore, if you are only submitting this form for an account you hold in the United States, you may leave this field blank. Consult with the person requesting this form if you are uncertain if the financial institution is subject to these requirements. A requester may indicate that a code is not required by providing you with a Form W-9 with "Not Applicable" (or any similar indication) written or printed on the line for a FATCA exemption code.

A—An organization exempt from tax under section 501(a) or any individual retirement plan as defined in section 7701(a)(37)

B—The United States or any of its agencies or instrumentalities

C—A state, the District of Columbia, a U.S. commonwealth or possession, or any of their political subdivisions or instrumentalities

D—A corporation the stock of which is regularly traded on one or more established securities markets, as described in Regulations section 1.1472-1(c)(1)(i)

E—A corporation that is a member of the same expanded affiliated group as a corporation described in Regulations section 1.1472-1(c)(1)(i)

F—A dealer in securities, commodities, or derivative financial instruments (including notional principal contracts, futures, forwards, and options) that is registered as such under the laws of the United States or any state

G—A real estate investment trust

H—A regulated investment company as defined in section 851 or an entity registered at all times during the tax year under the Investment Company Act of 1940

I—A common trust fund as defined in section 584(a)

J—A bank as defined in section 581

K—A broker

L—A trust exempt from tax under section 664 or described in section 4947(a)(1)

M—A tax exempt trust under a section 403(b) plan or section 457(g) plan

Note: You may wish to consult with the financial institution requesting this form to determine whether the FATCA code and/or exempt payee code should be completed.

Line 5

Enter your address (number, street, and apartment or suite number). This is where the requester of this Form W-9 will mail your information returns. If this address differs from the one the requester already has on file, write NEW at the top. If a new address is provided, there is still a chance the old address will be used until the payor changes your address in their records.

Line 6

Enter your city, state, and ZIP code.

Part I. Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. If you are a resident alien and you do not have and are not eligible to get an SSN, your TIN is your IRS individual taxpayer identification number (ITIN). Enter it in the social security number box. If you do not have an ITIN, see *How to get a TIN* below.

If you are a sole proprietor and you have an EIN, you may enter either your SSN or EIN.

If you are a single-member LLC that is disregarded as an entity separate from its owner, enter the owner's SSN (or EIN, if the owner has one). Do not enter the disregarded entity's EIN. If the LLC is classified as a corporation or partnership, enter the entity's EIN.

Note: See *What Name and Number To Give the Requester*, later, for further clarification of name and TIN combinations.

How to get a TIN. If you do not have a TIN, apply for one immediately. To apply for an SSN, get Form SS-5, Application for a Social Security Card, from your local SSA office or get this form online at www.SSA.gov. You may also get this form by calling 1-800-772-1213. Use Form W-7, Application for IRS Individual Taxpayer Identification Number, to apply for an ITIN, or Form SS-4, Application for Employer Identification Number, to apply for an EIN. You can apply for an EIN online by accessing the IRS website at www.irs.gov/Businesses and clicking on Employer Identification Number (EIN) under Starting a Business. Go to www.irs.gov/Forms to view, download, or print Form W-7 and/or Form SS-4. Or, you can go to www.irs.gov/OrderForms to place an order and have Form W-7 and/or SS-4 mailed to you within 10 business days.

If you are asked to complete Form W-9 but do not have a TIN, apply for a TIN and write "Applied For" in the space for the TIN, sign and date the form, and give it to the requester. For interest and dividend payments, and certain payments made with respect to readily tradable instruments, generally you will have 60 days to get a TIN and give it to the requester before you are subject to backup withholding on payments. The 60-day rule does not apply to other types of payments. You will be subject to backup withholding on all such payments until you provide your TIN to the requester.

Note: Entering "Applied For" means that you have already applied for a TIN or that you intend to apply for one soon.

Caution: A disregarded U.S. entity that has a foreign owner must use the appropriate Form W-8.

Part II. Certification

To establish to the withholding agent that you are a U.S. person, or resident alien, sign Form W-9. You may be requested to sign by the withholding agent even if item 1, 4, or 5 below indicates otherwise.

For a joint account, only the person whose TIN is shown in Part I should sign (when required). In the case of a disregarded entity, the person identified on line 1 must sign. Exempt payees, see *Exempt payee code*, earlier.

Signature requirements. Complete the certification as indicated in items 1 through 5 below.

1. Interest, dividend, and barter exchange accounts opened before 1984 and broker accounts considered active during 1983.

You must give your correct TIN, but you do not have to sign the certification.

2. Interest, dividend, broker, and barter exchange accounts opened after 1983 and broker accounts considered inactive during 1983.

You must sign the certification or backup withholding will apply. If you are subject to backup withholding and you are merely providing your correct TIN to the requester, you must cross out item 2 in the certification before signing the form.

3. Real estate transactions.

You must sign the certification. You may cross out item 2 of the certification.

4. Other payments. You must give your correct TIN, but you do not have to sign the certification unless you have been notified that you have previously given an incorrect TIN. "Other payments" include payments made in the course of the requester's trade or business for rents, royalties, goods (other than bills for merchandise), medical and health care services (including payments to corporations), payments to a nonemployee for services, payments made in settlement of payment card and third party network transactions, payments to certain fishing boat crew members and fishermen, and gross proceeds paid to attorneys (including payments to corporations).

5. Mortgage interest paid by you, acquisition or abandonment of secured property, cancellation of debt, qualified tuition program payments (under section 529), ABLE accounts (under section 529A), IRA, Coverdell ESA, Archer MSA or HSA contributions or distributions, and pension distributions. You must give your correct TIN, but you do not have to sign the certification.

What Name and Number To Give the Requester

For this type of account:	Give name and SSN of:
1. Individual	The individual
2. Two or more individuals (joint account) other than an account maintained by an FFI	The actual owner of the account or, if combined funds, the first individual on the account ¹
3. Two or more U.S. persons (joint account maintained by an FFI)	Each holder of the account
4. Custodial account of a minor (Uniform Gift to Minors Act)	The minor ²
5. a. The usual revocable savings trust (grantor is also trustee)	The grantor-trustee ¹
b. So-called trust account that is not a legal or valid trust under state law	The actual owner ¹
6. Sole proprietorship or disregarded entity owned by an individual	The owner ³
7. Grantor trust filing under Optional Form 1099 Filing Method 1 (see Regulations section 1.671-4(b)(2)(i)(A))	The grantor*
For this type of account:	Give name and EIN of:
8. Disregarded entity not owned by an individual	The owner
9. A valid trust, estate, or pension trust	Legal entity ⁴

¹ List first and circle the name of the person whose number you furnish. If only one person on a joint account has an SSN, that person's number must be furnished.

² Circle the minor's name and furnish the minor's SSN.

³ You must show your individual name and you may also enter your business or DBA name on the "Business name/disregarded entity" name line. You may use either your SSN or EIN (if you have one), but the IRS encourages you to use your SSN.

⁴ List first and circle the name of the trust, estate, or pension trust. (Do not furnish the TIN of the personal representative or trustee unless the legal entity itself is not designated in the account title.) Also see *Special rules for partnerships*, earlier.

*Note: The grantor also must provide a Form W-9 to trustee of trust.

Note: If no name is circled when more than one name is listed, the number will be considered to be that of the first name listed.

Secure Your Tax Records From Identity Theft

Identity theft occurs when someone uses your personal information such as your name, SSN, or other identifying information, without your permission, to commit fraud or other crimes. An identity thief may use your SSN to get a job or may file a tax return using your SSN to receive a refund.

To reduce your risk:

- Protect your SSN,
- Ensure your employer is protecting your SSN, and
- Be careful when choosing a tax preparer.

If your tax records are affected by identity theft and you receive a notice from the IRS, respond right away to the name and phone number printed on the IRS notice or letter.

If your tax records are not currently affected by identity theft but you think you are at risk due to a lost or stolen purse or wallet, questionable credit card activity or credit report, contact the IRS Identity Theft Hotline at 1-800-908-4490 or submit Form 14039.

For more information, see Pub. 5027, Identity Theft Information for Taxpayers.

Victims of identity theft who are experiencing economic harm or a systemic problem, or are seeking help in resolving tax problems that have not been resolved through normal channels, may be eligible for Taxpayer Advocate Service (TAS) assistance. You can reach TAS by calling the TAS toll-free case intake line at 1-877-777-4778 or TTY/TDD 1-800-829-4059.

Protect yourself from suspicious emails or phishing schemes.

Phishing is the creation and use of email and websites designed to mimic legitimate business emails and websites. The most common act is sending an email to a user falsely claiming to be an established legitimate enterprise in an attempt to scam the user into surrendering private information that will be used for identity theft.

The IRS does not initiate contacts with taxpayers via emails. Also, the IRS does not request personal detailed information through email or ask taxpayers for the PIN numbers, passwords, or similar secret access information for their credit card, bank, or other financial accounts.

If you receive an unsolicited email claiming to be from the IRS, forward this message to phishing@irs.gov. You may also report misuse of the IRS name, logo, or other IRS property to the Treasury Inspector General for Tax Administration (TIGTA) at 1-800-366-4484. You can forward suspicious emails to the Federal Trade Commission at spam@uce.gov or report them at www.ftc.gov/complaint. You can contact the FTC at www.ftc.gov/idtheft or 877-IDTHEFT (877-438-4338). If you have been the victim of identity theft, see www.IdentityTheft.gov and Pub. 5027.

Visit www.irs.gov/IdentityTheft to learn more about identity theft and how to reduce your risk.

Privacy Act Notice

Section 6109 of the Internal Revenue Code requires you to provide your correct TIN to persons (including federal agencies) who are required to file information returns with the IRS to report interest, dividends, or certain other income paid to you; mortgage interest you paid; the acquisition or abandonment of secured property; the cancellation of debt; or contributions you made to an IRA, Archer MSA, or HSA. The person collecting this form uses the information on the form to file information returns with the IRS, reporting the above information. Routine uses of this information include giving it to the Department of Justice for civil and criminal litigation and to cities, states, the District of Columbia, and U.S. commonwealths and possessions for use in administering their laws. The information also may be disclosed to other countries under a treaty, to federal and state agencies to enforce civil and criminal laws, or to federal law enforcement and intelligence agencies to combat terrorism. You must provide your TIN whether or not you are required to file a tax return. Under section 3406, payers must generally withhold a percentage of taxable interest, dividend, and certain other payments to a payee who does not give a TIN to the payer. Certain penalties may also apply for providing false or fraudulent information.

