

## **MP MEETING MINUTES MAY 8, 2018**

### **Introduction-Dan Brayack**

Covered open meetings act

Covered Schedule

Covered Flow Chart for process of MP authorization, pending approval of DD 105, could be a while before publications

Will be following the DD 105 process

Provisional vs Non Provisional

Provisional has pay items and will be denoted with a P

Non Provisional-Guidance for contractor, example MP 700. Denoted with NP.

### **MP 106.03.51-Terry Burns**

Trying to certify out of state inspectors. Reciprocity MP.

106.03.50 outlines the entire program and will have to be updated after updating MP 106.30.51

Other states have the option to accept other states certs, are we going to accept the other states certs

This MP is formally going to allow for certs out of other states to come into the state and go to work, currently there is no allowance for this.

Terry will be looking into other states certs and how they are handling these issues.

Certs are good for 3 years and cards may be printed out on line.

### **Dave Lipscomb**

709.01.50-Corrosion Resistance R/F

709.04.40-Wire R/F

Dave will resubmit these for the next meeting

### **Discussed MPs 688**

Discussed signature block

Will resubmit next meeting.

### **Travis Walbeck 700.00.05**

Steve Boggs-Has this MP been sent to industry?

This MP has been used in the districts, only in house has this been used.

**This is MP 700.00.05 has been approved and is considered Non Provisional.**

**Kelly**

ST1 MP-What is needed and the form has changed some. ST1 is a way to accept materials that we do not cover under specifications-1<sup>st</sup> time through the committee-Non Provisional MP

Districts will be responsible for entering the ST1 and sending 17 digit SiteManager number to the appropriate personal to further concur with the sample.

Steve Boggs would like to see redlined copy.

**This MP 109.00.10 has been approved Non Provisional.**

109.00.10-Not Testing Charges-this MP is still be worked on. It was at 700.00 and Thrasher says they are still at a cost of around 300 to test.

What do other states charge?

Discussion of the original need for MP.

**Joe Caudill-MP 710.10.01-1<sup>st</sup> time to committee-Provisional MP**

Base of Manufacture Recommendation for speed testing.

Reevaluate the flow of MP to address the important things first

Martin-Engineering-5.1 C, should heavy be replaced by another word?

Jesse-Specify the reading for GIS, Lat/Long????

**Question?**

**Determine how we can speak to industry and which type of industry we may speak to in reference to guidance for the MPs. How to approach??**

Next Meeting June 14<sup>th</sup>, new agenda items need to be turned into Dan by June 7<sup>th</sup>. Thursday 1:00

**Steve Boggs Question**

Batch ticket MP, MP 307-see note 1? These items are not in the notes for meeting.

Submit MPs with track changes.
