**SOLICITATION: ARFQ DOT2300000127, PavePro or Equivilant**

**QUESTION #1**

On page two of the bid documents in the ADDITIONAL INFORMATION section: It states: "OPEN END CONTRACT FOR ASPHALT CRACK SEALANT..." However; the bid is titled for PavePro or equal which is not a crack sealant.

**ANSWER:**

This is a typo. It should not read Asphalt Crack Sealant. This PO is for PavePro Or Equal Asphalt Solvent to be used as a cleaner.

**QUESTION #2**

PavePro has several different products on their website listed to do the same thing. Is the intent to purchase an "asphalt solvent" to be used as a cleaner? Or is the intent to purchase a product to be used as an asphalt release agent? The description in the solicitation title does not match the specifications.

**ANSWER:**

Yes, this is intended to be used as a cleaner.

**QUESTION #3**

If you have a copy of the PavePro product data and SDS for what you would use that you can forward to me; then I could qualify one of our products as an equal too??

**ANSWER:**

We do not have a copy of this.