CONTRACTOR'S PROPOSALTO THE WEST VIRGINIA DEPARTMENT OF TRANSPORTATION, DIVISION OF HIGHWAYS

Proposal of _____
of _____, for the
relocation of the _____ Cemetery, located left and right of
Stations _____, known
as Project No. _____,
_____ County, West Virginia.

The undersigned hereby proposes to remove and reinter according to the specifications now on file in the office of the West Virginia Department of Transportation, Division of Highways, those bodies or remains buried in the above-named cemetery.

The undersigned declares that he has carefully examined the form of contract and specifications, and the drawings therein referred to, and will provide all necessary machinery, tools and apparatus, and furnish all labor and materials and things necessary in the relocation of said cemetery.

Said proposer or his representative has personally examined all the cemeteries listed in said contract, and is acquainted with all the conditions and requirements and the location, ground, material, etc., and is relying on personal knowledge, and not the Department of Transportation, Division of Highways' Estimate, but should the number of gravesites to be relocated differ from the number estimated in the contract or specifications, then the Contractor agrees to remove and reinter all bodies at the unit price hereinafter set forth. The undersigned agrees to do all the work in the most substantial and workmanlike manner called for by said contract and requirements for the unit prices named below and in order to meet with the requirements in the instructions to bidders, the following price is submitted.

SPECIFICATIONS for Disinterring and Reinterring the Remains of Decedents buried in _____ Cemetery, to be relocated by the West Virginia Department of Transportation, Division of Highways Project _____, _____ County.

1. GENERAL:

All labor, tools, equipment and permits necessary for the disinterring, moving, and reinterring are to be furnished by the Contractor. Erosion Control is to be utilized to control soil runoff.

In the event additional graves are discovered, they must be verified, staked, photographed, and documented by the West Virginia Department of Transportation, Division of Highways' personnel prior to removal by the Contractor.

2. OPENING OF GRAVES:

All excavation in old grave locations shall be performed by hand digging and shall be of the necessary depth and dimensions to properly remove any existing remains. If no remains are found, the excavation shall be carried to a depth sufficient to determine if the remains of a grave are present. Such depth will be left up to the direction of the State's inspector. If no remains have been found at this location, the inspector shall determine whether any body has been buried. If he determines that a body has been buried there, he shall direct the Contractor to collect not less than 0.03 m³ (1cubic foot) of the material at the bottom of the excavation and shall reinter such as the last remains. If it is determined, that no remains were buried within the area opened as a grave, then it will be noted as explored and paid as such. Contractor shall refill all opened graves. No grave opened or partially opened shall be left uncovered during such time inspector or guard is absent or during rainy weather.

On graves containing concrete vaults, metal vaults and/or caskets, the use of motorized machinery will only be allowed to open the grave to the top of the concrete vault, metal vault and/or casket. After the grave is opened, the remaining excavation shall be performed by hand digging a minimum of 152mm (6 inches) beyond the vault or casket perimeter to the bottom of the grave. Both ends of the vault or casket will be opened a minimum of 304 mm (12 inches) beyond the length of the container and to a depth to ensure the attachment of a proper device such as a cable, chain, rope, strap, etc. beneath the underside of the vault or casket at each end. The vault or casket will be lifted by means of a device being placed beneath the container, one at each end, in a manner to keep the remains in a horizontal position (level) at all times. A tripod with hoist, boom truck, crane, backhoe, etc. may be connected to the lifting devices and used to lift the concrete vault, metal vault and/or casket from the grave.

Multiple graves are those where more than one deceased is buried in a common area, not considered as a standard size burial plot. Where it is determined, that there is more than one

deceased in a standard plot at different levels, each will be considered as separate interments and reinterments.

Explored Site (possible grave) will be opened the same as excavation of old grave locations to a depth as determined by the State's Inspector to ensure if a grave exists or not. If a grave is discovered it will be assigned a number, stake and photographs taken, and paid as a separate grave and the unit for explored grave reduced.

3. BODY AND ARTICLES TO BE MOVED:

All of the body, or last remains, including such jewelry, identification marks, and other such items, casket, coffin, or other container, are to be removed from each grave, transferred and suitably buried in the new grave. In cases of excessive wood removed from burial site, the wood/boards lying above the decedent remains may be disposed of at the direction of the State's inspector, the material cannot be buried, but is to be disposed of by contractor. Where there is an existing metal casket and or metal vault the is damaged to a point beyond reuse the contractor is responsible to remove from site and dispose of at a proper landfill or salvage yard. Concrete Vaults that are not reusable are to be broken into small pieces and can be disposed of at site.

4. CONTAINERS:

Except where the existing rough box or casket is in good condition and can be moved intact, the Contractor shall disinter, transport and reinter in proper containers, the remains of all decedents to such places that may be designated by the West Virginia Department of Transportation, Division of Highways, said containers shall be metal caskets as specified in bid proposal or a wooden box constructed of 20 mm ($\frac{3}{4}$ inch) plywood or boards. If constructed of boards, they shall be of a good quality commercial lumber, sound, free of loose knots and having a nominal thickness of 25 mm (1 inch). Screw nails shall be used with plywood. Plywood, A - C grade, is the minimum grade acceptable. The wooden box used by the Contractor shall be of suitable size to remove all contents of the grave but in no case shall any container be less than 508 mm x 254 mm x 1 524 mm (20" x 10" x 5') in size. The existing container of the original interment can be used providing it is still in good condition, which permits moving it as a unit.

Some cases may require the Contractor to construct a larger box to contain the contents of a grave. This will be done at the direction of the State Inspector at no additional cost to the State. This will be paid at the same unit price as contained in the bid proposal.

On certain projects where the existing container has failed and cannot be moved, something other than the specified casket or wooden box might be required. If such a project would occur, the specifications and quantity for the type of containers will be made part of the Contractor's Proposal and paid at the unit price as contained in the Bid Proposal and per Section 20c as contained herein.

5. REMOVING AND TRANSPORTING OF BODIES:

The body or last remains, coffin or other container is to be removed from the grave, placed in the casket or rough box (if necessary), sealed and covered until transferred. When loading, the remains shall be kept in a horizontal position at all times. The container shall be placed in a closed conveyance or on a trailer, tightly covered so no portion is exposed, for transportation to the designated cemetery and reinterred in accordance with the regular burial procedure, however, no person or persons shall ride in the enclosed portion of the conveyance containing the remains of the deceased persons. If reintering cemetery requires grave opening/closing and reintering be done by its own forces and the Department did not purchase this, then this cost should be included in the contractor's bid unit price. The Contractor shall make payment to the Cemetery for its services.

6. REINTERRING:

The Contractor shall perform all excavation of whatever material encountered, including rock, for new graves to the necessary dimensions to permit free entry of the box, container or vault to be placed therein. The new grave shall be dug to a depth sufficient to ensure a minimum of 915 mm (3 feet) over the container in nonperpetually maintained cemeteries or as specified per the regulations of the perpetual cemeteries, said distance to be measured to finished, graded ground surface. All reinterments by the Department will be placed in vault or grave liners as per bid proposal. New graves shall not be excavated more than one day prior to reinterment unless otherwise directed by the Division of Highways' inspector in charge. All reburial should be placed on a as level of bottom as possible and no items (ex. Rocks, clods of dirt, etc.) place beneath to level.

7. BACKFILL:

Materials for backfill and new graves shall consist of the excavated materials or borrow of materials approved by the inspector in charge and shall be free of trash, lumber, large clods or other debris. Backfill shall be placed in such a manner as to provide compaction of a density at least equal to the density of adjacent earth so as to prevent settlement or shrinkage. Backfill on new graves shall not be mounded but shall be leveled off flush with the surrounding ground. In the event settlement or sinking and /or shifting of the monument should occur within a period of 90 days after completion of the contract, the Contractor shall be required to refill all areas where settlement occurs and correct the monument placement at no additional cost to the West Virginia Department of Transportation, Division of Highways.

8. ROADS:

It shall be the responsibility of the Contractor to reach the disinterment cemeteries and the reinterment site by the most feasible routes at the time the work called for under this contract is performed. Contractor may be required to establish ingress and egress by whatever means.

9. TRENCHING OF THE DISINTERMENT CEMETERY:

Upon the removal of all known graves at the disinterment site, it can be necessary to trench within the existing cemetery to search for any additional graves, so as to ensure that all remains have been removed. This is performed by digging parallel trenches approximately 914 mm (3 feet) apart, to a depth of 457 mm to 610 mm (18 to 24 inches) at the direction of the State Inspector. The trench opening shall have a width between 457 mm to 610 mm (18 to 24 inches). The Contractor and Inspector will view the side walls for any signs of a grave. The Department may choose in lieu of trenching to use the open pit method where all of the earth in the burial area is excavated to a depth as directed by the State's Inspector, no less than 3 feet, and the area probed to determine if additional burial are present. The Contractor will also provide the necessary personnel to probe the bottom of the trench or pit at 305 mm (12 inches) intervals. The trenching or open pit method, if required, will be added as a bid item in the Contractor's Proposal and includes costs for seeding and mulching of this site.

10. MARKING OF GRAVE SPACES:

Each grave space shall be marked with a wood stake prior to any reinterment, and the grave identification marked on the stake for grave identification by the inspector in charge and the Contractor. Stakes that protrude above the ground surface shall be removed prior to completion of the work.

11. SEEDING:

The ground at the newly dug graves and any other disturbed areas in the reinterment cemetery shall be suitably graded to drain, prepared, fertilized, seeded, and mulched at a favorable season of the year for grass to grow to maturity.

12. FERTILIZER:

The minimum composition 10-6-4 (10 percent nitrogen, 6 percent phosphoric acid, 4 percent potash) shall be applied uniformly over the areas to be seeded at a rate of 0.5 kg per 0.84 m² (1 pound per square yard), and shall be incorporated into the soil to a depth of approximately 50 mm (2 inches).

