---

The purpose of this addendum is to modify the solicitation identified as ("Solicitation") to reflect the change(s) identified and described below.

**Applicable Addendum Category:**

- Modify bid opening date and time
- Modify specifications of product or service being sought
- Attachment of vendor questions and responses
- Attachment of pre-bid sign-in sheet
- Correction of error
- Other

**Description of Modification to Solicitation:**

Addendum 1 is issued for the following reason:

- 1.Attachment of pre-bid sign-in sheet

No other changes

**Additional Documentation:** Documentation related to this Addendum (if any) has been included herewith as Attachment A and is specifically incorporated herein by reference.

**Terms and Conditions:**

1. All provisions of the Solicitation and other addenda not modified herein shall remain in full force and effect.
2. Vendor should acknowledge receipt of all addenda issued for this Solicitation by completing an Addendum Acknowledgment, a copy of which is included herewith. Failure to acknowledge addenda may result in bid disqualification. The addendum acknowledgement should be submitted with the bid to expedite document processing.

Responses to Questions from Vendors

**Question 1**

We are mostly interested in bidding the "Tractor with boom mower attachment". In several districts we have provided brush mowing services with a wheeled excavator mower. I have attached a photo of the piece of equipment performing the same task as the "tractor with boom mower". Can we bid this contract under the assumption that we are using this piece of equipment? If not, can an item be added to the solicitation?

**Answer 1**

This piece of equipment is classified as an excavator per the John Deere website and would have to be bid as an "Excavator with Boom Mower Attachment." We will research this equipment further so it may be added to future related contracts, however we are not adding it to this solicitation at this time. Vendors may only bid on equipment as listed on the ATT A Pricing Pages.

**Question 2**

Are there any key performance indicators (KPIs) or performance metrics that the contractor will be evaluated against?

**Answer 2**

The performance of the contractor will be monitored and assessed by the District Engineer and/or their Designee in accordance with the contract specifications. Please refer to Section 3.2.1.

**Question 3**

How will the performance of the equipment and operator be monitored and assessed?

**Answer 3**

The performance of the equipment and operator will be monitored and assessed by the District Engineer and/or their Designee in accordance with the contract specifications. Please refer to Section 3.2.1.

**Question 4**

How will the performance of the equipment and operator be monitored and assessed?

**Answer 4**

Please see response to the previous question.

**Question 5**

What safety protocols and training requirements are expected for the operator and any accompanying personnel?

**Answer 5**

Vendor is responsible for ensuring that their personnel have been provided with the adequate safety training prior to assignment at a WVDOH project site.

**Question 6**

Upon reviewing this solicitation, we would like to have further clarification on what types of equipment that is being requested. Mainly for the two categories which seem to be more in line with the types of equipment that we currently have. 11 Aerial Bucket Truck - Highway Rated, 50' Reach, 43.5' radius, 360 degrees boom rotation. 89 Dump Truck - Single Axle We have aerial bucket trucks in 50' and 60'/70' with forestry dumps or flatbed configurations. All our dump trucks are forestry type dumps, except for the log loader trucks, which are open on the top. If a forestry type of dump bed is your intended purpose, will brush chippers need to be utilized? If so, will chippers be required to be added in with the price of the trucks, or need to be added to the contract and billed separately?

**Answer 6**

Aerial bucket trucks are available for bid - however no distinction is made between the type of dump or bed configuration. For dump trucks, there is no assumption that a chipper will be utilized with the dump truck bid and the price bid should not include chipper services - only the equipment with operator services listed on the ATT A Pricing Pages.

ADDENDUM ACKNOWLEDGEMENT FORM  
SOLICITATION NO.: ARFQ DOT240000052

Instructions: Please acknowledge receipt of all addenda issued with this solicitation by completing this addendum acknowledgment form. Check the box next to each addendum received and sign below. Failure to acknowledge addenda may result in bid disqualification.

Acknowledgment: I hereby acknowledge receipt of the following addenda and have made the necessary revisions to my proposal, plans and/or specification, etc.