13. SEED:

Seed shall be labeled in accordance with the U. S. Department of Agriculture Rules and Regulations under the Federal Seed Act in effect on the date of Invitation for Bids. All grass seed shall have a maximum weed content of 1 percent. The seed mixture shall be made up in the following proportion, by weight:

<u>Kind of Seed</u>	<u>Percent by Weight</u>
Kentucky Bluegrass	50%
Chewing Fescue	20%
Alta or Kentucky 31	30%

Seed may be broadcast either by hand or approved sowing equipment at a rate of approximately 0.5 kg per 21 m² (1 pound per 25 square yards).

14. MULCHING:

The areas to be seeded shall be mulched with straw at the rate of approximately 3 362 kg per hectare (3,000 pounds per acre). The mulch shall be anchored as directed in the field.

15. PAYMENT:

No separate payment will be made for the work covered by Sections 11, 12, 13, and 14 and all costs in connection therewith shall be included in the applicable contract price for the opening/closing bid item to which the work pertains.

16. REMOVAL AND RESETTING OF MONUMENTS AND GRAVE MARKERS:

The Contractor shall remove all monuments, headstones, footstones, gravestones, and grave markers, including all metal markers and ornaments of value from the existing cemetery, and transport and reset them at the proper graves in the reinterment cemetery. All such items shall be clearly marked to ensure their replacement over the correct grave. The State's inspector shall determine any other items of value to be moved. The Contractor shall take all precautions to protect such articles from damage during his operations and shall, as determined by the State's inspector, either repair or replace at his own expense any such articles which may be broken, damaged, lost or stolen in the process of relocation.

Stones, which are too heavy to handle by hand,, shall be handled with fiber rope or leather slings. Wire rope or chain slings will not be permitted. All stones shall be adequately supported and braced during transportation. Supports and bracing shall be of wood. All gravestones and monuments shall be reset in as good a condition in the reinterment site on concrete foundations of such size that they extend beyond the outside limits of the

monument base by not less than 152 mm (6 inches) all around for the full depth of the foundation. Any monument exceeding 1.5 m (5 feet) in height shall have a foundation extending 305 mm (12 inches) beyond its base on all sides. This outside margin of the base shall be finished to provide a 20 mm (¾ inch) drop, or slope to the outside edge on all four sides. The outside edges of the concrete base shall be 50 mm (2 inches) above the finished grade. Except for the 50 mm (2 inches) above grade, no forms will be required for the foundations, provided that reasonably neat lines can be excavated. The concrete foundations shall be set for a depth and thickness at least equal to the original setting, but not less than 457 mm (18 inches), with the exception that foundations for small stones shall be set to a depth of not less than 305 mm (12 inches). Stones shall be set in mortar upon their foundations, with the exception that slab type monuments shall be inserted in the concrete after it has attained its initial set, leaving the same length of the monument above the concrete that was above the ground line in the original setting. All monuments shall be set plumb and true to the lines set by the inspector. Monuments of more than one piece may be moved as separate pieces and reset in the reinterment site in their original condition and position, and joined together with a suitable bonding material. Specifications for concrete used in base or foundation for monuments shall be one part cement, two parts sand and four parts clean gravel, not exceeding 38 mm (1½ inches) in diameter.

Any existing broken monuments shall be removed and reset in a horizontal position on concrete bases on their respective graves in the reinterment site. The methods used and the quality of work to be done shall be in accordance with the accepted best procedure. Some perpetual care cemeteries require that their own forces set the monument(s) within the reinterment cemetery. If that is the case, then this cost shall be included in the Contractor's bid unit price, unless purchased by the Department, and the Contractor shall make payment to the cemetery for its services.

17. FURNISHING OF MARKERS:

The Contractor shall furnish marble or granite markers for all unknown graves and for those graves identified but which have no identifying marker. There will also be cases where existing markers will not be accepted by the perpetual care cemeteries and a new marker or monument will be furnished as part of the contract. This marker and/or monument shall be in accordance with the minimum required specification of the perpetual care cemeteries. Vases will be required for markers and/or monuments in the perpetual care cemeteries. The methods used and the quality of work to be done shall be in accordance with the accepted best practice or as required by the reinterment cemetery. A granite marker shall be furnished in non-perpetual care cemeteries. This marker shall be a minimum size of 200 mm x 100 mm x 405 mm (8" x 4" x 16") or larger. All markers shall include an average of three lines of lettering indicated by the West Virginia Department of Transportation, Division of Highways, markers can be in-bedded into the soil on solid ground with no footing to a depth of at least 25 mm (1") and monuments set on a foundation of concrete 152 mm (6 inches) in thickness with a minimum margin of 76 mm (3 inches) extended around the marker flush with original ground level or as required by the reinterment cemetery.

18. RELIGIOUS SERVICES:

If the next of kin desire to hold religious services at the grave of their deceased relatives, such service shall be permitted by the Contractor at the disinterment and/or reinterment sites. In like manner, private funerals at the reinterment cemetery involving original interments by private agencies shall be permitted by the Contractor when properly authorized by the cemetery owner. In all cases involving original interments, the Contractor shall take such measures as may be required to make the designated burial lot available and accessible at the time designated by the cemetery owner. The Contractor shall cease all operations at the site during such times as private funerals or religious services are being held in the cemetery. An extension of time equal to that lost due to the suspension of operations during private funerals or religious services will be granted by the State's inspector. An accurate record of all such suspensions shall be kept by the Contractor and the State.

19. PRIVATE REMOVAL:

- a. In the event the next of kin prefer to move the decedent's remains instead of having it done by the West Virginia Department of Transportation, Division of Highways, performance of such removal will be withdrawn from the Contractor and the decedent's next of kin may make private provisions with the Contractor or with any other person qualified for such removal. The West Virginia Department of Transportation, Division of Highways will pay to the Contractor or such other qualified person after removal and receipt of a release from the next of kin, the unit price listed in the Contractor's proposal for such removal and reinterment.
- b. In the event the reintering cemetery requires that their own forces open and close the relocated grave, the Contractor shall pay for same and be reimbursed by the West Virginia Department of Transportation, Division of Highways at the unit price bid.
- c. The West Virginia Department of Transportation, Division of Highways reserves the right to withdraw from the contract any removal it deems expedient or necessary.

20. MEASUREMENT AND PAYMENT FOR MOVING GRAVES:

- a. Opening & Backfilling Graves: All work in connection with opening and backfilling graves in the existing cemetery will be measured as one unit for each grave opened and backfilled at the direction of the State's inspector and will be paid for at the contract unit price for "Opening and Backfilling Graves in Existing Cemetery". Graves containing more than one body or remains will be paid for as only one unit.
- b. Opening of Explored Graves: All work in connection with opening and backfilling of explored holes in the existing cemetery will be measured as one unit for each explored hole opened and refilled, this will be paid for at the contract price for "Opening and Backfilling of Explored Graves". If no opening/closing of Explored Graves were included in the Contract Proposal and its later

determined by the State's Inspector that explored holes are required, then this will be measured as one unit for each hole opened and refilled. This will be paid for at the contract unit price for "Opening and Backfilling Graves in Existing Cemetery".

- c. Furnishing of Caskets and/or Wooden Containers and Vaults: Casket and/or Wooden containers for the remains will be measured as one unit for each grave opened, except for multiple graves where payment will be made for additional containers at the direction of the State's Inspector for the contracted price. Vaults, concrete or metal, and grave liners will be furnished and paid at the contracted price as required by the reinterment cemetery or the Department.
- d. Removal and Reinterment of Bodies and Remains: Bodies and remains removed from the existing cemetery, boxed, placed in a vault if required, transported and reinterred in the new cemetery, including the excavation and backfill of the new graves, will be measured as one unit for all bodies and remains removed from each respective grave, and paid for at the contract unit price for "Removing Remains, Transporting, Reintering, Opening and Closing". Where bodies are obtained from a multiple grave and boxed separately, payment will be made for additional interments. Where two bodies or remains from two separate graves are reinterred in one grave, such reinterment will be considered as only one unit for payment purposes. The removal or reassembling of vaults of any kind, as provided herein, shall be included in this contract price. If reintering cemetery requires grave opening and closing done by its own forces, this cost should be included in the contractor's bid unit price if not purchased by the Department. The Contractor shall make payment to the cemetery for its services.
- e. Measurement and Payment for Moving Gravestones and Monuments: Gravestones, headstones, grave markers, and monuments removed from the existing cemeteries, transported and re-erected in the new location will be measured as one unit for each complete unit of stone removed and reset, and will be paid for at the applicable contract unit price for "Gravestones and Monuments Removed and Reerected" for the various weights of gravestones and monuments involved. Payment weights will be based on computed volume of the stones in cubic meters (cubic feet) as determined from measurements made by the inspector, multiplied by the weight per cubic meter (cubic foot) for the type of stone encountered. The weights to be used in determining payment weights will be 4.25 cubic meters (150 pounds per cubic foot) for sandstone gravestones and monuments and 4.81 cubic meters (170 pounds per cubic foot) for granite, limestone, and marble gravestones and monuments. The monuments at the foot of graves will not be counted as a separate item but their weights will be added to that of the headstone and all considered as one unit, except that on graves having a double headstone and two footstones, the extra footstone will be considered as a separate monument. Concrete for the bases will not be included in the determination of size and weights of the gravestones and monuments but the cost of such concrete for setting or reerecting will be included in the bid unit price.
- f. Furnishing of Monument(s): The Contractor shall furnish marble or granite markers as per specifications. The unit price will include the cost of monument(s), required lettering, concrete foundation, setting of monument(s).
- g. Trenching: The Contractor is required to trench or use the open pit method at the disinterment site,

will provide the equipment, operator, and personnel to probe as per specifications. This will be paid as one bid unit price.

21. GENERAL:

- a. Basis of Award: Award of all items will be made to one bidder and, therefore, bidders must quote on all items. The right is reserved as the interest of the West Virginia Department of Transportation, Division of Highways may require to reject any and all bids and to waive any informality in bids received. Bids not quoting on all items will not be considered.
- b. Instructions: The individual items taken collectively cover all phases of the work required to bring the job to completion as outlined in the specifications. The cost of each item listed or unit costs include all the labor, material, and equipment required to make a complete job. Items of material or labor not specifically mentioned but which, are a part of any item are to be included in the bid price for that item.
- c. Qualification of Bidders: Bidders will be required to show that they have the necessary equipment, facilities, experience and ability to perform the work in a satisfactory manner. Bidders must also be qualified to comply with the requirements of the West Virginia Department of Health or other applicable state regulations regarding the disinterment and reinterment of bodies. In the event the bidder does not hold a West Virginia embalmer license or funeral director license, he/she shall have a West Virginia licensed embalmer or funeral director serve as his/her sponsor, whose presence is required at all times during the operations of disinterment and reinterment of remains. This work shall be conducted under his/her supervision in accordance with the usual practices for the interment and disinterment of decedents. It will be necessary that the successful bidder has sufficient and adequate equipment for the carrying out of the provisions of any contract which may result from this invitation and the equipment of all bidders will be subject to an inspection by a representative of the West Virginia Department of Transportation, Division of Highways to determine whether or not the equipment offered by the bidder is sufficient and adequate before award is made.
- d. Purpose of Work: The purpose of the work covered by these specifications is the removal of bodies and remains, and gravestones, markers, and monuments from the existing disinterment cemetery within the area of a Division of Highways project, and the reinterment of the bodies and remains, the resetting of the gravestones, markers and monuments, and the furnishing and setting of new grave markers in the new cemetery sites hereinafter described, and all other items of work called for in these specifications or shown on the drawings attached hereto.

All work shall be performed in a workmanlike manner and special effort shall be made that it is done with care, decency and reverence for the remains of the deceased. The general public shall not be permitted within the work areas. **Only authorized personnel shall be permitted on site.**

- e. Contractor's Responsibility: The Contractor shall be responsible for the entire work under his contract and for all tools, appliances, and property of every description used in the disinterring, transferring and reinterment of all bodies and the removal, transfer and re-erection of all gravestones, headstones, grave markers and monuments. The Contractor shall specifically and distinctly assume all risks of damage or injury to persons or property resulting from any actions or operation under his contract, or in connection with the work, and shall protect and defend the State and its officers and employees against all claims on account of injury or damage.

- f. Permits and Reports: The Contractor shall be responsible for and obtain all necessary permits from Federal, State, County and municipal authorities which may be necessary, at his cost, including burial removal permits (Form VS-035), which may be obtained from the County Registrar of Vital Statistics, and the Contractor shall furnish to the Federal, State, County and municipal authorities such reports or records as are required by law.
- g. Sanitary Provisions: The Contractor shall provide and maintain in a neat, sanitary condition and to the satisfaction of State's inspector, such accommodations for the use of his employees and State's inspector(s), as the inspector deems necessary and shall commit no public nuisance.
- h. Records: After completion of all disinterment and reinterment, the Contractor shall prepare and furnish to the District Right of Way Agent, one full and complete copy of his daily grave record, containing the Project Number, Name of Disinterment Cemetery, DOH Grave Numbers, Date Disinterred, Date Reinterred, Location of Reinterment, Inventory of all Items found during Relocation, Date and Sign each Sheet, Name of Deceased or Unknown can be shown in the Remarks Column. The Contractor shall keep a complete copy or original of the daily record at the project site of all bodies disinterred, transferred and reinterred. For the convenience of the next of kin, a current schedule indicating the approximate time at which disinterment of bodies will take place should also be available.

22. BOND:

At the time of the execution of a contract, the successful bidders shall execute and deliver to the West Virginia Department of Transportation, Division of Highways, a good and sufficient surety and/or collateral bond payable to the State of West Virginia in the amount of 100% of the contract price.

23. INSURANCE:

Contractor's General Liability Insurance: The Contractor shall maintain commercial general liability (CGL) coverage with limits not less than: General Aggregate \$2,000,000, Products/Completed Operations Aggregate \$2,000,000, Personal & Advertising Injury \$1,000,000, Each Occurrence \$1,000,000, Fire Damage \$50,000, Medical Expense Limit \$5,000. This policy shall cover liability arising from premises-operations, independent contractors, products-completed operations, personal injury and advertising injury, and liability assumed under an insured contract.

There shall be no endorsement or modification of the CGL limiting the scope of coverage for liability arising from explosion, collapse, or underground property damage whenever, work involving these exposures are undertaken. The CGL policy shall include endorsements that amend the aggregate limits of insurance to be applicable to each construction project separately.

Employer's Liability Insurance: The Employer's Liability policy must include coverage to protect the contractor for claims brought under Section 23-4-2 of West Virginia Code. The limits of insurance under this section shall be as follows: Each accident \$500,000, Each disease \$500,000, Each disease/employee \$500,000.

Automobile Insurance in the amount of not less than \$1,000,000 combined single limit and this policy shall include coverage for all owned, hired, or non-owned cars/trucks/equipment used on

the Project.

The Contractor must provide certificates or proof of all insurance with a 30-day notice of cancellation provisions, if an out-of-state company, policies must be co-signed by a West Virginia Insurance Agent. The certification of insurance must show the effective date and expiration date which should be for a length of time until the Bond is released after the completion of the contract.

24. WORKERS' COMPENSATION:

Contractor shall carry Workers' Compensation.

25. ON DUTY AT THE OPERATION:

Contractor shall have on duty at the site of the operation a West Virginia licensed embalmer or funeral director at all times that any work is in progress.

26. WAGES AND HOURS:

Contractor shall comply with minimum wage rates as established by the West Virginia Department of Labor, pursuant to Chapter 21, Article 5-A of the Official Code of West Virginia, 1931, as amended, and shall comply with the contract for Required Provisions Federal-Aid Contracts, the Work Hours Act of 1962 and Public Law 87-851, approved August 13, 1962, and the schedule containing the Wage Determination decision of the Secretary of Labor, made pursuant to authority contained in 23 USC 113, all of which are attached hereto and made a part hereof.

27. COMPLETION DATE:

The Contractor shall have the number of days specified in the Cover Letter of the Bid Package from date of the letting of the contract in which to complete this work. Time is of the essence in the completion of the proposed contract and failure to complete the contract within the specified time shall be grounds for the West Virginia Department of Transportation, Division of Highways stopping Contractor's work and completing the work itself or by others at the expense of the Contractor.

28. REJECTION OF SERVICES:

If a contract is made as a result of this bid and the services rendered are found not to be according to the contract, plans and specifications set forth, any and all of the work may be stopped and rejected by the inspecting officer under the contract. The Department thereupon will complete the work itself or by others at the expense of the Contractor.

29. REINTERMENT CEMETERIES:

Reinterment shall be in the cemeteries listed on a separate sheet and attached hereto or any other cemetery within an 80 km (50 mile) radius of the Disinterment Cemetery, or as

may be designated by the West Virginia Department of Transportation, Division of Highways.

30. CONTRACTOR NOT AGENT OF STATE:

It is understood that Contractor is not and shall not represent himself as being an Agent of the State of West Virginia or of the West Virginia Department of Transportation, Division of Highways, and Contractor further hereby agrees to indemnify and save harmless the West Virginia Department of Transportation, Division of Highways against any and all liability that will or may be incurred in the execution of this agreement.

4. (A) Small, Women-Owned, Minority-Owned Businesses

West Virginia Code §5A-3-59 establishes a procurement certification program in West Virginia for small, women-, and minority-owned businesses. Requirements related to the certification program are provided in the **West Virginia Code of State Rules** §148-2-1 et seq. Note that this certification provides nonresident vendors preference that is equivalent to competing resident (West Virginia) vendors that have applied for resident vendor preference, in accordance with **West Virginia Code** §5A-3-37. This certification may assist resident small, women-, and minority-owned businesses when soliciting business in other states. If you are renewing your two-year SWAM business certification status, please indicate the appropriate designation below.

Certification of Status (*Check all those which apply*)

- Minority-owned Business** [1] means a business concern that is at least fifty-one percent owned by one or more minority individuals or in the case of a corporation, partnership, or limited liability company or other entity, at least fifty-one percent of the equity ownership interest in the corporation, partnership, or limited liability company or other entity is owned by one or more minority individuals and both the management and daily business operations are controlled by one or more minority individuals.
- A “minority individual” means an individual who is a citizen of the United States or a noncitizen who is in full compliance with United States immigration law and who satisfies one or more of the following definitions:
 - **African American** means a person having origins in any of the original peoples of Africa and who is regarded as such by the community of which this person claims to be a part.
 - **Asian American** means a person having origins in any of the original peoples of the Far East, Southeast Asia, the Indian subcontinent or the Pacific Islands, including, but not limited to, Japan, China, Vietnam, Samoa, Laos, Cambodia, Taiwan, Northern Mariana, the Philippines, a U.S. territory of the Pacific, India, Pakistan, Bangladesh, or Sri Lanka and who is regarded as such by the community of which this person claims to be a part.
 - **Hispanic American** means a person having origins in any of the Spanish-speaking peoples of Mexico, South or Central America, or the Caribbean Islands or other Spanish or Portuguese cultures and who is regarded as such by the community of which this person claims to be a part.
 - **Native American** means a person having origins in any of the original peoples of North America and who is regarded as such by the community of which this person claims to be a part or who is recognized by a tribal organization.

CONTRACT FOR THE RELOCATION OF GRAVES

THIS CONTRACT, Made this _____ day of _____, _____, between the WEST VIRGINIA DEPARTMENT OF TRANSPORTATION, DIVISION OF HIGHWAYS, hereinafter called DEPARTMENT, and _____, a corporation, hereinafter called CONTRACTOR.

WITNESSETH:

WHEREAS, the DEPARTMENT is planning to award a contract for construction of Project No. _____, in _____ County, West Virginia, and in consideration of said project it is necessary to disinter and reinter approximately _____ (_____) bodies from what is known as the _____ Cemetery (Parcel No. _____), located between Stations _____ & _____ of said project, said reinterment to be made in accordance with specifications attached hereto and made a part hereof; and

WHEREAS, the DEPARTMENT advertised for bids covering said relocation of graves set out in specifications and plans and CONTRACTOR was the low bidder thereon, which bid was accepted by DEPARTMENT.

NOW, THEREFORE, for the consideration of One (\$1.00) Dollar cash in hand paid, the receipt and sufficiency of which are hereby acknowledged, and for the further consideration as hereinafter set out, the CONTRACTOR agrees to obtain all permits required by law, to furnish at its own cost and expense all necessary material, labor, tools and equipment, and to complete in a workmanlike and substantial manner, with care, decency and reverence shown for the remains of the deceased, the obligations hereinafter set forth.

CONTRACTOR agrees to disinter and reinter said bodies through and under the supervision of a West Virginia licensed embalmer or funeral director, and according to the said plans and specifications.

CONTRACTOR agrees to make such relocation of graves at the cost of _____ (\$_____) Dollars, and to complete such relocation within _____ (_____) working days from the date of the letting of this contract. Cost is the sum of the items listed in the Contractor's Proposal, based upon estimates of work to be performed, and in arriving at the actual sum to be paid, a tabulation shall be made of the items actually completed and payment made accordingly. Any deviation in the quantity shall not affect the unit price agreed upon.

The CONTRACTOR agrees that it is fully informed as to all conditions affecting the work to be done, as well as to labor and materials to be furnished for the completion of this contract, and that such information was secured by personal investigation and research, and not wholly from any estimate of DEPARTMENT, and that it will make no claim against the DEPARTMENT by reason of any estimate, test or representations heretofore made by any officer or agent of the DEPARTMENT.

It is agreed that time is of the essence of this contract, and that in the event of failure to complete, within the time limit above set out, CONTRACTOR will reimburse DEPARTMENT an amount to be determined by DEPARTMENT as sufficient to cover fully any additional demonstrable costs incurred by DEPARTMENT because of such failure.

CONTRACTOR agrees that as a condition precedent to the effectiveness of this contract, it will furnish the DEPARTMENT the name, address and West Virginia license number, with its expiration date, of the embalmer or funeral director under whose continuous supervision the obligations hereunder are to be discharged, and that it will furnish DEPARTMENT with copies of the removal permits required for the disinterring and reintering of the said bodies.

It is further agreed that if at any time during the prosecution of the work, DEPARTMENT shall determine that the work provided for is not being performed according to the contract, plans or specifications, or for the best interest of the DEPARTMENT, it may suspend or stop this work under the contract while it is in progress and thereupon complete the work at the expense of the CONTRACTOR in such a manner as will be in accordance with the contract and in the best interests of the DEPARTMENT as provided herein.

It is understood and agreed that the said plans, specifications, attachments and Contractor's Proposal, copies of which are hereto attached, are each a part and parcel of this contract.

CONTRACTOR agrees not to assign, transfer, convey, sublet or otherwise dispose of this contract or its right, title or interest therein, or its power to execute such contract, to any other person, company or corporation, without the previous consent in writing of DEPARTMENT.

A copy of the bond given by CONTRACTOR to secure a proper compliance with the terms and provisions of this contract is hereto attached and made a part hereof.

Upon completion of the work set forth herein and in the specifications, and after payment of taxes as required by law, DEPARTMENT will pay to CONTRACTOR the sums set forth in Contractor's Proposal for the work actually performed hereunder.

IN WITNESS WHEREOF, the WEST VIRGINIA DEPARTMENT OF TRANSPORTATION,

F O R W A R D

In 1956, the United States Congress, in its continuing effort to provide for construction of modern highways for our motoring public, established the national interstate system of highways. As a result of the highway program, many of our citizens have relocated and many more must still relocate to new homes and to new business locations.

In 1962, Congress, recognizing the burden placed on those people who have had to move, established a national policy which permitted the state highway departments to offer assistance on a formal basis and to help pay the costs of moving which before were borne solely by the relocatees themselves. In response to this offer, our Legislature established relocation assistance and moving cost reimbursement program to be administrated by the West Virginia Department of Transportation, Division of Highways. Since that time, the Division of Highways has assisted, as well as reimbursed moving costs to, many hundreds of people who have moved to make way for all Federal-aid highways.

In 1968, Congress broadened the benefits of relocation by making it possible for the state highway departments to aid those occupants of residential properties who had to move because of highway construction in finding adequate, decent, safe and sanitary replacement housing. Again, our Legislature enacted legislation making it possible for the West Virginia Department of Highways to pass these additional benefits on to the people of our State who had to move because of Federal-aid highway construction.

On January 2, 1971, Congress passed, and the President signed, the "Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970" which increased the amount of payments and replacement benefits. The West Virginia Legislature has made it possible for the Department of Highways to participate in the full Federal-aid highway program.

The "Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970" and its amendments establish a uniform policy for the fair and equitable treatment of persons relocated as a result of Federal and Federally assisted programs so that they will not suffer disproportionate injuries as a result of programs designed for the benefit of the general public.

It provides a program of advisory assistance, moving cost payments, and replacement housing payments to every eligible relocatee.

It also assures that there will be available, for each residential relocatee, replacement housing which is decent, safe and sanitary and with the means of his income.

All replacement housing must be fair housing—open to all persons regardless of race, color, religion, sex or national origin and must be offered to every relocatee.

The Department of Transportation, Division of Highways, since 1962, has fully supported the relocation program. Evidence of this support may be found in the fact that recently West Virginia has been a national leader in the number of payments made to relocatees. It is our intention to remain in a position of leadership by offering the best possible assistance and by expeditious handling of the payments due our citizens who move to permit our highway program to continue at its rapid pace.

FACTUAL INFORMATION

This booklet provides a general summary and explanation of the West Virginia Department of Transportation, Division of Highways' Relocation Assistance and Payment Program which is available to all persons, families, businesses, farms and non-profit organizations relocated as a result of Federal-aid highway construction on or after January 2, 1971.

It does not constitute a statement of the law nor does it purport to cover all technical details of the program.

Please keep and read this booklet as the guidelines offered herein may save time and prevent possible misunderstanding about our program.

SECTION 24.208 OF "THE UNIFORM RELOCATION ASSISTANCE AND REAL PROPERTY ACQUISITION POLICIES ACT OF 1970" READS AS FOLLOWS:

"No payment received under this title shall be considered as income for the purpose of the Internal Revenue Code of 1954; or for the purpose of determining the eligibility or the extent of eligibility of any person for assistance under the Social Security Act or any other Federal law."

(Except for any Federal law providing low-income housing assistance.)

A Relocation Agent will explain the program in detail and will offer to assist you in any way possible.

He will provide all forms needed in order to apply for any of the payments available under the program.

Further information may be obtained by contacting a Relocation Agent at the District Office which is responsible for highway activities in the area. A list of the District Offices can be found in the back of this booklet.

CAUTION: DO NOT MAKE COMMITMENTS REGARDING RELOCATION UNTIL YOU HAVE BEEN ADVISED OF ELIGIBILITY REQUIREMENTS OF THE PROGRAM BY A RELOCATION AGENT. FAILURE TO DO THIS MAY RESULT IN THE LOSS OF CERTAIN BENEFITS AND PAYMENTS.

Every effort will be made to provide you with ample time for relocation. On or after the initiation of negotiations for a parcel you will be given a written notice which assures that you will not be required to move before 90 days from the date of this

notice. This notice also provides that 30 days prior to being required to move, a written notice will be provided setting forth the specific date by which the property must be vacated.

It is the policy of the West Virginia Department of Transportation, Division of Highways that no person shall be displaced by the Department's Federal and Federally-assisted construction projects unless and until adequate replacement housing within the financial means of the relocatee has been provided for or is built.

RELOCATION ADVISORY ASSISTANCE

IS

AVAILABLE

IF YOU DESIRE ADVISORY ASSISTANCE BECAUSE OF THE
ACQUISITION OF REAL PROPERTY NEEDED FOR A HIGHWAY PROJECT,
CONTACT THE APPROPRIATE DISTRICT RIGHT OF WAY AGENT
LISTED ON THE LAST PAGE OF THIS BROCHURE

WHAT IS ASSISTANCE

The Right of Way Division of the West Virginia Department of Transportation, Division of Highway (hereinafter called "Department"), has the responsibility of acquiring properties, relocating individuals, families, businesses, farm operations, and non-profit organizations, and clearing properties of structures to prepare for the construction of highways. The Relocation Section of the Right of Way Division welcomes the opportunity of offering assistance to those who are to be relocated in finding decent, safe and sanitary housing into which they may relocate and to make known to businesses, farm operations and non-profit organizations replacement sites and facilities that may serve their needs.

PROPERTIES AVAILABLE

Properties for sale and for rent are referred to the relocatees, if requested, as listed by realtors, owners, newspaper advertisements, FHA, VA, trust departments, rental agencies, public housing, builders, developers, and other listing services.

INFORMATION AND LITERATURE

Maps, plans, school and church locations, employment and recreational facilities, utility rates and transportation schedules, pamphlets published to inform those who wish information concerning Small Business Loans, FHA and VA loans, banks and other lending agencies' rates and terms, health and home advice, welfare and other social benefits, and other helpful pamphlet literature are provided.

PAYMENT BENEFITS DISCUSSED

Assistance is offered in processing forms and other documents necessary to receive payments for moving costs, replacement housing benefits, and certain closing costs incurred in purchasing a replacement dwelling, including interest differential payments.

WHO MAKES ASSISTANCE OFFER

When the Right of Way Agent makes the fair market value offer to the owner, he will explain the relocation assistance and services program. Within a reasonable length of time after the initiation of negotiations for a parcel, all tenant-occupants will be personally contacted by relocation personnel to explain the relocation program.

ASSISTANCE PRIOR TO NEGOTIATIONS TO ACQUIRE

Advisory assistance is available prior to the time the owner of the real property is made the offer. Inquiries concerning eligibility for relocation payments prior to actual moving are encouraged. **YOU SHOULD MAKE NO COMMITMENT REGARDING RELOCATION UNTIL YOU HAVE BEEN ADVISED OF ELIGIBILITY REQUIREMENTS OF THE PROGRAM BY A RELOCATION AGENT.** The beginning of negotiations to acquire the real property establishes the eligibility date for relocation payment benefits.

MOVING EXPENSE PAYMENTS
TO
INDIVIDUALS AND FAMILIES

YOU MAY QUALIFY FOR MOVING EXPENSE PAYMENTS
IF IT IS NECESSARY FOR YOU TO MOVE FROM
YOUR DWELLING BECAUSE OF THE ACQUISITION
OF REAL PROPERTY NEEDED FOR A HIGHWAY PROJECT.

MOVING EXPENSE ELIGIBILITY

If it is necessary that you move from a dwelling, you are entitled to receive payment for moving your personal property.

QUALIFICATIONS TO APPLY FOR PAYMENT

You qualify to apply for such payment when:

1. You are in occupancy at the initiation of negotiations to acquire the real property, and
2. You qualify as a "Displaced Person" (see DEFINITIONS).

ELIGIBILITY TO RECEIVE PAYMENT

You are eligible to receive payment when:

1. You move your personal property from the real property.

COMMERCIAL MOVE METHOD

You may choose a commercial mover acceptable to the Department and direct him to move your personal property to a specified location. After the move is completed, you will be reimbursed for the actual reasonable expense of moving your personal property a distance not to exceed 50 miles (80 km), as evidenced by the moving invoice from the commercial mover. Other service expenses, such as reconnecting utility service, may be reimbursed if authorized by the Department and provided the expenses are supported by invoices or receipts from the performer of the services.

MOVING EXPENSE SCHEDULE METHOD

As an alternative to the commercial move method, you may be reimbursed according to a schedule prepared by the Department and which includes a dislocation allowance (See Page 7).

The moving expense schedule is applicable to individuals and families who occupy furnished or unfurnished dwellings and mobile homes. The number of eligible rooms and square feet areas must be determined, prior to moving, by a representative of the Department.

CLAIM FILING DATE AND PAYMENT

You must file a written moving expense claim on a form provided by the Department within eighteen (18) months after the following dates:

Tenants – The date you move from the property.

Owners -

1. The date you move from the property; or
2. The date you are paid for the property. In the case of condemnation, this date is the date the court deposit is made.

MOVING EXPENSE PAYMENTS
TO
NON-PROFIT ORGANIZATIONS, BUSINESSES, FARM OPERATIONS

YOU MAY QUALIFY FOR MOVING EXPENSE PAYMENTS
IF IT IS NECESSARY FOR YOU TO MOVE FROM
YOUR DWELLING BECAUSE OF THE ACQUISITION
OF REAL PROPERTY NEEDED FOR A HIGHWAY PROJECT.

MOVING EXPENSE ELIGIBILITY

You are entitled to receive payment for moving expenses if it is necessary that you move personal property from a non-profit organization, business or farm operation.

QUALIFICATIONS TO APPLY FOR PAYMENT

You qualify to apply for such payment when:

1. You are in occupancy at the initiation of negotiations to acquire the real property, and
2. You qualify as a "Displaced Person" (See DEFINITIONS).

ELIGIBILITY TO RECEIVE PAYMENT

You are eligible to receive payment when:

1. You move your personal property from the real property.

INVENTORY

Prior to but near the time of the actual move, you must prepare an inventory of the items of personal property to be moved. The inventory should include such services as disassembling or disconnecting and reassembling or reconnecting of machinery, equipment, appliances and other items classified as personal property, including reconnection of utilities to such items which do not constitute an improvement to the replacement realty.

INSPECTIONS

You must permit an agent from the Department to inspect both the old and new properties and verify the inventory.

NOTICE OF MOVE

You must provide the Department with advanced notice of the date on which you plan to move your personal property to enable the Department to monitor the move.

COMMERCIAL MOVE METHOD

You may choose a commercial mover, acceptable to the Department, and direct him to move your personal property to a specified location. After the move is completed, you will be reimbursed for the actual reasonable expense of

moving your personal property a distance not to exceed 50 miles (80 km) as evidenced by the moving invoice from the commercial mover. Other expenses, such as packing, crating, unpacking, disconnecting, dismantling, removal, reassembling, reinstalling, storage (not to exceed 12 months), relettering signs, replacing obsolete stationery, insurance, licenses, actual direct loss of tangible personal property and reconnecting utility services, may be reimbursed if authorized by the Department provided the expenses are supported by invoices or receipts from the performer of the services.

SMALL BUSINESS REESTABLISHMENT EXPENSES

In addition, a "Small Business", farm or non-profit organization may be eligible for up to \$25,000 reimbursement for certain actual reasonable expenses incurred in reestablishing. These expenses may include: repairs or improvements required by law, certain modifications to the replacement property, certain exterior signing, and provisions for utilities from right of way to improvements, redecorating, feasibility studies, advertising, extra costs of operation and other costs in conjunction with the reestablishment of the business, farm or non-profit organization.

MOVING EXPENSE FINDING METHOD

In business cases where the move is not complicated or the other moving methods are inappropriate, a qualified Department employee may make a moving cost finding (estimate) as the basis for payment.

SELF-MOVE METHOD "BIDS"

As an alternative, you may be reimbursed an amount equal to the lower of two (2) bids or estimates provided the Department obtains the bids or estimates and authorizes you to proceed with the move.

SEARCHING FOR A REPLACEMENT SITE

In addition, you may be paid for the actual reasonable expense, not to exceed \$2,500.00, in searching for a replacement business site. Such expense may include transportation expenses, meals, lodging away from home and the reasonable value of time actually spent in searching. All expenses claimed, except value of time actually spent in searching, must be supported by invoices, receipted bills or other evidence of expenses incurred.

IN LIEU OF MOVING EXPENSES

As an alternative, a non-profit organization or owner of a business or farm operation may receive a payment equal to his "average annual net earnings" instead of being reimbursed for his actual moving expenses. The payment shall not be less than \$1,000.00 no more than \$40,000.00.

ELIGIBILITY

To be eligible, the following requirements must be met:

Business:

The Department must determine:

1. That the business cannot be relocated without a substantial loss of existing patronage;
2. That the business is not part of a commercial enterprise having at least three other locations not being acquired, engaged in a like or similar operation;
3. That the business "contributed materially" to the income of the displaced person.

NOTE: A person whose sole business is the rental of property to others shall not qualify for this type payment. (Landlords)

Farm:

The Department must determine:

1. That the farm operation was discontinued or relocated in its entirety, or
2. In the case of partial acquisition:
 - a) The taking caused the operation to be displaced from the farm operation on the remaining land, or
 - b) The taking caused such a substantial change in the principal operation or the nature of the existing farm operation as to constitute a displacement.

Non-Profit Organization

The Department must determine:

1. That the non-profit organization cannot be relocated without a substantial loss of existing patronage (membership or clientele).

CLAIM FILING DATE AND PAYMENT

You must file a written moving expense claim on a form provided by the Department within eighteen (18) months after the following dates:

Tenants - The date you move from the property

Owners -

1. The date you move from the property; or
2. The date you are paid for the property. In the case of condemnation, this date is the date the court deposit is made.

REPLACEMENT HOUSING PAYMENTS
FOR
OWNER-OCCUPANTS IN OCCUPANCY 90 DAYS OR MORE

YOU MAY QUALIFY FOR A REPLACEMENT HOUSING PAYMENT,
MORTGAGE INTEREST DIFFERENTIAL PAYMENT AND A PAYMENT
FOR EXPENSES INCIDENT TO THE PURCHASE OF REPLACEMENT
HOUSING IF IT IS NECESSARY FOR YOU TO MOVE FROM YOUR
DWELLING BECAUSE OF THE ACQUISITION OF REAL PROPERTY
NEEDED FOR A HIGHWAY PROJECT.

REPLACEMENT HOUSING PAYMENT TO PURCHASE AND OCCUPY

If you are the owner-occupant of your dwelling, you may receive payments, the combined total of which may not exceed \$31,000.00, for the cost necessary:

1. To purchase replacement housing;
2. To compensate you for the loss of favorable financing of replacement housing;
3. To reimburse you for expenses incident to the purchase of replacement housing.

QUALIFICATIONS TO APPLY FOR PAYMENT

You qualify to apply for such payment when you are in occupancy and have been in occupancy for at least 90 consecutive days immediately prior to the date of the initiation of negotiations to acquire the real property.

ELIGIBILITY TO RECEIVE PAYMENT

You are eligible to receive payment when:

1. You purchase and occupy a decent, safe and sanitary dwelling within a period of one (1) year from the latest of the following dates:
 - a) The date on which the owner received from the Department final payment for all costs of the acquired dwelling in negotiated settlements; or, in the case of condemnation, the date on which the required payment is deposited with the court for the benefit of the owner; or
 - b) The date on which he was offered decent, safe and sanitary replacement housing. (The date on Form RW 12.13.)
2. The Department inspects the replacement dwelling and determines that it meets decent, safe and sanitary standards.
3. You indicate, to the best of your knowledge and belief, the replacement dwelling meets decent, safe and sanitary standards.
4. You file your claim for payment, on a form provided by the Department, within six (6) months after the expiration of the one (1)

year period specified in Paragraph 2 above, except that in condemnation cases the period shall be extended to six (6) months after final adjudication.

COMPUTATION

The replacement housing payment is the difference between the acquisition amount paid to you by the Department for your dwelling and the lessor of:

1. What you actually paid for your decent, safe and sanitary replacement dwelling, or
2. The amount determined by the Department as necessary to purchase a comparable decent, safe and sanitary dwelling.

CONDEMNATION PROCEEDINGS

If the acquisition price is delayed pending the outcome of the condemnation proceedings, an advance replacement housing payment may, in certain cases, be computed and paid to you.

The computed replacement housing payment is the amount determined by the Department as necessary to acquire a comparable decent, safe and sanitary dwelling, less the Department's maximum offer to purchase.

If, in condemnation proceedings, you are awarded an acquisition price greater than the Department's maximum offer to purchase, the replacement housing payment is recomputed. The recomputed replacement housing payment is the amount determined by the Department as necessary to acquire a comparable decent, safe and sanitary dwelling less the amount awarded in the condemnation proceedings.

If you wish to be paid the advance replacement housing payment, and meet all Replacement Housing Payment requirements, you must agree in writing to refund to the Department from your judgment, as determined in the condemnation proceedings, the recomputed excess amount created by the condemnation proceedings. In no event are you required to refund more than the advance replacement housing payment.

INCREASED INTEREST PAYMENT

You may receive payments for increased mortgage interest costs when:

1. The dwelling acquired by the Department was encumbered by a bona fide mortgage which was a valid lien on such dwelling for not less than 90 days prior to the date of initiation of negotiations, and
2. The mortgage on the replacement dwelling bears a high rate of interest than the mortgage interest rate on the acquired dwelling and does not exceed the prevailing fixed interest rate for conventional mortgages in the project area.

INTEREST PAYMENT COMPUTATIONS

The computations to determine amounts of interest differentials are made by experienced Department personnel according to established formulas and include certain origination and assumption fees and purchaser's points.

EXPENSES INCIDENT TO PURCHASE OF REPLACEMENT HOUSING

You may be reimbursed for actual reasonable costs incurred by you that are incident to the purchase of a replacement dwelling. Such costs may include the following, if necessary and reasonable:

1. Legal, closing and related costs, including those for title search and insurance, preparing conveyance instruments, notary fees, preparing surveys and plats and recording fees;
2. Lender, FHA or VA application fees that do not represent prepaid interest. Appraisal fees when required by lending institutions.
3. FHA or VA application fee;
4. Certification of structural soundness and termite inspection when required;
5. Credit report;
6. Owner's and mortgagee's evidence or assurance of title. (Not to exceed costs for comparable replacement dwelling.)
7. Escrow agent's fee;
8. Such other costs as the Department determines to be incidental to the purchase.

Normally the charges for abstract and/or survey must occur no later than at the time of the closing on the replacement property.

REPLACEMENT HOUSING PAYMENT TO RENT AND OCCUPY

If you elect to rent and occupy, instead of purchase and occupy, a decent, safe and sanitary dwelling – your payment may not exceed \$5,250.00 and will be calculated as a 90 day occupant. (See 90 Day Occupant in Green Section).

If you have received a rental payment and within one (1) year after relocation elect to purchase a decent, safe and sanitary dwelling, you may receive an additional replacement housing payment, less the rental payment previously received; however, the combined total may not exceed the original determination.

REPLACEMENT HOUSING PAYMENTS
FOR
90 DAY OCCUPANTS TENANTS
IN OCCUPANCY 90 DAYS OR MORE

YOU MAY QUALIFY FOR A REPLACEMENT HOUSING PAYMENT
IF IT IS NECESSARY FOR YOU TO MOVE FROM A
DWELLING BECAUSE OF THE ACQUISITION OF REAL PROPERTY
NEEDED FOR A HIGHWAY PROJECT.

REPLACEMENT HOUSING PAYMENT TO RENT AND OCCUPY

If you elect to rent and occupy, instead of purchase and occupy, a decent, safe and sanitary dwelling – your payment may not exceed \$7,200.00 and will be calculated as a 90 day occupant. (See 90 Day Occupant in Green Section).

QUALIFICATIONS TO APPLY FOR PAYMENT

You qualify to apply for such payment when you are in occupancy and have been in occupancy for at least 90 consecutive days immediately prior to the date:

1. Of initiation of negotiations to acquire the real property, and
2. You qualify as a “Displaced Person” (See DEFINITIONS).

ELIGIBILITY TO RECEIVE PAYMENT

You are eligible to receive payment when:

1. You rent and/or purchase and occupy a decent, safe and sanitary dwelling within a one (1) year period beginning on the later of:
 - a) The date you move; or
 - b) The date on which the owner receives from the Department final payment for all costs of the acquired dwelling in negotiated settlement; or
 - c) In the case of condemnation, the date on which the Department deposits the required amount in court for the benefit of the owner.
2. The Department inspects the replacement dwelling and determines that it meets decent, safe and sanitary standards;
3. You indicate, to the best of your knowledge and belief, the replacement dwelling meets decent, safe and sanitary standards;
4. You file your claim for payment, on a form provided by the Department, within six (6) months after the expiration of the one (1) year period specified in Paragraph 1 above.
5. You submit to the Department either a rent receipt for at least the first month’s rent or a copy of a lease agreement that verifies actual rent being paid for the replacement unit.

COMPUTATION

The amount of the payment is the difference between:

1. The estimated monthly market rent and utilities for your dwelling unit for 42 months; and
2. The lesser of either the estimated comparable replacement rent and utilities or what you actually pay for rent for your replacement unit for 42 months.

PAYMENT DISBURSEMENT

Rent supplements will be made in one (1) payment. Exceptions are when Replacement Housing of Last Resort is necessary and the payment will be made in equal installments. The Department will determine the payment schedule on a case by case basis.

REPLACEMENT HOUSING PAYMENT TO PURCHASE AND OCCUPY

If you choose to purchase and occupy a decent, safe and sanitary dwelling, you may elect to apply your \$7,200.00 payment to a down-payment and incidental closing costs on a decent, safe and sanitary replacement home of your choice. You must provide documentation that the entire payment was used for the replacement property.

If you have received a rental payment and within one (1) year after relocation elect to purchase a decent, safe and sanitary dwelling, you may receive an additional replacement housing payment, less the rental payment previously received; however, the combined total may not exceed \$7,200.00.

MOBILE HOMES
ASSISTANCE, MOVING AND REPLACEMENT HOUSING PAYMENTS

YOU MAY QUALIFY FOR RELOCATION ASSISTANCE, MOVING EXPENSE PAYMENTS AND REPLACEMENT HOUSING PAYMENTS IF IT IS NECESSARY FOR YOU TO MOVE FROM YOUR MOBILE HOME BECAUSE OF THE ACQUISITION OF REAL PROPERTY NEEDED FOR A HIGHWAY PROJECT.

MOBILE HOMES

ASSISTANCE OFFERED

Assistance in finding decent, safe and sanitary replacement housing and other assistance, as described under the general heading of Relocation Assistance (Pink Section), is available to occupants of mobile homes.

MOVING EXPENSE

Moving and related expense payments are available when applicable, as described under the general heading of Moving and Related Expense Payments, Individuals, Families, Businesses and Farms (Yellow Section).

REPLACEMENT HOUSING

Replacement Housing payments are available, when applicable, as described under the heading Replacement Housing Payments (owner and tenant, Green and Blue Sections). The Relocation Agent will advise you of benefits, when applicable.

APPEALS

IF DISSATISFIED

In the event you are dissatisfied with either the determination concerning eligibility for payment or the amount of the payment offered, you may file an appeal.

OPPORTUNITY TO BE HEARD

If you make an appeal, you will be given full opportunity to be heard.

HEARING AT DISTRICT LEVEL

A preliminary hearing will be held at the District level by prearrangement between you and the District Right of Way Agent.

FORMAL HEARING

If you are dissatisfied with the results of the preliminary hearing, the District Right of Way Agent will arrange for a more formal hearing with the Director of the Right of Way Division.

NOTIFICATION OF DECISION

A prompt decision will be reached on the basis of evidence submitted and you will be notified of such decision.

LIMITATIONS

All appeals must be filed promptly within a reasonable time period. The right to appeal is terminated when a displacee files a written claim for payment. Should no written claim be submitted to the Department, the right to appeal is limited to no later than sixty (60) days after you have been advised of your relocation eligibility.

LAST RESORT HOUSING PROGRAM

Whenever a project cannot proceed on a timely basis because comparable replacement dwellings are not available, the Department will initiate a "Last Resort Housing" project.

DEFINITIONS

ACQUIRED

The time at which the Department obtains legal possession of the real property.

ACQUISITION COST

Price paid the owner for property rights acquired.

APPEAL

Any party aggrieved by the eligibility determination made by the Department concerning their replacement housing offer, moving costs, incidental costs, or mortgage interest differential payment may appeal.

BREAKOUT

The Fair Market Value of the dwelling and its site, exclusive of any excess land or other improvements.

BUSINESS

The term "business" means any lawful activity, except a farm operation, conducted primarily:

1. For the purchase, sale, lease, and/or rental of personal and/or real property, and/or for the manufacturing, processing and/or marketing of products, commodities, and/or any other personal property; or
2. For the sale of services to the public; or
3. By a non-profit organization that has established its non-profit status under applicable Federal and State laws; or
4. Outdoor advertising.

COMPARABLE REPLACEMENT DWELLING

A comparable replacement dwelling is one which is:

1. Decent, safe, and sanitary as defined under “STANDARDS FOR DECENT, SAFE, AND SANITARY HOUSING”.
2. Functionally equivalent to the displacement dwelling. The term “functionally equivalent” means that it performs the same function, provides the same utility, and is capable of contributing to a comparable style of living. While a comparable replacement dwelling need not possess every feature of the displacement dwelling, the principal features must be present. Generally, functional equivalency is an objective standard, reflecting the range of purposes for which the various physical features of a dwelling may be used. However, in determining whether a replacement dwelling is functionally equivalent to the displacement dwelling, the Department may consider reasonable trade-offs for specific features when the replacement unit is “equal to or better than” the displacement dwelling.
3. Adequate in size to accommodate the occupants;
4. In an area not subject to unreasonable adverse environmental conditions;
5. In a location generally not less desirable than the location of the displaced person’s dwelling with respect to public utilities and commercial and public facilities, and reasonably accessible to the person’s place of employment;
6. On a site that is typical in size for residential development with normal site improvements, including customary landscaping. The site need not include special improvements such as outbuildings, swimming pools, or greenhouses.
7. Currently available to the displaced person on the private market. However, a comparable replacement dwelling for a person receiving government housing assistance before displacement may reflect similar government housing assistance.
8. Within the financial means of the displaced person.
 - i. A replacement dwelling purchased by a homeowner in occupancy for at least 90 days prior to initiation of negotiations (90-day homeowner) is considered to be within the homeowner’s financial means if the homeowner is paid the full price differential as described at paragraph 12.14.3, all increased mortgage interest

cost as described at paragraph 12.15, and all incidental expenses as described at paragraph 12.16, plus any additional amount required as “Last Resort Housing”, paragraph 12.28.

- ii. A replacement dwelling rented by an eligible displaced person is considered to be within his or her financial means if, after receiving rental assistance under this part, the person’s monthly rent and estimated average monthly utility costs for the replacement dwelling do not exceed the person’s base monthly rental for the subject dwelling.
- iii. For a displaced person who is not eligible to receive a replacement housing payment because of the person’s failure to meet length-of-occupancy requirements comparable replacement rental housing is considered to be within the person’s financial means if the Department pays that portion of the monthly housing costs of a replacement dwelling which exceeds 30 percent of such person’s gross monthly household income or, if receiving a welfare assistance payment from a program that designates amounts for shelter and utilities, the total of the amounts designated for shelter and utilities. Such rental assistance must be paid under replacement housing of last resort.

CONTRIBUTES MATERIALLY

The term “contributes materially” means that during the two (2) taxable years prior to the taxable year in which displacement occurs, or during such other period as the Department determines to be more equitable, a business or farm operation:

1. Had average annual gross receipts of at least \$5,000; or
2. Had average annual net earnings of at least \$1,000; or
3. Contributed at least 33 1/3 percent of the owner’s or operator’s average annual gross income from all sources.
4. If the application of the above criteria creates an inequity or hardship in any given case, the Department may approve the use of other criteria as determined appropriate.

DECENT, SAFE, AND SANITARY DWELLING

PLEASE UNDERSTAND THAT THE REPLACEMENT DWELLING DECENT, SAFE, AND SANITARY INSPECTION THAT WILL BE CONDUCTED BY AGENCY PERSONNEL IS FOR THE SOLE PURCHASE OF DETERMINING YOUR ELIGIBILITY FOR A RELOCATION PAYMENT. YOU, THEREFORE, MUST NOT INTERPRET THE AGENCY'S APPROVAL OF A DWELLING TO PROVIDE ANY ASSURANCE OR GUARANTEE THAT THERE ARE NOT DEFICIENCIES IN THE DWELLING OR IN ITS FIXTURES AND EQUIPMENT. IT IS THEREFORE YOUR RESPONSIBILITY TO PROTECT YOUR BEST INTEREST AND INVESTMENT IN THE PURCHASE OR RENTAL OF YOUR REPLACEMENT PROPERTY AND YOU MUST CLEARLY UNDERSTAND THAT THE AGENCY WILL ASSUME NO RESPONSIBILITY OF BLAME IF STRUCTURAL, MECHANICAL, LEGAL, OR OTHER PROBLEMS ARE DISCOVERED.

A dwelling which meets applicable housing and occupancy codes. However, any of the following standards which are not met by an applicable code shall apply, unless waived for good cause by the Federal agency funding the project. The dwelling shall:

1. Be structurally sound; weathertight, and in good repair.
2. Contain a safe electrical wiring system adequate for lighting and other electrical devices.
3. Contain a heating system capable of sustaining a healthful temperature (of approximately 70 degrees) for a displaced person, except in those areas where local climatic conditions do not require such a system.
4. Be adequate in size with respect to the number of rooms and area of living space needed to accommodate the displaced person. There shall be a separate, well-lighted and ventilated bathroom that provides privacy to the user and contains a sink, bathtub or shower stall, and a toilet, all in good working order and properly connected to appropriate sources of water and to a sewage drainage system. In the case of a housekeeping dwelling, there shall be a kitchen area that contains a fully usable sink, properly connected to potable hot and cold water and to a sewage drainage system, and adequate space and utility service connections for a stove and refrigerator.
5. Contain unobstructed egress to safe, open space at ground level. If the replacement dwelling unit is on the second story or above, with access directly from or through a common corridor, the common corridor must have at least two means of egress.

6. For a handicapped displacee, be free of any barriers which would preclude reasonable ingress, egress, or use of the dwelling by a displaced person who is handicapped.

DISPLACED PERSON (RELOCATEE, DISPLACEE)

Any person who moves from the real property or moves his or her personal property from the real property:

1. As a direct result of the Department's acquisition of such real property in whole or in part for a project. This includes any person who moved from the real property as a result of the initiation of negotiations. In the case of a partial acquisition, the Department shall determine whether the person is displaced as a direct result of the partial acquisition; or
2. As a result of a written order from the Department to vacate such real property for the project; or
3. As a result of the Department's acquisition of, or written order to vacate, other real property for a project on which the person conducts a business, farm operation, or is a non-profit organization. Eligibility as a displaced person under this subparagraph applies only for purposes of obtaining relocation assistance advisory services and moving expenses.

Persons not displaced. The following is a nonexclusive listing of persons who do not qualify as a displaced person under these regulations.

1. A person who moves before the initiation of negotiations; or
2. A person who initially enters into occupancy of the property after the date of its acquisition for the project; or
3. A person who is not required to relocate permanently as a direct result of a project. Such determination shall be made by the Department in accordance with any guidelines established by the Federal agency funding the project; or
4. A person who, after receiving a notice of relocation eligibility, is notified in writing that he or she will be displaced for a project. Such notice shall not be issued unless the person has not moved and the Department agrees to reimburse the person for any expenses incurred to satisfy any obligations entered into after the effective date of the notice of relocation eligibility; or
5. An owner-occupant who voluntarily sells his or her property after being informed in writing that if a mutually satisfactory agreement of sale cannot be reached, the Department will not acquire the property. In such cases,

however, any resulting displacement of a tenant is subject to these regulations; or

6. A person who retains the right of use and occupancy of the real property for life following its acquisition by the Department.

DWELLING

The place of permanent or customary and usual residence of a person, according to local custom or law, including a single family house; a single family unit in a two-family house; a single family unit in a two-family, multi-family, or multi-purpose property; a unit of a condominium or cooperative housing project; a non-housekeeping unit; a mobile home; or any other residential unit.

EXISTING PATRONAGE

The term “existing patronage”, except in the case of a non-profit organization, means the average annual net dollar volume of business transacted during the two taxable years immediately preceding the taxable year in which the business is relocated. With regard to a non-profit organization, it means membership or clientele.

FAMILY

Two or more individuals living together in a single family dwelling unit who:

1. Are related by blood, adoption, marriage or legal guardianship who live together as a family unit, plus all other individuals regardless of blood or legal ties who live with and are considered a part of the family unit; or
2. Are not related by blood or legal ties but live together by mutual consent. (See definition of “HOUSEHOLD”.)

FARM OPERATION

The term “farm operation” means any activity conducted solely or primarily for the production of one or more agricultural products or commodities, including timber, for sale or home use, and customarily producing such products or commodities in sufficient quantity to be capable of contributing materially to the operator’s support.

FUNCTIONALLY SIMILAR

This term is used as one part of the definition of “Comparable Replacement Dwelling” and means that the comparable must perform the same function, provide the same utility and be capable of contributing the same lifestyle as the subject. While it need not possess every feature of the subject, the principle features must be present.

HOUSEHOLD

Those who dwell under the same roof and compose a family. Also a social unit comprised of those living together in the same dwelling. (See definition of "FAMILY".)

ILLEGAL ALIEN

Person not lawfully present in the United States.

INITIATION OF NEGOTIATIONS

The term "initiation of negotiations" means the date on which the owner of the property or his designated representative is given a written offer by the Department's representative for the property to be acquired.

MORTGAGE

The term "mortgage" means such classes of liens as are commonly given to secure advances on, or the unpaid purchase price of, real property, under the law of the State of West Virginia, provided the real property is located in the State, together with the credit instruments, if any, secured thereby.

NON-PROFIT ORGANIZATION

The term "non-profit organization" means a corporation, partnership, individual or other public or private entity that has established its non-profit status under applicable Federal or State law.

OWNER OF SUBJECT DWELLING

A displaced person is considered to have met the requirements to own a displacement dwelling if the person holds any of the following interests in real property acquired for a project:

1. Fee title, a life estate, a 99-year lease, or a lease, including any options for extension, with at least 50 years to run from the date of acquisition; or
2. An interest in a cooperative housing project which includes the right to occupy a dwelling; or
3. A contract to purchase any of the interests or estates described in subparagraphs (1) or (2) of this paragraph; or
4. Any other interest, including a partial interest, which in the judgment of the Department warrants consideration as ownership.

90-DAY TENANT OR OWNER

A tenant or owner who has actually and lawfully occupied the subject dwelling for at least 90 days immediately prior to the initiation of negotiations.

PERSON

The term "person" means any individual, family, partnership, company, corporation, or association.

RELOCATEE (DISPLACEE)

Any person who meets the definition of a displaced person.

SMALL BUSINESS

A business having at least one, but not more than 500 employees working at the site being acquired.

TENANT

A family or individual having temporary possession and lawful occupancy of the property belonging to another with his consent.

UTILITY COST

Expenses for heat, lights, water and sewer.

REPLACEMENT PAYMENTS - OWNER

State Project _____ DOH District _____ Parcel _____
Federal Project _____ County _____

Occupant: _____

This is to inform you that the West Virginia Department of Transportation, Division of Highways has authorized a supplemental payment offer to you. This amount is offered to you provided you meet all eligibility requirements of a 90-day owner occupant as outlined in the "Relocation Brochure". If you do not have a brochure, please request one immediately.

Based on information assembled by this office, you are entitled to an amount up to \$ _____ additional dollars as a price differential payment provided you spend the fair market value of \$ _____, plus the replacement housing supplement, on a decent, safe, and sanitary replacement housing payment that cost at least _____. The amount of the replacement housing payment is based on a comparable Dwelling located at _____

This offer is subject to the condition that you meet all requirements of the Relocation Assistance and Real Property Policy Act of 1970 and its Amendments, which is summarized in the Relocation Brochure for further information about the exact procedure for payment computation. Before any payment can be made, you must be able to fully document your eligibility.

In the event of condemnation proceedings, the claimant acknowledges that the amount of any Price Differential Payment will be reduced so that the combined amount of the final judgment and the replacement housing payment does not exceed the cost of this comparable dwelling, but in no event shall the amount be reduced by more than the replacement housing payment.

Personnel at our office are ready to assist you should you have any questions or need assistance.
